

GRAIN AND PRODUCE MARKET

Visible Supply of Wheat in Excess of Year Ago. NO DEMAND FOR CASH CORN. Stocks Are Piling Up in the West. While Yellow Cereal Goes Bearing in the East for Actual Buyers.

OMAHA, March 31, 1913. A further decrease in the visible supply of wheat will be shown by the official reports which will be posted today in the wire service. It is in condition to handle the reports from the various points making up the figures. The supply of wheat in the visible is largely in excess of a year ago, and the falling off in the report will act as a bullish factor on the market.

There is doubtless more cash grain being sold by Chicago people than is known to the world, as the liberal amount of wheat that has been sold rapidly reduced, and this reduction is the consequence of liberal takings by Chicago exporters for shipments abroad. The business on milling accounts, however, has been reduced to a minimum, and the fact that it has been impossible to move wheat interior for the past few days at the various washouts on the railroads, and business has fallen down remarkably.

Strong interests are generally credited with being committed to the long side of corn, and as bearish operations have been commenced since September 1st, the bears are unwilling to take any great amount of punishment. There is no demand for cash corn, and the stocks are piling up in the west. Heavy shipments will be made into Chicago with the opening of navigation. Cash corn was 10c higher.

The export situation in oats is at a standstill and Argentina is underwriting the United States. The business in the east has been completely tied up by washouts. OMAHA STOCKS.

Wheat, bu. 1,300.00. Corn, bu. 1,400.00. Rye, bu. 75.00. Barley, bu. 75.00. Wheat decreased 14.00 bu.; corn decreased 9.00 bu.; oats increased 11.00 bu. There will be no receipts of OMAHA markets April 1, election day in Chicago.

NEW YORK STOCK MARKET

Death of J. P. Morgan, Money King, Causes Little Disturbance. EFFECT WAS SENTIMENTAL. Decline of a Point Was General at Opening, but After Fifteen Minutes Became Normal.

NEW YORK, March 31.—The stock market was little disturbed by the death of J. P. Morgan. The news from Rome was overshadowing feature of the day in the financial district, but its effect was largely sentimental. Reports during the day were that the market there was as it was received one hour before the opening of the market here. There was ample time for protective measures. It was assumed from the outset that the market would be well in hand, but the degree of reaction shown was surprising to traders.

The decline of Americans in London before the opening here gave a fairly accurate estimate of the effect on securities of the market there. The decline of a point or less was general, but before trading had been under way fifteen minutes the list rallied strongly. Steel, the other Morgan stock, was fairly active, but its decline was confined to a point by the end of the first hour losses were virtually made up.

The highest level was not maintained, however, the market going to the low point before noon. Tightening of call money to the highest rate of the year was a depressing influence, but the market approval of the "full crew" bill, which is expected to increase expenses of railroads in this country, was a counteracting factor. Prices rose again in the afternoon, but trading became dull.

Call money was at 10 per cent. It was reported that Berlin was renewing its bids in this market for money, offering 100 million marks for 100 million dollars. The bond market was irregular. A number of sales and leading quotations on stocks today were as follows:

Makes You Tingle With Good Feeling Every Morning

Clears the stuffed-up head and full throat. Cleanses and cools the mouth. Purifies the breath. Stimulates every bit of good health in you—Starts you off with that royal good feeling that is power for the day.

PASTEURINE (ANTISEPTIC LIQUID) Most Used Because Most Useful. First thing in the morning put a teaspoonful of PASTEURINE in half a glass of water. Snuff some through your nose, gargle some and even swallow a little for the good of your stomach and the way down. Use the rest to cleanse your mouth.

Then breathe deep into your lungs some cool morning air and that invigorating aroma of PASTEURINE. Presto! Your head and throat feel as "clear as a quill." There is a pleasing coolness and an appetizing taste in your mouth. You tingle all over with good feeling. 10c, 25c, \$1.00 at Drug Stores. If your druggist does not have Pasteurine send us 10c for large trial bottle and literature. Jno. T. Milliken & Co., St. Louis, U.S.A.
