

THE SOCIETY BEEHIVE

By MELLIFICIA. Tuesday, March 18, 1913.

YES, INDEED, I went to see the living models. And it seems to me, I never saw so many people in the shops. In one big store I recognized the musicians from one of the best local theaters. "Now we are going to have some excellent music," one of my friends remarked, but, alas, the orchestra was playing without notes, and every man was gazing at the models from their point of vantage on a raised platform above the surging crowd. However, there was not a single discord.

There were men, women and children. I hadn't any idea that so many people of all ages were so interested in styles. Most of the men were accompanied by their wives, and at the noon hour there were a lot of young men interested in styles.

Postmaster Wharton, accompanied by his wife, asked me where the "American Beauties were?" Judge Irving Baxter, also protected by his wife, arrived before the models, but said, despite of a business date, he was going to wait.

W. C. Sunderland said he had never seen such good looking models, and Mrs. Sunderland wished they would assist her in getting "votes for women." N. B. Uplike told me he was going this afternoon.

Omaha Girl Receives Honors.

Miss Mona Cowell, daughter of Mr. and Mrs. Robert Cowell, who is a sophomore at Vassar college, was given a prominent part in James M. Barrie's well known play, "The Little Minister," which was presented Saturday evening by the sopranos.

It is obligatory at the school that anyone taking the English course must write a play, and even though Miss Cowell is only a sophomore she has already complied with this regulation.

Miss Cowell will leave this week for Gloucester, Mass., to spend her Easter vacation with school friends.

Dr. and Mrs. W. N. Dorward and Mr. and Mrs. J. E. Gillespie will entertain at a bridge supper this evening at the home of Dr. and Mrs. Dorward. Pink carnations will be used in decoration and covers will be placed for thirty.

Skin Peeling Nature's Aid to New Complexion

(From Women's Tribune.) Mercurochrome wax is a natural beautifier. By flaking off the dehydrated, surface skin it merely hastens Nature's work. The second skin layer, brought gradually to view, exhibits the healthy, youthful color produced by capillary circulation. This because the capillaries are thus brought nearer the surface; also because the new skin is unsoiled by dust and dirt. This wax, to be had at any drug store (an ounce will do) is put on nightly like cold cream, washed off mornings with warm water. Its work usually is completed in from seven to ten days, long enough not to show too marked results from day to day, or cause pain or irritation indoors. A face bath to remove wrinkles, made by dissolving an ounce of axolite in a half pint witch hazel, is another natural beautifier, since its astringent and tonic effects smooth out the wrinkles in accordance with Nature's own process. PRETTY MODEL POSES IN HER NEWEST STREET COSTUME.

MISS LOTUS BUDD.

"No, indeed, she will not pose that way," said Miss Winifred Mills Burkhold, who is in charge of the young women who are displaying the gowns at the Brandeis opening. This was all said when the photographer wanted Miss Budd to pose with the newest of street costumes, the slashed Corset model, as to show the slash as it is to the knee.

"My young women are most respectable and do not wear these extreme gowns," said Miss Burkhold, as she gracefully pointed to the gown which Miss Budd was wearing. "If you insist that an extreme pose be taken in this gown I know the other young women will resent it and it will make trouble." The picture shows Miss Lotus Budd, who by the way, is a model for Harrison Fisher and is truly an "American Beauty," at the steps of the pergola in a striking street costume of charmeuse with the new Bulgarian blouse and the slash is cut to the knee.

All of the young women who are here to display the models at the Brandeis are either from New York or Chicago and have never been on the stage and many of them have posed for the foreign artist in the country. Miss Jessa on Palmerton is another who spends much of her time posing for Henry Hutt, Moffett and many others.

Stolen Purses With Checks Intact Are Found in Mail Box

Travelers' checks, amounting to \$60, were found in a purse belonging to C. W. Forrest, which was picked up in a mail box by one of the carriers at the northwest corner of Sixteenth and Farnam streets. The purse also contained a railway ticket from San Francisco to Erie, Pa.

The travelers' checks are issued by the American Banking association. There were twenty checks of \$30 each and resemble an ordinary \$30 bank note, but are not good until endorsed on the back by the man to whom they are issued. Their issuance started a few years ago for the convenience and safety of travelers who desire to carry money or its equivalent with them.

Another purse was taken from a mail box at Thirteenth and William streets Monday night. This one contains a check for \$40. From cards found in the purse it is thought that it belongs to John Chavna and that he is a Union Pacific carper.

Try This Home-Made Cough Remedy

Costs Little, But Does the Work Quickly, or Money Refunded.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else you ever used. Usually ends a deep seated cough inside of 24 hours. Splendid, too, for whooping cough, croup, chest pains, bronchitis and other throat troubles. It stimulates the appetite and is slightly laxative, which helps end a cough.

This recipe makes more and better cough syrup than you could buy ready made for \$2.50. It keeps perfectly and tastes pleasantly.

Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gualacol and all the natural pine elements which are so healing to the membranes. Other preparations will not work in this formula. This plan of making cough syrup with Pinex and sugar syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful formula has never been equaled. A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.
