GOLF TOURNAMENTS SOON

Opening Gun of Big Season to Be Fired in Eleven Days.

FIXTURES ARE COMPLETED

While Principal Contests Are Scheduled, There Are Still Other Competitions to Be Carded.

NEW YORK, April 5.—In a little more than a week the opening gun will be fired of what promises to be one of the greatest golfing seasons in the history of the game in the United States. To be exact, the beginning of the annual spring tournament of the Country Club of Lakewood on April 17 marks the start of a series of competitions in the north that run along in rapid succession until it is time for snow. There has been an intermission in July and August in the past, but this season's schedule of tournaments leaves few weeks even in these warm months when there is no competitive golf.

Then there is another feature of this season that promises to set a mark, that is the international phase, with Americans going abroad early in the summer, and the famous Britons, Vardon and Ray, visiting these shores in August and September, with a possibility of some amateurs coming over about that time.

At Atlantic City. After Lakewood comes the Atlantic City meeting the next week, followed by Garden City, then the metropolitan amateur championship tournament at Fox Hills, May 21 to 26, inclusive. After that tournaments are scheduled in such rapid order that some of them overlap a day or two. June and September are the busiest months, both being filled with competitions of importance and of a championship caliber.

The month of June will settle the local championships, the amateur and women's, while the Metropolitan open, practically the only important tournament remaining to be arranged, is likely to come close in the heels of the others. September events are mostly those involving the national titles, the amateur and the open, with the women's early in October.

Although the list of fixtures is practically complete, there are any quantity of other competitions still to be carded, and all of them involving players from different sections, such as the intercollegiate team matches, interclub matches, trade association tournaments, and other similar meetings on the links. It remains to be seen whether or not the Women's Metropolitan Golf association will find it convenient to hold as many one-day tournaments as last year, when these gatherings proved so popular. Close to thirty of these days were spent on the links last summer.

Fixtures Arranged.

Following is a list of fixtures in which golfers take keen interest:

base ball clubs. Following the players will come the automobiles with the fans and the various organizations. The opening day will be the first opportunity the Omaha fans will get to see the Omaha team in operation. The players will play their last exhibition game with Denver at Oklahoma City on April 15 and then jump home, arriving here about April 17. No practice will be held on this day, as Bourke will allow his men to rest up for the opening game. Just who will hurl on this day has not been decided and will not be made public until Pa. Bourke and his team arrive here.

FAST TEAM AT CREIGHTON

for the Sacred Heart college of Denver before Creighton left. The first game for Creighton comes next Saturday with Omaha High school on Creighton field. Creighton expects to win this game, but not by such a top-heavy score as that of last year, 27 to 0. The high school team has had the advantage of a longer period of practice, but the varsity expects to offset this advantage by their teamwork, since a number of the collegians have played together for several years.

Following Omaha High game comes Omaha university. Two games have also been scheduled with the University of South Dakota. The first will be here May 14, the other at Vermillion later. These will be the two biggest games of the year, and every effort will be made to win them. Seward has promised any of the open auto-season dates to the collegians, and a trip through the State league section is now almost a certainty.

AMERICANS MAY WIN CUP

all in good condition and form when the struggle with Australia takes place, and for this we may well be thankful. In addition to this, we may also have cause for jubilation in the personnel of the Australian team we will have to meet. "At a recent meeting of the Australian association held in Sydney the matter was discussed, and it was decided to send the team to America, leaving Australia, April 8, and that the players should be A. B. Jones, the present champion of New South Wales; S. D. Doust, who has been playing in England the last two seasons, and Horace Rice, an ex-champion of New South Wales.

FOOT BALL PRACTICE BEGINS

Cornhuskers Report for Spring Work Under Stiehm's Orders.

PREPARE FOR BALL SEASON

With the First Meet Less Than Two Weeks Off the Track Men Are Busy on the Cinder Path, Working Daily.

BY JAMES E. LAWRENCE. LINCOLN, April 5.—(Special.)—Jumbo Stiehm secured his first outfit at available gridiron lumber for the 1913 Cornhusker eleven this week when thirty-five candidates joined the spring foot ball training squad. As had been Stiehm's intention, practice was limited strictly to instructions in the fundamentals of the game, with no scrimmage, but with special reference to "inside foot ball."

Former Congressman Is Found Guilty in U. S. Federal Court

(Continued from Page One)

ST. LOUIS, April 5.—Henry M. Coudrey, former congressman, and Harry E. Gardner, were found guilty in the federal district court late this afternoon of using the mails to defraud. Coudrey and Gardner were charged with using the mails to defraud in the promotion of what came to be known as the twin insurance companies—the Continental Life Assurance company of America and the International Fire Insurance company of America. Both companies went into the hands of receivers.

Shields Looks Good.

(Continued from Page One)

Another man who looks decidedly good to the outsiders is Shields, formerly line man on the South Omaha High school team. Shields ups the beam at close to 125 pounds, and last season, with Rutherford, was accounted the most valuable man on the freshmen team. Cameron, weighing well over 200 pounds, is out for the center position and will fight with Allan, the veteran center, and Riddell, a Beatrice high school star, for the center job. Stiehm bids fair to have a couple of whirlwind backs to build up his offense next fall. Rutherford and Coffey are being used at half, although the veteran, Captain Purdy, will, of course, go back to his practice next fall. Purdy's record last fall and Rutherford's work on the freshmen team, mark them as the best pair of backs the Cornhuskers have had in more recent years. By a strange coincidence, both men claim Beatrice High school as the place of their academic training. Hawkins is also being used in the backfield.

Base Ball Season Opens.

(Continued from Page One)

The Cornhuskers will return to the base ball sphere, after their dropping out from this branch of sport for three seasons because of the passage of the summer base ball rule. The first game will be played next Friday afternoon with Deane college on the local grounds. The team will then leave on a long trip and will not play again on the local grounds until May 2, when a game is scheduled here with the University of Omaha.

Truck Men Busy.

(Continued from Page One)

With the first meet less than two weeks off, the Cornhuskers are busy on the track. Assistant Coach Reed is not entirely satisfied with the outlook, for he is short material in several events. He has four or five men who promise to star, but in the remainder of the squad, the outlook is not so bright.

Looks Over Outfielders.

(Continued from Page One)

Bud Sharpe, as scout for the Boston Braves, has been visiting various training camps looking over outfield material that may be of use to Manager Stallings.

Thousand Dollars Sent Omaha by the Los Angeles Times

(Continued from Page One)

A contribution of \$1,000 to the Omaha tornado relief from the Los Angeles Times fund through The Bee, illustrates again the reciprocal feeling of those who have themselves suffered from great catastrophes. The following telegram shows how the contribution is made: LOS ANGELES, Cal., April 4.—Mr. Victor Rosewater: Can give relief to the extent of \$1,000 from Times fund for benefit of Omaha sufferers. If assistance urgently needed you may draw on us for this sum. Answer.

Modern Woodmen to Help Brothers Today

(Continued from Page One)

Members of B. & M. camp No. 945, Modern Woodmen of America, who were fortunate enough to escape the tornado will again turn out in force today to assist their fellow "neighbors" who were victims of the storm. Last Sunday over 100 members of the camp put in the day clearing up debris and doing such other work at was found necessary. Members of the camp who desire to assist are asked to meet Sunday morning at 8 o'clock at 2306 Blondo street in their working clothes.

Another Victim of the Tornado is Dead

(Continued from Page One)

Mrs. Anna Patterson of Des Moines, who was visiting at the home of R. W. Archer, 4109 Farnam street, on the right of the tornado and who was severely injured by falling walls, died Friday night at the home of her brother, who lives at Fifty-second and Cuming streets.

FOSTER GIVES SERVICES OF TWO TO HELP CLEAN UP

(Continued from Page One)

C. E. Beer was arrested by Officer Smith Friday for trying to make his condition coincide with his name. Beer did not succeed in adding any fame to the city of Milwaukee so Judge Foster included him in the list of involuntary debris cleaners to see if he could do something for Omaha. Jolus Anderson, another gentleman slightly under the influence of malt and vinous liquor, who was arrested while prowling around the storm district and not being able to give a proper account of himself, was made a member of the willing workers, and told to get in closer touch with the section, than he had been before.
