HUERTA PREPARING PROCLAMATION OF GENERAL AMNESTY

MEXICO CITY, Railway officials declare the Laredo route will be opened shortly. Carranza Still Defiant. EAGLE PASS, Tex., Feb. 27.—Governor Carranza of the state of Coahuila today sent a messenger to the Associated Press representative at Eagle Pass with this statement: 'I wish emphatically to deny all reports to the effect that I am dealing with the so-called Huerta government and to state further that I have no intention ever of considering any sort of a compromise. Governor Carranza said that General Huerta could give him no explanation by what right he claimed the presidency of Mexico and that he (Carranza) would stand out for the constitutional government against all orders. Colonel Carranza today held Piedras Negras, near Eagle Pass. There had been no fighting and there seemed no immediate prospect of any. DEL RIO, Tex., Feb. 27.—The Carranza revolt proceeded without fighting today in the section of Mexico adjoining this place. Twelve hundred refugees from Las Vacas and from Mexican ranches near the border are in Del Rio waiting until the Carranza men shall come some time today to 'capture' Las Vacas. There is not a sign of preparation for resistance there and none is expected. Meantime the refugees will wait on American soil. Governor of Sonora Files. DOUGLAS, Ariz., Feb. 27.—The border state of Sonora today is without an official head. Governor Maytorena is making for the border and is expected to cross this afternoon. He intends to submit his resignation from this side. The state has had no vice governor since the death some years ago at Los Angeles of E. D. Gayou. As advice received here today say that as yet the state congress has not appointed a provisional governor. Serious rioting was expected last night at Hermosillo, but only a few street encounters between mutinous volunteers and federal regulars occurred. Most of the state troops and ex-instructors have escaped to the hills. Fronteras, a town below this point, which volunteers captured yesterday, was recaptured today by regular federal troops. The mutineers took to the hills.

WILSON TO BE GIVEN RECEPTION AT AMES TWELFTH OF MARCH

AMES, Ia., Feb. 27.—(Special.)—Secretary James Wilson of the Department of Agriculture will be tendered a homecoming reception by the people of Iowa, his native state, March 12 at the Iowa State college at Ames, where he was the dean of agriculture until appointed to the cabinet sixteen years ago. Great plans are being made for the reception by Deans Curtis and Stanton of Ames, who comprise the committee on banquet, guest and program arrangements appointed by President Raymond A. Pearson of the Iowa State college. The governor and officers of state will be on the program and prominent men of national affairs will be invited. Secretary Wilson telegraphed Dean Curtis today that the date settled on by the college committee was wholly satisfactory to him and that he will be here.

CALLAWAY HEARS TALK OF A NEW RAILROAD

CALLAWAY, Neb., Feb. 27.—(Special.)—During the last week there has been considerable talk about the extension of the Kearney & Black Hills branch of the Union Pacific from Stapleton west in the spring. This line was last year extended from Callaway to Stapleton, a distance of about forty miles, and now there is talk of it being extended from Stapleton to some point on the main line west of North Platte. There is also talk that a line will be built starting from Columbus or Central City and running up the Loup valley, connecting with the Kearney branch at Callaway. It is stated that this move on the part of the railroad people is to shorten its line from Omaha west, and if carried out will give a shorter route by about 100 miles. For some time past farmers who reside northwest of Callaway have had calves and pigs killed by what was supposed to have been a pack of dogs. It has been learned, however, that dogs had nothing to do with it. Guy Watkins, who resides just west of this city, yesterday took his three greyhounds and invaded the territory, and as a result his dogs caught and killed a large gray wolf. The animal is about twice as large as a coyote. It was chased several miles before being caught by the dogs. Mrs. R. E. Brega of this city has received a wire from Washington, D. C., stating that an order of the Daughters of the American Revolution has been granted the right to organize in this city and that an organizer will be here soon to complete the work. This is the first order of this kind within Carter county, and it will have a membership of fifteen, none of whom are direct descendants of Mollie Pitcher.

STORM DELAYS TROOP TRAINS

Movement Toward Galveston Temporarily Halted by Snow. WILL NOT CHANGE PLANS NOW. Indications of New Trouble in Northern Mexico Make Impracticable Any Reduction in Force Near the Border. CHICAGO, Feb. 27.—The troop movement toward Galveston has been checked by inclement weather, according to reports received here today at army headquarters. A section of the Twenty-seventh Infantry was five hours late getting out of St. Louis early today, while another section was delayed several hours last night by a washout at Jackson, Miss. Severe snowstorms in the west have impeded the progress of a large number of troops. The Sixth cavalry at Fort Des Moines made a belated departure today. The only troops ordered out which have not yet moved are four companies of the Twenty-sixth Infantry at Fort Brady, Mich. It is expected that they will get away by night. Several carloads of commissary supplies were dispatched from this city to Galveston today.

WILL NOT CHANGE PLANS NOW

WASHINGTON, Feb. 27.—The appointment by President Huerta of a new ambassador to the United States in the person of Emilio Rabago is expected to have the effect of bringing to a speedy issue the question of recognition by the United States of the provisional government of Mexico. Up to the present time the relations between the two governments have been on a de facto basis and the administration has not been committed to a political recognition of the Huerta government, although Ambassador Wilson freely has transacted business with it. Now that the threatened revolt of Governor Carranza of Coahuila, actually has taken form, the military authorities here have concluded that it is yet too early to carry out their plans for any considerable reduction of the American military force on the border. Secretary Stimson has assured the senate committee on foreign relations that precaution has been taken to prevent the entry into Texas of raiding parties of Mexicans and it necessary some of the troops now being gathered at Galveston to make up the second division, at least temporarily, will be diverted to patrol duty on the Texas boundary, if the reports from the American officers on the north side of the line, and the American consuls in the border states of Mexico, show necessity for such action.

HOUSE VOTES DOWN BILL TO MOVE STATE UNIVERSITY CAMPUS

WASHINGTON, Feb. 27.—A heavy squall of wind and rain early today swept over Camp Crockett, where the main force of the second army division will mobilize. Two thousand men were awakened to brace their tents, a few of which were blown down. Major General Carter, in command of the division, is expected to arrive with his staff late today. News dispatches tell of troop trains all over the southwest rapidly converging on Galveston. HOUSE VOTES DOWN BILL TO MOVE STATE UNIVERSITY CAMPUS. (Continued from Page One.)

WOLF GIVEN A CLEAN BILL

SENATE DECIDES FORMALITY IN FAVOR OF DODGE MEMBER. LINCOLN, Neb., Feb. 27.—(Special.)—In the senate this morning, besides the contest from Douglas county, which was decided in favor of Senator Grossman, the VanHorn-Wolz contest report was filed, the committee finding that there was not sufficient evidence to warrant

counting the ballots over again by the committee, and Senator Wolz was given a clean bill of right to continue his seat with the honorable body with which he has been doing business the last two months.

Senate file 26, the bill with the "oh again, oh again, come again" record, introduced by Harting of Otos, and which provides for full crews for switch engines, came up again this morning and passed. This bill was killed yesterday morning and later referred back to the senate for another vote on motion of Smith, who had voted against the bill. The vote against it yesterday was fourteen to eleven. Today it went through swimmingly, receiving eighteen votes for to eleven against. Those who voted against it yesterday but voted for it today were Klein, Krummabach and Robertson. Those who were absent yesterday and voted for it today were Cordell, Hoagland of Lincoln, Kemp and Wolz.

Later the latter bill was recalled and referred back to the committee on appointment on motion of Wink, chairman of that committee. The following bills were passed: H. R. 152, by Jeary of Lancaster—Amendment to Lincoln charter. S. P. 28, by Harting of Otos—Providing for full crews for switch engines at division points. S. GROSSMAN GETS THE SEAT

SENATE DISPOSES OF DOUGLAS COUNTY CONTEST. (From a Staff Correspondent.) LINCOLN, Feb. 27.—(Special.)—The Douglas contest matter occupied the greater portion of the session this morning, when the majority and minority reports were read. Senator Grossman being seated. An attempt was made to shut off Hoagland of Lincoln, by talking on the minority report by a motion of Olin, called for the previous question, but the senator from Lincoln, while barred from a discussion on the motion to adopt the minority report in place of the majority to eject what he desired to say in an explanation of his vote when the roll was called. Hoagland had spent all day yesterday in Omaha gathering data for his speech and he did not relish the action of the opponents of his report, which he styled as the "brutal majority" shutting him off. Both reports showed a condition of fraud in the precincts under the cloud, but neither of them connect Senator Grossman with any knowledge of the frauds.

HOAGLAND MAKES PLEA THAT PULLS BACK OFFER OF SENATE

LINCOLN, Feb. 27.—(Special.)—Senate File No. 217, a bill to legislate Uncle Moses Kinkaid out of congress and legislate certain aspiring and perspiring statesmen in, came up before the senate this morning on reports of committee and was sent to the legislative garbage can, but just before noon Hoagland of Lincoln county, who denies that he is after the shoes of the aforesaid Uncle Moses, discovered that the bill had been killed, and consequently Senator Wink, chairman of the committee which had accomplished the deadly act, was asked to call for a withdrawal, and after a speech of Senator Hoagland and a plea for a square deal and some other things, the bill was ordered recommitted to the appointment committee and every senator made a chirp against the act. This bill was supposed to have been especially interesting to Plack of Saunders, who it is said aspires to serve his district in congress, and as the senator was absent on account of sickness the matter will probably be held off until he can be present.

BLOODHOUNDS ARE NOT SLEUTHS

House Members Refuse to Admit Competition of Own Agents. (From a Staff Correspondent.) LINCOLN, Feb. 27.—(Special.)—The house had a lot of fun this morning before it killed House Bill No. 198, which provides for the registration of bloodhounds. The house is very jealous of its reputation in the detective line, so naturally when it came to recognizing officially bloodhounds as sleuths there was strong opposition to the bill. One speaker referred to the jealousy existing between the Pinkerton, the Burness and other detective agencies, therefore he had to oppose the bill. As a matter of fact, the house detective bureau killed the bill, for it feared officially to recognize the bloodhound as a trailer of criminals would affect the standing of the house sleuths.
