

TWO KILLED, TEN INJURED

Through Burlington Passenger Trains Meet Near Sheridan.

ENGINEER DISREGARDS ORDERS

Falls to Take Siding to Let Westbound Train Pass and Collision Occurs Near Sharp Curve at Wakeley, Wyo.

SHERIDAN, Wyo., April 3.—(Special Telegram.)—Two are dead and ten seriously injured as the result of a head-on collision between two Burlington passenger trains five miles east of Sheridan last evening.

Burlington officials assign the disaster to the failure of Engineer M. E. Miller of eastbound passenger No. 41 to observe orders to take the siding at Wakeley, where the accident occurred.

The dead: W. C. TAYLOR, route agent for the Adams Express company, Sheridan, Wyo.; M. MOBBERY, Tacoma, Wash.

The injured: Gus Holden, engineer on the westbound train, Sheridan; leg and hand crushed.

J. S. Rutherford, Elgin, Okla.; back sprained.

Fred Milley, express messenger, Billings; internally injured.

Steve Buppas, Monarch, Wyo.; leg crushed.

S. D. Cox, Hampton, Neb.; legs crushed, right wrist cut and hand gashed.

J. L. Taylor, Oronocho, Ky.; left knee injured and back sprained.

O. F. Robinson, Denver; left foot mangled and back crushed.

J. C. Pace, Walla Walla, Wash.; right foot mangled and left ankle sprained.

Sam Rosenbater, New York; leg crushed, right hand and wrist crushed.

W. C. Harris, Spokane Wash.; internally injured.

Others received minor injuries.

Practically all the injured were passengers in the smoking car on the eastbound train which was telescoped. But one injury is reported among passengers on No. 41 westbound.

Orders to Take Siding.—The eastbound train left Sheridan at 2:45, ten hours late with orders to take the siding at Wakeley for the westbound passenger due at Sheridan at 2:45, but running fifteen minutes late.

Observing that Engineer Miller failed to enter the siding as ordered, conductor Faye gave the emergency signal and applied the air, bringing the train to an abrupt stop. Two train lengths beyond, No. 41, westbound, crashed into it a moment later before a flagman could be sent out and before the eastbound train could back into the siding.

Engineer Holden of the westbound train had no warning of the impending disaster as the trains met on a sharp curve. Having the right of way and running late he was pulling up the hill east of Wakeley under a good head of steam, when the crash occurred.

The crew of the eastbound train, realizing that No. 41 was due at Wakeley, jumped in time to save their lives. Engineer Holden stuck to his post and was among the injured. He is in a serious condition and may die. An extra baggage car on No. 41 and the smoking car on the eastbound train were completely telescoped. The locomotives were reduced to scrap iron.

A special manning by physicians and railroad officials left for the scene immediately upon receiving news of the disaster, returning with the dead and injured, an hour later.

The injured were removed to the State hospital. Twelve hours will be required to clear the tracks of the wreckage.

Rowe Leaves His Estate to His Wife

Charles I. Rowe, real estate dealer, who died Monday of pneumonia contracted while he was assisting friends after the tornado, left his entire estate to his bride, whom he married ten months ago. In addition life insurance policies payable to her aggregate \$36,000.

Mr. Rowe's will was made several months before he married Miss Mary Lydia McDonald, formerly of Savannah, Ga. It provided that if he died before they were married she should receive \$10,000. If he died after the wedding she should have the entire estate, which is valued at about \$25,000.

Dudley McDonald, William E. Rowe and John H. Rowe, all of Savannah, were executors named in the will, but they refused to serve and David P. Abbott was appointed executor by County Judge Crawford.

MAKES RHEUMATISM PROMPTLY DISAPPEAR

Crippled-up Sufferers Find Relief After Few Doses of Croxone Are Taken.

It is needless to suffer any longer with rheumatism, and be all crippled up, and bent out of shape with its heart-wrenching pains, when you can surely avoid it.

Rheumatism comes from weak, inactive kidneys, that fail to filter from the blood, the poisonous waste matter and uric acid; and it is useless to rub on liniments or take ordinary remedies to relieve the pain. This only prolongs the misery.

The only way to cure rheumatism is to remove the cause. The new discovery, Croxone, does this because it neutralizes and dissolves all the poisonous substances and uric acid that lodge in the joints and muscles, to scratch and irritate and cause rheumatism, and cleans out and strengthens the stopped-up, inactive kidneys, so they can filter all the poison from the blood, and drive it on and out of the system.

Croxone is the most wonderful medicine ever made for chronic rheumatism, kidney troubles, and bladder disorders. You will find it different from all other remedies. There is nothing else on earth like it. It matters nothing how old you are, or how long you have suffered, it is practically impossible to take it into the human system without results. You will find relief from the first few doses, and you will be surprised how quickly all misery and suffering will end.

An original package of Croxone costs but a trifle at any first class drug store. All drug stores are authorized to sell it on a positive money-back guarantee.

Three doses a day for a few days is often all that is ever needed to overcome the worst backache or urinary disorders.—Advertisement.

Hair Falling?

Then stop it! Stop it now! You can do it with Ager's Hair Vigor. Does not color the hair.

Settlement of the Court House Mixup

Stopped by Lawyers

Caldwell & Drake, builders of the county court house, and their lawyers, Stout & Rose, are at war and the tangle surrounding a sum still due the contractors from the county, variously estimated at from \$68,000 to \$73,000, has been rendered more involved by a suit in district court to recover attorneys' fees.

Following are the complications growing out of the latest move in the fight: The board of county commissioners may be enjoined from paying \$70,000 to Caldwell & Drake. An injunction is asked in the petition, but no attempt to secure a restraining order has been made.

George W. Caldwell is in Omaha and made a demand on the commissioners for \$73,000, whereas six weeks ago he was reported to have been willing to settle the claim for \$66,000. The original claim was for \$71,000.

John E. Stout, as the surviving member of the law firm of Hall & Stout, retained by Caldwell & Drake, August 1, 1909, and a member of the firm of Stout & Rose, has brought suit to recover \$7,750 fees, alleged due and unpaid. Judgment against Caldwell & Drake for this amount, with interest from dates when the various fees became due, is asked.

Demand is made that a receiver be appointed to hold the \$70,000 alleged due Caldwell & Drake during the pendency of Stout's suit.

Allegation is made that the board of county commissioners is about to settle with Caldwell & Drake.

The courts are asked to compel the payment of the \$70,000 under the conditions previously set forth in the petition.

Mr. Caldwell asserts that the fees asked by Stout & Rose are excessive.

The pitiable condition of some of the cyclone babies whose wardrobe was blown away appealed to some of the men in the wholesale houses and they collected a number of bundles for the babies and sent them to the relief stations.

Some of the women decided to open the bundles before sending them out. One bundle contained a pretty little white baby dress, a bib, a package of safety pins, but alas, slack, the coat in the bundle was for a husky 5-year-old and the cyclone baby would have to wait for some time before being large enough to make use of the coat.

Ethel Nolen Brought to Omaha for Trial

Ethel Nolen, wife of Digs Nolen, was brought to Omaha Wednesday night from Muskogee, Okl., and placed in the Douglas county jail to await trial in federal court on an indictment charging her with being a party to the conspiracy to liberate her husband, Digs Nolen, while he was in federal custody in the Douglas county jail last winter. She attempted to put up a defense to escape removal to Douglas county from Oklahoma. District Attorney Howell, United States Marshal Warner and Captain Hase went to Oklahoma for the removal hearing. They took with them Ernest Nolen, brother of Digs, and A. D. Galbraith, who are also implicated in the conspiracy. Ethel Nolen had little defense when the removal hearing began. She attempted to deny her identity, but this was cleared at once when both Ernest Nolen and Galbraith identified her as his wife. Captain Hase and Marshal Warner.

WIFE BEATER GIVEN FORTY-FIVE DAYS FOR BEHAVIOR

Ralph Laitrensen, was given a severe spanking by Judge Foster in police court besides a sentence of forty-five days.

Mrs. Laitrensen, who works out by the day doing washing and ironing, returned to her home, 88 South Twenty-third street, Wednesday evening, after working ten hours and was met at the top of the stairs by her husband, who demanded her day's wages, \$2, with which to buy dogs. Mrs. Laitrensen refused and he grabbed her by the throat and attempted to throw her over the railing.

Laitrensen is an old-time offender and upon receiving his sentence, turned to his wife and remarked, "All right, I'll see you later." Mrs. Laitrensen appealed to the judge for protection when her husband's time should be up, as she is afraid he will kill her.

COMPLAINT AGAINST KUEH IS DISMISSED

Fritz Kueh, 113 South Twenty-eighth street, was arraigned before Judge Foster charged with disorderly conduct.

Kueh told the judge he was sitting peacefully on his front porch watching his pet dog playing on the grass, when a building took after Kueh's dog and chased it into the house, knocking over chairs and upsetting his sick wife. Kueh started to get his gun to shoot the pursuing building, when its owner appeared, demanding him to abstain from bloodshed. An argument followed and hot words were exchanged, out of which grew the complaint.

After hearing Kueh's story Judge Foster dismissed him.

SHARY SAYS SUIT IS FOR SAKE OF PUBLICITY

That the suit for \$50,000 damages for alleged malicious statements brought in Kansas City by Ralph S. Langley, president of the Standard Land company of Kansas City against John H. Shary, president of the International Land company of Omaha and Frank H. Gaines, his attorney, was brought to secure publicity, is Mr. Shary's view of it. Both he and Attorney Gaines denied that they had made statements derogatory to Mr. Langley, though a suit for about \$5,000 for alleged breach of contract has been filed against the Standard Land company by the International.

BREWERY WAGON DRIVER IS NEARLY ASPHYXIATED

George Muhl, a driver in the employ of the Pabst brewery, is in a precarious condition at police headquarters as the result of inhaling gas in a room at the Oxford hotel by Twelfth and Farnam streets. Muhl registered at the hotel Wednesday night. The chambermaid smelled gas in the upper halls yesterday morning at 7. Unlocking Muhl's door
