

The World's Largest Builders of Six-Cylinder Automobiles

New HUDSON "Six"

We Are the World's Largest Builders of Sixes

Merit alone makes that position possible. Everyone who knows anything about the development of the automobile industry expected Howard E. Coffin to build a wonderful six. But not even we expected his car to so soon become such a leader in its field.

Other sixes have been on the market longer than the "54" HUDSON, but no other maker is today building so many cars of its type.

The reason for the success of the "54" HUDSON is the cleverness of its design.

No one maker can have an exclusive control of careful building, no one can have a monopoly

of good materials. But by combining the skill and experience of 48 expert engineers the guess and experiment usual in automobiles has been eliminated.

In the particulars of engineering skill the "54" HUDSON is distinctive. It combines the improvements that 48 experts working in combination have been able to create—it expresses the experience these men have gained in building more than 200,000 cars of 97 well known makes. In care of workmanship and quality of materials it equals that of any automobile built.

If You are Paying More than \$2,000 You Make a Mistake if it is Not a Six

The "54" HUDSON is all that any automobile at any price can be in performance, luxury, comfort and value. Backed by our own service you will find it as near an approach to ideal motor satisfaction as is known.

The "54" HUDSON is the answer to a question that has long concerned all automobile builders, "What will Howard E. Coffin do when he builds a Six?"

When he built this car he had as his associates, experts from 97 leading American and European factories—48 all told.

Thus all guess work was eliminated—all experiment made unnecessary. With so many viewpoints and so

much experience, errors that others had made were eliminated—advancements that others found impossible were easily accomplished.

The "54" HUDSON has electric lights. It is electrically self-cranked. The famous Delco system, patented, is used. Every luxury is included, speedometer, clock, top, curtains, rain-vision windshield, demountable rims, twelve-inch upholstery, etc. Equipped with a five-passenger Phaeton body, \$2450.

At \$1875 you can obtain the HUDSON "37"—designed by the same engineers that built the "54"—and pointed to as the "Four-cylinder masterpiece."

STRIKE IN BELGIUM SPREADS

One-Third of Workmen in Kingdom Are Idle.

THERE IS NO DISORDER

Only Four Arrests Were Made on the Charge of Interfering with Non-strikers—Estimates of Number Out.

BRUSSELS, Belgium, April 15.—More than a third of the total number of workmen in Belgium were on strike this morning. Figures gathered by the Associated Press from all the provinces except Antwerp and West Flanders showed a total of 250,000 strikers. In Antwerp and West Flanders, where the socialists are weakest, there are about 14,000 strikers, making in all 270,000 men. These figures vary somewhat from the socialist estimate of 300,000 men and the government estimate of 120,000.

Robber's Confession To Priest Accepted By Court as a Will

CHICAGO, April 14.—A confession written to a priest just before his death by Thomas Connelly, 72 years old, who died here in January, 1912, supposedly a pauper, was admitted as a will in the probate court here today.

In the letter mailed to Rev. Father Francis J. Barth of Escanaba, Mich., three days before his death, Connelly declared that he had robbed a woman, now living in Escanaba, of \$300 worth of jewelry nearly a quarter of a century ago. Connelly asked the priest to find the woman and see that restitution was made. When Connelly's body was found in a lodging house it was discovered that nearly \$1,500 was sewn in the clothing of the supposed pauper.

Father Barth discovered that Mrs. Anna Jane Gallagher McCauley of Escanaba was the woman robbed and her claim for \$1,374, the value of the stolen property and accumulated interest, will be paid by the public administrator from the funds found on Connelly's body. Connelly did not live to get a reply to his letter.

Four Gotham Police Charged With Graft

NEW YORK, April 14.—A blanket indictment charging conspiracy was returned today by the grand jury, investigating alleged graft in the police department, against Police Captains Dennis Sweeney, John Murtha, James E. Hussey and James F. Thompson. All these officers formerly were inspectors. Sweeney previously had been indicted on a bribery charge.

The indictment of the four grew out of the departure from New York county of George A. Sugg, a former hotel proprietor, on whose accusation Patrolman Eugene Fox was charged with bribery.

Murtha was arraigned soon after the indictment was returned and released on \$1,000 bail. Sweeney later entered a plea of not guilty and was released in the custody of counsel, he already having been forced to give bond in \$5,000 on the previous indictment. Thompson and Hussey will be arraigned tomorrow.

POLICE GRAFT IS UNEARTHED

Illinois Vice Commission in Session at Chicago.

MADE \$20,000 IN NINE YEARS

Woman Testifies that When She Refused to Pay for the Protection, Her Place Was Closed.

CHICAGO, April 14.—Mrs. Sarah Mueller, the keeper of a disorderly house, who said she made \$20,000 in the last nine years, testified before the Illinois vice commission today that because she refused to pay "protection money" to the police she was put out of business.

Hers was one of many stories brought out before the commission in its efforts to learn the cause of the prevalence of vice. One manager of a downtown hotel admitted that couples who registered at his place were not required to have baggage. Among the witnesses, were half a dozen chorus girls of a well known theatrical company.

When a chorus girl is 18 years old, who stopped at the hotel, told of sending to her parents in New York \$10 a week out of her \$22 salary, Chairman Barratt O'Hara, addressing her said:

"You have told a straightforward story and I believe you are a good girl, but I want to tell you I think it a shame that you should be thrown into such conditions as exist at that hotel. I think it is a pity that you and others like you are not better protected by officials of your company."

A man and woman, who were subpoenaed in a raid on the hotel, produced a marriage certificate when they appeared to testify.

Mrs. Mueller's story of attempted extortion by the police came after she admitted having kept a disorderly house for ten years.

"Last June, after the police and detectives visited my place, another plain clothes man came," said the witness. "He told me I would have to close up unless I gave him \$200 protection money. He

said my neighbors had done it. I gave him \$100. Later he asked me for more, but I refused to give it. The next week my house was closed up. A neighbor told me she had given \$60 to the police in five weeks and she was allowed to continue."

"When this man took the \$100 from you whom did he say it was for?" Mrs. Mueller was asked.

"He told me it was for a democratic official in the city hall," Mrs. Mueller said.

Frank Olson, proprietor of a dance hall, testified he once paid \$25 to a police lieutenant, since dismissed from the service. He said he paid the money to induce the police not to keep patrons away from his hall.

Throw of the Dice Sends Will Rooney To Jail for Life

NEW YORK, April 14.—A throw of the dice today sent William Rooney to prison for the rest of his life, unless he succeeds in getting a parole from the Board of Pardons. It was the possibility of this parole that left Rooney undecided between a life sentence and one of ten years with no possibility of commutation.

He was arrested for burglary and adjudged an habitual criminal and the court gave him the chance of pleading as a second offender and taking the ten-year sentence or as a fourth offender and receiving the life sentence with a possibility of a parole. After deliberating the problem for two weeks, Rooney left the decision to the goddess of chance.

Penal Code Bill Center of Arizona Struggle

PHOENIX, Ariz., April 14.—With the convening today of the third special session of the First Arizona state legislature it became evident there would be a desperate struggle between Governor Hunt and the legislature over the penal code bill.

SAVES ELDERLY PEOPLE FROM KIDNEY AND BLADDER MISERIES

Sleep Disturbing Bladder Weaknesses, Backache, Stiff Joints, Rheumatic Pains Disappear After Few Doses Are Taken.

While people along in years are naturally more subject to weak kidneys, they can avoid the tortures of backache, and rheumatism, and be saved the annoyance of getting up at night with disagreeable bladder disorders, for the new discoverer, Croxone, quickly relieves the most severe and obstinate cases.

Croxone relieves these conditions by removing the cause. It is the most wonderful remedy ever devised for ridding the system of uric acid. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. Croxone makes the kidneys filter the blood and sit out all the poisonous acids and waste matter that cause these troubles.

It soaks right in and cleans out the

stopped up, inactive kidneys like water does a sponge, dissolves, and drives out every particle of uric acid and other poisonous impurities that lodge in the joints and muscles and cause rheumatism. It neutralizes the uric acid so it no longer irritates the bladder, overcomes unnecessary breaking of sleep and restores the kidneys and bladder to health and strength.

It matters not how long you have suffered, how old you are, or what size you have used. The very principle of Croxone is such that it is practically impossible to take it into the human system without results. It starts to work the minute you take it and relieves you the first time you use it. You can secure an original package of Croxone at trifling cost, and all druggists are authorized to return the purchase price if it fails in a single case.—Advertisement.
