

THE SOCIETY OF THE BEE-HIVE

By MELLIFICIA. Friday, March 21, 1913.

HOLY WEEK, or the last week of Lent, was faithfully observed by society. A number of plans are now being formulated for festivities after Easter, and Omahans will resume activity and entertain quite a good deal before it is warm enough to completely transfer their affections to outdoor pastimes.

Dancing will be just as much in vogue as it always is at this time of the year, and the warm, solicitous influence of spring will call forth its due expression, just as it always has and always will.

Olden writers tell us of the dances that were practiced by the Grecians and Romans, and that summer was always heralded with open air performances by gratuitous youths and maidens in the preceding season. The customs have naturally changed since then, and our climate is a great deal different, too, but, nevertheless, the coming of spring will be celebrated with many dances and entertainments.

Easter Monday there will be a large dinner-dance at the Omaha club. This is the second given by the club this year and will be one of the largest affairs preceding the opening of the country clubs.

On the same evening La Salle club will give a dancing party at Chambers' academy.

Tuesday evening the Wise Memorial charity ball will be held in the Auditorium, and already enough tickets have been sold to assure a great success. Several generous donations have also been received by the ball committee.

Wednesday evenings the Elks' club will give a dancing party at their club rooms.

Friday evening the Fan club will entertain at the Metropolitan.

Saturday evening of next week the Junior club will give a dancing party at the Country club. This will be for the members of the younger set and gives promise of being one of the most enjoyable informal affairs of the spring.

Bo sides the dancing parties, there will be a number of bridge entertainments. Miss Emma Ballaragon of Seattle, Wash., is visiting Miss Esther Byrne, and in her honor a number of social affairs are planned. Tuesday evening Miss Byrne will entertain at bridge, and Wednesday evening Miss Carolyn Congdon will entertain.

Many bridge club meetings were postponed because of Holy week and will be resumed next week. Miss Katherine Thummel will be hostess for the meeting of the Debutante club Tuesday afternoon, and the same day Mrs. J. M. Harding will be hostess for the Auction Bridge club.

70 DIE A MINUTE
36,792,000 A YEAR

This Mortality Can Be Reduced at Least One-Half. Most Ailments Are Caused From Constipation and Debilitated Stomachs.

The Christian Herald recently published the following statistics: 36,792,000 die every year. A large percentage die from preventable diseases. I want to impress upon the medical profession and upon every man, woman and child, whether they are sick or well, that constipation and weakened stomachs are the cause of kidney ailments, liver ailments, rheumatism and nearly all blood diseases. Physicians are telling that when you keep the stomach sweet, the bowels clean and active, the liver and kidneys will perform their functions and will make good rich blood and nourish all parts of the body. That is why I am giving so much attention to my Paw Paw Laxative Pills. They do exactly what the stomach and bowels need. They do it without straining, without purging and without debilitating. Don't be stuck on your doctor. Don't be stuck on old-fashioned medicine. BE PROGRESSIVE. Don't use a tailor's caudle when you can have an electric light. Get the best of everything. You are entitled to it. I want every person who has a sour stomach, who has distress after eating, who belches up gas, who is weak and nervous, who cannot sleep, and particularly those who are constipated to get a bottle of my Paw Paw Laxative Pills from their nearest drug store. Take one or two at night. You cannot have headaches if you take these Pills. You cannot have grippe, constipation and biliousness, because these little peace-makers take out of the stomach all of the waste matter just as soon as the stomach has extracted the nutriment that is in the food. Get a bottle. If you are not satisfied, I will return your money. MUNTON.

ALL TO ASK FOR MORE MONEY

City Commissioners Present Extra Needs of Departments.

MANY AMOUNTS ARE DOUBLED

Apportionments Now Made Do Not Cover Necessities and Some of the Heads Request that They Be Doubled.

City commissioners are preparing to submit to the charter revision committee an outline of their needs. All departments will ask for more money and some of them for nearly double the amounts they have formerly received.

C. H. Wittnell, superintendent of the department of fire protection and water supply, will ask for \$22,000, which is \$2,000 a year more than is apportioned to his department now.

"We need more fire equipment," said Wittnell. "I think we ought to have more engines. The greater part of this additional sum ought to be spent for new apparatus."

Park Commissioner Hummel said he would be satisfied with \$200,000 a year. He will meet with the charter committee and talk over the matter before making his suggestions in writing.

Other commissioners are working over their estimates and are saying they will ask a small amount as the department can be properly handled with Dan B. Butler, commissioner of finance and accounts, has not decided how much money his department ought to have, but he has concluded to ask the commission to write in the charter that persons with bills against the city must file them within a certain limit of time or lose all right to collect. This, Butler says, is made necessary because of the numerous old bills for large amounts now pouring into his office. The commission has no record of some of these bills and others are of doubtful origin. Many of them are several years old.

Street Commissioner Kugel wants the commission to provide him with sufficient funds to hire men to keep the streets perfectly clean all the time.

Police Commissioner Ryder wants more policemen and additional police facilities, all of which cannot be secured out of the amount he will ask to have apportioned for his department.

Thomas McGovern, commissioner of public improvements, is working out his needs and will ask for a sum large enough to cover all expenditures without forcing the head of the department to a thousand and one little economies.

ASSISTANT FIRE CHIEF GIVEN DAMAGE VERDICT

Martin J. Dineen, assistant fire chief, was given a \$75 damage verdict against the Omaha street railway company in the district court. The suit grew out of an accident on Twenty-ninth and Cummins streets, June 18, 1911, when Dineen was crossing the car tracks in the fire buggy and on his way to answer a fire call.

There were two cars at the crossing, each going in an opposite direction, and in trying to avoid one he drove into the other. His knee, shoulder and leg were badly bruised and he was laid up for some time. Dineen later sued the street railway company for \$100 damages.

A Message to Railroad Men. E. S. Bacon, 11 Bath St., Bath, Me., sends out this warning to railroaders everywhere. "My work as conductor caused a chronic inflammation of the kidneys and I was miserable and all spelled out. I was weak and had dizzy spells, and a friend recommended Foley Kidney Pills. From the day I began taking them, I commenced to regain my strength. The inflammation is gone and I feel better now than I have in twenty years." Try them. Woman Learns of Husband's Deceit Through Letters

Mrs. May Griffith, who is seeking a divorce from her husband, Andrew P. Griffith, salesman for a local cigar company, told in district court of becoming acquainted with a young woman whom she had believed was an affinity of Mr. Griffith and of finding that the girl was a daughter of one of the prominent families of Denver, whom Mr. Griffith had asked to marry him.

The girl was Miss Mildred Westrope. When she received a letter from Mrs. Griffith the young woman replied that she had been told by Mr. Griffith that he was a widower; that she would have nothing more to do with him, and that she would like to know Mrs. Griffith better that the wife might learn who she was and might understand the circumstances. Letters from Miss Westrope were read which indicated that she thought herself an engaged girl. Mrs. Griffith paid Miss Westrope and her family a high compliment in her testimony. Miss Westrope wrote to Mrs. Griffith that she should return all the presents she had received from the husband. She said she had received letters from him nearly every day for two years, but that she then suspected that he was married and ceased to write to him.

Mrs. Griffith learned of Miss Westrope when she came to a local hotel a day ahead of time to meet her husband and received mail addressed to him. One of the letters was signed "Mildred W." Miss Westrope was in Los Angeles, Cal.

Mr. and Mrs. Griffith have one son 12 years old. She is asking a divorce, \$50 temporary alimony and a permanent allowance. The couple was married in 1891.

Tabloid Musical Comedies to Open at the Hippodrome

With the arrival of the sheriff from Danville, Ill., the troubles of Harvey Day, theatrical promoter, came to an end. He signed a bill of sale for his holdings in Danville and was released from custody. This gave him an opportunity to conclude the deal pending with E. L. Johnson for the lease of the Hippodrome, with the result that the transfer has been made, and beginning on Sunday the Hippodrome will be devoted to the production of "tabloid" musical comedies. Boyd Wolfolk, general manager of the new enterprise, will reach Omaha Saturday or Sunday to look after the opening. Manager Johnson of the Gayety will hereafter give his undivided attention to that theater. He announces that the regular season will end at his house on May 3, and that his summer show will start on May 4.

SCARLET FEVER HAS BEEN ALLAYED AT HART HOME

Reports from the Hart home at 2108 Lake street, indicate that the siege of scarlet fever, which has visited the family and taken the lives of three of the children in the last two weeks, has been allayed and that within another week or so the quarantine may be taken down.

Mrs. Ethel Ryerson Hart, wife of a bookkeeper in the Corn Exchange bank, was the first to be ill and shortly afterward the entire family was taken down.

POOL WARNS ALL EMPLOYERS

Says He Will Enforce Law in Regard to Women Workers.

MUST QUIT WORK AT 10 O'CLOCK

Serve Notice on Those Who Are Employing Female Help After the Hour Provided by the Law.

Charles W. Pool, deputy commissioner of labor, served notice Friday that he will strictly enforce the state law prohibiting women from working in mercantile establishments and other institutions after 10 o'clock at night. Mr. Pool, at the office of Probation Officer Mogy Bernstein, issued a statement in which he said he was giving employers this notice in order that steps may be taken, if desired, to change the law. Mr. Pool's office is in Lincoln. Following is his statement in part:

"I came to Omaha Thursday evening in response to a complaint filed in my department that the law pertaining to female labor in the state was being flagrantly violated.

"Immediately after 10 o'clock I was joined by two gentlemen friends and between the hours of 10:10 p. m. and 11:40 p. m., as shown by my records I interviewed thirty girls and women who were employed in different lines of labor in direct violation of the statutes.

"What impressed me most was the fact that at no business house where I called where women were employed, save one, did I find the proprietor present.

"There seemed to be a diversity of opinion among the various employes with whom I talked as to working after 10 o'clock, some expressing entire satisfaction and others hoping that orders might be issued which would relieve them of their duties after that hour.

"I suggest that if the provisions of the law are unsatisfactory either to the employer or the employed, that there is still time in which to have the defects remedied by appealing to the legislature which is now in session at Lincoln. It is my purpose, as long as I occupy the office of deputy commissioner of labor, to insist upon the strict enforcement of each and every enactment as I find it in the statutes."

The places in Omaha which Mr. Pool visited comprised hotels, restaurants, candy stores, drug stores and other similar stores. Violations of the woman's labor law are punishable by fine, the minimum being \$10 for each offense. Each night that a woman or girl works constitutes a separate offense.

Omahans May Be in Automobile Flight from Yaqui Indians

The latest war news from Mexico is earnestly attracting the attention of Omahans who are acquainted with Mrs. Edwin Haney, widow of the late Union station master, and her son, Edwin Haney, who has been in charge of the Ronquillo hospital at Cananea, Mexico, for a number of years.

A report from the border says that American women in automobiles were being hurried to the Arizona border to avoid an attack of Yaquis, who had gathered to take the town.

Some time ago Mrs. Haney wrote a friend here that Americans were preparing to leave and that Dr. Haney had his auto in readiness with wheel chains "ready attached for the rough roads to make a quick flight to safety.

Cananea is a mining town made up practically of Americans excepting in the case of the peon laborers.

MILK WAGON DRIVER HELD FOR CRUELTY TO ANIMALS

C. H. Bowley, a driver for the Highland Park Dairy company, was arrested on a charge of cruelty to animals. Bowley left his team standing in front of a saloon on lower Farnam street for about four hours. An officer took pity on the animals and put them in a livery barn, and when Bowley came to the station to complain of the theft of his team, was locked up. He was later released on a \$10 cash bond.

POLICE OFFICER TROBY TAKEN TO THE HOSPITAL

Officer A. L. Troby, who was severely injured when he fell from a street car a few nights ago, was moved from his home, 3405 Twenty-eighth avenue, to the Wise Memorial hospital, where it is reported his condition is serious. Troby, while getting off a street car Monday night, slipped and fell, lighting on his head. He was rendered unconscious and taken to his home in the police ambulance.
