

TO CONTROL PRIVATE PLANTS

Real Estate Exchange Goes on Record on Water Matters.

E. A. BENSON IS FOR SECRECY

Limit is Fixed on Howell's Salary—Board Turns Down Report of Its Committee and Expert.

That the Omaha Water board should have control of private water plants and artesian wells was decided by the Real Estate exchange yesterday by a vote of sixteen to eleven. After more than an hour of discussion the exchange turned down the opinion of its committee, appointed to investigate R. Beecher Howell's bill now pending in the legislature, and the opinion of an attorney to whom the exchange paid \$25 for investigating and giving advice on the matter.

Also the exchange voted in favor of the section in Howell's bill which stipulates that the manager of the Water board shall have technical knowledge and experience in water works construction. In opposing this several members declared they could think of no such person in that way qualified for the position except Howell. Nearly half those present at the exchange meeting opposed such qualifications for manager of the board, but after considerable argument the question was put to a vote and the section was allowed to stand so far as the exchange is concerned.

The report of the committee on the amount of the manager's pay was adopted by the exchange. The section of Howell's bill has it fixed so the manager, Mr. Howell, may receive whatever amount the board may be induced to pay. The committee believe this compensation should be fixed in the bill not to exceed \$5,000 a year, and the recommendation of the committee to that effect was adopted by the exchange.

An amendment was put to Howell's section of the bill which merely would allow no member of the board to have an interest in any contracts entered into, and the exchange voted to include also that no employee of the board should be interested in any contracts. It was further decided by the exchange that the board should pay its treasurer whatever it deemed suitable.

F. D. Wead, member of the Water board, was present at the meeting and fought strongly against most of the recommendations in the committee's report.

At the beginning of the meeting E. A. Benson was not sure that the proceedings should be allowed to get into the newspapers. He made a motion that the exchange go into executive session. The question was argued a short time and then a substitute motion by John W. Robbins was adopted, leaving the meeting an open one.

The exchange went on record opposing the bill for a yearly assessment. It was announced at the meeting that the annual banquet of the exchange will be given the evening of February 27. A committee now is making arrangements for the dinner and entertainment.

Discharged Because He Had Seen Lincoln

August Ford Beach, colored, an old slave who saw Abraham Lincoln many times during that great man's life, was discharged by Police Magistrate Foster because it was that great president's birthday. Beach served in the civil war and told of seeing President Lincoln on several different occasions. He was owned by a family closely related to the president. Beach is about 90 years of age. He was arrested for being a vagrant.

FIREMAN REFUSES TO PAY FARE AND PUTS UP FIGHT

Following a quarrel and fight on an east-bound Harnay street car, James Merk, a city fireman, stationed at No. 3 engine house, was arrested at 2:45 o'clock yesterday afternoon. The altercation arose from the refusal of the conductor to let Merk ride free of charge. Merk was off duty. He was hatless and wore an ordinary overcoat, but had on his fireman's shirt and trousers. The conductor did not know him and insisted upon his paying a fare. He did so, but continued to argue with the conductor. A fight ensued. Juvenile Officer Mogy Bernstein, who happened to be on the car, coming to the aid of the conductor and the motorman. Merk landed a blow on Mogy's jaw; Mogy also landed on Merk. The arresting officer sent Merk to the police station charged with being drunk and disorderly.

TWO DEBATING TEAMS NAMED FOR HIGH SCHOOL

At the meeting of the debating squad of the Omaha High school, teams were chosen for the South Omaha High school and the West Des Moines High school debate. The Omaha High school team, composed of Percy Dalsell, Earl Ketcham and Barney Kucharsky will debate the West Des Moines team in Omaha, upholding the negative side of the question that "All Large American Cities Should Adopt the Commission Form of Government." The other team is composed of Wilfred Jacobsen, Earl Ticknor and Frank Hixenbaugh, who will take the affirmative of the same question against the South Omaha high at South Omaha.

CITY TO HAVE AMBULANCE FOR CONTAGIOUS PATIENTS

City commissioners have split over the advisability of purchasing an ambulance for the city health department to be used in the transportation of patients suffering from contagious diseases. Public Commissioner Ryder recommended the purchase, upon the advice of Health Commissioner Connell. Commissioners Hummel, Butler and McGovern voted against it, but the resolution was carried by the vote of Ryder, Dahman, Withnell and Kugel.

When Burton Holmes recently gave his celebrated travogue on "Panama" at Orchestra hall, Chicago, he was seriously interrupted by continual coughing of the audience. Many a good sermon, lecture or concert is spoiled in the same way. No one enjoys willingly and if people with coughs, colds, hoarseness and tickling in throat would use Foley's Honey & Tar Compound, they could surely cure their coughs and colds and avoid this annoyance. It is a splendid household medicine and contains no opiates. For sale by all dealers everywhere.

There is nothing in Goodrich Advertising that isn't in Goodrich Tires

The Tread that makes the Brake Effective Goodrich Safety Tread Tires

Best in the Short Stop

Your brake will stop your wheels, but Goodrich Safety Treads stop the car.

They work where the real stopping is done. The five thick, tough rubber fingers are always on duty, whether you're in an emergency situation or not. They are always making the path safe for the wheels.

They stop the slide that means the skid. In other words, they take the word "skid" out of your thoughts.

They help you to steer confidently, just as they help you to stop when you have to.

At this time of the year you must get into and out of a good many difficult places within every few blocks you travel. Skids are dangerous. Now that you can get Goodrich Safety Treads, skids are worse than dangerous, they are unnecessary.

Goodrich Safety Treads keep your car on the right path. They stop any slide, forward, backward, sidewise or diagonally.

The five thick, tough rubber fingers, the thick, tough tread and the strong, resilient body are all one piece—a unit. Goodrich Safety Tread Tires are made just as all Goodrich Tires are made—unit molded. The Goodrich single vulcanization actually molds the whole tire into one live, durable, safe structure. The tread being of the tire and not merely on it, does not strip or peel, and you are free from the danger caused by weak spots and dead places which result from over-vulcanization.

Make yourself, your family and your car safe by using Goodrich Safety Treads.

The B. F. Goodrich Rubber Co., Omaha Branch, 2034 Farnam St. FACTORIES: AKRON, OHIO.

Branch Houses and Service Stations in All Principal Cities.

The guarantee on Goodrich Tires becomes null and void when used in connection with any substitute for air or when fitted to rims not bearing one of these inspection stamps or having had its serial number removed by cuts or sand.

Omaha Retailers Will Discuss the Depot Facilities

Retail merchants of Omaha are aroused over the necessity of having better depot facilities and they will have a big meeting at the Paxton this evening at 6:30, at which time these needs will be discussed. Among the speakers who have been invited to address them on this subject are Victor Rosewater and Mayor Dahman.

AUGUST SILLMAN IS HELD FOR FEDERAL GRAND JURY

August Sillman was given a hearing before United States Commissioner Herbert Daniel, charged with having mailed obscene matter. He was held for the grand jury and his bond was fixed at \$500. He could not furnish it and was taken to jail.

Sillman is charged with writing his wife letters in which he called her mean names.

Quinine? No! Pape's Best for Bad Cold

First dose of Pape's Cold Compound relieves all misery from a cold or the gripe.

It is a positive fact that a dose of Pape's Cold Compound, taken every two hours until three consecutive doses are taken will end the gripe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.

It promptly relieves the most miserable headache, dullness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Take this wonderful Compound as directed, with the knowledge that there is nothing else in the world, which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply—accept no substitute—contains no quinine. Belongs in every home. Tastes nice—acts gently.—Advertisement.
