Digestion is the action of saliva and gastric juices on food.

If you don't chew enough, you don't make saliva enough. Digestion suffers.

ALL READY FOR BRYAN

Will Be Biggest Birthday Nebraskan Ever Had.

WILL BE \$1 A PLATE

Howard Will Be Toastmaster and Speakers Will Be Governor Dunn, Governor Hodges, Sullivan, Morehead and Scoville.

(From a Staff Correspondent.)

LINCOLN, March 18.—(Special.)—All is set for the big Bryan birthday banquet tomorrow night. As planned now it will be the biggest birthday of the distinguished Nebraskan ever had. The banquet will be held at the auditorium and being democratic will be a dollar-a-plate affair.

Hon. Judge Edgar Howard, high priest of Bryan democracy, will be toastmaster. Other prominent speakers will

A Child's Waste Clogged Bowels

Makes it cross, peevish, restless and feverish—If tongue is coated give "Syrup of Figs."

Children dearly love to take delicious "Syrup of Figs" and nothing else cleans as it regulates their tender little stomachs and 30 feet of bowels so promptly and thoroughly.

Children get bilious and constipated just like grown-ups. Then they get sick, the tongue is coated, stomach sour, breath bad; they don't eat or rest well, they become feverish, cross, irritable and don't want to play. Listen Mothers—for your child's sake don't force the little one to swallow nauseating castor oil, violent calomel or harsh irritants like Cathartic pills. A teaspoonful of Syrup of Figs will have your child smiling and happy again in just a few hours. Syrup of Figs will gently cleanse and regulate the stomach, make the liver active and move on and out of the bowels all the constipated matter, the sour bile, the foul, clogged-up waste and poisons, without causing cramps or griping.

With Syrup of Figs you are not druging or injuring your children. Being composed entirely of luscious figs, senna and aromatics it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

be Governor Dunne of Illinois, Governor Hodges of Kansas, Jerry Sullivan of Iowa, Governor Morehead of Nebraska, and a traveling evangelist named Scoville, who is trying to save the people of Lincoln from the bad man at this time. Many prominent democrats are expected from out in the state and it is going to be a case of get there early or fall to get at all.

Mr. Bryan, accompanied by Governor Dunn, is expected to arrive tomorrow afternoon.

Receives Copy of Insurance Bill. Auditor W. R. Howard received, this morning, a copy of the insurance bill which is being considered at this session of the New York legislature. The bill was received with a letter from W. T. Emmett, insurance commissioner of that state, saying that the bill had been prepared from the best features of the several bills before the New York legislature and asking the opinion of the Nebraska auditor as to its provisions.

Auditor Howard had not had time this morning to go over the bill, but will do so today and render his opinion accordingly.

Major Newman Resigns.

Major Otis M. Newman of Aurora has resigned as an officer of the second, now the fifth regiment of the Nebraska national guard and an election will be called to fill the vacancy soon.

Applications have been received at the adjutant general's office from the towns of Pierce and Wahoo for permission to form companies of the guard at those places.

General Hall will go to Hastings March 21 for the purpose of inspecting the company there and to meet the business men of the city for the purpose of working up interest in the guard at that place. The Omaha-Douglas County Medical Society has filed with the State board of Health a protest signed by Dr. W. H. Christie, president, and Dr. J. N. Hanelter, vice president, in behalf of the society against the reinstatement of Dr. Mathews as a practicing physician. They state that the reinstatement will be wrong and work an injustice on the public.

LINCOLN, March 18.—(Special Telegram.)—The democratic house refused this afternoon to convene one hour later tomorrow morning and greet W. J. Bryan on his arrival in the city at 10:15 o'clock. Instead, after realizing what it had done when it voted down the Hoff motion, it decided on motion instead to appoint a committee of five to meet the new secretary of state when his train arrives. This committee is composed of Fallstead, Hoff, Hardin, Reische and Scott.

When Hoff made his motion to have the house adjourn until 11 o'clock and the members in a body greet the distinguished Nebraskan, objection was made by Hardin and then Pries. Both said they had great love for the new secretary, but both insisted the house should attend to its business, while Hostetter said: "We wouldn't be noticed any more

than anyone else in the crowd." So a motion was lost and the Fallstead motion put in and carried later. Mr. Bryan will speak to the legislature Thursday.

Wedding Delayed Sixteen Years by Political Vow

FAIRBURY, Neb., March 18.—(Special.)—A dispatch from Los Angeles, Cal., conveys the news that Charlie W. Higgins, a wealthy retired farmer of this city, who recently married at Long Beach, Cal., to Miss Mabel E. Gold of Big Stone, D. This romance, it is said, culminated after sixteen years of courtship and was all due to the fact that Mr. Higgins made the vow, in November, 1896, after the defeat of William Jennings Bryan for the presidency, that he would wait until "Bryan sat in the White House" at Washington before he would marry. Mr. Higgins, during the last sixteen years, has made his home at the Merchants hotel and very few of his friends thought he would ever venture on the matrimonial sea; in fact, very few of them knew the cause of his remaining single. When Mr. Higgins made his vow in 1896, he was an enterprising farmer living near Fairbury. Just before the presidential campaign last fall Mr. Higgins left Fairbury and went to California to join his friends though he would come back to vote. In his capacity as secretary of state Mr. Bryan sat in the White House just long enough to release Mr. Higgins from his vow.

The bride, Miss Mabel E. Gold, had been Mr. Higgins' sweetheart for a number of years and it is said the pair found the ill-timed vow irksome. Mr. Higgins has always been a faithful democrat and was one of the most radical in Jefferson county. He is 52 years of age and his bride is 25 years old. Mr. and Mrs. Higgins are sojourning in Long Beach, Cal., and are expected home in April.

HOUSES WILL NOT MEET W. J. BRYAN EN MASSE

Since the doctor has been deprived of his right to practice in the state the State Board of Health has received certificates of death signed by Dr. Mathews, which indicate according to the board that he must have been practicing medicine notwithstanding his right to do so was taken from him at the time when charges were preferred against him in the Miss Short case a few years ago, when it was claimed that he performed a criminal operation upon her from the effects of which she died, and on the evidence of which his certificate was revoked.

Good-bye to old-time heating!

A cold house, like a cold man, is left behind. It is not the house any more than the man which repels. It is the unexpected streak of cold air within and about both which puts would-be tenants and friends in retreat. For such houses there is a never-failing remedy in

"Good-bye, old ice box!"

AMERICAN & IDEAL RADIATORS & BOILERS

To peacefully occupy, to profitably rent or sell a home the heating must promise sure comfort and economy. Many a well-built, well-lighted, well-located house to which tenants have rapidly said good-bye only needs to "put on airs"—warm, radiant airs from an IDEAL Boiler and AMERICAN Radiators—to have and to hold contented tenants or to find a quick purchaser.

A No. 22 IDEAL boiler and 240 sq. feet of 28-inch AMERICAN Radiators, costing the owner \$1385, were used to heat this cottage. At this price the goods can be bought of any reputable, competent fitter. This did not include costs of labor, pipe, valves, freight, etc., which are extra and vary according to climatic and other conditions.

Through our factories in United States, Canada, England, France, Germany, Italy and Austria we are constantly gathering and incorporating into IDEAL Boilers and AMERICAN Radiators the best ideas and improvements in heat-making ability, fuel economy and automatic temperature regulation.

And these are offered at prices no greater than asked for inferior apparatus, as our factories are so located that they save heavily in freight on raw materials and on finished outfits from factory to user.

IDEAL Boilers and AMERICAN Radiators are made in sections which pass through any doorway—can therefore be quickly put into old schools, churches, stores, hotels, asylums, town buildings, banks, theaters, libraries, etc., at any season of the year.

If ready to say "good-bye" to the old-time heating ways (or will soon build) you should have book (free): "Ideal Heating." Tells big heating facts you ought to know.

IDEAL Boilers are safer and easier to run than stoves, and their cleanliness reduces housework one-half. They will last as long as the building and need no repairs. Accept no substitute.

We have also brought out the first genuinely practical, automatic, durable Vacuum Cleaner. ALL the dirt and trash are drawn from the rooms through small iron suction pipe leading to big, sealed dust-bucket in cellar. Attach hose to suction pipe opening in baseboard of any central room, turn an electric button to start the machine in cellar, and with a few gentle strokes of the hollow, magical ARCO WAND, you instantly and thoroughly clean carpets, rugs, floors, walls, ceilings, draperies, moldings, mattresses, drawers, corners, crevices, etc. Put with ease into any old or new dwelling or building. Costs little monthly for electricity to run. Ask for catalog of ARCO WAND Vacuum Cleaner.

Aborigines Organize Congress of Own
WASHINGTON, March 18.—Congress, when it convenes, will find a rival in the capital, for it developed today plans have been made to establish here an organization to be known as the Indian congress. The arrangements were approved at a meeting of several tribal Indians and their representatives last night. The congress will have one resident delegate from each of the various tribes of the country. Each delegate will receive a salary, the amount to be determined by the council of each tribe to be paid out of the tribal funds. The primary object of the congress will be to look after the interests of the Indians before the congress and the government. The newspaper, the Tomahawk, now printed on the White Earth reservation in Minnesota, is to be located here and it is said the publication in Washington will begin by the time congress reconvenes.

DIXIE FLYER JUMPS TRACK NEAR MACON
MACON, Ga., March 18.—Six persons were slightly hurt this morning when three sleepers and one day-coach of the Dixie flyer, Chicago to Jacksonville, were dived twenty-three miles south of Macon on the Georgia Southern and Florida tracks.

DELAWARE IS AGAINST DIRECT ELECTIONS
DOVER, Del., March 18.—With only four more states needed, Delaware today refused to join the affirmative states in ratifying direct election of United States senators. The senate killed the house resolution favoring direct election.

JURY IN WAYMIRE DAMAGE SUIT FAILS TO AGREE
BEATRICE, Neb., March 18.—(Special.)—The jury in the \$25,000 damage suit of Brunke against Waymire, which was tried last week in the district court, was unable to agree and was discharged by Judge Pemberton. Last summer Brunke, who resides at Sterling, was severely injured when his horse became frightened at an automobile driven by Waymire, who resides at Adams, and ran away. John Richardson of Osceola, Ia., stepped and fell at the water works plant yesterday and broke his left shoulder. He came here a few days ago to work on the plant.

Twenty-One Hurt in Wreck
Northbound Train is Derailed Near Marshalltown.
SEVERAL FATALLY INJURED
Several Cars on Train Bound for Minneapolis Turned Over on Side—Partial List of the Victims.
MARSHALLTOWN, Ia., March 18.—Twenty-one persons were injured, three of them possibly fatally, when a north-bound passenger train on the Minneapolis & St. Louis railroad, known as the Twin City special, was derailed six miles north of here early today. Most of the injured were from Missouri and southern Iowa, and were bound for Minnesota and the northwest, including a party for Canada. Among the most seriously injured are: Mrs. James Crist, Hanna City, Ill., scalp torn off. Guy Halling, Northfield, Minn., face cut, nose and one leg broken. William Fetters, infant son of Mrs. Emmellor Fetters, Green City, Mo., leg broken. Wayne Allen, son of Mrs. Dolva Allen, Green City, Mo., face cut. Floyd Mick, Ostalooma, Ia., scalp lacerated. Mrs. Frank Spence, Urbana, Ill., leg injured. W. A. Barrett, Kirksville, Mo., back injured. E. S. Baldwin, Pullman conductor, St. Louis, back and head hurt. A. K. Breedon, Grinnell, Ia., arm and back injured. The derailment took place at the approach of a culvert shortly after 2 o'clock. The engine passed over it safely, but the combination baggage and mail car and a chair car went over the ravine, now filled with water, and caught fire, the baggage car being destroyed. The third car turned over on its side.

Last Spring My Health
Was completely broken down through prolonged watching at a sick bed. My appetite was gone. I was so nervous that I could not sleep. I became pale, thin, languid, tired, looked ten years older. Through physical weakness my mental condition was affected. Hood's Sarsaparilla restored me to perfect health. It aided the worn-out nerves of my stomach to do their duty. I could soon eat and sleep peacefully and felt new life course through my veins. Within six weeks I was my former self, and for a year have enjoyed the best of health." Julia C.
