

CHANGE OF STREET NAMES

Postoffice Official Makes Suggestion to City Commissioners.

REPORT ON PLAN IS ASKED

Hummel and McGovern Are Requested to Investigate Conditions and to Make Formal Statement.

Sweeping changes in the names of streets, numbering of houses and the names of boulevards may be undertaken by the city commission...

A resolution was passed directing Thomas McGovern of the department of public improvements...

Kieffner declared that the very fact of an avenue being separated by three miles from the street of the same name was enough to justify a change...

Greater confusion may follow the extension of the delivery services to Benson and Florence, as contemplated, said Kieffner.

"Now is the time to make the changes," said Kieffner. "These changes need not be immediate, but they ought to be made."

"As to boulevards, I would suggest that they be given names distinctive of the locality...

Several times within the last year citizens have asked that street names or numbers be changed...

1 Full Quart Whiskey FREE Try It At Our Expense There are all sorts of claims for superiority among distillers and Mill Order Whiskey houses, and while we feel sure that our Fels 3-Star Whiskey can't be beat, or even equalled in quality or price, still we are not going to ask anyone to risk their money on our judgment, therefore, we are going to give absolutely free, one full quart bottle to test. We want you to prove by drinking it, that Fels 3-Star Whiskey is pure, wholesome, fully aged, mellow as can be and above all has real whiskey strength. We want you to add half water to it if you like and we are sure that you will find it stronger and better whiskey than most Mill Order houses sell at any price. Anyone can easily understand that should we just send out bottles of whiskey free that we would be flooded with requests by some suspicious people and dealers and lay ourselves open to a fearful onslaught. This we cannot do, but nevertheless, the bottle is free to honest people. Now here is our proposition: We will send you one full quart bottle of Fels 3-Star Whiskey, absolutely free, along with your first order for a full quart bottle of Fels 3-Star Whiskey for \$1.00 and we pay the express charges. After you receive the 1 full quart bottle, open one of them, test it anyway you like and if you are entirely satisfied, you have the privilege of returning to us the remaining 3 bottles and the one extra bottle you may keep free and we will immediately return your \$1.00. Or send us \$1.00 for a full quart bottle of Fels 3-Star Whiskey, express prepaid, and we will include one test bottle free. Test the free bottle and if not absolutely satisfactory 4 bottles and keep the free bottle and we will refund your \$1.00 without question or argument. With each order we give a free Gold Tipped Glass and Fels's Cordacore. Remember, we say we pay the express charges, look close before you permit some of the low prices of Mill Order houses to get your order and make you pay the express charges. We mean to prove superiority in the whiskey business; we mean to prove accuracy, by giving a free test bottle, that Fels 3-Star Whiskey has no equal. Our quart bottles are full 22-ounce quarts and our short quarts and we guarantee every statement we make and our work is our card up capital of \$500,000. If you want real whiskey and not short, watered concoction, send us your residence on our free test proposition. The taste is the best, that will prove more than we can write. Address orders and intent and our conditions payable to A. Fels, Mgr., or Fels Distilling Co., 155 Fels Bldg., Kansas City, Mo.
