Sater grabbed Kinney, calling for help, and was answered by Officer Brinkman, who was in the neighborhood. The other man escaped.

SCHOOL AND COLLEGE WORK

Doings in State Normals and Other Colleges. SPRING VACATIONS NOW ON. Class Activities, Debating Contests and Other Events Mark Close of Semester—Other Happenings. Bellevue college closed for Easter vacation Friday, and students left for a week's vacation at their homes, to return again Tuesday, April 8. The pupils of Miss Allen, Miss Fitch, Miss Pawcett and E. M. Jones gave a social in the college chapel Tuesday evening of last week. A splendid program of instrumental, dramatic and vocal selections was rendered to an appreciative audience. The next recital will be held about the last of next month. The sophomores carried off the honors in the seventh annual Wilhelm declamatory, held Thursday evening of last week, by winning first place. The freshmen took second and third places. President Stookey announces the addition of a splendid collection of specimens for the geology department consisting of a series of invertebrate fossils from the Iowa Devonian, a series of coal plants from the carboniferous of Illinois, and a series of corals from the Silurian of northeastern Iowa. The class in geology is planning an expedition into Cass county to collect specimens of the native rock and glacial drift, and to study the various rock and land formations present. They will be joined by the science departments of the Avoca and Weeping Water high schools, under the care of Prof. H. Jones and S. Stookey, alumni of the institution. FREMONT COLLEGE. Events Marking the Close of the Second Winter Term. Friday was the close of the second winter term and a number of students completed the commercial course and received diplomas. Following are the names of students receiving diplomas: Ralph Herman, D. B. Gould, Rose Borchers, Claus Borchers, Walter Peterson, Herman Ott, William Chapman, Earl Newman, Emma Edstrom, Gertrude Pfeiffer, Herbert Pfeiffer, Harry Schow, Scott Kirk, Ralph Quigley, Arthur Nelson, Henry Nelson, William Fisher, Joseph Swanson, Charles Sasser, Leo Jensen, Virgo Jensen, Rose Cerny and Stella Smith. President Clemmons left for Hastings, where he will appear on the program as one of the "Lionel Sparks." He will speak at the "Lionel Sparks" exhibition on April 2. The spring term will open next Tuesday, April 1, and show a large influx of new students. Miss Eva Mixer, dean of the primary department of the college, read a most interesting paper before the Fremont Woman's club on the Montessori system. Prof. and Mrs. Jordan entertained the members of the pharmacy class, faculty and friends. A banquet board was spread in the analytical chemistry room, gay with its decoration of college colors. Prof. Jordan acted as toastmaster of the evening and many of the guests responded to calls for speeches. Miss Amanda Edmunds, matron of the west hall, gave an informal reception Sunday afternoon from 4 until 6, receiving as her guests the boys and girls of the dormitory. WAYNE STATE NORMAL. Literary Contest and Selection of Debating Team. All departments of the school were dispersed and a large delegation from the normal attended the Educational association at Norfolk. Superintendent C. M. Matheny of Emerson and Attorney J. F. Power of O'Neill addressed the students at the convocation period Tuesday. The preliminary debating contests closed Monday evening and the judges have announced the following named persons to represent the school in debating contests to be held with the state normal schools at Peru and Kearney: Herbert Welch, John Hookwood, Tracy Kohl, Mayel H. Banks, Alfred H. Lewis, William J. Van Camp, Eugenia Madson and Jennie Sabin. One of the most interesting events of the school year was the intersociety literary contest. Superintendent J. H. Kemp of the Wayne public schools acted as presiding officer and Superintendent C. M. Matheny, Superintendent A. B. Rich and Attorney J. F. Power served as judges. The selection of the judges was as follows: Essay contest, Hazel F. Rand; reading, Martha J. Woolsey; oration, Alfred H. Lewis; debate, Tracy Kohl. The winner in each case received a cash prize of \$10. The honors were won by the Philomathean society, which was successful in three of the four contested places. PERU STATE NORMAL. Students from Storm Districts Herry to Their Homes. Edgar Wychoff, a Peru graduate of 1910, who has been serving as principal of the Springfield (Neb.) schools, was recently elected as superintendent at Maxilla, Ia. E. O. Blackstone, 16, principal at Stanton, Neb., has been elected as superintendent at Battle Creek, Neb. Peru students from Omaha left a day before vacation began to ascertain the condition of relatives after the storm. So far as we can learn none of the relatives of the students suffered bodily injury, though many lost their homes. Miss Minnie Fischer and the Peters sisters left for their homes at Yutan on last Monday evening. We can learn of no fatalities from the storm which affected their families. Prof. Gregg and wife are in much distress over their inability to get word from Mrs. Gregg's relatives at Dayton, O. The latter has a brother and a sister whose homes are in the flooded district. DOANE COLLEGE. Semester's Close Marked by Many Class Activities. Last Monday Prof. Dick held the last practice on the oratorio for a month or so. The whole thing is well in hand now, and he decided to give it a rest and take it up again about a month from commencement. He will take up some other work in the meantime. Miss Helene Rostker and Miss Helen Buck, students at Doane, went to their homes in Berlin Tuesday, where Sunday tornado had swept both homes away. They went to be of some assistance to their parents. Several other students coming from that locality report injuries among their relatives that were received in the tornado. Physical Director Johnson put on an

The Highest Authorities

I had written for perhaps ten years warning American women against canned foods. I said, put them up at home or go without them. I beg them now to use canned foods. We are proud to have them on our table. MARIAN HARLAND. For seasons of natural shortage, for periods, places and times when fresh goods are not available, the canned goods fill a most important place in the modern dietary, and the wholesomeness, palatability and convenience of the products are in most instances unquestionable and under modern conditions of life they are filling a larger and larger need. DR. HARVEY W. WILEY. These canned goods were essential to the subsistence of the troops in the Philippines who were scattered through the Islands and subjected to unsanitary conditions and surroundings. But the general good health of the army there, especially during cholera and plague epidemics, when canned goods were principally used, was primarily due to the variety and wholesomeness of the canned foods. BRIG-GEN. HENRY G. SHARPE, Commissary Department, U. S. A. Canning is the art of preserving a food product in a hermetically sealed container, the preservation being accomplished through sterilization by means of heat. Its highest usage is the object to retain the food in as nearly a fresh condition as possible as to appearance, palatability and nutritive quality, or in the conditions in which it is usually consumed. It affords the means of having wholesome, succulent vegetables or other products at all times and in places where otherwise they are not procurable. DR. A. W. BITTING, Food Technologist, U. S. Bureau of Chemistry. There can be little doubt in the mind of anyone who has visited a modern cannery factory where fruits and vegetables are being prepared for the market, that the product is actually cleaner than when prepared in ordinary home kitchens. MRS. NELLE D. CHENOWETH, Formerly of Household Science Dept., University of Illinois. The discovery of canning by heat and development of the canning industry enables Nature to constantly empty her bosom of plenty into the periods and places of destruction, and thus to reuse garden into the January pantry. JOHN A. LEE.

And Now, Madam, Comes National Canned Foods Week!

Millions of women in millions of homes will participate. Hundreds of thousands of retailers, grocers, jobbers and manufacturers in almost every city and town are making canned fruit, vegetables, fish, milk and meats their sales features from March 31st to April 5th.

A Week of Pure Food the Country Over

Thousands of women who now use Canned Foods will buy their supplies this week. Thousands who've tired of canning their own foods will take advantage of it. This week is a climax of the great modern demand for pure food and economy. In Canned Foods today is the realization of this nation-wide demand. In Canned Foods Week is the proof of purity. And the proof that the cost of the best of these foods is within every housewife's reach. What Dr. Wiley Says Dr. Wiley, Marion Harland, and others are printing their ideas in the newspapers in regard to Canned Foods and their benefits—their cleanliness, purity, and food value. See what they say. Look for recipes by University Instructors in Domestic Science. See what the Food Technologist of the United States Bureau of Chemistry says about Canned Foods, of which there are sold in this country \$80,000,000 worth yearly. Get these people's ideas on the goodness of Canned Foods, the flavor, the methods of preparation and their health-giving qualities. See, then, if you don't want to USE MORE CANNED FOODS THAN YOU EVER HAD USED BEFORE. These are the world's finest low-cost foods. Food can't be prepared any better today.

Cooked in the Containers at 250 Degrees

Foods sold in cans are picked or procured close to the canneries. Usually not more than four or five hours pass from the time these foods are taken from their natural surroundings until they are sealed in the cans, sterilized at 250 degrees and ready for the market. They retain all their flavor, their natural freshness, their purity and food value intact. You open them in your kitchen as good as the day the containers were filled at the canneries. And most of these foods are canned by machinery kept immaculately clean. These canneries are like modern kitchens in the great hotels. Even the walls and ceilings are washed and thousands of gallons of hot water are daily used to scour and clean every part of the factory. They are spotless and white and inviting. You will serve Canned Foods daily, as millions now do, when you fully realize the facts. See Your Dealer This Week See what he has—fruits, vegetables, fish, milk and meats of the most tempting kinds and varieties. From the solid foods to the fanciest dainties at prices anyone can pay—at prices that keep down the cost of living. Get an assortment and try Canned Foods. Learn how many different and delicious dishes can be prepared with Canned Foods. You don't know what economies can be effected until you have used them regularly. Take advantage of National Canned Foods Week. Then serve them in some form every day. Keep account of your bills at the end of each week and see what this saves is. Go to your dealer. Deliver Ice Free to Tornado Sufferers

All persons who suffered loss or injury in the tornado are to be supplied with ice free of charge by the Omaha Ice and Cold Storage company, according to a statement by Harry Colvin, manager of the company. The company will not only furnish the ice, but will deliver it without cost. Mr. Colvin believes this will be the means of preventing and alleviating illness and will assist in making comfortable those who have been driven from their homes.

FLAMES DAMAGE SALOON AND ENDANGER LIVES

At 2 o'clock this morning fire in the bar of the Stars and Stripes saloon at Thirtieth and Douglas streets, owned by A. Jettis, was discovered. Above the saloon was the Unueda lodging house, with accommodations for forty guests, most of whom were out-of-town visitors who came to Omaha to view the tornadoed district. When the fire began to eat its way up one side of the saloon wall the occupants of the lodging house were notified, and it is thought all escaped. The two-story building was practically destroyed. There was but one entrance to the lodging house and no fire escapes. The building was a veritable fire trap. The loss is not expected to exceed \$2,000.

QUICKLY CURES THE WORST BAGKACHE

Makes Kidney Troubles, Bladder Disorders, and Rheumatic Pains Vanish. It is no longer necessary for any one to suffer with backache, kidney trouble, have disagreeable bladder and urinary disorders to contend with, or be tortured with rheumatism, stiff joints, and its heart-wrenching pains, for the new discovery, Croxone, quickly and surely relieves all such troubles. Croxone is the most wonderful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. It acts on the principle of cleaning out the poisons and removing the cause. It soaks right in through the walls, membranes and linings, like water in a sponge, neutralizes, dissolves, and makes the kidneys sift out and filter away, all the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy, and well. It matters not how long you have suffered, how old you are, or what you have used, the very principle of Croxone is such, that it is practically impossible to get it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it. If you suffer with pains in your back, and sides, or have any signs of kidney, bladder troubles, or rheumatism, such as puffiness swellings under the eyes or in the feet and ankles, if you are nervous, tired, and run down, or bothered with urinary disorders, Croxone will quickly relieve you of your misery. You can secure an original package of Croxone at trifling cost from any first class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.—Advertisement.

County Hospital Patients Yield Beds to Victims

Afflicted themselves and in many instances friends, except for the persons ordered by the county to provide for them, nearly a score of the charges at the Douglas county hospital gave up their beds Easter night for the injured brought in from the tornado zone. Men and women who have not left their beds since they were brought into the hospital got up and held lanterns and candles so that surgeons could see to work on patients. Women held bandages and generally assisted the nurses. Altogether seventy-five persons were brought into the hospital and Superintendent Robinson says that many of these would have suffered more than they did had it not have been for the county patients who volunteered their assistance.

Relief Stations Give Aid to 687 Families

Saturday was a record day in the number of families assisted by the nine relief stations in the city. Six hundred and eighty-seven families received help. This included thirty-four whose rent was paid one month in advance. The number compares with 623, who were given aid Friday. Following is the report of persons assisted yesterday, compiled by the citizens' committee: Station No. 1, 121; Station No. 2, 146; Station No. 3, 142; Station No. 4, 82; Station No. 5, 79; Station No. 6, 21; Station No. 7, 39; Station No. 8, 45; Station No. 9, 46; Station No. 10, 21.

ALLEGED SHOPLIFTER TEAM ARRESTED IN BRANDEIS

What the police think is a team of professional shoplifters, was arrested yesterday afternoon in the Brandeis store by Detective Finn, when a man and woman, giving as their names Cora and Thomas Wilson, were caught in the act of purloining a valuable skirt. Finn says he watched the pair work in the store Friday, but they escaped before he could apprehend them. Visiting detectives who saw them at headquarters say they recognized them as police characters known in St. Joseph, St. Louis, Kansas City and Des Moines.

CHADRON STATE NORMAL. President Sparks' Report on Superintendence Meeting.

At the regular professional meeting of the faculty President Sparks gave a most interesting report of the National Department of Superintendents, which he attended quite recently. In addition to the report of inspiring addresses and papers, Mr. Sparks had much of interest to tell about the cities visited, the inaugural ceremonies and personality of President Wilson and incidents connected with the suffrage parade at Washington. Miss Clark of the English department read a paper on the French dramatist, Moliere, to the Chadron Culture club on Wednesday afternoon at the home of Mrs. Bradock. Della Abbott, a normal student, sang two songs. In the model school, Easter decorations and the construction of Easter favors have replaced the Dutch decorations of the early part of the month. The Japanese booklets have been completed by the seventh grade pupils. Individual cover designs have been used and the lettering tastefully done. Within the covers is material pertaining to the home and national affairs of the "Sunrise kingdom." NEBRASKA WESLEYAN. Class Activities, Oratorical Contest and Annual Banquet. Spring vacation begins Thursday, April 2, and continues for one week. Both of the mens and the womens' glee clubs sang at the evangelistic meetings at the Lincoln Auditorium Saturday evening. Rev. Schreckengast, vice chancellor, made several addresses in the northeastern part of the state last Tuesday and Wednesday. Dr. Brinkman of the department of philosophy and psychology, has been

Purse Snatchers Are Busy Again

Taking advantage of the darkness in the devastated portion of Omaha, several purse snatchers and highwaymen attempted to get in their work. Miss W. J. Mahoney of 325 Farnam street was at Thirtieth and Farnam when a man stepped from behind a tree and snatched her pocketbook and escaped. The pocketbook contained \$5. The police received several reports last night of prowlers in the north and west part of town, but every hurried call answered proved fruitless. A street car conductor reported that he saw four men holding up two young men near Twentieth and Spruce streets, but if this is true no report was made at headquarters by the victims.

Police Think They Have Second Store Robber

Police detectives arrested a man who gave the name of Dave Barry yesterday afternoon whom they think is the second man connected with the robbery Friday night of the Novelty Suit store on North Sixteenth street. The other man was

Ruth Drago Dies; Injured in Tornado

Ruth Drago, daughter of Mr. and Mrs. William Drago, who was injured with the other members of the family at their home, 384 Woolworth avenue, on the night of the tornado, died as the result of her injuries yesterday afternoon at Wise Memorial hospital after lying in a semi-conscious condition all week. The mother, father and three little brothers are still in the hospital suffering from their injuries. The funeral of the little girl will be held at Cole-McKay chapel Monday afternoon at 2 o'clock. It is not known whether the father and mother will be able to attend the services.

I have lain twelve years with my body dead from waist down, including the lower organs. There is neither feeling nor power of emotion in the afflicted parts, nor functional knowledge or control. Yet, friendless and bedfast, unable even to sit erect, only as I support myself with my hands, I must literally support myself or perish. The situation is terrifying, for my lifeless flesh will no longer bear my weight. Yet tomorrow, were I ill or unable to provide, I would be deserted to my fate.

NOW IS THE MATTER PLAIN

I cannot live alone. Hence to insure sufficient business to pay nurse and clerical help, I will earn \$2,000 for the Invalids' Pension Association, which will insure myself and fifteen other sufferers \$10 a month, which, with the interest on the \$5,000 previously earned, will give me \$32 a month—else the I. F. A. will fail and the \$5,000 previously earned will go to the Creche and Visiting Nurses as legally provided.
