DO YOU KNOW THAT THE BEST LIGHTNING RODS IN THE WORLD ARE MADE AT LINCOLN, NEB.?
The Shinn Copper Cable Lightning Rod is acknowledged to be the standard of lightning rod construction. It gives absolute protection from lightning because it is built in a scientific way. Recognized by insurance adjusters and other experts. Used to protect the costly main building of the University of Nebraska and many other public buildings, and thousands of farm buildings.
If your buildings are unprotected from lightning, you need a Shinn Rod without delay.
SHINN Will Be on the Job at the "Made in Nebraska" Show and Will Be Glad to Show You Why—
Get the facts about this scientifically built lightning rod. See our double-twisted copper cable, the best conductor known to science. Tests 98.4 conductivity and 98.6 commercial purity. Four-legged, self-locking brace holds rod rigid. Special copper-copper insures complete electrical connection and absolute protection for your house during storm. Beautiful glass balls. Your choice of horse, cow, sheep or other handsome weather vane.
OUR \$10,000 BOND PROTECTS YOU.
It backs individual bond we give each purchaser of Shinn System, insuring that Shinn system will protect. Our special inspectors view each rod job to make sure your rods are correctly installed. These rods protect or cost you nothing, that's all. Shinn gives you more thorough protection than any other lightning rod manufacturer.
Meet us at the show. Meanwhile, write for illustrated catalog, free.
W. C. SHINN, Mgr., Lincoln, Neb.

Plans of Decoration at Exposition Are a Delight to All Eyes

The interior of the Auditorium has been many times decorated for the various shows and expositions that have been given there, but it is doubtful if there ever has been a more startling or beautiful plan of decorations than that put in for the Made-in-Nebraska show by the Gillingham company, decorators, of Omaha. The general scheme is of gold, green and white. In the center of the Auditorium, hanging down are set pieces of gold and green. These are lighted and from them, reaching to each side of the balcony are long streamers of southern smilax. Around the balcony decorations of both green and white have been arranged and on the balcony proper have been placed decorations of white surmounted by caps and electric lights. Over the big stage are curtains

is very fine and also brings out warmth and color that go far to make people happy at an indoor exposition. The basement is arranged in Japanese style with southern smilax. The entire effect

Monument Display Seen at the Show

Frank Svoboda, the well known monument man, is showing an exceedingly attractive display of artistic monuments and high grade statuary. Mr. Svoboda has been making monuments in Omaha for eight years and has built up a business which reaches to all parts of the United States and Canada. At his place of business, 125-25 South 12th, can be seen one of the largest displays of finished monuments in the country, showing especially fine specimens of work in genuine Salda granite. His booth at the "Made-in-Nebraska show" is attracting unusual attention.

Modern Hotel, Made of Candy, is Now on View at Auditorium

One of the unique exhibits at the Made in Nebraska show is that displayed by T. J. McVittie of the Orpheum Candy store. In this exhibit is a model hotel which was made of candy manufactured by the E. J. Fisher company of Hastings. The miniature design is a facsimile of a modern hotel that is now being erected in Hastings. It is more than a reproduction of a hotel; it is a work of art of which the makers were proud. The Orpheum Theater Candy store has this exhibit because it sells the famous Finer chocolates, which have become so popular in Omaha.

Exhibit of Frank Svoboda.

Everybody Is Doing It! What?
SAYING THAT THE EXHIBIT OF THE ELECTRIC SHOP at the Auditorium is the prettiest they ever saw.
NATURALLY there is something for everybody to look at. The artistically and practically designed fixtures and the bright and pleasant light obtained by using MAZDA LAMPS are drawing the visitors to Booths 41 and 42. Do not fail to see our special demonstrations of the famous COPEMAN STOVE—a COOK STOVE AND FIRELESS COOKER COMBINED. The washing machine with the swinging wringer, the Invincible Vacuum Cleaner, together with the Heating Devices, are features at the Show.
Call us at Tyler 1414. We deliver to all parts of the city.
