Oklahomans Blundered and Rourke Gets a Lemon.

BALL PARK IS INACCESSIBLE

Efforts Are Being Made to Have the Street Car Company or Santa Fe Bailroad Take Care of Crowds.

OKLAHOMA CITY, Okl., March 21. (Special.)-Some one blundered, some one in the Chamber of Commerce, one who should have known better, when he referred President Rourke to the management of Davis park when the Omaha man was in search of a place for his team to play. On the eve of the first exhibition game with Lincoln, Baturday. Rourke has discovered that only street car line reaching the vicinity of the base ball park has less even should every one of the 70,000 inhabitants of Oklahoma City desire to attend the Omaha games this spring, not more than 1,000 of them can be transported by the street oar company There are three base ball diamonds at the state fair grounds and street car facilities to that place are such that persons could be handled with ease, but the die has been cast, the contract for Davis park is signed and Rourke must make the best of it.

That is to effect a compromse between the warring factions, or rather a treaty for one month, so that the rival railway lines will agree to honor each other's transfers during the Omaha exhibition games and possibly the larger company can be prevailed upon to be an additional cars.

However, with 3,000 automobiles owned and operated in the city, and with asphalt paving to the very gate of the park, he should draw more than an ordinary attendance. Since the Santa Fe rallway passes within half a block of the park, he also is endeavoring to get that company to run a shuttle train during the

Rourks Innocent Victim.

An innocent victim of these conditions, the Omaha president has but one chance to get a crowd, and he is being backed.

Baker Borton, former St. Joseph first-sacker, is in bad physical condition. If reports from the White Sex camp are true, He has a pair of charleyhorses, a bad toe, a sore throwing arm, a weak ankie and a split fingernail. Outside of all this Borton is in tipop shupe. Denver ball players will congregate in the Colorado metropolis next week preparatory to their spring jaunt around Texas and Oklahoma. The first game the Grizules will play will be with Pa Rourke's band in Oklahoma City on April 1.

Although Jack Holland starts the spring

Tommy Mee, who has been one of two hold-outs at Wichita, has decided to come through with his John Hancock. Callahan is now the only man holding out. The following men joined the camp at Gueda Springs since Wednesday: Blaine, Pettigrew, Fedor and Burke. Wacob, Cleveland and Davis will be in this week.

Two new catchers have been signed by "Ducky" Holmes and have been ordered to report to Tulsa, Oki. They are Danny shea and Albert Stange. Shea comes from the Scattle club, where he made a good record last season behind the bat, while Stange comes from the backwoods where, but "Ducky" doesn't say where that somewhere is.

Every new of its refusal I can only conclude that the challenge and the intentions of the challengers have been misinterpreted. The deed of gift states:

"That competing yachts or vessels, if one mast, shall not be less than sixty-nive feet nor more than ninety feet at the water line."
