FIRE BEING INVESTIGATED

Police County Testimony Gathered to Present Attorney Magney.

FIREMAN IS DISCHARGED

Kerosene Can is Found Near the Boiler Room by Men Searching the Victims of the Fire.

Police investigation of the Dewey hotel fire, in which several persons lost their lives and many others were injured Friday morning, has developed facts which the police regard as of utmost importance. Circumstances which occurred during the three days immediately preceding the conflagration are related in reports placed in the hands of Acting Chief of Police Dempsey and by him turned over to County Attorney Magney. The police are pursuing investigations along the lines suggested by these reports. Pending further developments and the outcome of the coroner's inquest at least four persons are being kept under surveillance. Shirley Smith, fireman of the Dewey hotel, whose examination by two city detectives is covered in the reports in the county attorney's hands, was taken from his home, 1225 North Twenty-first street, to the office of Acting Chief Dempsey for further examination. Later he was taken to the county attorney's office, where he related in detail the story he told Dempsey. Smith will be an important witness at the coroner's inquest. Three men had been loafing about the Dewey boiler room for several days preceding the fire. One of these, a man known by the name of Frank Juneau, had been employed as fireman for the hotel, but was discharged on February 22. The others were a man named Murray and one known as "Slim."

Sackler Kidnaps Young Son While Mother Fights

ST. LOUIS, Mo., March 3.—(Special Telegram.)—Gordon Sackler, 4 years old, the three kidnaped son of a Springfield, Neb., man, was stolen for the fourth time from the hands of his mother while the frantic woman fought desperately with her husband and two other men on the station platform at Valley park this afternoon. The kidnaping was witnessed by a crowd of suburbanites waiting for trains. They did not realize what had happened, however, until they saw the hysterical she was pursuing disappeared around a curve of the road. When the related rescuers turned to find the two men who had held the screaming woman while her husband drove off with their child, her assailants had disappeared. The last of the trio jumped into the rig with the father and repeatedly threw off the mother as she tried to climb into the buggy from the rear. The spectacular fight came at the close of an eight hour attempt by relatives, friends and lawyers to reconcile J. B. Sackler and his wife Ella. Sackler, a (Special Telegram.)—Mr. and Mrs. J. B. Sackler left their two months ago following their previous sensational trouble and reconciliation, located in the south. Mr. Sackler's mother, Mrs. Jacob Sackler, still lives here. J. B. Sackler was a blacksmith while in Springfield and several months ago, during the pendency of a divorce suit, kidnaped his boy in similar fashion. His mother followed and a reconciliation that was effected resulted in the withdrawal of the divorce proceedings.

LOOMIS ANSWERS HURRY CALL TO WASHINGTON

Union Pacific officials are anticipating some action upon the part of the United States supreme court, but what it is they are not even guessing. Sunday General Solicitor Loomis received a wire from Attorney General Wickersham, requesting his presence in Washington at the earliest possible date. Mr. Loomis left on the first train last night, not having any idea why the urgent call was sent out, except that he knew that it meant that he was wanted in connection with the dissolution of the merger of the Pacific roads.

The buying and selling prices were not given.

CHARLEY KELLBERG DID NOT STOP AT DEWEY HOTEL

Charley Kellberg, who was reported among the missing after the Dewey hotel fire Friday morning, now shows up very much alive, and is very busy answering telephone calls from his friends, both local and long distance, telling them that he is all right. "I never stopped at that hotel in my life," he said, "and I do not see how my name came to be mentioned as among the missing. I received my discharge from the United States navy last July and came to Omaha. I have been stopping at the St. James hotel ever since I came to Omaha after being discharged from the navy and was never inside the Dewey hotel." Mr. Kellberg has completed all arrangements for setting his pension from the navy and he feels that aside from giving his friends and relatives a bad scare, the report of his being lost in the fire, might have the effect of delaying his pension. His mother and father, Mr. and Mrs. E. Kellberg, live at Nebraska, Neb.

PARENTHOOD AS PROFESSION

Better Civilization When More Attention is Paid to Mating.

IDEAS ADVANCED BY DR. FISHER

Time Coming When the Child Will Be Considered the Most Valuable Asset of the State, Says the Speaker.

Time is coming when a race conscience developed through the medium of eugenics will control the production of human beings, and the physically and mentally unfit—the incurably insane, criminal or diseased—will be forbidden by law to engage in the profession of parenthood. Then will the state decree what racial tendencies and characteristics shall be transmitted by heredity to future generations, according to Dr. George J. Fisher, international secretary of the Young Men's Christian association, who spoke in the association building auditorium yesterday.

PRESIDENT'S FAREWELLS ARE FEATURE OF SUNDAY

WASHINGTON, March 3.—This was a day of farewells for President Taft. He began his last Sunday as president of a brief sermon to the congregation of All Souls' Unitarian church, where he has worshipped for four years; bade adieu to the wives of members of his cabinet at a last formal dinner, given by Secretary MacVeagh; and observed the custom established by George Washington, and kept green by presidents ever since, of visiting Georgetown university.

PUBLIC TEMPER RISING AGAINST SUFFRAGES

LONDON, March 3.—The public temper is rising against the suffragettes. Wild scenes were witnessed in Hyde park this afternoon when a mob of several thousand broke up a suffragette meeting held under the leadership of "General" Mrs. Flora Drummond. Several free fights occurred and masses of turf torn from the ground were hurled at the speakers. It required a strong body of police to protect the suffragettes and escort them to a place of safety. Similar scenes marked a meeting at Wimbledon Common. In both cases women were knocked down and bruised.

HEIKE GETS CLEMENCY AT HANDS OF PRESIDENT

WASHINGTON, March 3.—President Taft tonight commuted the sentence of Charles R. Heike, secretary and treasurer of the American Sugar Refining company to eight months in the New York county penitentiary and a fine of \$5,000. MANY CHARITY CASES ARE TREATED AT WISE MEMORIAL

A brief summary of the Wise Memorial hospital work, for whom the charity ball is being given on March 25 at the Auditorium, brings to light the fact that 1,267 patients were treated in the Wise Memorial hospital. Out of this number 189 were charity patients, all of whom received the necessary medicines, operations and nursing. This hospital is non-sectarian, and many charity patients have made their homes there for months, having no other place to go while convalescing.

Why Women Are Not Rich.

Man is a millionaire many times over in the possession of blood cells. Woman is not quite so rich, for scientists have proven that the normal man has five million—the woman only four and a half million of blood. A decrease in number of red blood corpuscles and a person "looks pale"—in fact, is anemic, the blood does not get the right food and probably the stomach is disordered.

Dr. Pierce's Golden Medical Discovery.

Dr. V. Pierce found years ago that a glyceric extract of golden seal and Oregon grape roots, food's root and bloodroot with black cherrybark, would help the assimilation of the food in the stomach, correct liver ills and in Nature's own way increase the red blood corpuscles. This medicine he called Dr. Pierce's Golden Medical Discovery. By assimilating the food eaten the system is nourished and the blood takes on a rich red color. Nervousness is only the cry of the starved nerves for food, and when the nerves are fed so rich blood the person loses those irritable feelings, sleeps well at night and is refreshed in the morning.

The Return of Blood Eruptions

No Reason Why Anyone Should Suffer With Such a Disheartening Experience.

No case of contagious blood poison is ever cured until the last particle of the virus has been removed from the circulation. The least taint left in the blood will, sooner or later, cause a fresh outbreak of the trouble, with all its hideous and destructive symptoms of ulcerated mouth and throat, copper colored spots, falling hair, sores and ulcers. No other medicine so surely cures contagious blood poison as S. S. S. It gets down into the blood and steadily and surely drives out every particle of the infection. It absolutely and perfectly purifies the blood, and leaves this vital fluid as fresh, rich and healthy as it was before the destructive virus of contagious blood poison entered the circulation. S. S.
