MOTOR TRAVELERS IN BAD
Auditor Checks Organization for
Insurance Work.

NO PERMIT GIVEN THEM
Governor Aldrich, One of the Incorporators, Says His Connection
with Company is Only in
Advisory Capacity.

(From a Staff Correspondent.)
LINCOLN, Neb., Feb. 17.—(Special.)—A new corporation formed in January, known as the United Motor Travelers' association, has a pretty good chance to get into trouble with the state auditor if it does not get busy and fix things up. The corporation was formed with ex-Governor C. H. Aldrich, H. H. Whitte, E. H. Holmes, E. J. Paulsen and A. W. Bemis as the board of directors, the object of the corporation to be to promote better roads, create a better condition among all motorists and in general to help along the cause.

The state auditor received notice this morning through an advertisement put out by the association that it was selling insurance as a fraternal organization, and inasmuch as it has never filed application for a license to do an insurance business in Nebraska, it is liable to get into trouble.

Governor Aldrich was called up by phone and the proposition put up to him to explain. He said that he was unaware that such a condition existed and appeared to be much surprised. He said that his connection with the company was only in an advisory way and did not know very much about the matter otherwise, but would immediately go to the state house and have the matter attended to.

The advertising put out shows that the company proposes to do a fraternal insurance business among users of automobiles and the officers of the company are: F. A. Rose of Omaha, president; H. H. Whitte of Lincoln, vice president; E. H. Holmes of Chicago, secretary-treasurer.

Order for Medical Corps.

General Hall has announced the following order:
"All officers of the medical corps, with the exception of Major Clifford Walden, chief surgeon, and the officers detailed on duty with field hospital 1, Major J. P. Spillman, first lieutenant L. B. Sturdevant, acting dental surgeon L. P. Ronns, are placed on the reserved list. Details will be made whenever occasion demands."
"The appointment of Dr. G. H. Bentz of Fairbury as an officer of the medical corps is announced, with the rank of first lieutenant."

Fruit Growers' Institutes.

As a result of the great interest shown in the recent Nebraska apple show at Lincoln a series of special institutes for fruit growers will be held this week under the direction of the University of Nebraska and the State Horticultural society. Prof. J. R. Cooper of the horticultural department of the university will speak to the fruit growers on the value of moisture and the problem of maintaining the proper balance of fertility in the orchard. C. G. Marshall, secretary of the Horticultural society, will talk on spraying and pruning, and Charles Dickinson will deal with the problem of co-operative marketing.

Demonstrations in packing and discussion of the best styles of packages in order to compete successfully with growers of other sections will be a feature of each institute, and orchard demonstrations of proper methods of pruning will be given. The following points will be visited:

- Florence, Monday, February 17.
- Nebraska City, Tuesday, February 18.
- Peru, Wednesday, February 19.
- Brownville, Thursday, February 20.
- Shubert, Friday, February 21.
- Pawnee City, Saturday, February 22.

M'GIVERN CITATION
DISMISSED BY COURT

FREMONT, Neb., Feb. 17.—In district court Judge Hollenbeck has entered a decree dismissing the citation of Mrs. Rose McGivern and F. McGivern for contempt of court and collusion, growing out of a statement published in an Omaha paper purporting to be an interview with Mr. McGivern in which he declared that he committed certain acts for the express purpose of giving his wife grounds for legal action. Mrs. McGivern and Mr. McGivern were asked to show cause why the decree of divorce should not be set aside. Both filed answers.

Tonight! Take a
"Cascaret" Sure

No Sick Headache, Bilious Stomach,
Coated Tongue or Constipated
Bowels by Morning.

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach, remove the sour, unwholesome and fermenting food and that misery-making gas, take the excess bile from your liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love to take Cascarets because they taste good—never gripe or sicken.—Advertisement.

Mrs. Garrett Warney
of Kearney Attacked
by Disguised Men

KEARNEY, Neb., Feb. 17.—Mrs. Garrett Warney, wife of a young and prosperous farmer, living one mile north of this city, was victim of a cowardly assault last Sunday afternoon. Mrs. Warney was at home alone and asleep on a couch on which she lay.

Looking up she saw three men standing over her. She attempted to raise herself up, when one of them struck her, knocking her insensible. Then they bound and gagged her and left the house. She was found a few hours later by her husband and is suffering severely by a nervous shock.

The incentive for the assault is not known, but it is thought that the men were looking for her husband. They were disguised with false mustaches and one was heard to remark that "as long as he was not there they would take it out on her."

The suspicion has been placed on three men in the neighborhood, with whom Warney had had a disagreement that was not regarded as serious. Sheriff Andrews and plain clothes men from Kearney are making a thorough investigation and arrests probably will follow immediately.

High Volt Current
Kills Man at Blair
As Stands on Tower

BLAIR, Neb., Feb. 17.—(Special Telegram.)—In view of a crowd of visitors going and coming from the river rip rap work this afternoon at 5 o'clock, Herman Kotterman, 20 years of age, was electrocuted at the top of a 100-foot steel tower standing on the river bank near the Northwestern railroad bridge across the Missouri river.

The steel tower, with a similar one on the Iowa side of the river, supports the cables which carry the 16,000-volt currents of the Nebraska-Iowa Public service company from Missouri Valley to supply the city of Blair. Young Kotterman climbed to the top with his head slightly above the cable and, standing on a cross-bar, turned his back to the tower.

While waving one hand to his friends below the body was seen to stiffen and then pitch forward, striking head first on the ground, crushing it terribly. Two burned streaks were found across the palm of his left hand.

Kotterman was in the employ of his brother, Carl Kotterman, in the Racket store in this city, and leaves six brothers and his mother, who resides at Colome, S. D. He was well liked and had just finished a course at Dana college.
