FUNERAL OF PIONEER PRINTER
TO BE HELD TUESDAY

CALVIN D. SCHULTZ

W. S. BASINGER IS PROMOTED

Is Named General Passenger Agent
of the Union Pacific.

HE WAS FORMERLY IN OMAHA
Occupied the Position of Assistant
General Passenger Agent—Office
Has Been Vacant for
Three Years.

The position of general passenger agent
of the Union Pacific, vacant since July
1, 1909, when E. L. Lomax resigned to
become passenger traffic manager of the
Western Pacific, has been filled by the
appointment of W. S. Basinger. An-
nouncement of the appointment was
given out at the office of Passenger
Traffic Manager Ford. The appointment
becomes effective March 1.

At the present time Mr. Basinger is
assigned to special work with Director of
Traffic Spence of the Southern Pacific,
having been on this assignment since
February 1.

With 1. P. for Years.
W. S. Basinger is about 42 years of
age, and has been connected with the
Pacific roads for years. For a long time
he was on the Kansas lines, and a year
or so before the resignation of Mr. Lomax,
he was called to the Omaha head-
quarters as assistant general passenger
agent. About three years ago he was
called to Chicago as the assistant of Mr. Stubbs,
then in charge of Union Pacific traffic
matters. When Stubbs resigned and
Spence was appointed to the vacancy,
Basinger continued as assistant, going to
the New York office, remaining there
until the dissolution of the merger of
the Pacific roads. When that became
effective, February 1, he went with
Spence to the Southern Pacific.

Mr. Basinger is looked upon as a
thorough railroad man, having spent
practically all his life in the service. He
started as an office boy and gradually
worked his way up, having been with the
Union Pacific for more than twenty
years.

ELIMINATION OF DEFECTIVE

Dr. J. P. Lord Urges Sterilization
Before the Church Men's Forum.

WAY TO IMPROVE THE RACE

Urges Men to Help Secure Passage
of the Bills Now Pending Before
the Legislature on the
Subject.

Dr. J. P. Lord, addressing the Men's
Forum at the St. Mary's Avenue Con-
gregational church Sunday noon, declared
that he together with the vast majority
of the medical profession, is in favor of
the sterilization of criminals and de-
generates of the extreme type, and that
laws dealing with these subjects now
pending before the Nebraska legislature
should be supported by those who voted
for the welfare of the community.

"The Elimination of the Defective" was
the topic discussed by the members of
the forum, and Dr. Lord made the principal
address. Society, in its efforts to
correct wrongs, according to Dr. Lord,
seeks rather to ameliorate present evils
rather than to aim at the fountain head
of the evils. There is at present, he said,
one feeble-minded person in every 20
of the same number of insane and twentv
epileptics. In addition, there are twenty
degenerates from drink and disease. The
state and education has to a certain de-
gree managed to eliminate this class by
judicial means of the human race. But
this progress is slow, and the health
stream is constantly polluted by disease.

"The state only protects against the
recognized dangerous insane at present,"
continued the doctor, "and does not
protect against the feeble minded, who
are allowed to marry at will. Laws
regulating marriage have been ineffective
because they have not been rigorously
enforced."

Favors Sterilization.

Dr. Lord declared that the only way
to effectually eliminate the defective is
by sterilization. He declared that he had
no sympathy with scholars and sociolo-
gists who favored segregation of this
class. In support of his view Dr. Lord
quoted several men of national reputa-
tion, among them President Eliot of
Harvard university, who says "The
habitual criminal, who has demonstrated
his quality to the public, should be ef-
fectively prevented from propagating the
species, man and woman alike." Dr.
Lord said that laws are now being
enacted in five different states providing
for such action, and called attention
to two bills now before the Nebraska
legislature, providing for the sterilization
of the habitual criminal, the insane, and
the feeble minded. He urged those pres-
ent to write the legislators now in ses-
sion at Lincoln, urging the passage of
these measures.

Judge A. C. Troup and Dr. S. R. Town-
send made brief addresses. Judge Troup
said that the juvenile court is the place
to start the reform measures. If we wish
to escape the larger problems of later
life. He said that it has always been
a curiosity to him that the value of
the juvenile work was never discovered
years ago.

Diplomats Are
Planning a Snub
for De la Barra

WASHINGTON, Feb. 24.—Ambassador
Henry Lane Wilson telegraphed to the
State department tonight that Francisco
de la Barra, minister of foreign affairs,
had invited all foreign diplomats to Mex-
ico City to take luncheon with him to-
morrow. The ambassador said that none
of the diplomats would attend the lun-
cheon unless the tragic deaths early today
of former President Madero and former
Vice President Suarez is cleared of mys-
tery.

This decision on the part of the diplo-
matic corps in the Mexican capital in-
dicates the gravity of the situation which
will confront the Huerta government
should it fail to clear the mystery in
which the killing of Madero and Suarez
still is enveloped.

No official comment was forthcoming
here tonight on statements relating to
the tragedy made by Senator de la Barra
and Provisional President Huerta, but it
was taken for granted that if the late
result of a plot, the present government
would be called upon for an explanation
when it seeks political recognition at the
hands of the United States.

William Dalton Is
Called to Follow
Wife to Long Rest

One week ago today Mrs. Mary Ann
Dalton, 125 South 15th street, aged 50
years, was buried. Yesterday
afternoon, the husband, William Dalton,
aged 52 years, died with wife lying
across the floor of his home.

Mr. Dalton had been feeble and in poor
health for some time and the death of
his wife probably hastened his demise.
While he had been in possession of the
time when her death he had failed very
rapidly. Yesterday afternoon he talked
with members of the family and seemed
in fairly good spirits. It was noticed that
when he walked, his steps faltered and
that he seemed very feeble. Late yesterday
afternoon he got up from his chair and
started to walk across the room. Taking
a couple of steps Mr. Dalton sank to the
floor and before anyone could reach him
he was dead. The cause of death is sup-
posed to have been failure.

William Dalton and his wife came to
Nebraska in 1882, locating in Indian
town, where they resided twenty-five years
when they moved to Omaha, where they
had since made their home. Deceased is
survived by four children: Mrs. John
Muydill, 90 South Twenty-seventh
street, Mrs. James P. English, 65 South
Thirty-first street, James L. Dalton, liv-
ing at the family home, and Mrs. William
McIntosh, Myrtle's Park. Of all four
of his children none were with him when
he died.

The body will be taken to the home of
his daughter, Mrs. John Muydill, 2
South Twenty-seventh street, Tuesday
morning. The funeral will be from the
residence at 8:30 Wednesday morning,
with services at St. Peter's church at 9
o'clock, with interment at Holy Sepul-
cher cemetery.
