

ROSEWATER WILL PRESIDE

Unanimously Chosen Head of New City Charter Committee.

TO MEET AT THE CITY HALL

Rules of Procedure Are Adopted—Chairman Presented with Gavel Made at Omaha High School.

Victor Rosewater was unanimously chosen chairman of the charter committee at its first meeting Saturday afternoon. Dr. E. Holovtchiner was elected vice chairman and Dan Horigan secretary.

Rules on organization and procedure were adopted on the report of a special committee appointed to draft them. This committee consisted of Carl HERRING, Victor Rosewater and J. H. Bennett.

Beginning Tuesday, open meetings will be held at the city council chamber each afternoon from 2 to 5 o'clock except Thursdays and Saturdays, when meetings will be held at 5 o'clock in the evening.

Organization and Procedure. President, Victor Rosewater. Vice President, Dan Horigan. Seven committees of three each for each of the seven departments of the city government.

Roll call. Approval of minutes. Communications and announcements. Motions and resolutions. Reports of committees. Public hearings. Special orders. Unfinished business.

Firemen Make Attack On the Railroads

NEW YORK, March 16.—The locomotive firemen today complained that their case against the eastern railroads before the arbitration board was handicapped by the fact that the railroads had filed erroneous reports with the Interstate Commerce commission.

President Carter's charge was made when W. J. Lauck, the government's statistician, who was expected to occupy the stand next week, took up the statement of the Baltimore & Ohio railroad.

Mr. Carter declared that the apparent increase in firemen's wages of 48 per cent during the last ten years was misleading. "It has been the custom of the railroads for years," he said, "to make reports which do not account for all their employees. They report only the higher priced men, leaving the part-time men out, and thus falsify the statistics which Mr. Lauck had to consult."

Mr. Carter declared that the case of the engineers had been injured by similar false statistics. Mr. Lauck said that it was impossible to ascertain what proportion of increased capitalization of the railroads had been applied to investment in actual railroad property.

ENGINEER BLAMED FOR GOTHENBURG WRECK ON THE U. P.

(Continued from Page One)

clared the block system and signals were working well in spite of the severe weather. He had been able to make out signals, although at times this was difficult owing to flying snow and smoke.

O'Brien testified, was west of the Platte river bridge, owing to which fact he was twenty minutes farther behind time when he reached Gothenburg, which was at 1:38 o'clock a. m.

O'Brien said his train left North Platte a little less than 1.50 hours late. When he arrived at Gothenburg, he was able to make a good stop getting right under the coal chute and water tank. He said the fireman had already filled the water tank and the man at the chute was just lowering it when the collision occurred, driving No. 4 forward two car lengths, when the engine and first car broke loose from the rest of the train.

The only instructions Engineer O'Brien had, he said, were that if train No. 12 caught up with him between North Platte and Gothenburg, he was to allow it to pass.

Fireman F. N. Xooms of North Platte testified in corroboration of the statement of his engineer, O'Brien.

Station Agent on Stand. R. H. Miller, station agent and operator at Gothenburg, said that he was backing trucks up to the baggage car of No. 4 when the crash came. "I had entrusted a telegram from the dispatcher to Foreman John Larson, which he was to deliver to Conductor G. J. Hill of No. 4. The message read: 'No. 12 is in your block. Let them pass at Gothenburg.'"

Wetnberger Very Late. John Wetnberger, engineer on No. 12, said that he had been a resident of North Platte twelve years and that he had been in the employ of the Union Pacific for twenty-seven years.

Flagman Found. Flagman Dorcher, living at Grand Island, the man sent out from Gothenburg to flag the relief train and who yesterday was reported missing, walked into the last named place this morning.

Deaths. Mrs. Johanna O'Connor, Buffalo, N. Y., March 12.—(Special Telegram)—Mrs. Johanna O'Connor, aged 77, mother of Mrs. Edwin Martin of Omaha, died late Friday at her home in Dunkirk, N. Y., after a brief illness.

MINOR MATTERS SET ASIDE

Iowa Legislature Will Consider Only Bills of First Importance.

HIGHWAY COMMISSION NEXT

As Soon as Good Roads Bill is Passed Bills for Reorganization of School System of State Will Be Taken Up.

DES MOINES, March 16.—(Special.)—So far as can be ascertained the legislative program for the next two weeks is one which contemplates putting all minor matters into the background and the adoption of only such measures as are of first importance.

The highway commission bill will be first to take up the floor. It has been arranged that the senate shall make a start on this bill. The senate appears to have the matter in hand much better than the house and a bill is before the senate which comes nearer to being one on which all agree than anything that has as yet been presented.

Next on the program, if the highway commission bill can be handled without too much trouble, is the legislation relating to schools. More progress has been made in this direction than any other and the bill for reorganization of the school system are well under way.

Tax Reform is Gaining. There has been a distinct change in regard to the bills for the reform of the taxing laws of the state. For a time it seemed as if the legislature was to be overwhelmed by protests from the farmers against the bill, or against any bill that would look to betterment of the present unsatisfactory condition of taxation in the state.

Two Bills Losing Ground. Two very important bills seem to be losing ground. The bill, or rather series of bills, for a law as to workmen's compensation and employers' liability, have been pretty effectually killed by a very strong and active lobby here working against these bills.

Regulate All Telephone Companies. A bill which was introduced last week, which is attracting a great deal of attention, is by Senator Malmberg of Jasper county, and it declares that all telegraph and telephone companies operating in the state "are hereby declared to be common carriers," and it is further provided:

The railroad commissioners of this state shall have general supervision of all telegraph and telephone companies operating and doing business in this state, and shall have authority to issue orders of discrimination, neglect or violation of the laws of this state governing common carriers, insofar as applicable to telegraph or telephone companies, by any telegraph or telephone company, or by the officers, agents or employees thereof and said railroad commissioners are empowered and directed to make for each telegraph company and telephone company, as soon as practicable, a schedule of reasonable maximum charges or rates for transmitting communications and intelligence usually transmitted by such companies.

Mrs. Wilson's Paintings Sent to Washington. PHILADELPHIA, March 16.—The twenty-six paintings by Mrs. Woodrow Wilson, wife of the president, which had been on sale in the gallery of the Arts and Crafts guild in this city for several weeks, were today boxed and sent to Washington, no offers for their purchase having been received.

The people of the state the most direct and rapid communication by telegraph or telephone between communities thereof.

To Investigate Social Evil. Senator Perkins of Delaware has completed the first draft of his bill to establish a commission to investigate white slavery in Iowa as recommended by Governor Clarke. The finished product will be approved by the senate committee named to confer with the governor regarding his recommendation. It will be introduced in the senate on Monday, probably. Provisions of the bill are for a committee of three to serve without pay for a period of three years for the investigation of various phases of the social evil, as well as of the white slave traffic, and of wage scales and working conditions for women and girls in Iowa, and for an appropriation, the extent of which is to be decided upon by the senate committee when the Perkins bill comes up for approval.

To Stay in Des Moines Jail. Mrs. Florence Gamble, Iowa's champion heartbreaker, has taken such a fancy to the Polk county jail, that her request to be transferred here from Fredonia has been granted by Judge Smith McPherson. She was sentenced to serve sixty days at Red Oak by Judge McPherson for swindling men out of money on promises of marriage. Then, too, Mrs. Gamble told Judge McPherson that she wanted to be nearer Boone, so that she could get home quicker and with less expense when released.

MRS. CLARKSON IS HOME Woman Who Left Husband and Five Children Comes Back. HUSBAND NOT AT STATION Wife of Chicago Minister, Who Fled with O. D. Conn, the \$100,000 Burglar, with Friends Once More.

CHICAGO, March 16.—A meeting between Rev. Nestor Clarkson and his wife, who ran away from her husband and five children, with O. D. Conn, the \$100,000 burglar, under arrest in San Francisco, probably will take place tomorrow. Mrs. Clarkson arrived in Chicago today from Milwaukee, but her husband did not meet her at the railroad station, as she had expected.

Soon after her arrival, however, he sent her a message, saying it could not see her today, but would meet her tomorrow. Friends of Mrs. Clarkson have invited her to come to their home and stay as long as she likes.

Clarkson Was Too Strict. Mrs. Clarkson attributed her leaving her husband to the strictness of conduct which he required from her and the children. Though she was a missionary and loved the work, even designing the uniforms which his corps of subordinate slim workers wore, she said she loved to see "real life."

Think an Insect Causes Pellagra. RAPID CITY, S. D., March 16.—(Special Correspondent.)—The most prevalent than is ordinarily supposed, even by physicians practicing in pellagra communities, Assistant Surgeon H. M. Grimm of the United States public health service, says in a report on the results of an investigation in several southern states. Because of its widespread existence in certain districts, he urges a sweeping inquiry to unravel the cause of the puzzling disease.

Mrs. Wilson's Paintings Sent to Washington. PHILADELPHIA, March 16.—The twenty-six paintings by Mrs. Woodrow Wilson, wife of the president, which had been on sale in the gallery of the Arts and Crafts guild in this city for several weeks, were today boxed and sent to Washington, no offers for their purchase having been received.

"STOCK" STAR ON STAND

Janette Fullerton Declares Actresses Are Well Paid.

VICE COMMISSION AT PEORIA

Manager of Ten-Cent Store Says that Low Wages Are Only Slightly Connected with Vice.

PEORIA, Ill., March 16.—Many witnesses and few spectators were present when the session of the Illinois vice commission opened here today. Frank D. Young, manager of the local Woolworth store, testified that of sixty-one girls employed the lowest wage was \$1 a week. Twenty-five girls, he said, received less than \$5 a week. The witness did not know what it would cost a girl to live. Young was asked if in his opinion low wages and immorality are a cause and a result, respectively.

information that while in college in the east a thorough investigation of causes of social evil was made and that it showed that the chief cause of the downfall of women were drinking and lax divorce laws. The committee smiled at the seriousness of the young man.

FACE A SIGHT WITH PIMPLES AND BLACKHEADS

Don't Stand It Another Day! Resinol Will Clear Your Skin. Pimples and blackheads disappear, unsightly complexion becomes clean, clear, and velvety, and hair health and beauty are made certain by the regular use of Resinol Soap and an occasional application of Resinol Ointment. These soothing, healing preparations do their work easily, quickly and at little cost, when even the most expensive and complicated "beauty treatments" utterly fail.

WOULD PAY "PER CAPITA" MANY THOUGHT TREASURY. WASHINGTON, March 15.—Apparently under the impression that the demagogue will divide the nation's wealth among the people of the country, several hundred persons in letters received today by George E. Roberts, director of the audit applied for the \$372 which the Treasury department estimates is the per capita circulation of the United States. It was a revival of an old story, intended facetiously, which was repeatedly denied during the Taft administration that \$372 awaited every individual in the country. Many of the applicants asked that the amount be forwarded by parcel post in pennies.
