

BRIEF CITY NEWS

Black-Falconer Co. Undertakers.
Balley, the Denton Co. No. 2548.
Fidelity Storage & Van Co.—Douglas 1514.
Have Root Print Is—Now Beacon Press.
Tornado insurance, the good kind. Geo. E. Turkinton, 502 Bee Bldg.
Lighting Fixtures repaired and refitted. Burgess-Granden Co. Douglas 2571.
Will Sew for Sufferers Again—Women of the First Presbyterian church will meet in the church parlors tomorrow to sew for the benefit of tornado sufferers. The women met last Monday for the same purpose.
Daughter Born to Polleys—News has been received in Omaha of the birth of a daughter to Mr. and Mrs. Edward M. Polleys of Missouri, Mont. Mrs. Polleys is a daughter of H. R. Gould of the United States National bank.
The State Bank of Omaha pays 4 percent on time deposits, 5 percent on savings accounts. The only bank in Omaha whose depositors are protected by the depositors' guarantee fund of the state of Nebraska. 11th and Harney streets.
Flood Does Not Delay Orders—William Pfeiffer Carriage works, agents for the Speedway trucks, have received a letter from the factory at Dayton, O., saying that the flood has not interfered in any way with deliveries of their orders.
Tornado Special—To help those who are repairing or rebuilding, we will supply during April and May, ready mixed paints and varnishes at a discount of 20 percent from regular wholesale prices. —E. E. Bruce & Co.
Girls Sew for Victims—The girl scholars of Miss Ralph's room at the Clark school have just finished making and filling forty-three sewing bags. These have been given to relief stations. No. 5 for distribution among the storm victims.
Fish and Scort to Washington—E. H. Scott, attorney for the Omaha Electric Light and Power company, and President Fred A. Nash of the company, have gone to Washington, D. C., where the case of the city of Omaha against the company, involving the franchise, is to be argued before the supreme court of the United States Monday.
Lecture in Sign Language—"The Signs of the Times" will be the subject of an address given this afternoon at 3 o'clock by Prof. J. A. Gillespie. The lecture will be given in College hall, corner Nineteenth and Farnam streets. The same address will be given in the language for the benefit of the deaf at 2 o'clock in the same place.
Easter Eggs Help Out—Edwin C. Couper, manager of the Munsing knitting mills of Minneapolis, who was in Omaha at the time of the tornado, has sent two large cases of underwear for men, women and children to W. C. McKnight of Brandeis stores to be distributed among the sufferers. Harry Barnard, a millinery commission man of Chicago, sent his check for \$10 to one of the Brandeis buyers.
Smith Held as Suspect—Abraham Smith, thought to be the partner of Andrew Potts, a pickpocket, detected in the act of robbing Thomas Nelson, 2603 North Eighteenth street, was arrested last night by Detective Jim Donahoe, as the former was preparing to leave the city. The detective learned that both had been living at the New State hotel, on Douglas street, and when he sought the roommate, he found that he answered the description of the man seen with Potts Saturday afternoon.

SCHOOL AND COLLEGE WORK

Problem of Holding Children's Interest in School Work.
POOR PAY OF COUNTRY TEACHER
Vigorous Appeal for Living Wage and Better Conditions in Rural Schools—Educational Notes.
A report made by the Vocational Guidance Survey of New York City, attempts to answer these questions:
1. Why do children leave school in large numbers as soon as they are 14?
2. What becomes of such children?
3. Will vocational guidance aid them?
In answer to the first question the report says that both parents and children are apathetic to the need of education. Only 20 per cent of the children in the districts studied left school on account of "economic pressure," which is said to be "by no means coincident with low income." To the second question the answer is implied in the statement: "The facts showed, broadly speaking, that there are no jobs for children under 15 which they ought to take." The third question results in the conclusion that "what the children want is vocational training" rather than guidance to jobs. A vocational bureau, it is asserted, would be "not only futile, but dangerously near exploitation, however well meant the intention might be."

FREMONT COLLEGE.

Activities Incident to Opening of Spring Term.
Registration for the spring term continued throughout the week. A large number of new students have enrolled and classes have been organized to meet the needs of those entering at this time.
Two of last week's commercial graduates have accepted good positions. Walter Dorothy is bookkeeper for the Krater Lumber company, Stuart, Neb., and E. A. Biens has a similar position with the state agricultural college at Lincoln.
William Kimpston, a former student, now a student in Creighton Dental college, Omaha, was a visitor.
Among former students in attendance at the N. A. were: J. A. Overturn, Leona Hummel, Fred Alder, Ellen Lukken, Ethel Woods, Frances Hess and Lucy Rosenquist.
Friday the primary pupils gave an exhibition of folk dancing at the chapel hour. Miss Mixer was assisted by Misses Hughes and Mather, practice teachers from her department.
Miss Zoa Donnelly has been elected to a primary position at Niorara.
Bohuslav Prochaska, who will complete the classic course in April, has been elected to the superintendency of the Lebanon school at \$30 per month.
Prof. Ralph E. Graham, dean of the expression department, gave readings at Brady and Maxwell this week.
Mrs. Kate Gilbert, dean of the Latin department, was one of the leading speakers at the East Nebraska Teachers' association, which convened in Fremont last week. The subject of her address was "Freedom."

MINNESOTA FARMER BOYS COME TO HELP IN OMAHA

It was a "bolder plate" patent inside sheet of a little weekly newspaper published near Albert Lea, Minn., that carried a story, telling of Omaha's distress, but it caught the eyes of George Roenfaas, 15 years, and Vernon Mork, 18 years, causing them straightway to come here to help the sufferers.
Neither one had ever in their lives been in an empty refrigerator car. When a brakeman kicked them off at Council Bluffs, they walked across the bridge to Omaha and were very much surprised when they discovered that the entire town was not razed.
This discovery was followed immediately by a second one, more startling than the first. It was that neither had eaten for twenty-four hours. They were crying when Detective Jim Donahoe found them, so he brought them into the headquarters station, where a collection was taken up and a square meal provided for each. Later Police Matron Gibbons gave each of the boys a bed.
"We came here to see if we couldn't help," said Roenfaas. When told that he and his friend might join the thousands of other boys in cleaning up the streets today, they both eagerly promised and

THIRTY-THREE HORSES KILLED BY TORNADO

Hans Neilson, humane officer, made his regular monthly report yesterday to Chief Dunn, and during the few days of tornado excitement, it appears that thirty-three horses were killed, twelve mules killed, and four cows so badly hurt that they were afterward shot. Neilson has three horses which are unclaimed.

NEGROES AS HOLDUPS SECURE SMALL BOOTY

J. M. Dahlberg, 828 Marcy street, was held up and robbed by two negro men early last night at Forty-eighth and Leavenworth streets. He lost only \$2.
Erich Ehart, recently from Holland, was robbed of \$15 and watch when he got into a friendly scuffle with two negroes in a lower Capitol avenue resort.

Be a Wise Woman
GET THIS RIGHT!
Some elastic in your long corset will make it fit better and more comfortably.
The semi-elastic Nemo Lastikops Webbing and Lastikops Cloth, used ONLY on Nemo Corsets, are guaranteed to outwear the corset.
In all other corsets the elastic goes and bands are made of the old-fashioned elastic webbing, which wear no time—the kind you had in hose supporters. Remember?
Insist on the Nemo, and make them SHOW YOU the Lastikops trademark.
Then you're safe!

LASTIKOPS WEBBING (NON-ELASTIC)

LASTIKOPS WEBBING (ELASTIC)

LASTIKOPS WEBBING (NON-ELASTIC)

HERE'S the corset marvel of 1913—over 500,000 sold during the first three months!
Nothing like it can possibly be made without Nemo Semi-Elastic Lastikops Cloth!
No. 322—low bust \$3.00
No. 324—medium \$3.00
The new Lasticurve-Back is a semi-elastic extension several inches below back steel—gives of semi-elastic Lastikops Cloth.
When you sit down, the gores expand—you're comfortable. When you stand, your corset clings like an eelskin—you're stylish.
Ask Your Dealer to show you these splendid new corsets and all the Other Favorite Nemos FOR ALL FIGURES \$3.00, \$4.00 and \$5.00 (A-7) KOPS BROS., Mrs. New York

UNIVERSITY OF NEBRASKA.

Various Activities Enliven Routine
The class in artistic dancing, under the direction of Miss Day, will give an exhibition in the Temple theater, May 3. It is the first time that this kind of performance has been attempted, but it will undoubtedly be a success and will be welcomed by a full attendance.
Next week the engineers have their annual celebration in the form of a week devoted to sports put on by those of the mechanically inclined minds. Tuesday there will be a special issue of the Daily Nebraskan, Thursday a special convocation and during the week several base ball games, and on Friday and Saturday evenings a mass meeting, a smoker and lastly a banquet.
Convocation Tuesday will be under the auspices of the College of Agriculture. The program will offer an opportunity to students of other colleges to learn more of the plans of the college.
"Nebraska," a new university song by Nathan Bernstein, head of the physics department of the Omaha High school, has made a most favorable impression.
According to a late order of Commandant Bowman, cadet officers heretofore are to be appointed from men who have had at least three years' credit.
The indications are that there will be a scarcity of Latin teachers for the high schools this year. This is true also of science and manual training.
Dr. C. E. Bessey has received an invitation to attend the semi-centennial of the National Academy of Science, which meets at the Smithsonian institution, April 22-24. Chancellor Avery also received an invitation, but cannot attend. Dr. Bessey has planned to be present.
Many inquiries are being received concerning the summer session. The earlier date of opening, June 3, is meeting with approval. It distributes the vacation period better for those in attendance.
The current issue of the University Journal contains a full page out of the late Dr. Walter K. Jewett, librarian of the university, with an appreciation by Prof. F. M. Fling.

KEARNEY STATE NORMAL.

Faculty Members Attend Meetings of District Association.
Superintendent A. H. Whitehouse of Fremont, member of the state examining committee, visited the normal and interviewed the candidates for certificates.
Dr. R. P. Hemmons of Kearney and Dean McFroud of Wesleyan university, were chapel visitors Monday and Tuesday.
Several members of the faculty have been in attendance upon the recent district association. President Thomas, Miss Etta Brown and Prof. O. W. Neale attended the Central Nebraska association in Grand Island the last week in March and took part in the program. Miss Cora O'Connell and Miss Charlotte Lowe are attending the West Central association now in session at North Platte, having part in the program Friday and Saturday. President Thomas made an address before the association at North Platte and addressed the Southwest Nebraska association at Holdrege.
Miss Lydia Salgren was called to Fort Scott, Kan., during the Easter vacation on account of the critical illness of her brother, who is still seriously ill.
The story telling matinee given Saturday by the young women of the kindergarten department under the direction of Miss Anna Caldwell and Miss Agnes Knutson was pronounced a success and was well attended.

EDUCATIONAL NOTES.

If the Illinois legislature grants the necessary approval, the school board of Chicago will furnish text books free.
The Minneapolis superintendent of schools recently advertised for persons to fill certain subordinate positions, and requested that each applicant send in his photograph. The result is a gallery of some 5,000 photographs.
An announcement was made in Pittsburgh that Andrew W. Mellon, the banker, has given to the University of Pittsburgh \$500,000 to endow a school of industrial research. In addition \$150,000 is given by Edward R. Mellon for a building to house this department.
It is one of the many evidences of the broad and enterprising work now being done for agricultural education that a report has been made by a committee to the senate in favor of doubling the tax for the Michigan Agricultural college so that that institution will receive \$1,000,000.
The right to marry has become a burning issue in the New York public schools, and the women teachers have been encouraged by their victory in their contest for equal treatment in respect to marriage.
Present the rule is that a woman teacher who marries is discharged from promotion, and it is said that in a number of cases teachers have married secretly in order to evade this rule, remaining in employment under the maiden name.
DENZIN UNDER ARREST ON CHARGE OF BIGAMY
William Denzin, 228 North Twenty-seventh street, has been arrested on a charge of bigamy at the instance of Mrs. Minnie Weisz-Denzin, alleged to be his second wife. Denzin is charged with having married Miss Minnie Dieff at Enid, Okla., in March, 1910. He wedded Miss Minnie Weisz of Livermore, Ia., in 1912.
Perseus Advertising is the Road to Big Returns.

OLD FOLKS FIND NEW REMEDY RELIEVES ALL KIDNEY AND BLADDER MISERIES

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After a Few Doses Are Taken
Sleep disturbing bladder weaknesses, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life.
The new discovery, Croxone, relieves all such disorders because it removes the very cause of the trouble. It soaks right into the kidneys, through the walls and glands and cells, and gives the kidneys new strength to do their work properly. It neutralizes the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out all the poisonous waste matter from the blood and drive it out of the system.
It matters not how old you are or how long you have suffered, Croxone is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies. There is nothing else on earth like it. It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate case.
You can obtain an original package of Croxone at trifling cost from any first class drugist. All drugists are authorized to personally return the purchase price if Croxone should fail in a single case.

Piles — Fistula — Cured

My mild treatment will cure Piles, Fistula and other Rectal diseases in a short time, without a surgical operation. I do not use Chloroform, Ether or other general anesthetic. I guarantee a cure of every case accepted. No pay until cure is effected. Write for a book on Rectal diseases and testimonials. DR. E. R. TARRY, 240 Bee Bldg., Omaha

Gus Renze Musters His Cohorts at Den For This Season

Rumors and ruminations are coming from the Ak-Sar-Bien Den that presents something bigger and better than ever before staged by Samson for the 1913 season. While hibernating during the winter Gus Renze has been evolving some kind of wonder for the coming year and has just issued a call for all knights to appear at the Den next month for rehearsals. Of course, what he has out there is being kept dark.
The Den was damaged to the extent of \$5,000 by the tornado, some of which was covered by insurance. Secretary "Dad" Weaver declares that repairs will be completed within two weeks and everything will proceed "rosily." Forces are now being mobilized to increase the membership of the show this year and make the show the "best ever."

Students to Visit Industrial Plants

The boys' department of the Young Men's Christian association has planned a series of "Know Omaha Trips" for vacation. These trips will be made to five industrial plants in Greater Omaha and are designed to encourage the boys to enter the "Know Omaha Essay Contest." The places to be visited this week are as follows:
Monday, Union Pacific shops; Tuesday, M. E. Smith & Co. and Iren Biscuit company; Wednesday, Cudahy Packing company; Thursday, American Smelting and Refining company.
The boys will meet at the Young Men's Christian association building at 9 o'clock each morning and 100 have already signed up for the trip.

UNDERPAID RURAL TEACHERS.

Forceful Pleas for Liberal Appropriations for Essentials.
Hon. David F. Houston, secretary of agriculture, takes up the cudgel for betterment of rural schools and a living wage for rural teachers. In his paper in Leslie's Weekly he says:
"The statistician tells us that the average salary of the teachers of the nation in the common schools is less than \$400 a year, and in the rural school districts less than \$200. Illinois reports rural salaries ranging from \$250 to \$400; Kansas, a salary of less than \$250; Missouri, Mississippi and Tennessee, one of less than \$250; Vermont, Maine and North Carolina, one of less than \$200. In urban communities it ranges from \$200 to \$250 or \$3,000 or more. The annual compensation of rural teachers is less than that of street laborers in cities, less than that of bricklayers, plasterers, carpenters, painters and brakemen, and the superintendent of Alabama reports that in that state it is less than the average earnings of convicts.
"Everywhere these teachers are stranded in one-room buildings, for the most part unsightly, devoid of the ordinary comforts, lacking in facilities in unattractive and insanitary surroundings, they teach all grades and hold from thirty-five to forty recitations a day for four, five, six or seven months a year, and do this without advice or assistance from competent supervisors or inspectors.
"Whenever the people know the facts and are intelligently led, they will face the situation, provide the means, and will regard the expenditure for development purposes as not a burden but as an investment."

PERU STATE NORMAL.

Students Raise Money for Storm Sufferers—Personal Mention.
On Wednesday a collection was taken up from the students and faculty for the benefit of the storm sufferers in Omaha. The amount raised was \$615.
Miss Rose Clark, teacher of geography, has been absent for two weeks at the bedside of her sister in Lincoln, who is said to be dying. At the same time Miss Clark's mother in Pawnee City is seriously ill.
Miss Carpenter, of the music department, is studying methods in the normal schools at Winona and Mankato, Minn.
Prof. C. F. Bech has recently been appointed by the governor as delegate to the farm and finance conference at Chicago, April 8.
Miss Lura Prest of York, who left school last semester on account of ill health, has returned to school.
Miss Luella Dye, of the senior class, has recently been elected assistant principal of the high school at Winnebago, Neb.
Charles Moulton, of the senior class, was in the recent vacation in a trip to Montana, where he filed on a 33-acre homestead. He has the offer of a good teaching position near his place.

CHADRON STATE NORMAL.

Former Students at District Teachers' Meetings.
A number of former students of this school, who are teaching throughout northwest Nebraska, attended the meeting of the teachers' association here last week. Among these were Jerome Rebeck, Pearl Evans, Hazel Beckwith, Esther De Lashmutt, Grace Pollock, Anna Clark, Ruth Cookrell, Ova Stump, Mabel Ricketts, Grace Francis, Anna Newblom, Lorena Parsons, Martha Strig, Jennie Yastigh and Claire Moorman.
Classes were dismissed Friday in order that the faculty and students might attend the sessions of the District Teachers' association.
Mr. Gregory, state inspector of normal training, spent several days here. He was present at the teachers' association.

RELIEF WORKER LOSES CAR AFTER DAY'S TOIL

As a climax of a hard day's work as foreman of one of the clean-up gangs in the storm stricken district, Ray Gould had his big yellow automobile stolen in front of the city hall last night between 8 and 9 o'clock.
Mr. Gould stopped at the city hall about 8:15 in the evening. He went to the council chamber for a committee meeting in connection with the relief work. At about 9 o'clock he stepped out again and found his car was gone.
The car was a 40-horse power Lexington. It was yellow, had the top up, and has a little of the yellow paint scraped off one of the doors. The number is 2667 Nebraska.
Take Plenty of Time to Eat.
There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. For sale by all druggists.—Advertisement.

DOANE COLLEGE.

Vacation Week Devoted to Repairs on Buildings and Grounds.
Since there has been no school the last week, time has been taken to do considerable cleaning and repairing around the buildings on the campus. One of the main improvements has been the fitting up of the boys' lounging room in Merrill hall. While this was set aside for the boys a couple of years ago, it had never been really fitted up, and the boys will welcome the improvements.
The two squads of the surveying class have been busy during the week and have completed all their work with the chain, transit and level.
Some of the fellows that stayed over during vacation, have put in considerable time in the tennis courts, and they are now in good condition for play. Rev. Calvert, a splendid tennis player, has agreed to coach the boys and put out a regular tennis team, which will be available for matches later in the season. He has begun his work with some who have stayed over.
Coach Johnson has been having daily workouts in base ball and there have been from ten to a dozen fellows out every day. The school begins in earnest as soon as the week is over. The new material is in sight, and with seven of last year's team back, Doane's chances for a winning aggregation in the national pastime are very bright.
Field Secretary Clark is home after a

Not Salts and Pills, "Cascarets"

If Constipated, Bilious, Headachy, Stomach Sour, get a 10-cent box of Cascarets—take one tonight.
You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have back-ache and feel worn out.
Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.
Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the intestines and bowels.
A Cascaret tonight will straighten you out by promoting a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe

Advertising makes people think --Do you want them to think about your store--your goods?

"A drop of ink makes millions think." You've got to make them keep on thinking if you want them to know your goods and your business. Make people know you. Make them know your store—your goods—your store policy. Make them. It's easy. It's cheap. It's sure. No one can avoid knowing if you keep up your advertising day after day.
The most stupid child in time learns to read. The teacher keeps the child repeating and repeating till it is there in his mind. There is no gamble about the child learning. It has to learn.
You have the same teaching force at your command—advertising. Common sense tells you that one advertisement won't teach people -- you must repeat day in and day out. Advertising results are just as certain as teaching.
The Omaha Bee reaches almost every home in Omaha.
Make people know you. Make them know your store—your goods—your store policy. Make them. It's easy. It's cheap. It's sure. No one can avoid knowing if you keep up your advertising day after day.

ABSTRACTS AT 1/2 PRICE IN THE TORNADO DISTRICT Kerr Abstract Co. 305 South 17th St. Phone Douglas 5487.
