

THE SOCIETY OF THE BEE-HIVE

By MELLIFICIA. Monday, February 17, 1913.

CHICAGO women are setting the pace in footwear this year by ordering street shoes to match their various outdoor apparel. It has been a practice nearly everywhere to have evening slippers to match gowns, but not until this year will this hobby of style make its promised appearance upon the street.

The velvet shoe has been a favorite for some time, but only in black, dark blue, dark green and Russia leather tints. Now it is being produced to match all the favorite and fashionable shades of color—amethyst, purple, mauve—being among the popular varieties. Even brocade is to be utilized as a shoe material for outdoor wear, and one may be sure that hostlers will be well to the fore with stockings to match.

This revolution, I am sure, is not entirely due to the vanity of woman, but is rather owing to the rising price of leather. The animals of the world cannot keep pace with humanity's demands for their poor skins.

Gilinsky-Meyers Wedding.

A pretty wedding took place Sunday evening at 5:30 o'clock when Miss Sara Meyers of Omaha and Mr. Joseph Gilinsky of Council Bluffs were married in Barnhart's hall, Nineteenth and Farnam streets.

The hall was prettily draped in harmonizing colors of red and white crepe with background of palms.

A beautiful canopy of sky blue dotted with stars was held above the bride and groom when the marriage rites were read by Rabbi Grodinsky which was followed by a few remarks by Mr. Louis Harris.

The bride walked to the altar with her father and mother followed by the groom, who also was accompanied by his parents. Lohengrin's wedding march was played. The bride carried a bouquet of roses and wore a white charmesse gown draped with pearls. The maid of honor, Miss Tony Meyers, sister of the bride, wore a pea green mator gown and carried pink roses. Miss Sara Gilinsky of Council Bluffs, sister of the groom, and Miss Hannah Hoffman were bridesmaids. Miss Gilinsky wore light blue charmesse. The bridesmaids wore light blue charmesse. The groom wore a dark suit and a white shirt with a white bow tie.

Health Mothers
Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at FUG STORES. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. BRADFIELD REGULATOR CO., Atlanta, Ga.

WATER RATES ARE REDUCED
Board Decides on Ten Per Cent Reduction to Small Consumers.

FINANCIAL REPORT IS MADE
Statement Shows Plant Has Made Net Earnings of About \$120,000 for Six Months of Municipal Ownership.

Water rates to be charged consumers were reduced from 35 cents per 1,000 gallons to 24 cents at a meeting of the Water board at the city hall Monday. At the same meeting Water Commissioner Howell submitted a statement covering the condition of the finance of the water plant, which showed net earnings in the sum of \$120,000 for the first six months of municipal ownership, ending December 31, 1912.

There was no opposition to the resolution reducing rates. Prior to the opening meeting of the board the members were in secret session for nearly two hours, discussing Mr. Howell's report and trying to reach an agreement on the amount rates were to be reduced.

Water Commissioner Howell, after the meeting, said the reduction would decrease the earnings of the plant by \$55,000 a year. No other reduction is contemplated by the board soon and Water Commissioner Howell said in case the water district bill in the legislature was killed and the South Omaha packers are permitted to furnish themselves with water the rates may possibly be raised to 35 cents again.

Threat from Howell.
Following is the resolution ordering the reduction:
Be It Resolved, That a reduction of 10 per cent (10 per cent) be allowed to all consumers of water who pay a rate of 35 cents (35 cents) per 1,000 gallons. Bluff at the Council.
After the financial statement had been disposed of and the water commissioner's recommendation that rates be lowered 10 per cent had been adopted the board passed a resolution instructing the secretary to transmit the financial report to the mayor and council, which action was explained by the following clause for the benefit of the city commission, which had demanded the submission of such a report:
The transmission of this report to the mayor and council is not to be interpreted as a recognition of the right of the mayor and council to demand such report, neither that the mayor and council have any supervisory or control over the report when made, as that relates to a matter over which the Water board has exclusive control, but is made for the reason that the Water board recognizes the right of the public to be fully informed as to the financial operations of the water works system under the management of the Water board.

Ministerial Union is After Ak-Sar-Ben Carnival Features

The Omaha Ministerial union is after the objectionable features of the Ak-Sar-Ben carnival. At the meeting of the union yesterday in the Young Men's Christian association the president was empowered to appoint a committee to confer with the board of governors of the Ak-Sar-Ben, with a view to having the objectionable features of the carnival eliminated. President Eberole was not present at the meeting, so the committee was not named. It was not known when the committee would be appointed or when the conference with the board of governors would likely be held. The objectionable features were described as the gambling and certain questionable shows that have been operating at the carnival for years.

The union also voted to ask John H. Mott to address the people of Omaha on his return from abroad.

M'CABE FIRES AT BURGLAR

Thief Was Trying to Break Into Homes' Saloon. MAN WITH BULLET IN HIS HEEL Is Being Held at Station Under Suspicion that He is the Man Shot At by Police Officer McCabe.

Officer McCabe fired three shots at a thief who was trying to get into Edward Homes' saloon at 14th and Capitol avenue Sunday night, but failed to stop the floeing burglar. While reporting to the station at the patrol box at Fifteenth and Dodge streets Officer McCabe heard the crash of broken glass in the direction of the saloon.

Rushing over to Capitol avenue he saw the thief trying to get through a window into the saloon. At the same time the intruder noticed McCabe and ran east on Douglas street. McCabe gave pursuit. McCabe will tip the scales at 300 pounds and consequently was soon out of the race. He fired at the burglar, which only prompted him to spurt forward with increased speed.

Applies for Surgical Aid.
This morning a man giving the name of James Wilson of Toledo, O., applied at the station for medical aid. He had a bullet in his right foot. While standing in a yard in the north end of the town Wilson says he was shot in the foot, the bullet coming from an upstairs window a few yards from where he was standing.

Wilson was unable to account for his presence there. The police sent Wilson to St. Joseph's hospital, where the bullet was removed.

Acting Chief of Detectives Devereaux is inclined to believe that Wilson was the man Officer McCabe shot at. Wilson will be held at the station for investigation.

Two Six Thousand Dollar Automobiles Burn Up in Garage

Two \$6,000 automobiles were destroyed Monday morning in the Metz garage, 900 South Twenty-eighth street. The fire originated through defective electric wiring in the building and before it was detected had gained such headway that the fire department could do little to save the building or the machines. The garage was valued at \$2,000 and the machines were the property of Fred and Charles Metz. The blaze was discovered by Jim Mason, the yard man, who occupied a room on the second story of the structure. After turning in the alarm he jumped out of the second-story window, but was uninjured.

COLORADO WOMAN WRITES CITY MARSHAL FOR HUSBAND

Mrs. O. E. Newman, a widow of Cherydelyn, Arapahoe county, Colorado, is educated and a good housekeeper and she

wants a husband, for she has written the "city marshal" of Omaha to find her a good man. Mrs. Newman prefers to live on a farm, but she will accept the right kind of a man if he has a suburban home. She was raised on a farm in western New York state and later went to Denver, where she lived several years.

Chief of Police Dunn received the widow's letter and after calling Patsy Hayes, Jack Ryder and Arthur Shields into conference they all decided to refer the whole case to Police Lieutenant Thomas Hayes with power to act.

NOBODY CAN TELL THAT YOU DARKENED YOUR GRAY, FADED HAIR WITH SAGE TEA.

Mixed With Sulphur Makes Hair Soft, Lustrous and Cures Dandruff.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Wyeth's Sage and Sulphur Hair Remedy"—you will get a lady's bottle for about 50 cents. Some druggists make their own, which is usually too sticky, so insist upon getting "Wyeth's" which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well known down town druggist says his customers insist on Wyeth's Sage and Sulphur, because, they say, it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use too. You simply dampen a sponge or soft brush and draw it through your hair, taking one strand at a time. Do this at night and by morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.
