

FEAR ABOUT HEALTH TRAIN

Dr. Dowling Addresses Nebraska Conservationists.

PUBLIC QUESTIONS TO FRONT

Many Are in Favor of Publicity and Development Measures that Are Being Pushed by State Organizations.

(From a Staff Correspondent.)

LINCOLN, Feb. 21.—(Special.)—The Nebraska Conservation congress opened yesterday morning with a general meeting at the university temple which filled the auditorium.

Dr. Oscar Dowling, chairman of the Louisiana State Board of Health, delivered an address upon the work of the Louisiana health train, which is one of the principal features of the congress.

Since November, 1910, "The Microbe Special" has covered 15,000 miles of railway in its travels and carried the knowledge of the simple and effective means of promoting health and preventing disease to over 150,000 people.

Dr. W. A. Evans of Chicago was the principal speaker at a largely attended luncheon at the Lincoln Commercial club and another luncheon was simultaneously given at the Lindsell hotel for a large group of state leaders to outline a program of state development.

The women's section opened its meetings with an afternoon session at the University temple at which leading addresses were made by Mrs. Frances B. Stead, Prof. Ina O'Higgins, Dr. W. A. Evans and Mrs. Phillip N. Moore of St. Louis.

The departments on vital resources and conservation of the rural church also held sectional meetings during the afternoon, which will continue on Friday.

The attendance at the congress is the largest in the history of the organization and much interest is manifested in its sectional meetings by members of the legislature. Among the incidental topics discussed in the hotel lobbies by members of the congress are university removal, the blue sky law and the publicity and development bill fostered by the State Press association and the commercial clubs.

WELL KNOWN STOCKMAN IS DEAD AT LEXINGTON

LEXINGTON, Neb., Feb. 21.—(Special Telegram.)—George Allen, proprietor of the Golden Hoop stock farm, living about five miles north of this city, died this morning of Bright's disease. Mr. Allen had a national reputation as an importer and breeder of Shropshire sheep and Shorthorn cattle. For a number of years he held sales of his stock in South Omaha. He leaves a widow, a daughter and five sons.

Merchant is Shot By Wife's Visitor

STANTON, Va., Feb. 21.—Luther B. Bosserman, a merchant here, lies in a critical condition in a hospital tonight, as a result of bullet wounds inflicted by A. D. Worth, a hotel clerk.

Returning to his home today, Bosserman found Worth in the company of his wife. When he saw Bosserman, Worth drew a revolver and fired four shots, two of them taking effect. Worth was arrested as also Mrs. Bosserman, the latter as an accessory.

Last week Bosserman, in a vain endeavor to save the life of his only child, submitted to a blood transfusion operation. It is feared that owing to Bosserman's weakened condition from the loss of blood from the operation his wounds may prove fatal.

"Cascarets" Best Bowel Cleanser

No Biliousness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation.

Furred Tongue, Bad Taste, Indigestion, Yellow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and unseemly. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a "toilet box" from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too—Advertisement.

Taft Gives Praise to National Capital

WASHINGTON, Feb. 21.—There is no graft, there is less scandal, police protection is better and nature appears more beautiful in Washington than in any other city in this country, President Taft declared tonight in his farewell address to the business and professional men of the capital.

No New Hostilities in Bulair District

LONDON, Feb. 21.—The story of a three days' battle at Bulair, in which 2,500 men on each side were reported killed or wounded, contained in a dispatch received here today, now is believed to be a revival of an old report of fighting in that district. Rumors that Enver Bey had landed a large force at Rodosto were current on February 18, but since have been denied.

An uncensored Constantinople dispatch says that Scheikit Pasha visited the Bulair lines Wednesday, but was given no indication that a new battle had been fought.

Editor Allowed to Testify for Darrow

LOS ANGELES, Cal., Feb. 21.—An unexpected ruling by Judge Conley that the testimony already given by Orin E. McManigal was admissible and an unsuccessful attempt by the prosecution to exclude the evidence of Fremont Oiler, editor of a San Francisco newspaper, featured today's session of the trial of Clarence S. Darrow for alleged jury bribery.

Irslinger Unable to Throw Bothner

NEW YORK, Feb. 21.—George Bothner of America and Henry Irslinger of Europe met in an international middleweight wrestling match at Brown's gymnasium tonight and wrestled three hours and forty minutes without a fall, the referee, John J. O'Brien of the New York Athletic club, declaring the bout a draw.

Bothner hurt his left knee in the first ten minutes and was on the defensive the rest of the match, but Irslinger, the middleweight champion of Europe and holder of the Londale belt, could do nothing with his opponent, who made a notable showing considering his handicap.

Record Prices for Art Masterpieces

NEW YORK, Feb. 21.—Twenty-six paintings of the John P. Talmage collection were sold for \$285,000 at auction here tonight, the sale going on record for the total received for so few pictures.

"A Lady of Quality" brought \$40,000 and "Portrait of Lady Elizabeth Twicken" \$25,000, both going to dealers.

The only real record breaker of the evening was the "Turner," a little water color, "Fueled, Lake of Lucerne," painted in 1867 for the father of John Ruskin. It went for \$14,000, the highest price ever given, as far as known, at a public sale in this or any other country for a water color. A Carot, "Le Sentier au Printemps," was knocked down for \$30,000.

STRIKE SYMPATHIZERS IN FIGHT ON BOSTON STREETS

BOSTON, Feb. 21.—Fourteen arrests were made as a result of a street encounter between garment strike sympathizers and a crowd of young men who were wearing some women's operations from an East Boston factory tonight.
