

FINES WILL BE REFUNDED

Compromise Fees to Be Paid Back to Unabiding Corporations.

MUST GIVE DETAILED REASON

In Filing Claims for Refunds Officials of Company Must State Plausible Excuse for Delayed Report.

These corporations, joint stock companies, associations or insurance companies in the state who have been forced to pay a fine or compromise fee for failure to make the report of their business to the collector of internal revenue within the required time after the first of the year will receive a refund of all such money in excess of \$100 paid to the revenue department within any one year. This is in accordance with a law passed by congress the day before adjournment, March 2, 1912.

Under the federal corporation tax law the corporations must make a report of their profits to the revenue department each year within two months after the close of business at the first of the year. A corporation tax of 1 per cent on net profits in excess of \$5,000 a year is imposed by the federal government. Failure to make the report within the two months calls for a penalty of compromise money. The amount required on a compromise for a later report varies according to the profits reported. Thus in most cases of those who have failed victims the penalty was not over \$5, while there are always some instances in which the amount the corporation is penalized may run considerably over \$100.

ALLOWANCE FOR COMMISSION

Seven Hundred Dollars Appropriated to Pay Expenses.

MEETINGS ARE TO BE REPORTED

Stenographer Will Make a Complete Report of All the Meetings Held by Drafters of the New Charter.

Seven hundred dollars was appropriated by the city commission yesterday to pay expenses incidental to the work of the charter commission and a stenographer will be employed to report all meetings.

GOVERNING CONDITIONS

Following is the act of March 2 under which the refunds are to be made: Any corporation, joint stock company, association or any insurance company subject to the special excise tax provided by section 28 of the act of August 5, 1909, known as the Special Excise Corporation Tax Law, which has been or may be compelled to pay or become liable for an additional tax within the provisions of sub-section 5 of section 28, which additional tax has been or may be hereafter imposed for a neglect to file a return as provided in said corporation tax law or before March 1, and year, may within the time specified in said act, or within one year after the date of notice of the assessment, where such notice is given after the passage of this act, make application to the commissioner of internal revenue for a refund of such additional tax. And the commissioner of internal revenue, with the advice and consent of the collector of internal revenue, is hereby directed to remit, abate, or pay back, all such additional taxes in excess of \$100 for any single year whenever in any case it appears to his satisfaction that the additional tax assessed or imposed solely because of a neglect to make a return at the time specified in said act, and without any intention or design on the part of any officer of such corporation, joint stock company, association or insurance company to hinder or delay the United States in the collection of the tax originally assessed.

BOY FALLS UNDER WHEEL OF AUTO AND BREAKS HIS LEG

Edward Ebbesen, 12 years of age, and residing at 908 North Twenty-sixth street, ran into an automobile driven by William Hellen of W. L. Huffman Auto company, as he passed around the back of a street car at Twenty-fourth and Taylor streets.

UNCLE DAVE ANDERSON IN PRECARIOUS STATE

Uncle Dave Anderson of South Omaha suffered an attack of paralysis Monday night and reports from his bedside yesterday indicate that he is being slowly overcome by it. The attending physicians state that it is spreading over his entire body and the end does not seem very far off.

VERDICT FOR FIVE CENTS GIVEN IN ESTELLE'S COURT

Verdict for 5 cents damage to be paid Meyer E. Sperling by Henry Polack was returned by a jury in Judge Estelle's court. The suit was brought to recover \$50 for damages alleged to be caused by the defendant holding in his possession furniture belonging to the plaintiff.

CITY IS ASKED TO MAKE GOOD DAMAGE DONE BY WATER BOARD

Street Commissioner A. C. Kugel introduced a resolution at the meeting of the city commission directing that steps be taken at once to put Twenty-eighth avenue in passable condition. Owing to the delays the Water board has permitted in the construction of the water main the street is still torn up, after many months, and traffic is carried on over it with great difficulty and danger.

FEDERAL AUTHORITIES SEIZE SAUCE SHIPMENT

One thousand cans of tomato sauce received in Omaha by the Metropolitan Importing company were seized yesterday by the federal authorities here on account of short weight. The petition alleges that there are five cases each of 20 cans, and that they are labeled seven ounces each, while, in fact, they contain but 4.22 ounces. They are said to have been shipped by the Ignatius Gross company of New York. If no one appears in defense of the goods, it will be confiscated.

DEPENDENT OVER HEALTH WOMAN COMMITS SUICIDE

Dependent over her health, Mrs. Elia Moss, 69 North Sixteenth street, committed suicide yesterday by taking carbolic acid. Before medical aid could be called she was unconscious and died a little later.

A Reasonable Plea For The Stomach

If Your Stomach is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work?

Not with drugs, but with a re-inforcement of digestive agents, such as are naturally at work in the stomach. Scientific analysis shows that digestion requires pepsin, albuminous ferments, and the secretion of hydrochloric acid. When your food fails to digest, it is proof positive that some of these agents are lacking in your digestive apparatus.

Stuart's Dyspepsia Tablets contain nothing but these natural elements necessary to digestion and when placed at work in the weak stomach and small intestines, supply what those organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad and are found to contain nothing but natural digestives. Chemical Laboratory, Tolebrable address, "Diffido," London. Telephone No. 1000 Central, 20 Colburn St., Finchurch St., E. C.

I have analyzed most carefully a box of Stuart's Dyspepsia Tablets (which I bought myself at a city chemist's shop for the purpose), manufactured by the F. A. Stuart Co., 86 Clerkenwell Road, London, E. C., and have to report that I cannot find any trace of vegetable or mineral poisons. Knowing the ingredients of the tablets, I am of opinion that they are admirably adapted for the purpose for which they are intended. (Signed) John R. Brooke, F. I. C., F. C. S.

This Washer Must Pay for Itself.

A MAN tried to sell me a horse once. He said it was a fine horse and had nothing the matter with it. I wanted a fine horse, but I didn't know the man very well either.

So I told him I wanted to try the horse for a month. He said "All right, but pay me first, and I'll give you back your money if the horse isn't all right." Well, I didn't like that. I was afraid the horse was "all right" and that I might have to pay for it. I thought about it for a while, but I didn't want to pay for a horse I didn't know. I thought about the horse and about the man who owned it. But I'd never know, because they wouldn't write and tell me. You see, the Washer Machine by mail. I have paid over half a million that was.

So, thought I, it is only fair enough to let people try my Washer Machine for a month, before they pay for them. And I wanted to try the new horse.

Now, I know what our "100 Gravity" Washer will do. I know it will wash the clothes, with out wearing or tearing them. In less than half the time they can be washed by hand or by any other machine.

I know it will wash a tub full of very dirty clothes in six minutes. I know no other machine ever invented can do that without wearing out the clothes.

Our "100 Gravity" Washer does the work so easy that a child can run it. I'll wash for you a strong woman, and if you wear the clothes, try the signs and break buttons the way all other machines do.

I'll just drop a few words: clear through the fibers of the cloth like a force pump might. So, save a lot of money. I will do with my "100 Gravity" Washer what I wanted the man to do with the horse. Only I won't wait for people to ask me. I'll offer first, and I'll make good the offer every time.

Let me send you a "100 Gravity" Washer on a month's free trial. I'll pay the freight out of my own pocket, and if you don't want the machine after you've used it a month, I'll take it back and pay the freight. Here's that is fair enough, isn't it? Doesn't it prove that the "100 Gravity" Washer must be all that I say it is? And you can pay me out what few months, in wear and tear on the clothes alone. And then it will save you a lot of money. If you wash the clothes in the month's trial, I'll send you out of what it saves you. If it saves you for a week, send me 10 cents a week till paid for. I'll take that cheerfully, and I'll wash for you money until the machine itself earns the balance. Drop me a line today, and I'll send you a book about the "100 Gravity" Washer that washes clothes in 4 minutes.

Address me this way: L. Barker, 965 Court St., Birmingham, N. Y. If you live in Canada, address 190 Washer Co., 325 Court St., Toronto, Ont.

Boys Are Taking Up Cooking at Mission

Fearful lest the tendency of women to displace men in the business world will deprive them of the means of making a living, a number of the younger boys who come under the attention of Miss Maxie at the City mission, have applied for and are being given a course in cooking.

The class meets for two hours every Saturday afternoon at the mission building. Although the youngsters are making rapid progress, the desire to satisfy the cravings of the inner man often causes them to disregard recipes. Recently when the class was making soup Sammy, who was especially hungry, thought he would have more soup than was provided for in his instructions. The instructor came just when he was seasoning the dish. Undismayed, however, by this the incipient chef added a tablespoonful of soda while the recipe called for a pinch.

Miss Pansy Williams, also of the local university, has a class in cookery, which meets on Wednesdays. Her class is made up of girls who, though they have a marked aptitude for the work, are more willing to progress by degrees than are the boys. In addition to this Miss Williams conducts a class for some of the girls of the seventh grade of Lothrop school.

This work will count on their practice teaching which they must have in order to get a teacher's certificate.

LECTURES ON SPRING TO BE GIVEN AT Y. M. C. A.

The educational department of the Young Men's Christian association has arranged a series of lectures on topics especially pertaining to spring and spring work. The subjects of the lectures are: "Bee Keeping in the City," by Frank G. Odell, a bee expert of the United States and secretary of the Nebraska Rural commission; "The City Vegetable Garden," Prof. E. W. Hunt of the Twentieth Century Farmer; "The City Flower Garden and Beautifying the Waste Places," by C. S. Harrison of the York nursery; "Pure Mills and Its Relation to Public Health," Prof. J. Frandsen of the agricultural department of the University of Nebraska.

The first of this series of lectures will be given Friday evening by Frank G. Odell. These lectures will be open free to both men and women of the city and suburbs.

Look to Your Plumbers. You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestive organs take Chamberlain's Tablets and you are certain to get quick relief. For sale by all dealers.—Advertisement.

WHAT'S BECOME OF 'EM

Harry E. O'Neill is farming in Custer county in preference to lawing in Omaha, but visits his old home often.

Euclid Martin, who made his money in the implement business in Omaha, is spending it in retirement in Los Angeles.

Dr. John D. Peabody, who used to be associated with his father here, is in medical practice in Florida.

Edward Dickinsen after leaving the Union Pacific was, until recently, general manager of the Orient railroad with headquarters at Kansas City.

A. R. Edmiston is soliciting insurance in Lincoln as he used to in Omaha.

L. J. Drake has advanced steadily from the time he was district manager for the Standard Oil in Nebraska until he is the real operating head of that gigantic organization at its main offices in New York.

Frank A. Frenschick, former superintendent of the Omaha public schools, is one of the executive staff of the American Book company with headquarters in Boston.
