

GRAIN AND PRODUCE MARKET

Bulls Hoping for Wheat Crop Scarce for Help. CORN CROWD SWITCHES OVER Cotton Crowd Has Switched Its Brokers and New York Firm is Now Directing the Bull Campaign.

One loss in wheat said that the only hope in the minds of bulls are crop scares, which would mean a falling off in the condition of the wheat plant. This man said there is a possibility that the larger holders in the May option will be obliged to liquidate their lines previous to any deterioration of the growing crop.

The political situation abroad is veering around into a more favorable position and with the heavy supplies of wheat available at the present low prices and with the general dullness in wheat and flour there is little to encourage the buying of that grain at the present.

The general belief in corn circles is that the cotton crowd has switched its brokers, and that the Armour firm is now acting as the elevator capacity which campaign in May corn for the cotton crowd at Chicago, and that in order to cover up their tracks the cotton crowd has former brokers in Chicago to place the orders in the hands of the Armour grain company.

TURKS LOSE ADRIANOPE

Moslem Fortress Falls After the Most Stubborn Defense. MAY SLAUGHTER CAPTIVES While the Capture of Adrianople is a Feather in the Cap of Bulgarians, It Has Experienced Great Losses Elsewhere.

LONDON, March 27.—Adrianople has fallen after one of the stubborn defenses in the history of warfare, and Tebaltala has suffered a like fate. The information regarding Tebaltala may refer to the town of that name and not the fortifications, although it is possible the Bulgarians carried all before them.

Shukri Pasha, the defender of Adrianople, landed his sword this afternoon to General Savoff, the Bulgarian generalissimo. From all accounts the arsenal, stores and much of the town are in flames.

The battle started on Sunday night with a three hours' bombardment. The besieging troops advancing under the glare of search lights to attack the advanced works at Maslik. After a fierce defense throughout Monday the Turks retired from the forward works.

According to a dispatch received at Belgrade from Mustapha Pasha, the losses were severe. The Serbian Thirtieth and the Bulgarian Eighteenth regiments were blown up by mines. The hospitals have received thousands of wounded.

The people are panic stricken and Europe fears that the occupation today may be accompanied by indiscriminate slaughter. The capture of Adrianople has caused rejoicing at all Slav capitals.

No news has been received from Constantinople, but it is feared that when the capture of Adrianople becomes known another revolution may occur. It is Tebaltala has fallen there is likely to be a dangerous inflow of defeated troops.

Major of Delaware Rescued from Pole. DELAWARE, O., March 27.—Mayor Blean was rescued today from the top of a telephone pole, to which he had been ordered to shoot persons who attempt to go into the flood district without authority.

The village of Stratford, five miles south has been wiped out. The total population of 100, it is reported have been drowned, but this has not been confirmed. Fifty are dead in Tiffin, it is also reported, and the village of Prospect, ten miles to the north is under water.

Company K, Fourth regiment, Ohio National Guards in charge of the city, has been ordered to shoot persons who attempt to go into the flood district without authority.

The business sessions of the association began tomorrow morning. Trinity Methodist church, Twenty-first and Binney, Rev. Thomas Bithell, pastor, will be rebuilt at once.

Thief Loots House

of Mrs. Newman Oklahoma Gets White Blanket, Delaying Practice. SCHEDULED GAMES ARE OFF Hope Expressed that South May Become Sunny Before Season Opens to Permit a Few Practice Contests.

While Mrs. A. A. Newman, of Forty-third and Pratt streets, looked on unable to interfere, a man was looting the house of silverware and jewelry. He secured about \$500 worth of stuff. The soldiers were called, but the man escaped before they came.

Indications are, however, that Thursday will see the last of the snow and that by Saturday the local diamond and the one at Tulsa will be in condition to carry out the regular program.

The squad today was divided into regulars and yamigans. On days when no game is scheduled with other teams, the regulars and yamigans will play five innings and an out of town schedule is being prepared for both teams.

Arbogast is placing his strongest recruit pitchers with the regulars, using one of them at second so that Schinke can strengthen the yamigan infield. Shestak, a recruit catcher, also will be with the regulars.

IOWA ROAD BILL PASSES

House Adopts Measure Already Passed by Senate. ASSURES NEW ROAD LAW Act Will Be Followed by Bill Providing Permanent Fund—Governor Spurns Lawmakers Greater Efforts.

DES MOINES, Ia., March 27.—(Special Telegram.) The house of representatives today finished the state highway commission bill by amending slightly the senate bill and passing it with 91 votes to 12. Every amendment offered by the bridge and other lobbies was overwhelmingly defeated and the bill will become a law substantially as passed today.

The senate today Kimball of Council Bluffs introduced a resolution inviting General Grenville M. Dodge to appear and address the joint assembly at any time he may designate.

The people are panic stricken and Europe fears that the occupation today may be accompanied by indiscriminate slaughter. The capture of Adrianople has caused rejoicing at all Slav capitals.

No news has been received from Constantinople, but it is feared that when the capture of Adrianople becomes known another revolution may occur. It is Tebaltala has fallen there is likely to be a dangerous inflow of defeated troops.

Building Societies

Well Protected by Tornado Insurance. Building, savings and loan associations of Omaha are protected against losses caused by the disaster. The three leading associations—Conservative, Omaha and Nebraska—are protected by tornado insurance more than sufficient to cover possible losses.

The Nebraska association carries a blanket policy for \$200,000 and the Conservative a similar policy for \$150,000. The Nebraska association requires its individual policies from borrowers equal to the face of the loan.

A complete examination of the Nebraska's home loans in the devastated district shows twenty houses totally destroyed, in which the association's interest amounts to \$43,810 and the tornado insurance totals \$36,050. Insurance on damaged homes, numbering thirty, is ample for necessary repairs.

The Omaha association reports 125 home losses, of which twenty-five are total losses, covered by its blanket insurance policy. Some of the victims were found to have tornado insurance in their own right.

Officials of the Conservative association were unable to give the number of lives lost in the disaster, but they had no prediction for association's losses.

The difference between the blanket policy and individual policy presents an interesting question for afflicted home borrowers. The individual policy protects the borrower and the lender. Such policies are assigned to the association as additional security, but the amount of the additional policy is available for repairs or reconstruction under the direction of the association's officers.

Such is the rule of the Nebraska association. The blanket policy is understood to protect the association only, and losses under such policy cannot be determined unless the association is obliged to foreclose on the remains, when the policy makes good the loss.

Insurance men say a blanket policy affords no relief for the borrowing member whose home was destroyed or damaged, unless specific provision to that effect is included in the policy contract.

ONE MORE VICTIM DIES Mrs. Jacob Lininger Succumbs to Injuries from Storm. One more name was yesterday added to the death list of the storm victims, bringing the total up to twenty-one who perished in the vicinity of the city, in the county and in Mills county.

Mrs. Jacob Lininger died at Mercy hospital from the terrible injuries received when her home on Pomona avenue was wrecked.

The list will be further increased within a few hours by the death of Michael Lynch, who was hurt when his home near Neola was smashed. He was brought to Mercy hospital on Tuesday.

WASHINGTON LUMBER FIRM

GIVES \$50 TO STORM VICTIMS. The Clough-Hartley Lumber company of Everett, Wash., in a telegram to the Bradford-Roosey company of Omaha has instructed the latter to donate \$50 at its discretion for the relief of tornado sufferers and to draw on the Clough-Hartley company for that amount. The telegram also expresses sympathy for Omaha.
