

REFUSED TO OBEY REQUEST

Dealer Testifies International Asks Him to Quit Competitive Line.

TRIED TO GET NEW AGENT

After Dealer Refuses to Meet Demands Harvester Representative Endeavored to Get Another Dealer to Take Line.

Back in 1903 a blockman of the International Harvester company told John Ford, an implement dealer of Earls, Ia., to cut out handling the Acme binders. When he found an Acme on the implement dealer's floor, he testified, Mr. Ford at the Harvester hearing in the federal court room, Ford refused to cut out the Acme line. The blockman stayed around two days and then left town. Before he left, however, according to Ford's testimony, the representative tried to place the International Harvester lines with some of the other dealers in the town, but being unsuccessful Ford continued to handle the International lines along with the Acme.

August E. Osterholm, implement dealer of Essex, Ia., testified that he was handling the International lines of machinery along with other lines. When asked what he would do if the International attempted to coerce him with regard to the lines he should handle, he replied: "Well, I am pretty hot tempered. I'd probably tell them something that wouldn't look good in print. I'd tell them to take their away."

"Do you buy most of your goods from the International?" he was asked on cross examination.

"Well, I am something of a mechanic," he replied, "and I look over all the lines of machinery and when I see a thing that looks good to me, that is what I buy, no matter what it is or who handles it."

Sees No Price Difference.

Frank Zahmer, Mobile, Ia., who farms on a large scale at that place, testified that so far as he could see there was not much difference in the price of binders now and back in 1906. He has had a Deering binder for the last five years and had a Champion before that time.

Prof. L. W. Chase of the Agricultural college of the University of Nebraska, Ia. to be called by the defense Tuesday afternoon. Prof. Chase makes a specialty of farm machinery, and the defense expects to find in him a valuable witness.

T. T. Bourne, a farmer of Modale, Ia., and J. W. McMichael, an implement dealer of Riverton, Ia., also testified during Monday forenoon.

City to Make Budget Exhibit at Woman's Household Show

Mrs. C. W. Hayes, president of the Omaha Woman's club, and the members of the executive committee of the club, appeared before the city commission and asked for help for the household show to be held in the Auditorium beginning May 2.

Upon motion of Mayor Dalmann the city council voted to arrange a municipal exhibit, the Woman's club having donated space. Heads of all departments of the city government will combine their efforts to make a good showing.

"This show will be one of the greatest educational features that has ever been given in Omaha," said Mrs. Hayes. "It has been a decided success in about eighteen of the larger cities and we expect to make it a success here."

George T. Morton, president of the Civic league, was present and in conference with the committee volunteered his aid to make the household show representative of all civic interests.

RECRUITING STATION GETS GOOD SPURT OF BUSINESS

Business picked up at the army recruiting station Monday morning, when seven recruits were accepted before noon. The recruiting party can give no special reason for the spurt in the Monday morning business other than that it just happens sometimes. The men will be sent to Fort Logan, Colo., either this afternoon or Tuesday morning.
