Six Tennis Players to Try for Davis Cup

in that section on their own soil.

NEW YORK, April 12.-Robert W. Lawn Tennis association, has announced that six of the players who have been entered to take part in the trial matches for the selection of the Davis cup team have signified their willingness to play. President Wrenn also said that arrangements are now being made for the preliminary matches.

America will be represented by a strong team this year, for the men who have answered the call for material are strong wielders of the racquet and ranked among the best in the country. Those who have come out and announced their willingness to try for the team are as follows: R. Norris Williams, the national clay ourt champion; Wallace F. Johnson of Philadelphia, Harold H. Hackett and Raymond D. Little have replied directly to Mr. Wrenn, while Maurice E. Mo-Loughlin, the national champion, and Thomas C. Bundy, the partner with Mc-Loughlin in the national doubles, have communicated with the committee through Dr. Sumper Hardy, the national committeeman of the Pacific coast. Harold Hackett, it is said, undoubtedly will be selected for the challenging team. It is said that the selection of the vet-

TOPEKA UNUSUALLY STRONG

Dale Gear Confident that His Kaws Will Finish Near the Top.

PITCHERS ALL GOING GOOD

Only Two of Last Year's Players Will Play on Team This Year-Outfield Looks Like the Beal Goods.

TOPEKA, Kan., April 12 .- (Special.)-Dale Gear believes the Kaws will begin the Western league season with a stronger come as confronted him a year ago.

speed of the circuit in preparing for the race in 1912, but he has overcome this with a year's experience. Last season, he was compelled to carry a number of submit to rules of discipline. A number of others were inclined to break training rules, wanted to kick and maintained a grouch during the entire seaseason with a single man which he inherited from the former management.

In getting rid of the undesirable men.

he thinks that he has been extremely fortunate in securing a few men who will make the fans of the circuit ait up and take notice. The most fortunate deal was in trading Bert King to Memphis for Cy Forsythe. The latter is a graduate of the Texas league and will outclass Polly McLarry, who hit 360 in twenty games with Lincoln last season, after completing the Texas season. He bought McLarry's release, so will have the service of both men. Lee, the only outfielder who played here last year, will guard the left garden as usual. All of these men will maintain a batting average of .200, it is believed, and they can field the ball also. Forsythe has as good shown this in the practice games.

Gear believes that with Rapps on first and acting as playing manager of the was purchased from the Portland team.

Wrenn, president of the United States ond base. He played in the Mountain Fred Gliom, a youngster, will be at recleague last year, but was signed upon the recommendation of George Huff of Illinois university. Ollom is a graduate of that institution and was the star of the team for two years. Joe French, who was secured from Stoux City, will cover the short patch. He is a familiar charac-

ter in the Western league. Pat Dulin will be at third. If any weakness develops on the infield. Genr believes it will be at this corner, but he does not expect it.

Gear is expecting considerable of his pitchers. He has George Cochran, Eugene Cochraham and Pep Hornsby of last year's staff. He has added Bill Futlerton, one of the leading pitchers of the New York State league, who was with Fails City last season. Hal Rustenhaven, who was given a trial with New York in 1911; Pat McGehee, who pitched Vicasburg to a pennant in the Cotton States league last year; Doc Reynolds, one of the leaders of the Central Kansas league, and McCollough of the Nebraska State league.

Crist, a catcher, has been purchased from the Philadelphia National league eran. Harold Hackett, would chiefly be team. He has been in the National and Eastern leagues four or five years and will be as good as any on the Western in the first ten of the doubles list last He was with the Kaws a part of last season and is pronounced good.

Gear believes this aggregation will bthe experts who are carefully scanning strong enough to finish in the first the records so as to put together one division, as they have shown marked

ATHLETICS

Rainy Weather of Last Week Kept Various Sports on Shelf.

BASE BALL TEAM ON A TRIP Leaves This Week to Meet Kansas Aggies-Conch Stickm Pleased with New Men at Spring Foot Ball Practice.

By JAMES E. LAWRENCE. LINCOLN, Neb., April 12.—(Special) A week of unseasonable weather has only served to deepen the gloom hovering around the coaches and track squad or the University of Nebraska. A steady downpour of rain the first four days of the week kept the track men inside during the most critical portion of the training season, interrupted the spring foot ball practice and made the base ball squad lay off for another week while the opening of the base ball season is close at hand.

Added to the loss of good spring trainlinquencies in scholarship, with two of the four veterans ineligible because they are down in their studies. While the record in the pole vault-it is not likely to keep them from the meets coming later in the spring, as the coach has ordered them to drop practice altogether and to get busy on their studies,

Reed is not very confident of the Hunkers showing up well in the Drake and prepare for the big French event. other fast players. relay meet, which comes a week from today in Des Moines. With Racely and Lindstrum in the squad, Reed might be able to overcome the handicap he has had in the weather.

Reed will get Beaver and Clark for the mile, while he will hold Racely, Zumwinkle, Reese and a fourth man yet to be picked in reserv.

> Foot Ball Men Grind. While the spring rains interfered, it did not keep the foot ball men from continuing the spring training instruction Stiehm has ordered and the squad was kept pegging away in the rain and the mud. Until it became so muddy that it wa simpossible to continue the signal practices the recruits were taught how to handle a slippery ball-a turning point in several games last season.

New men who look good to Stiehm are Ballis, Coffee, Thompson and Eller. The latter weighs 204 pounds and in additior to his beef has played enough foot ball to take him beyond the rudiments.

Base Ball Men Travel. The Huskers base ball team leaves on the first trip of the season this week. But two games will be played and both of these will be with the Kansas Aggles at Manhattan. The Cornhuskers are weak in pitching material, with Rodman and Strain the only two veterans in the bunch. Rodman has had a world of experience and should be the mainstay of the staff. eBitser has had no opportunity to get a line on his material as all of the practice has necessarily been limited to the gymnasium. Batting practice has been most seriously interfered with. Tennis Given Inning.

Tennis is to come in for consideration at Nebraska this year after four or five unsuccessful attempts to place it on a collegiate standing. The tennis devotees at a meeting this week organized and outlined plans for the acquisition of new

When the new law building was built just west of the library the old tennis courts were destroyed and the society has been compelled to look elsewhere Courts have been prepared, adjoining the athletic field ,and are now ready for use. Coeds as well as men may participate in the tournaments and it is planned to have elimination bouth for both men and women, pitting the winners of each for the championship of the university. Nebraska has arranger for a tournament with Creighton university, and with the University of Missouri while it is quite probable that other series will be aranged with the University of Kansas.
