

OMAHA'S ONLY MODERN CLOTHING STORE KING-PECK CO. 16TH AT HOWARD "HOME OF QUALITY CLOTHES"

FORMERLY KING-SWANSON CO.

Here's advice on which you can't go wrong.

Follow the example of the man who buys his clothes at the opening of the season

He is enjoying untold advantages over you and every other man who delays making early selections. He is an acknowledged good dresser. He makes a favorable impression wherever he goes. Now don't envy this fellow, you can create the same good impression and demand the same attention

and here's how.....

He is simply an early chooser. He is better informed than you regarding styles, etc. but he has learned the lesson, that the choicest and most exclusive novelties are always featured at the opening of the season, then, too, there is an economical side to this story—the early chooser enjoys a complete season's wear from his clothes, and as is not unusual, should the styles undergo a radical change the following year, he is not the loser. A complete season's wear, while the garment holds the center of the style ring, assures him of his money's worth. He is satisfied. Now do you see the logic in early buying? No doubt you do, so

Drop in at your earliest convenience for a look around and a try-on

and one of our twelve well informed, pleasant clothing salesmen will welcome the opportunity to show you through, and while they would be pleased to close a sale, yet come with our assurance that you'll not be urged to buy or bored by persistent salesmen—such tactics you might encounter elsewhere but here is a clothing store entirely different from all the rest. We want you to come, make comparisons, try on our garments. You'll see one or two that you'll like our service, and best of all you'll more than like King-Peck Quality Clothes. There is a characteristic something about our clothes that distinguishes them from all others—it's the easy, graceful lines, the exclusiveness of the pattern, the superiority of the tailoring that causes the wearer to desire to become an owner. And about prices—well this store's reputation for fair honest prices is too well established to need further comment, it is sufficient to say that

We show the greatest clothes values possible at \$10 to \$40

REAL ESTATE MEN ACTIVE

Blue Sky Bills Interest Men Dealing in Lands.

SOME RIGOROUS PROVISIONS

Lincoln Anti-Removalists Are Busy Working with Legislature to Influence Senate to Recede from Its Position.

(From a Staff Correspondent.)

LINCOLN, Neb., March 8.—(Special).—Various real estate men of the state, who are selling land outside of Nebraska are becoming very much interested in some of the blue sky laws, which will practically prohibit this. One of the bills provides that it shall be the duty of these real estate firms to take a representative of the railway commission to their lands and permit him to make a personal examination at the expense of the real estate man.

One real estate dealer suggested that probably it would be better to take the prospective buyer, who is to invest his money and let him make the examination.

Anti-Removalists Busy. The boarding house lobbyists of Lincoln, who seek to continue the university as a supporter of their kitchens, are busily engaged just now in throwing fits. They are insisting that the senate must recede from its position in refusing to pass the house bill providing a levy to create a building fund for buildings on the present campus and one newspaper in Lincoln, at least, has served notices on Senators Cordell and Ollis, unless they turn about face, their "goats are to be got."

Inasmuch as the senate took its stand for consolidation of the schools at the state farm before the more slowly moving house had done anything, it is up to the house to do the recordings. The responsibility is now on the democratic house and should it come to pass that the university should be crippled for a lack of funds from this season, the blame should be placed upon the democratic house and the boarding house lobby of Lincoln.

New Firms Incorporated. There was filed in the office of the secretary of state articles of incorporation of the following companies: Merchants Mortgage Loan company of Omaha, with a capital stock of \$100,000.

The incorporators are Frank T. Hamilton, Archibald J. Love, E. M. Fairfield, Luther Drake, Frank J. Haskell.

South Omaha Retail Grocers' and Butchers' association, for \$50,000. Divided into shares of \$1 each. This association is organized for mutual benefit. The directors are Abraham Katsido, W. W. McNeil, Chester F. Penfield, J. P. Kraus, Phillip Sake, Aaron Jacobson, Charles Volk, Charles Stern and Nicholas Johnson.

Gilinsky Fruit company of Omaha, incorporated for \$25,000. Will engage in a general wholesale fruit business. The incorporators are S. E. Gilinsky, Charles J. Benson and Quentin Moore.

Eddy Standard Mirror Glass company of Omaha, capital stock, \$50,000. Board of directors are: Seth W. Eddy, Frank H. Woods, George H. Clark, L. E. Hurts, George K. Gann. Woods and Hurts are Lincoln men, the former president of the Lincoln Telephone company and the latter general manager of the same company.

Commonwealth Appeals. The Commonwealth Water company recently appealed from the decision of the State Board of Irrigation in its controversy over water rights on the Loup river to the district court of Platte county.

The case had been called for today and Deputy Attorney General Ayers, representing the board, and Attorney C. C. Flansburg representing the Commonwealth company left this morning for Columbus, where the trial is to be held. Judge Post of Columbus, representing the Babcock interests, will also appear as one of the attorneys.

Prince Applying to Secure Pardon

(From a Staff Correspondent.)

LINCOLN, March 8.—(Special).—The board of pardons will have a session on Monday next, and among those asking for a pardon are Albert Prince, the colored slayer of Deputy Warden Davis at the penitentiary last winter. Prince was sent to the penitentiary for the shooting of Detective M. J. J. in Omaha in 1909. February 11, 1912, while in the chapel of the penitentiary during the religious services, he drew a knife and stabbed Davis who died within a few moments. Prince was tried in the district court of Lancaster county and sentenced to be hung. He appealed to the supreme court and the court refused to grant him a new trial. If the pardon board or the governor does not listen to his appeal for pardon he will be hung March 21.

Another prisoner who wants a pardon is Andrew Krumploka, who was convicted of killing his father in Cheyenne county, the deed being committed in October, 1909. He was given a sentence of ten years, but was let out on parole to a brother of Senator Bartos by Governor Shallenberger. The lad was only 15 years of age at the time he committed the crime and Governor Shallenberger concluded that the ends of justice would be better carried out to put the boy out the boy out somewhere where could do something for himself, than place him where he would have associates of a criminal character.

G. W. Osborn, sent up from Dodge county for murder, and given a sentence of fifteen years, will apply for a pardon.

COMMISSIONERS' TEST CASE IS POSTPONED

HARTINGTON, Neb., March 8.—(Special).—The March term of district court adjourned last night after a two weeks' session. There were no criminal cases on the docket. The case which attracted most attention during the week was the case of E. E. Shaffner of this city, against the Omaha Railroad company, for damages on account of injuries received in an accident about a year ago. Mr. Shaffner and J. D. Rhodenbaugh, both of this city, were crossing the railroad in an automobile when they were demolished and both men badly hurt. After the evidence was all in, the court instructed a verdict for the defendant.

In the commissioner's test case, and in the case of Mr. Stephanson of this city, against the City of Hartington, thirty days have been allowed the defendant to answer. The former case will probably come up at the adjourned term in May or June, and the latter, next fall at the regular term.

GOVERNOR MOREHEAD WILL BE HOME MONDAY

(From a Staff Correspondent.) LINCOLN, March 8.—(Special).—Word has been received at the state house that Governor Morehead and his brave band of Nebraska colonels will arrive in the state Monday. The adjutant general's office has again taken on a warlike appearance as it is expected that the Mexican situation will again become stirred up when the Nebraska contingent of fighters gets away from close connection with the War department at Washington. It has become noticeable that since the Nebraska governor arrived in Washington with his official fighters, where they

Relocating in Chadron.

CHADRON, Neb., March 8.—(Special).—Chadron is jubilant this week over the appropriation of \$10,000 for a federal court and postoffice building. Two years ago a site was purchased for this building at a cost of \$12,500 out of an appropriation of \$15,000.

Funds are now provided to complete the Catholic school at this place. They

now have a block of ground just east of the city, and last year had the basement and foundation completed, block graded and now \$40,000 is ready for its completion. The two buildings already provided for and the probable erection of one wing of the state normal will serve to keep Chadron, as it always has been, the educational center of northwest Nebraska.

Penn-Wyoming Copper Co. Loses Suit Against Trustees

CHEYENNE, Wyo., March 8.—The long-fought Penn-Wyoming Copper company's case, involving approximately \$10,000,000 with stockholders probably in every state of the union, was decided yesterday against the stockholders in favor of the Continental and Commercial Trust and Savings bank of Chicago by Federal Judge John R. Riner. The banking company, as holder of a \$3,388,500 trust deed, secured by first mortgage bonds on the vast property of the company in Carbon county, entered an interplea to the suit originally brought by stockholders to have certain sales of stock set aside because of alleged fraud. The banking company maintained that before any prejudicing action was taken by the copper company, its position as trustee for bondholders secured by the mortgage should be protected. Judge Riner declared the first mortgage would take precedence and could not be interfered with by the charges of fraudulent stock selling which had been made.

Wolf Killed in Yankton.

YANKTON, S. D., March 8.—(Special).—A pack of eight wolf hounds after a wolf made matters interesting on College hill Friday morning. Chances were forgotten and deserted while these hounds chased the wolf. The chase lasted twenty min-

utes, when the wolf was torn to pieces. Wolves are not regular inhabitants any more and this particular wolf caused consternation for some weeks past. He has been living high on Yankton's Plymouth Rocks, but evaded hunters until Friday.

Churches Are After the President and Vice President

WASHINGTON, Jan. 8.—Keen rivalry has sprung up among the Presbyterian churches of Washington over the effort to enroll the membership of President and Mrs. Wilson during their four years' stay in Washington. So keen has the competition become that the president has declined up to this time to make any announcement of his affiliation. The same holds true in the case of Vice President and Mrs. Marshall, who also are Presbyterians.

The several congregations engaged in the attempt to enroll the heads of the nation are the New York avenue church; the Church of the Covenant and the First Presbyterian church. The first named, because of its accessibility to the White House and the hotel in which the vice president has settled, is believed to have a better chance of winning the race than have the others. Furthermore, a number of president's have worshipped in the edifice and for years it has been popularly known as "The Church of the President."

It was understood today that the president's family will attend services in the New York Avenue edifice tomorrow, although no instructions had been given to the White House employees concerning arrangements.

Saloon Bill Passed in South Dakota

PIERRE, S. D., March 8.—The "thousand to one" saloon bill as finally passed by both houses just before adjournment early this morning provides for one saloon for a population of 500 or a major fraction, with the further proviso that two saloon licenses may be granted in a town of any size.

The passage of the bill means that about one-fourth of the saloons of the state will be wiped out of existence. The license fee is placed at a minimum of \$500 and the maximum \$1,500. The bill had the "emergency" clause attached, which will prevent its being carried to the referendum. The act will go into effect as soon as it is signed by the governor.

At the closing session of the assembly, which adjourned sine die at 7:30 this morning, a mothers' pension act was passed, which allows counties to assist mothers who have children dependent upon them.
