# DR. PRICE'S Cream Baking Powder

A PURE CREAM OF TARTAR POWDER

Approved by physicians and by food officials, both State and National. Awarded highest honors by the great World's Expositions, and proved of superior strength and purity by the official tests.

No Alum—No Lime Phosphate

As every effort is made in the advertisements of the cheap baking powders to conceal the fact that they are made from alum, consumers must READ THE INGREDIENT CLAUSE UPON THE LABEL on the can and never buy unless it shows cream of tartar.

(OFFICIAL)

"In view of the overwhelming mass of evidence antagonistic to alum, it is recommended that its use in baking powders be prohibited by law."

### FAVORED GET CHEAP WATER

Public is Aroused by Exposures Made by The Bee.

### MORE CASES ARE TO BE NOTED

These Are Plenty More—Water Board Splits the Difference—Where "Full" or "Kick" is Strong Enough.

Nothing recently has started quite so much talk as the exposure in The Bee of the Water board's practice of giving special reduced rates to specially favored persons while exacting from other water consumers the old high rates so often denounced as "exorbitant."

That the rebate or free pass business, after it has been effectually stopped for railroads, telephones, street cars and other public utility services, should be revived by the Water board in connection with the management of a city-owned water works occasions surprise and incredulity.

"I guess The Bee has discovered just six cases which are exceptions, and which probably have their own explanation," remarked a city hall man.  
But the rebates are not confined to the six cases for there are a lot more of them. For example, here are six more of the same kind where rebates have been granted for metered water, either because the consumer has a pump or has kicked harder than the others:

- Dr. C. Impey, 2220 Willa Avenue—Bill for \$9.80 reduced by rebate of \$4.95.
- Leigh Lestie, 5116 Cass—Bill for \$7.35 reduced by rebate of \$3.63.
- Thomas H. Dally, 1834 Sherman Avenue—Bill for \$4.70 reduced by rebate of \$2.35.
- James Condon, 2208 J Street, South Omaha—Bill for \$7.65 reduced by rebate of \$4.
- D. W. Merrow, 1507 Binney—Bill for \$16.22 reduced by rebate of \$7.61.
- C. R. Bauserman, 5006 Isard—Bill for \$6.05 reduced by rebate of \$3.03.

"In my case," says another rebater, "it was not quite so easy as you seem to think. I insisted the bill was altogether too high and the Water board people said there must be a leak or the plumbing must be wrong, and that they would send out an inspector. When I came again they said the inspector had reported that there was no leak, and they seemed inclined to make me pay up, but finally compromised by splitting the difference figured on my previous bill."

### Troubles and Joys of Building Owners the Subject of Talks

The first annual banquet of the Omaha Building Owners and Managers' association was given last night in the dining hall of the University club. Nearly 200 building managers, owners and real estate men attended.  
Two managers delivered farewell addresses—John M. Walsh, whose two-year contract with the Woodman of the World soon expires, and Frank E. Mayer, who leaves the management of the City National Bank building to become secretary of the International Sunday School association. Walsh acted as toastmaster at the dinner.

Frank Myers of the Benson & Myers company spoke on the history of Omaha, giving some experiences of building owners during the boom. The opening talk was made by Howard G. Loomis, president of the association.

E. M. Slater discussed apartment house problems—poor choice of location, shoddy buildings and indifference to the desires of tenants.  
The principal address of the evening was made by C. A. Patterson of Chicago, secretary of the National Association of Building Owners and Managers. He explained the work of that association.

Frank Martin entertained the banquet with some baffling card tricks, and graphophone and piano musical numbers rounded out the amusement program.

### Censure for Quacks at Doctors' Meeting; Praise for The Bee

The quack doctor who fattens upon the credulity of the afflicted or the ignorant was lashed to fragments, figuratively speaking, at the semi-monthly meeting of the Douglas County Medical association which was held last night in the Communist club rooms.  
Incidentally, most extravagant praise was given The Bee for its clean cut manner in exposing the fakery, and the way in which it handles its advertising and editorial columns in regard to medical matters.

The exposure Sunday of "Dr. Hornby, a self-styled cancer specialist, caused considerable comment, both in the meeting and afterwards, and "Dr. Hornby in particular was the object of much scorn, expressed by several in no uncertain terms.  
The association adopted a resolution endorsing N. P. Dodge's bill introduced in the legislature to prohibit "ice spitting."  
The association considered some thirty other bills dealing with the practice of medicine and selling of drugs, but in these no action will be taken until the next meeting, which will be held on February 25.

### SLOT MACHINE INTERESTS PROTEST AGAINST NEW COIN

WASHINGTON, Feb. 12.—Circulation of the proposed new nickel, scheduled for February 11, was postponed, indefinitely today by the Treasury department, because of protests of slot machine interests.  
Manufacturers vigorously complained that just as they had perfected chewing gum and other slot machines to refuse counterfeit nickels and "slugs" designed for fraud, the government was about to place in circulation a mint piece, the design of which practically would nullify their inventions. Mint officials agreed to delay circulation to consider the protests.

### AGED WOMAN INJURED BY TRIPPING ON A RUG

Mrs. Esta Murdoch, aged about 70 years, suffered a compound fracture of the right leg near the ankle yesterday afternoon when she tripped on a rug at her home, 344 North Twenty-seventh street. She was taken to St. Joseph's hospital after being treated by Police Surgeons Harris and Feltz.  
Mrs. Murdoch is the housekeeper for
