

THE SOCIETY OF THE BEEHIVE

By MELLIFLOIA. Tuesday, April 1, 1913.

IT WAS a happy idea of Miss Mary Marston to plan a "tag day" for the benefit of the tornado sufferers, and in consequence \$2,500 was added to the relief fund.

The little red bags were of so much service to the young women that Miss Marston conceived the idea that the women of South Omaha might want to use them and have a tag day for those who suffered in the storm at Ralston. Early this morning Miss Marston telephoned to Mayor Thomas Hoctor of South Omaha. He said he was certain the women of his city would be very glad to accept the bags and the 5,000 tags which were not used by the young women Monday.

The young women who assisted tag day say that never were there so many cheerful givers. On one corner there was a group of young women, and a man who had already been tagged, said, "I guess I will take one from each of you," and they received a dollar apiece for them.

Mrs. F. L. Haller filled her seven-passenger car with pretty young women and they distributed the tags to the groups of young women at the different corners down town. One young woman raised \$50 in less than an hour, averaging a dollar a minute. The sums paid for tags ranged from 1 penny to \$25. A poorly dressed woman of middle age walked up to one of the young women selling tags. "I haven't very much, but I would like to give a penny," she said, so she was duly tagged.

The \$2,500 was raised by about fifty young women, including: Misses Mary Marston, Gretchen McConnell, Mae Engler, Marlon Kuhn, Genie Patterson, Dorothy Stowitts, Leonora Williams, Dorothy Huse, Gladys Goodman, Elizabeth Bruce, Mary Burkle, Katherine Thummler, Minerva Fuller, Minnie Johnson, Gladys Peters, Daphne Peters, Eleanor Cushing, Gladys Hodgkin, Mabel Hodgkin, Katherine Woodworth, Mildred Rubel, Sidney Stebbins, Irene Majors, Helen Hatch, Margaret Kiewit, Fannie Rosengstock, Hortense Spiesberger, Mamie Spiesberger, Pearl Davey, Hazel Howard, Carol Howard, Dorothy Hall, Dorothy Sayre, Mildred Scott, Helen Weeks, Helen Smith, Mildred Butler, Ellen Creighton, Irene Carter, Ellen Welch, Minnie Palmer, Anita Palmer, Henrietta Flack, Helen Weeks, Isabel Vinsonhaler and Helen Howe.

Madames George Voss, F. L. Haller, Hinterlong, J. C. Burkhart, George Pangle.

Woman's Club Benefit Play.

The spirit of wanting to give to the relief fund is visible on all occasions. The Omaha Women's club will give a benefit performance at the Brandeis theater Wednesday afternoon and evening and the sale of seats is no burden to those selling tickets. All feel that it is a pleasure to buy tickets and although many have suffered losses of different kinds the ticket sellers are greeted with smiles. Not only do people take seats, but four and six tickets are sold in most instances. The poor with the rich are buying and in many cases the poor man or woman gives a dollar where his rich brother gives half the amount. No one seems to be standing upon ceremony. Many prominent people of the city are assisting with the benefit and among them members of the Players' club.

This is the first public appearance of this club this season and will give two sketches. Several dances. Miss Marie Swanson will give two harp solos and the members of the Women's club will give the "Sides of Ben-Mor," under the direction of Miss Lillian Pitch, who is leader of the oratory department of the club.

Sew for Tornado Victims.

The women at the Merriam hotel were among the first to form sewing societies for the relief work. A bundle of completed garments was sent to the Auditorium this morning and the women are sewing under the direction of Mrs. George Thompson. Each day the women in the hotel assemble in the parlors and spend the greater part of the day making garments. There are many other volunteer societies in the city doing the same work. Calls for material at the Auditorium are being made every hour in the day by these societies, and in some cases they are furnishing their own material and sending down the new garments. The Burgess shirt company is having its sewing girls work on all garments which are needed for immediate use. There seems to be a great demand for clothing for girls from 6 to 12 years of age.

Where They Are.

Mr. and Mrs. Edwin T. Swobe, who resided at Fortieth and Harney streets, have taken apartments at the Colonial. Mr. and Mrs. James Woodard and Miss Marie Woodard, whose home on Burt street was badly wrecked, are staying with Mr. and Mrs. Louis C. Nash. Miss Claire Helene Woodard is in Washington, D. C., and will visit Mr. and Mrs. E. V. Krug in St. Louis before returning home.

Stomach Misery Just Vanishes

Time It! No Indigestion, Gas or Sourness Five Minutes After Taking "Pape's Diasepsin."

If what you just ate is souring on your stomach or you feel gas and cruetate sour, undigested food, or have a feeling of distention, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diasepsin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house to case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to know you the formula plainly printed on these fifty cent cases, then you will understand why dyspeptic troubles of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diasepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation. This city will have many Diasepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery.

Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.—Advertisement.

Those suffering from a nervous breakdown caused by the recent storm will find a quiet rest place at the Birchknolls Sanitarium. Gertrude R. Smith, graduate nurse and superintendent, 2311 St. Mary's Ave., S. W. corner. Phone Douglas 5595.

Tom Moore Club Mask Ball.

Invitations are out for the private masquerade party, which will be given by the Tom Moore club at Turner hall, Thirteenth and Dorcas streets, Monday evening, April 7.

Omaha Woman's Club.

The literature department of the Omaha Woman's club has postponed its meetings indefinitely. The household economics department will meet Thursday morning and in place of having its program will see for the relief work.

Amateur Club Postponed.

The amateur musical club meeting planned for this afternoon at the home of Mrs. S. B. Caldwell is postponed two weeks.

Church Play Postponed.

The members of the Philathea class of the First Methodist church, who had planned to give a play, "Treasure Point," April 5, at Jacobs' hall, when the proceeds would go to the church, have postponed the play indefinitely.

In and Out of the Bee Hive.

Mr. and Mrs. Harry Nicholson spent the week-end at Colfax Springs. Mrs. Franklyn Harwood of Chicago arrived this morning to visit her mother, Mrs. Conant, at the Bachelors. Mrs. Harry Byram and small daughter, Miss Helen Byram, who have been visiting Mrs. Byram's parents, Mr. and Mrs. A. P. Tukey, returned Saturday to their home in Chicago.

Mrs. J. A. C. Kenney and her sister, Mrs. Alfred Ellick, and two children will leave Tuesday for La Jolla, Cal. Mrs. Kenney will remain about three weeks and will leave her children in her home with her mother, Mrs. Robert Purvis. Mrs. Ellick and children will remain about six weeks.

George Campbell of Edmonton, Canada, arrived in Omaha Friday and left Saturday evening for his home, accompanied by Mrs. Campbell, who had been visiting her parents, Mr. and Mrs. E. L. Robertson, and Mrs. Fred Hamilton.

Mr. and Mrs. Eugene Gullik of Denison, Ia., spent the week-end as the guests of Dr. and Mrs. J. C. Hammond. Mr. and Mrs. Charles Voss and Loyal Voss of Denison were the guests of Mrs. J. W. Thomas. They return home today.

Demand for The Bee Souvenir Book Just as Great as Before

More than 4,000 copies of The Bee souvenir book of the tornado had been delivered by 2:30 o'clock yesterday and thousands of orders were waiting to be filled. Books are being sent out as fast as they can be secured from the presses which have been kept going night and day since Saturday morning.

Cost Congress to Meet Here Next Week

The eighth annual convention of the Missouri Valley Typothetae Cost congress will be held in Omaha April 7 and 8. Invitations are now being sent out by the Commercial club publicity bureau. Headquarters of the convention will be at the Paxton hotel. Among the entertainment features will be a theater party Monday evening, a luncheon and auto ride for the women Tuesday, and a banquet at the Paxton Tuesday night.

University Halts Endowment Work

All organized efforts toward increasing the permanent endowment of the University of Omaha have been suspended on account of the loss to Omaha caused by the tornado. Letters announcing this fact and also giving notice of his own resignation as business manager of the university, have been sent to members of the committee of 199 on permanent endowment by Charles A. Alden.

POSTOFFICE RECEIPTS SHOW A BIG INCREASE

The gross receipts of the Omaha post-office for the month of March just closed are greater by 26 per cent than they were for March a year ago. Figures are as follows:

For March, 1912.....	\$115,028.32
For March, 1913.....	146,194.19
Increase.....	\$31,165.87

An itemized comparison of the receipts for March during the last three years shows the following:

1911.....	1912.....	1913.....	
Sale of stamps.....	\$44,075	\$53,525	\$100,750
Postage.....	12,347	12,469	14,241
Class and box rents.....	11,237	12,469	14,241
Totals.....	\$67,659	\$78,463	\$129,232

RELIEF WORK SYSTEMATIZED

All Must Now Have Orders from Various Relief Stations.

NEED OF AUTOS IS NOW GREAT

Trucks Are Wanted to Haul in the Large Quantity of Furniture Which Has Been Donated All Over City.

One by one the various relief stations throughout the city will be abolished and the relief base will be the only place where the victims of the storm sufferers will be able to secure aid. This was the announcement made yesterday by Captain Strickland, in charge of the work at the Auditorium. The representatives at the relief stations will still remain at their posts, but their supplies will be taken away and persons seeking aid will be given orders which will be filled at the Auditorium. The work of supplying the various relief stations every day has proven to be a huge task which required much work, and many of the city employees at the Auditorium were required to work in some cases as long as twenty consecutive hours.

Work of Health Department. Employees of the health department who were stationed at the Auditorium were ordered to report for duty at the city hall. Much work is to be done by the health department throughout the city from now on and the department could not spare the men.

A slight relief from the heavy work of the last eight days was felt by the relief workers in the Auditorium. The relief stations are well stocked with supplies and the relief base was able to catch up on back orders. A small supply of broom-stick and plug tobacco was sent out to the various stations. The Uncle Sam Broom-stick Food company donated seventy-five cases of their product. Five cases were sent out to each of the relief stations. The relief base has on hand a small quantity of pickles, which will be delivered on order while they last.

More Automobiles Needed. "Automobiles," said Captain Strickland, "for relief work are conspicuous by their absence. The relief work for the sufferers is handicapped very much by reason of this, as aid cannot be given so quickly. The emergency fund cannot pay \$25 a day to hire work of this kind."

Treasurer Cowell Publicly Thanks the Donors to the Fund

Treasurer Robert Cowell of the tornado relief committee has issued a letter to the people in grateful acknowledgment of the promptness with which people have contributed to the relief fund. Following is the letter:

"The people of Omaha are very grateful to you for your prompt and kind contribution to the fund for the relief of those who suffered from the tornado of Easter Sunday. Please accept also the special thanks of our committee. It will gratify you to learn that matters are now well in hand, and while it will take a long time to restore the wrecked homes, immediate needs are provided for as soon as discovered, and relief stations are conveniently placed in all the stricken districts. Faithfully yours, ROBERT COWELL, Treasurer."

Fresh Eggs Are on the Way from Kansas

While unsolicited donations of money from outside the state keep pouring in upon the relief committee, a new class of donations is being received. Mayor Dahlman received a letter from Enoch Hassebrook of Riley, Kan., saying the farmers in that vicinity had donated about fifteen cases of eggs, which Hassebrook would forward at his own expense if they were needed.

Miss Nell Malone, assistant to the mayor, advised Hassebrook that the donation could be used. Carloads of provisions are coming from neighboring states. Miss Malone, who has been working incessantly to answer inquiries addressed to the mayor, has accepted the checks, money or provisions sent by generous people from many places.

FREAKS OF THE TORNADO DO SOME STRANGE STUNTS

A curtain was sucked in between the top of a large pane of glass and the sash and held there so tightly that it could not be removed without breaking the glass. This illustrates the suction power of the tornado. The putty must have been first removed by the inward pressure and the glass tilted inward. Numerous pieces of glass were deeply imbedded in an interior door, compelling the furnishing of a new door. Generally the glass driven inward was in very small pieces.

A stone of several cubic feet was placed on the roof of one house. A stone weighing apparently about a half ton was placed on another house. A gravestone was carried two miles. Books from the city of Omaha were found north of Neola. The upper portion of the furnace in a basement was carried away, indicating a suction extending below ground level.

POSTMASTER GENERAL SENDS WORDS OF SYMPATHY

First Assistant Postmaster General Daniel C. Roper has written Postmaster John C. Wharton in reply to an official letter sent him by Mr. Wharton telling of the storm and the conditions it brought about. Following is Mr. Roper's letter:

I wish to thank you cordially for your letter of the 25th instant, giving me more specific information in the regard to the effect of the recent storm at Omaha than I have been able to gather from the public press. There is a consolation which may be gotten from this calamity, and that is the milk of human kindness, which has been flowing in such abundance from the hearts of our fellow citizens.

The postmaster general is especially pleased with the prompt and businesslike way in which the postmasters of the storm district have cared for the situation and it is a source of pleasure to me to be able to congratulate you and to thank you in this connection.

Cough Medicine for Children. Too much care cannot be used in selecting a cough medicine for children. It should be pleasant to take, contain no harmful substance and be most effective. Chamberlain's Cough Remedy meets these requirements and is a favorite with the mothers of young children everywhere. For sale by all druggists.—Advertisement.

The Highest Authorities

I had written for perhaps ten years warning American women against canned foods. I said, put them up at home or go without them. I beg them now to use canned foods. We are proud to have them on our table. MARION HARLAND.

For reasons of natural shortage, for periods, places and times when fresh goods are not available, the canned goods fill a most important place in the modern dietary, and the wholesomeness, palatability and convenience of the products are in most instances unquestionable and under modern conditions of life they are filling a larger and larger need. DR. HARVEY W. WILEY.

These canned goods were essential to the subsistence of the troops in the Philippines who were scattered through the islands and subjected to unsanitary conditions and surroundings. But the general good health of the army there, especially during cholera and plague epidemics, when canned goods were principally used, was primarily due to the variety and wholesomeness of the canned foods. DR. GEN. HENRY G. SHARPE, Commissary Department, U. S. A.

There can be little doubt in the mind of anyone who has visited a modern canning factory where fruits and vegetables are being prepared for the market, that the product is actually cleaner than when prepared in the ordinary home kitchen. DR. W. L. CHENOWETH, Formerly of Homehold Science Dept., University of Illinois.

THE NATIONAL CANNED FOODS WEEK COMMITTEE

U. P. DIVIDES DEPARTMENTS

Colonization and Advertising Business to Be Handled Separately. R. A. SMITH GETS A PROMOTION Will Be Given Full Charge of the Colonization Department of the Road, with Headquarters in Omaha.

With the return of Passenger Traffic Manager Fort from the east comes the official announcement of the promotion of R. A. Smith, advertising agent of the Union Pacific, to colonization agent of the entire Overland system, with headquarters in Omaha. The promotion is effective at once. J. A. P. Curamin, formerly connected with the Chicago and New York offices, becomes advertising agent.

The promotion of Mr. Smith dissolves the merger of the advertising and colonization that has existed for more than a quarter of a century. Hereafter the colonization work will be in a department by itself and is to be regarded as one of the most important in connection with the Union Pacific, as it is to be turned into a revenue producer with a view to filling western Nebraska, Wyoming, Utah, Idaho, Washington and Oregon with farmers, building up towns and establishing industries of all kinds.

Besides being a colonization agent, Mr. Smith will do the work usually performed by the industrial commissioners of other railroad systems. He will get in touch with all towns and cities on the Union Pacific system and find out just what inducements are needed and what inducements are offered by the commercial clubs and other civic organizations.

Many Applicants. In selecting a man for the new position there were many applicants, but after looking the field over thoroughly, it was decided that Mr. Smith possessed the necessary qualifications and that his long acquaintance with the railroad system and the country tributary admirably fitted him for the place.

In the past the colonization end of the advertising department has not been abundantly supplied with funds, but now a liberal appropriation has been made and is to be used in prosecuting the work and developing the central west.

WOODMEN TO HOLD BIG CONVENTION NEXT WEEK

The head camp convention of the Woodmen of the World for Nebraska will be held at Grand Island April 8 and 9. Train leaves Omaha at 3:30 p. m. April 7, reaching Grand Island at 8:30 p. m. via Union Pacific railway.

Druid camp, No. 24, Woodmen of the World degree team and staff will exemplify the three degrees at Grand Island head camp convention. Captain Jasperon, in command April 9. Every camp clerk of the Woodmen of the World who has members affected by the cyclone should call on John Kennedy, city manager, who has charge of the sovereign camp relief department, rooms 202 and 203, Woodmen of the World building.

Diabetes

Simple Herb Quickly Relieves This Dread Disease.

Diabetes has heretofore been considered incurable, and the only hope held out to the afflicted has been the use of insulin. A plant recently discovered in Mexico, called Diabetol Herb has been found to be a specific treatment of diabetes, quickly reducing the sugar gravity and sugar, restoring vigor and building up the system.

Old Woman Makes Neat Sum Out of The Bee Souvenir Book

The Bee souvenir book of the tornado made \$12 for a tornado victim Monday and she is still making money. An old lady called at The Bee business office and wanted some books to sell. One of the young women working in the business office heard her story and out of her own pocket bought her twenty books. These the old lady soon sold, and with the extra money she had received, came back and bought 100 more. These were soon gone and altogether she sold 300 of the pamphlets Monday.

MRS. MORIARITY'S VALUABLE COAT IS RETURNED TO HER

Mrs. Clara Moriarity did not like the publicity The Bee gave her because she lost her fine coat at the Auditorium when she was assisting in the relief work. Now she is thankful for the publicity because the coat has been returned to her. It was found at one of the relief stations and had not yet been given out.

TORTURING ECZEMA SINCE CHILDHOOD

Itching Too Terrible to Describe Perfectly Cured by Resinol. Washington, D. C., Feb. 12, 1913.—"Since early childhood I have suffered untold misery with that terrible torture, eczema, on the backs of my hands and fingers. I have spent hundreds of dollars on treatments and consultations and bought every known remedy, but could not be cured. My hands would crack open, oft times showing the ligaments, and the skin would stick to the inside of my gloves.

Gave Up All Hopes of Cure. "The itching was too terrible to describe and sleep was possible only when in an exhausted condition. This winter I had given up all hope of ever finding a cure, when I heard of Resinol and purchased some. The results were perfectly marvelous. I used three jars of Resinol Ointment with Resinol Soap and my hands are perfectly cured. I cannot find words strong enough to praise Resinol and what it has done for me. I wish everyone needing relief from that stubborn and torturing affliction would give Resinol a trial. I shall be pleased to answer any inquiries." (Signed) Mrs. Harry O. Jarboe, 611 E. St., N. W.

You can try Resinol free, for skin eruptions, pimples, dandruff, stubborn sores, boils, or piles. Sold by every druggist, but for trial, write to Dept. B-T, Resinol, Baltimore, Md.—Advertisement.
