

DR. PRICE'S Cream Baking Powder

**Its superiority is unquestioned
Its fame world-wide
Its use a protection and a guarantee
against alum food**

The low-grade powders are made from "alum," or "sodium aluminum sulphate," which is also alum, a mineral acid, which does not make the food healthful.

One pound of the low cost powders contains three ounces of alum, a mineral acid. Is it safe to put that on your pantry shelf along with cans of food ingredients?

Food baked with alum baking powders is found to contain a portion of the alum unchanged.

Read the ingredient clause of label on the can. Unless it shows cream of tartar don't use the powder.

GIVE MEALS TO THE WORKERS

Auditorium Mess Department is Again Put to Work.

ALL THE WORKERS ARE TAGGED

Relief Supplies Which Were at the Various Stations Are All Now at the Central Station in the Auditorium.

With upward of 100 people working at the central relief station at the Auditorium now that the work has all been centralized there, the mess department, which was discontinued Tuesday, was re-established yesterday. It is the intention that the cooking shall be kept up to feed the large number of those who daily volunteer their services at the relief station in order that they need not go out of the building for their meals. It is true that very few persons from the storm-swept district have been applying at the Auditorium for meals within the last week or more, but the problem of feeding the big working force at the Auditorium is almost as large a matter as was the feeding of the sufferers who found their way to the Auditorium during the first few weeks. There are some twenty-five persons in the headquarters department, some twenty in the clothing department, about fifty most of the time in the shipping department and from two to three constantly on duty in the restoration and legal aid departments.

Tag the Workers. J. M. Guild, in charge of the headquarters department, has decided that now that the entire working force is centered in the Auditorium, the various workers must be tagged according to the department in which they work. Accordingly he has all the workers labeled with a tag tacked to the lapel of the coat, telling whether a man or woman belongs to the headquarters, to the clothing, the shipping, the restoration or the legal aid department.

The various relief station managers are occupying desks at the Auditorium and are filling out requisitions for supplies as before. The relief station managers and the heads of the various departments, J. M. Guild of headquarters, E. F. Denison of clothing, C. C. Rosewater of relief committee restoration, Dan Butler of accounts, Waldemar Michaelsen of teaming, Francis Brogan of legal aid and Captain Strittmatter of purchasing, are now arranged in such close proximity that all are within speaking distance of one another at all times.

Brought to Central Station. The extra clothing that was stored at the various relief stations has been brought back to the Auditorium. Much of this is new clothing, as the committee has spent some \$28,000 on new clothing, besides receiving all the second hand clothing that was offered by donors. The clothing purchased was bought from wholesale houses that agreed to take back whatever would not be needed, and whatever came back in the original boxes in good shape. It is thought now that some will be returned, as large boxes of socks and other garments have been returned from the relief stations unopened. Just how much may be returned cannot be said at present, as there is nothing to indicate as yet how long the relief work will have to be kept up nor how much of the new goods may have to be used before the work can be discontinued.

The committee is still cheerfully receiving all contributions of clothing or food stuffs necessary in the relief work. Among the contributions received today were those of Albion, Gibbon, Fullerton, Ladies' Relief association of Albion, Oakland, Sidney, Ia.; Grand Union Tea company, Omaha; Tilden, Oconto, Elmwood, E. M. Townes of Silver Creek, Cedar Rapids, Cambridge, M. E. Mite society, Ladies' Aid society of Elmwood, Mrs. Henry of Albion, Citizens of Auburn, Perry J. Clark of Herman, Methodist Episcopal church of Oakland, Citizens of Silver Creek, Citizens of Cedar Rapids, Neb.

CALIFORNIAN SENDS \$50 TO THE RELIEF FUND

John Whitson, affiliated with the Luther Burbank Press in Santa Rosa, Cal., has written to Edgar A. Higgins of Omaha, complimenting The Bee on its enterprise in putting out the souvenir picture book of the tornado. He said the pictures were extremely good, but wished the occasion had never arisen for them.

Mr. Whitson sent a check for \$50 along with the letter, which was turned into The Bee for the relief fund.

HOLOVTVCHNER GIVES LIST TO RELIEF COMMITTEE

President E. Holovtvchner of the Board of Education has turned over to the citizens' relief committee a list of the beneficiaries of the \$10,000 appropriated by the school board to help its employees who had suffered because of the tornado. "This action is to prevent duplication of donations," said Holovtvchner. "The amounts of the sums donated have not been given to the committee. The list will not be made public."

Holovtvchner repeated that after a while when the committee saw fit the list would be opened to inspection of school board members. At present none of the board members, with the exception of the committee, has seen the list, although two

WIFE BEATER ARRESTED AND HELD BY THE POLICE

Sterling Price, 613 North Seventeenth street, was arraigned before Judge Postor charged with brutally assaulting his wife. "While under the influence of liquor Sunday night, Mrs. Price asserts her husband came home and whipped her. Being afraid to report the case to the police she meekly submitted, but when he repeated his maltreatment Monday night she had to seek medical attention, at which time the police were informed. Mrs. Price was taken to a local hospital from which place it is reported her collar bone is broken."

Price declares that he did not touch her, and, as no one appeared against him in court, he was held pending a thorough investigation of the case.

ALWAYS THE SAME GOOD OLD Blatz

John Wanamaker said a "quitter" should leave advertising alone.

"If there is one enterprise on earth that a 'quitter' should leave severely alone, it is advertising."

"He should know before he begins it that he must spend money—lots of it. 'Somebody must tell him that he cannot hope to reap results commensurate with his expenditure early in the game. 'Advertising does not jerk; it pulls. It begins very gently at first, but the pull is steady. It increases day by day and year by year until it exerts an irresistible power.'"—John Wanamaker.
