MAY RESUME RACE MEETS

New York Jockey Club Stewards Issue Significant Statement.

COURT DECISION HELPS SOME

Oral Betting Held Not Unlawful, Thus Freeing Directors from Liability Under Drastic Provisions Imposed.

NEW YORK, Feb. 27.—From the word of a statement issued after meetings of the stewards of the jockey club and of the several racing associations, the impression prevails among racing men that the powers that govern horse racing in this vicinity have about decided to open some of the metropolitan tracks the coming season. The way is held to have been paved for such action by a recent court decision holding oral betting not unlawful, thereby exonerating directors of racing associations from liability for betting in this form.

Because all racing associations were not represented, no definite conclusion was announced as to whether racing would be resumed. That such is the intention, however, could be inferred from the statement made after the meeting:

"That owing to the great reduction in the number of horses racing and the definite programs announced by the Virginia and Maryland associations, which already have secured approval from the jockey club, those spring meetings will not be conflicted with."

In a statement issued by the stewards they declared that the jockey club is only a supervisory body and does not control the business policy of any of the racing associations. It is not in its province to say whether there shall be racing, it was pointed out, but should any association decide to open their courses the jockey club controls the manner in which such racing shall be conducted.

Chairman August Belmont presided at the meeting of the jockey club stewards, during which E. K. Sturgis was elected vice chairman in the place of the late James R. Keene and H. K. Napp was elected secretary and treasurer, the offices formerly held by E. K. Sturgis. The vacancy caused by the death of James R. Keene remains unfilled.
