

BE A WISE WOMAN

DEALERS complain that Nemo Corsets are killing the sale of other makes at much higher prices.

THIS IS TRUE. Women have learned that a \$5.00 NEMO gives them everything they can get in any corset—superb style, splendid comfort and long wear.

Women have also learned that the Nemo is more than a corset. It is a health guardian. The day of dangerous, uncomfortable corsets ended with our invention of Nemo Lastikops Webbing and Cloth.

Here's the corset marvel of 1913—over 800,000 pairs already sold. No. 322—low bust \$3.00. No. 324—medium. The new Lasticurve-Back is an elastic extension of Lastikops Cloth.

PILES A mild system of treatment that cures Piles, Fistula and Rectal Diseases without the use of a knife. No chloroform, ether or other general anesthetic used.

THEOSOPHICAL LECTURE ON THE PRODUCT OF EVOLUTION

"The Product of Evolution" will be the subject of a lecture given Sunday evening at the Theosophical rooms in the Badger-Wead building, Twentieth and Farnam streets, at 8 o'clock. Mrs. Walter I. Smith of Council Bluffs will be the lecturer. Her subject will be an extremely interesting one to Bible students as well as to theosophists, as she will show that the Bible teaches evolution, and many passages will be read in proof of her assertions. She will take man in his earlier stages of growth to higher perfection and show the laws of reincarnation and Karma, vital in his study of esoteric Christianity. They simply carry out, according to those philosophies, the ideas taught in the deeper truths of the Bible. That man wants to know for himself and should be taught so that he may demonstrate for himself these things, as was done in the days of Christ, will also be maintained. The lecture begins at 8 o'clock sharp and is open to the public. Mrs. Smith is the wife of Judge Walter I. Smith of Council Bluffs and is an entertaining speaker. She is a deep student of these subjects, taking them from the Bible standpoint.

COMMERCE STUDENTS VISIT MANEY MILLING PLANT

Principal L. C. Rasmussen of the Omaha High School of Commerce called the boys of this school together Friday, and gave them an instructive talk upon the value of courtesy and attention to little things, and quoted several illustrative examples in support of his assertion. A meeting of the Junior Commercial club was held Friday afternoon and a constitution was discussed and adopted. An especially interesting talk on current events was given by several of the members, and plans were made for future entertainments. The "Know Omaha" classes of this school visited the Maney Milling company Friday afternoon. The pupils made a tour of the building, inspected the various flour-making machines, and went away with a much better idea of Omaha's milling industry.

POLICE MAKE OVER DOZEN STREET-WALKER ARRESTS

More than a dozen arrests were made last night and yesterday afternoon by police officers and detectives, who searched the old "line" for negro street walkers. Nearly all of them were released soon after their arrest when they put up cash bonds of \$25 each. Lottie Finegan's resort at 14 North Ninth street was raided and four girls and several men were arrested. Her beer was also confiscated. Late in the evening the police visited the home of Marie Walker at 1912 Vinton street, arresting five men and three women, besides the proprietress. A case of beer was taken for evidence.

YOUNG WOMAN ENDS HER LIFE BY POISON

Dependent because she had been ill for nearly a year, Alice Cooper, 25 years old, who conducted a rooming house at 415 North Fifteenth street, committed suicide yesterday by swallowing carbolic acid. Shortly after midnight E. T. Pitt, one of the roomers, found her dead upon her bed. The police were notified and after making an investigation, called the coroner. Rheumatism Quickly Cured. "My sister's husband had an attack of rheumatism in his arm," writes a well resident of Newton, Ia. "I gave him a bottle of Chamberlain's Liniment which he applied to his arm and on the next morning the rheumatism was gone." For chronic muscular rheumatism you will find nothing better than Chamberlain's Liniment. For sale by all druggists—Advertisement.

SCHOOL AND COLLEGE WORK

Proposed Legislation for Rural Schools in Iowa.

STATE AID AND MINIMUM WAGE Brief Mention of the Week's Events in Nearby Institutions—Gleanings from the Educational Field.

Important legislation for the betterment of rural schools has been approved by one branch of the Iowa legislature, one appropriating \$60,000 for consolidation of schools, passed by the lower house, and one fixing a minimum wage scale for teachers, passed by the senate. The bill for consolidated schools provides an immediate appropriation of \$200,000 and an annual appropriation of \$100,000 for the work for four years. Under this bill any school in the state with two school rooms and sufficient equipment to teach agriculture and home economics may receive state aid up to \$20 annually for equipment and an additional \$500 annually. Any school with three rooms may receive \$200 annually for equipment and an additional \$500 annually. Any school with four rooms may receive \$500 for equipment and \$750 additional state aid.

The minimum wage bill provides a scale of wages based on the "general average" of the teacher, as follows: Daily Monthly 66 per cent..... \$1.25 \$25.00 70 per cent..... 1.50 30.00 74 per cent..... 1.75 35.00 78 per cent..... 2.00 40.00 82 per cent..... 2.25 45.00 86 per cent..... 2.50 50.00 90 per cent..... 2.75 55.00 94 per cent..... 3.00 60.00 100 per cent..... 3.50 70.00 "Three points extra are given for having attended normal school six weeks."

DOANE COLLEGE.

Stirring Events Preceding Spring Vacation. Mrs. Rev. Calvert and Mrs. Rucker of Crete addressed the students in chapel Monday in the interests of the Woman's Christian Temperance union. They both made a strong appeal for the clean life with abstinence from tobacco and liquor. Since the faculty have abolished the time-honored color scrap between the freshmen and sophomores the two classes decided to test their strength in a basketball game. The game went fast and furious and at the end of the time the score stood 9 to 3. The tie was played off and the result was a 14 to 11 score for the freshmen.

PERU STATE NORMAL.

Musical, Dramatic and Lecture Entertainments. Dr. J. C. Hotchkirk of Chicago, head surgeon of the Rock Island railway, will address two meetings for men and women here next Sunday on topics of vital importance to both sexes. Miss Wood recently entertained the students with a Victrola concert at chapel time. Of special interest were the "Familiar Chorus" from the Messiah, a selection upon which the normal chorus is now working; also a solo by Herbert Witherspoon of the Metropolitan Opera company, who is engaged for Peru's next May festival. Rogers and Griley, two versatile fellows who are under the employ of the Riddiath Lyceum bureau, furnished the fourth number of the Peru lecture course on Thursday evening. Rogers gave a number of folk songs and a few more elaborate compositions upon the harp, and Griley delighted his audience with clever impersonations and stories. Miss Maud Ferguson, who, while visiting her sisters of the Peru faculty during the fall, was very ill, is now rapidly improving in an osteopathic hospital in Missouri Valley, Ia. The Messiah chorus is now holding four rehearsals each week.

CHADRON STATE NORMAL.

Schedule for the Summer Term Under Discussion. The schedule for the summer term of normal is being planned. In English the survey of American literature will be given. This gives the teachers who have taken the English survey for the last two summers an opportunity to finish the general outline of the English and American literature. The first semester Shakespeare and English survey courses will probably be given also. The German department held a meeting Tuesday afternoon for the purpose of discussing plans for the organization of a German club. German songs were sung and games using German proverbs were played. The normal basketball team is expecting to take a trip through the Black Hills. The last meeting of the Young Woman's Christian association was a Bible study meeting and was an especially good one. Prof. Wilson was asked to present the lesson, which he did in a very interesting way, taking for his subject the parable of the shepherd and his sheep. Miss Deibel of the model school conducted the class in history of education on Monday as Dean Stockdale had been unable on account of the storm to return from his trip to Lincoln.

FREMONT COLLEGE.

Round of Social Festivities, Business Talks and Teaching Plans. The union banquet by the classics, pharmacy, scientific and unity and further the cause of school unity and good fellowship was a most enjoyable affair. The chapel was lastly decorated in the class banners, pennants and colors of the classes participating. The toasts, songs and yells, while spiced with class spirit and rivalry, showed a marked desire for a broader fellowship, that of school oneness and good feeling toward all. Prof. Eaton made a most excellent toastmaster. Miss Myrtle Milligan, a member of the teachers' class of 1912, has been selected as eighth grade teacher in the Crawford public schools. Miss Milligan will resume her college work here as well as her school classes.

Superintendent Francis of the schools of the Angeles has made a rule that the dress of the child graduating from the grammar school must not cost more than \$5, and the mothers, seeing the wisdom of the ruling, dress their children accordingly. Among 1,500 children recently graduated there were many whose parents were among the wealthiest in the city, but it could not have been told by the simple dresses that they wore.

The new Washington Irving high school in New York City has accommodations for 1,500 pupils and 225 instructors. It is an eight-story building and cost the city \$250,000. Among its features are: theater, a garment factory of many sewing rooms, a bookbinding plant, a miniature "zoo" for the study of animal life, an imitative department of business learning business methods and a roof conservatory filled with growing plants. There are also basket ball courts, gymnasium, showers, baths and lunchrooms in which 700 pupils eat at one time.

Y. M. C. A. Boys in Interclass Meet

The interclass athletic meet of the Young Men's Christian association was held Saturday evening in the gymnasium, some splendid jumping and running were the result. This week's contest of the classes is a matter of hours to excellent work, their efforts this week showing marked improvement over former contests.

The twenty-yard dash was won by Fred Paulsen in two and four-fifths seconds; Fred Haines was second and C. E. Seeley third. The twelve-pound shot-put was won by Fred Paulsen, distance, four feet six inches; P. L. Wilson was second and Hart Jenks third. Following are the results of the other contests: One mile race, Stanley Bernack first; Arran Servedson, second; Fred Taver, third; time, five minutes and two and one-half seconds. Running high jump, Art Jenks, first; Hallock Rouse, second; Gould Pitt, third; height, five feet four and three-quarter inches. Pole vault, Fred Paulsen, first; Art Jenks, second; height, nine feet six inches. Relay race, boys' team first, composed of Logan, Moriarty, Payster and Haines. Unattached team second and the night class team third. Time, one minute and forty-one and one-fifth seconds.

MILLARD LECTURES HERE ON SOCIALISM TODAY

Walter J. Millard, the first lecturer on the socialist lecture course, will speak Sunday at the Lyric theater at 2 p. m. on "The Socialist Challenge." "That the work of the socialist is warranted is attested by the growth of the movement, which is now moving through the world. Its membership increases by the hundreds of thousands yearly," said Mr. Millard. "A great factor in its growth is the socialist lecture course, one of the most far-reaching educational institutions in the world. The United States has been divided into eleven circuits where five exponents of socialism will speak. If all of the lectures are heard a person should obtain a good understanding of socialism; at least he should be able to tell whether he wants it or not."

You Beer Drinkers Don't Drink Beer from Light Glass Bottles. Read the following opinion of a scientist, an authority who has experimented and therefore knows that "light starts decay even in pure beer." "We have tested beers repeatedly, placing the bottles in the direct sunlight, and testing the same after one, two, three and five minutes exposure, found that the beer with three and five minutes exposure became undrinkable on account of the peculiar odor developed. The detrimental effect of light upon beer can be successfully counteracted by the employment of brown or dark colored glass bottles, and such bottles are, therefore, recommendable." —Wahl-Henius Institute of Fermentology.
