SCHOOL AND COLLEGE WORK

Meeting of East Central Nebraska Teachers' Association.
PLACE AND DATES ANNOUNCED
Happenings of the Week at State Institutions and Nearby Colleges—Local and General News.
The 1913 meeting of the East Central Nebraska Teachers' association will be held at Fremont, March 27, 28 and 29. President Frank R. Beers announces that an interesting, instructive and inspirational program has been arranged by the officers. Among the names on the program are: Superintendent A. H. Waterhouse, Superintendent R. M. Campbell, Superintendent E. T. Graff, Miss Frances Richardson, the California flag lady, Mrs. Kate Gilbert, Prof. William McKeever, the originator of the plan for distribution of free home bulletins; Father MacCorry in "The Story Beautiful"; State Superintendent J. E. Deibel, Chancellor C. A. Palmer and others. Superintendents, principals and school officers will be more than justified in urging and even insisting that their teachers be present at this meeting. Some school boards are giving their teachers the time or full pay, while others are making it easy for the teacher to make up the lost time.

DOANE COLLEGE

Meeting of Trustees, Entertainments and Debating Contest.
Last Tuesday morning Rev. Mr. Furner of Beatrice, who was in Crete to attend the trustee meeting of the college, visited chapel and led in prayer. Later he visited some of the classes that were in session. Wednesday morning Miss Ayker and Prof. Dick of the college went to Dochester to give an entertainment on their lecture course. Miss Parker gave "The Melting Pot," by Israel Zangwill, and Mr. Dick played several violin numbers besides leading the string orchestra which accompanied him. A large crowd was in attendance and much praise was accorded the Doane aggregation.
On account of the blizzard Friday night the Doane-Belleue debate was not very well attended. The judges, who were all from Lincoln, had to spend the night at Crete because of the suspension of train service on the Burlington.

NEBRASKA SHOW BIG SUCCESS

Carnival Spirit Fills Auditorium on Closing Night.
EXHIBITORS WELL SATISFIED
Average Attendance Was Seven Thousand Daily—Merchants Ascribe Big Profits to Success.
As successful as any indoor exhibition ever held in Omaha, the Made in Nebraska show was brought to a fitting conclusion last night with a hilarious carnival. As many as could crowd through the doors were there, hundreds having been lured by the announcement of Fenello's band concert of popular ballads and the fact that it was to be exhibitors' give-away night, for hundreds were turned out at 11 o'clock with arms filled with cookies, candy and all the many other things which had been used in the various exhibits.
The carnival spirit prevailed through the evening, the visitors taking the place almost by storm. There were bands of young folk who paraded through the aisles single file, hands on shoulders, singing nondescript yells, and others who blew horns and made shrill vocal noises.
Fenello's band made its usual hit, such pieces as "Annie Laurie," "My Old Kentucky Home," "Down on the Swanne River" and "Dixie" brought encore after encore. A long program of English, Scottish and American ballads was given. Several hundred spectators sat in the galleries, taking no part in the festivities other than to applaud the music for which they had come to listen.
Highlights Take It In.
Among other things the closing evening was Ak-Sar-Bon night, and several hundred subjects of Samson were on hand to get a taste of the levity which usually prevails on the King's Highway. There was about everything for them except coffee.
At the close of the show the managers said the average attendance for the ten nights was 7,000, there having been tickets and passes issued during the time to the number of 35,000.
The exhibitors were unanimous in declaring the show a great success, many of them reporting record orders and sales made at the booths. A broom exhibit booth reported having sold 300 dozen brooms during one evening. Another exhibitor declared the show had netted \$1,000 profits to the company.
Many from Iowa.
There was an unusual number of visitors from Iowa and eastern Nebraska, the majority of them merchants who placed orders with the exhibitors amounting to hundreds of dollars.
The expenses of the show aggregated \$20,000 and at the close last night the managers announced all bills had been paid and a good sum remained for the benefit of the Eastern Nebraska Fruit Growers' association, which promoted the show.
After the close the exhibitors began the work of clearing the Auditorium. All booth properties were disposed of to an investor before the end and they will be out of the way by Monday noon.

TO GIVE ILLUSTRATED LECTURE ON WELFARE WORK OF REGISTER CO.

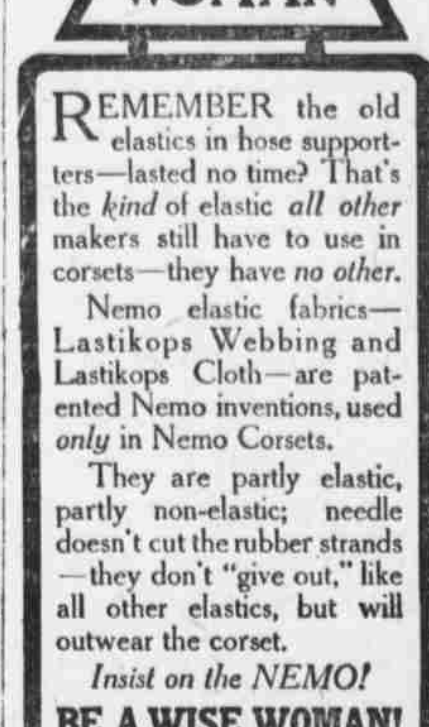

Oswar Elminger, factors lecturer for the National Cash Register company of Dayton, O., will give an illustrated lecture on the welfare work of that company before the Commercial club of Omaha Thursday, March 20. Motion pictures in natural colors will show scenes of the Dayton aeroplane plant, street locomotives, public playgrounds and recreation parks.
One of the most elaborate equipments carried by any traveling exhibition company is carried by A. C. Stutzinger, and at times during the performance two and three pictures will be shown on the screen at the same time. The Commercial club equipment has been specially prepared in order to provide 12 ampere current for the several arc lights and motors that are used in giving this entertainment.
The motion picture film made famous under the title "From Bud to Blossom" will be projected on the screen Thursday. It will show a bud blossoming into a rose and all will be in natural colors. It is said that it took forty-five days to perfect the natural color film of the "From Bud to Blossom" picture.
The show carries twelve trunks of equipment.
The National Cash Register company lecturers will also appear at the Brandeis theater Monday, Tuesday and Wednesday afternoons, giving the general public opportunity to see the community development work done by the company for its employees.

CONNELL TRIES TO SECURE FRIEDMANN TURTLE BACILLI

Health Commissioner R. W. Connell will ask Dr. E. J. Lederle of New York to secure for the health department of Omaha some of the turtle bacilli discovered by Dr. Friedrich Friedmann of Germany and used in the treatment of consumptives.
Reports from Louisiana and Mississippi say the death lists remain at seven in each state.

REMEMBER the old elastics in hose supporters—lasted no time! That's the kind of elastic all other makers still have to use in corsets—they have no other.

Nemo elastic fabrics—Lastikops Webbing and Lastikops Cloth—are patented Nemo inventions, used only in Nemo Corsets.
They are partly elastic, partly non-elastic; needle doesn't cut the rubber strands—they don't "give out," like all other elastics, but will outwear the corset.

Pretty Window Holds Crowds—Hundreds of persons passing the Beaton-Later furniture store on South Sixteenth street stopped to admire the beautiful window decorations despite the cold weather. The big furniture store had the windows trimmed appropriately for St. Patrick's day, with remarkable lighting effects.

Dunn Opens Office—After serving six years in charge of the photography department of the New York Tribune, four years in the same capacity with Leslie's Weekly and some time as a staff photographer on a local newspaper, Arthur E. Dunn has gone into business for himself as a commercial photographer with offices in the Flatiron building.

The Beddeo Clothing Company held its spring opening yesterday and its store-room was crowded until late last night with men, women and children anxious to examine the immense new stock of spring wearables on display. Elmer Beddeo, proprietor, has spared neither expense nor time to make this opening, which lasts all next week, an auspicious one. Mr. Beddeo is showing a much larger stock this year than heretofore as he expects his spring business this year to break all former records.

John Drew Buys Hudson 1913 "Six"

Mr. and Mrs. John Drew, the former the wealthy actor now playing in "A Perplexed Husband" went "shopping" for the latest motor cars while visiting the center of the automobile industry at Detroit and purchased a large, beautiful seven-passenger Hudson six. Guy L. Smith, the Hudson dealer, received the news Saturday.
Mr. Drew told how he had the laugh on some of his rich friends who bought imported cars ranging in price up to \$16,000 which, Mr. Drew stated, did not equal in performance the American cars. Mr. Drew himself operated foreign automobiles for years, and last season became owner of his first American car, a 1912 Hudson.
"There is no greater car than that which we make right here on American soil. Yet some people will go around the world hunting for the four-leaf clover at their doorstep, and that is what the wealthy American who owns imported cars does. Why the car purchased was in my service constantly throughout spring, summer and fall for 7,000 miles, and my total trouble was a blowout when the tires got pretty well worn. There is not a \$15,000 imported car that can claim to duplicate that performance."
Mr. and Mrs. Drew spent several hours at the Hudson factory inspecting various models. "What a beautiful car!" Mrs. Drew exclaimed, when she sighted a big six-cylinder Hudson. And that settled the selection of the car. It proved to be the big "Six."

MANAGER BUCKLEY MOVES HIS OFFICE FORCE TO OMAHA

Louis W. Buckley, one of the managers of the Omaha hand show, manager of the "Made in Nebraska" show and who is now promoting the interests of the Omaha Household show, has given up his Dodge street residence and will now reside in the Majestic apartments. He is moving his Chicago office and help from that city to Omaha and will hereafter have his permanent offices in the Egan building. He is manager of the Fenello band and he is persuading Francisco Fenello, the bandmaster, to bring his wife and family from Milwaukee to Omaha.
Mr. and Mrs. Richard Collins of Chicago, will arrive in Omaha this week, where they will hereafter reside. Mr. Collins has been manager of Mr. Buckley's Chicago office.

Chronic Stomach Troubles Cured.

There is nothing more discouraging than a chronic disorder of the stomach. It is not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle? "About one year ago," says P. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets, and since using them I have felt perfectly well. I had previously used any number of different medicines, but none of them were of any lasting benefit." For sale by all dealers.—Advertisement.

Various Entertainments, Diversify the School Routine.
The last number of a series of entertainments given by the Dramatic club occurred in chapel on Monday evening. Two playlets were given under the direction of Miss Eunice Bothwell of the department of reading and elocution. These entertainments are deservedly popular and exceedingly well given.
Mr. and Mrs. A. D. George, gospel singers, were present in chapel Monday morning and sang for the students. Mr. and Mrs. George are assisting with special services now being conducted in the First Methodist church.
The normal orchestra directed by Prof. Patterson, played in chapel on Friday morning. Orchestration has been arranged by Mr. Patterson for some of the favorite songs of the school and the Friday morning assembly was given over to a songfest.
The young women of the kindergarten department, under the direction of Miss Anna Caldwell and Miss Agnes Knutson, gave a story telling matinee in chapel on Saturday afternoon. An exceedingly pleasing program was presented and the entertainment well attended.

HASTINGS COLLEGE

Ten Korean Students Qualifying for Missionary Work.
Last Sabbath morning ten Korean students, who are attendants at our Korean summer school, some of whom are now regular students of the college during the school year, united with the First Presbyterian church of this city. Several of these are preparing to do missionary work or preaching in their own country, when they have finished their education. The Korean summer school will open about the middle of June and continue for twelve weeks. This is the only summer school of the kind outside of Korea, and is attended by Korean students of this country from almost every state in the union.
The second recital of the Conservatory of Music was held at the Presbyterian church on Friday. Twenty vocal and instrumental numbers composed the program.
The college catalogue is now being prepared and will be ready to distribute within a few weeks.
Continued progress is being made on the endowment and it is hoped that the full \$100,000 will be raised before commencement time in June.
A temperance contest has been arranged to take place in April.
Thursday is senior recognition day at the college. The class this year consists of twelve members, four young men and eight young women.
A number of our students attended the Young Men's Christian association conference held at Lincoln. Among those attending were Ray Crawford, Albert Raney, Leland Hall and Stephen Weyer.

UNIVERSITY OF NEBRASKA, K

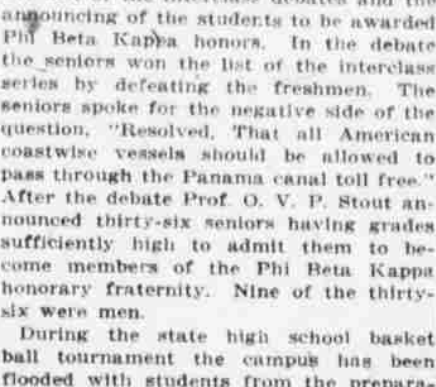

Interesting Events Crowd the Days Before Vacation.
Thursday convocation was devoted to the last of the interclass debates and the announcing of the students to be awarded the Phi Beta Kappa honors. In the debate the seniors spoke for the negative side of the question, "Resolved, That all American coastwise vessels should be allowed to pass through the Panama canal toll free." After the debate Prof. O. V. P. Stout announced thirty-six seniors having grades sufficiently high to admit them to become members of the Phi Beta Kappa honorary fraternity. Nine of the thirty-six were men.
During the state high school basketball tournament the campus has been flooded with students from the preparatory schools of the state. Between games some of the students visited the classes in session and got a glimpse of the school they will soon enter. A general committee of fifty students was appointed to entertain the high school students while in Lincoln and show them the campus and buildings.
The campaign for the subscriptions for the Cornhusker Annual will be held about the middle of April. Fifteen hundred books will be published. The departments this year will be given more attention than ever and one of the new features will be individual photographs. The book will be 8x10 inches and bound on the long side. The 1913 book will be volume No. 7.
During the recess thirty-five of the members of the Glee and Mandolin clubs will leave for a three days' trip to Aurora, Grand Island and Fremont. They will give entertainments at the above places Tuesday, Wednesday and Thursday, respectively, returning to Lincoln Friday. Byron Marcellus and I. A. Rosenbaum will accompany the clubs and render individual entertainments.
Three issues of "Awgwan," the student magazine, have made their appearance and all are very creditable. Though the pamphlet contains no classical or scientific material, the stories are interesting and the paper meets a long-felt want. Five more issues will be put out this semester.
Though the spring recess does not actually begin until Monday morning at 8 o'clock, the majority of the students left Friday evening and Saturday morning. The vacation ends Saturday noon. Midsemester examination will be held the second week after vacation.
Prof. J. D. Hoffman of the engineering department has recently published an article on "Ventilation" in the Logo Magazine. Prof. Hoffman has been recognized as an authority on this subject, and his paper shows the result of careful observations while carrying on his experiments.
Many requests for teachers' who are well trained in Bohemian are being received by both the Slavonic department and at the teachers' bureau. Bohemian instructors are hard to get, and this year more than an average number of requests have been received.
