McLeod Asks Bryan to Teach Bible Class

WASHINGTON, March 11.—Secretary of State Bryan has been invited to take charge of the young men's Bible class in the First Presbyterian Sunday school and in this connection the membership of the church is going up in leaps and bounds. Mr. Bryan has not yet accepted, but the pastor of the church, the Rev. Donald C. McLeod, believes that he will eventually undertake the management, even though he does not teach personally every Sunday.

The secretary of state long has been interested in church matters and has had a decided leaning toward the Sunday school. He is a strong personal friend of Dr. McLeod, who is urging him to undertake the work.

Veteran of Balacava Dead.

LONDON, March 11.—Viscount Trevelyan, one of the few who returned from the charge of the light brigade at the battle of Balacava, died today, aged 82.

Newspaper Advertisement Points Way to Health

I can truthfully say that Dr. Kilmner's Swamp-Root is a very good medicine, not alone for kidney trouble, but also for weak and sore back, as well as for rheumatism.

About a year ago I became ill and unable to work, my trouble being a lame back. I read of your Swamp-Root in the newspaper and in an Almanac. Believing it would do me good, I went to my drugstore, Mr. Skinner, and purchased a bottle. Finding relief in one fifty-cent bottle, I purchased several more and in a short time was able to continue with my work and am today feeling well and strong. I always recommend Dr. Kilmner's Swamp-Root to my friends as I believe it is as good a medicine as can be found.

disorders at Santa Rosa in the state of Vera Cruz, when Camerino Mendosa, a former chief of rural guards, was killed. Documents have since been recovered outlining a plan for securing intervention, first by direct appeal to President Taft to restore Madero, falling which it was proposed to make attacks upon American residents in Mexico. The plotters are said to have been personally connected with the Madero government.

The death roll of the battle fought in front of the national palace on February 9 when Felix Diaz attacked the government, totaled 506, according to a report by the military authorities today. The victims include 120 women, six children, 208 noncombatant men, 10 military students and 80 federal soldiers, the remainder being rebels.

REVOLT IN EAST SPREADS

Carranza Said to Be in Full Control at Piedras. WASHINGTON, March 11.—Dispatches to the War department indicate a serious situation at Piedras, Mex., where the forces under Governor Carranza appear to be in full control. General Aubert, with federal cavalry, is reported near Monclova. The railroad near Piedras has been abandoned by the central government and Carranza is trying to operate the line. It is reported that Carranza is taking part of his force to Cuatro Ciénegas.

MONTEREY, March 11.—The federal troops are reported to have driven a large body of adherents of Venustiano Carranza back toward Musquit after a fight on Sunday at San Salvador Bonavillas in the state of Coahuila.

Followers of Carranza are said to be spreading the rebellion propaganda among the Kickapoo Indians, many of whom are flocking to Carranza's standard. General Tracy Aubert, with a column of federal troops, has advanced to Haratoran, six miles north of Monclova, and it is expected he will attack Carranza's men at Musquit shortly. The city council of Torreón has been removed from office owing to the support given by its members to Madero. It has been replaced by a government commission presided over by Juan Castellón. The commission has been empowered by the government to use all available means for the pacification of the city and the surrounding country.

General Manuel Blasquez has been named military governor of the state of Coahuila.

ATTORNEY GENERAL HAS DOUBLE IN WASHINGTON

WASHINGTON, March 11.—Facts of identification may yet be necessary to distinguish James C. McReynolds, the new attorney general of the United States, from Representative Gordon Lee of Georgia. The two statesmen are almost twins in appearance. Already a number of embarrassing and humorous incidents have occurred to both as a result of the strong resemblance. Former Senator Joseph W. Bailey was among the first to become confused by the striking similarity. He counts both of them among his close friends. On the way to the Department of Justice he saw the attorney general, as he supposed, headed toward the White House about a half block distant. "Oh, Mac," called the senator, breaking into an undignified run, "hey, wait a minute."

Pedestrians looked with surprise on the former senator's sprint and the senator's ruffled feelings were not smoothed on overtaking his supposed quarry. Representative Lee laughed at him merrily.

CHARGES AGAINST NEW HARVESTER COMPANY

CHICAGO, March 11.—The Independent Harvester company, capitalized at \$10,000,000, with a plant at Plano, Ill., with stock mostly held by farmers, is being investigated by the Postoffice department. It was learned today. Stockholders have complained that \$6,000,000 or \$7,000,000 in stock has been sold, whereas they assert the assets of the company do not exceed \$1,000,000. William C. Thompson president of the company, has been interrogated by postal inspectors. Thompson said the complaints were baseless and that he welcomed an investigation. His company,

DELAWARE WILL ESTABLISH ROADWORK CONVICT CAMPS

DOVER, Del., March 11.—The Delaware legislature voted to establish convict camps and work all short-term prisoners on the highways when the Anderson senate bill passed the house today.

Opposition to convict labor idea, centralized in a plea for tramps and a protest against their arrest. "We need them during the berry and fruit seasons and cannot spare them," declared Assemblyman Owens a fruit grower. "We store them in our barns and they save us money and save our fruit." Nevertheless the bill passed.

DEATH RECORD

Mrs. H. B. Kenyon. HARVARD, Neb., March 11.—The body of Mrs. H. B. Kenyon was brought from her recent home in South Omaha Sunday and following a largely attended service at the Congregational church, was buried by the side of children she had lost while living near Harvard. About three weeks ago Mr. Kenyon made a public sale of farm property and soon after removed to Omaha to engage in business in South Omaha. His wife, who had not been strong, was soon taken with pneumonia and after a few days of intense suffering passed away, leaving her husband and two small children.

Mrs. W. H. Ball. YANKTON, S. D., March 11.—(Special.)—Mrs. W. H. Ball, widow of Captain W. H. Ball, who died last January, died in a hospital here Sunday, aged 79 years. She was the mother of Mrs. W. A. Jenkins of Sioux City and Miss Lillie Ball of Yankton. Mrs. Ball had resided here twenty-five years and was prominent in the state and local Women's Relief corps. Interment was at Hudson.

WATER BOARD BILL RECEIVED BY HOUSE FROM THE COMMITTEE

(Continued from Page One.)

Howell himself, will cost the people of Omaha some \$15,000 a year which the poor taxpayers will have to pay. That is the argument Mr. Howell has been making through his organ and before the committee and to the legislators. The Water board has made contracts to pump water to the neighboring town with Florence the contract is to run fifteen years longer, so it was urged before the committee, so it would appear with the stock yards let out by Mr. Howell there is really no excuse for the passage of the bill unless it is meant to rob the citizens of Florence, Dundee and South Omaha, and take from them authority over their streets.

Mr. Howell is now busy working on senators to be prepared so in case the bill goes through the house as amended he can put the bill through the upper body as amended by the house.

PLATFORM PLEDGES ADVANCED

Democrats of House Push Measures Looking to This End. (From a Staff Correspondent.) LINCOLN, March 11.—(Special.)—When Free of Howard, chairman of the democratic caucus last night, moved this morning to advance all platform pledge bills and give them right of way over all other bills, encountered some objection on the part of several republicans who said this action of the majority was purely political, but of course the motion carried as did the one about the speaker appointing a sitting committee to take charge of bills next Monday. The speaker is to select his committee by Thursday. This committee is the most important and has more important work to do than any other of the session, yet the caucus would not permit the committee on committees to select it. The democratic majority returned to the old manner of doing business.

Incidentally while the house was in the committee of the whole and supposedly capable of doing business, a bold bad lobbyist who is registered, came into the lobby motioned for a member to get back at the railing and for some minutes talking to him. Yet Mr. Bollen who fathered the motion to keep all registered lobbyists out of the lobby, said not a word and neither did any one else. Keeley received favorable action on his motion to advance his freight rate bill on the general file as did Reiche on his motion to advance the board of control bill.

In the committee of the whole the house recommended for passage house roll 62, the bill levying 3/4 of a mill for the benefit of the state normal schools. Bollen tried to have the bill laid over for a day so he could look up the figures of the normals and the amount of money the usually get and need. But the house was so anxious to tax the people by a levy so that it would not appear that much of an appropriation had been made, it would not stand even to put the bill over for a little while.

REFUSES TO CONFIRM BOARD

(Continued from Page One.)

who went over the political transom this morning there is enough opposition to them within their own party to entirely put them out of the running for a second consideration. Several democrats opposed against Graff, the democratic appointee, while about the same number of republicans voted against the confirmation of Gregg, the republican named for the board.
