

MOTHER SHEDS TEARS OF JOY WHEN ELECTRO OXYGEN RESTORES LOST VOICE TO HER SON

GREAT EXCITEMENT AT THE ELECTRO-OXYGEN CO.'S OFFICES.

Judging From the Wonderful Cures Performed Every Day the Days of Miracles Have Returned.

Mrs. W. H. Krommes of Herrington, Kan., brought her son, age 9, to Omaha to be treated for a case of aphonia. The young man was ushered into the treating room, 313 National Fidelity Bldg., corner 12th and Farnam, and many remarked as he was ushered through the crowded reception room, "if the cure him it will be a miracle."

Most of them were surprised to see little Glen Krommes completely cured a few minutes later.

As soon as the Electro Oxygen was applied the vocal cords seemed to respond immediately. When the Doctor asked him if he could talk the boy looked at him in amazement, not even trying to, but when urged again he yelled out, "Peanuts and popcorn."

Mrs. Krommes explained that her son was engaged in the selling of these articles before becoming afflicted.

Mrs. Krommes drew the boy to her breast with great feeling; it was indeed a dramatic scene; those who witnessed

it expressed their sympathy. "Words cannot express her feelings."

She vowed that every one afflicted in Herrington would hear of this. She had visited many cities, and been to many doctors, trying to get relief for her boy; hearing about the cures being performed in Omaha with Electro Oxygen she decided to come as a last resort; she was not disappointed.

Many others have been treated with gratifying results. Mrs. L. Mann of 311 Castellar St., Omaha, was one of the first to take treatment; when she first came into the office she was seemingly a nervous wreck. One treatment so invigorated her that she left the office saying that every one with whom she was acquainted would hear of this wonderful treatment.

For a few more days the free offer will hold good for complete examination. Call at once rooms 313-317 National Fidelity Bldg., 12th and Farnam, and receive the most thorough examination extant; hours 9-12, 2-4, 7-8, Sundays 11 to 12 only.

DOUGLAS SALARIES RAISED

Mike Lee Takes Opportunity to Oppose Them.

ASKED ABOUT HOWELL STIPEND

Measure to Provide Precinct Assessors in Douglas County Shall Be Reappointed Passed by House on Third Reading.

(From a Staff Correspondent.) LINCOLN, Neb., April 16.—(Special Telegram.)—The house has passed the senate bills to increase the salaries of the Douglas county commissioners, the surveyor and the deputy clerk of the district court.

In the discussion of these bills, Lee argued against them, saying the county is now \$174,000 in the red. Hoff wanted to know why he had not fought the \$5,000 salary for Lobbyist Howell of the Water board.

"He did not ask for an increase," said Lee, "or I would have fought it."

Later Gates of Sarpy demanded Lee if he consented to a reduction of Howell's salary to \$2,000, but the Douglas statesman had no answer.

The house killed the senate bill to provide for a jury commission for every county in the state, to be selected by the district judges.

The workmen's compensation bill was passed on third reading. It will go to the governor now if the senate agrees to a few minor amendments made by the house.

Senate file No. 111, by Dodge, to prevent the sale of fake archaeological objects, was passed. Senate file No. 120, to provide precinct assessors in Douglas county shall be appointed, was also passed.

The general appropriation bill was ordered engrossed for third reading in committee of the whole in the senate this afternoon.

House roll No. 138, the flat fees for county judges had brought out a verbal duel between Platte sponsor for the bill, and Heasty, who was against it and offered several amendments which were all discussed.

Several of these were adopted, resulting in Platte having to indefinitely postpone the bill as it spoiled the effect of the whole bill in his estimation. Heasty moved as a substitute that the bill be ordered for third reading and the motion prevailed.

House roll No. 138, a bill giving county clerks the authority to place property on the assessment rolls without notifying owners of the property, was first indefinitely postponed. Then when the committee reported, the bill was saved on a motion not to concur in the report of the committee. It was then killed again on a motion to engross for third reading.

Governor Signs Bills.

The following bills were signed by the governor this evening.

H. R. 38, by Busch—Reduces fines for selling liquor to drunkards or mentally incompetent.

H. R. 352, by Flanagan—Appropriates \$5,000 for relief of Thomas J. Doody, the penitentiary guard who fought the three convicts single handed at the time of the March, 1912, outbreak.

H. R. 98, by Mockett—Appropriates \$1,000 for the relief of John Keune.

H. R. 95, by Gieseler—Puts teeth in the anti-discrimination statute by changing the rules of evidence.

H. R. 135, by O'Malley—Provides relief for Mrs. Ruby Johnson.

S. P. 306, by Ollis—Gives power to attorney general to enforce the anti-discrimination statute.

Even Senators Feel Cost of Living Too High at Washington

WASHINGTON, April 16.—Eating, smoking and personal transportation problems gave the senate committee a busy time today. The committee finally determined upon three projects important to the personal comfort of senators: A committee to investigate the senate restaurant in the hope that the cost of living may be reduced; the defeat of Senator Tillman's resolution to prohibit smoking in executive sessions of the senate; the removal of the new non-monorail system in the senate subway because of its noise.

Stillwell Innocent of Graft Charges

ALBANY, N. Y., April 16.—Stephen J. Stillwell, democratic senator from New York City, was declared not guilty of unofficial conduct tonight. By a vote of 21 ayes to 28 noes, the senate voted not to sustain charges brought by George H. Wendell, president of the New York Banknote company, that Stillwell had accepted half of a \$200 fee paid for the drafting of a bill in which the company was interested, and had solicited a \$3,500 bribe.

OLLIS BILL TO GO THROUGH

Measure for Board of Control is Favored in the House.

(From a Staff Correspondent.) LINCOLN, Neb., April 16.—(Special Telegram.)—In committee of the whole tonight the house ordered engrossed for third reading senate file No. 3, the Ollis bill for board of control.

An attempt was made to raise the salary of the secretary of the board from \$1,800 to \$2,000, but it was defeated. An unsuccessful attempt was made also to cut the salaries of the board members from \$3,000 to \$2,500 on motion of Scott.

The bill was ordered engrossed by a vote of 53 ayes to 14 noes.

Senate file No. 6, a bill requiring railroads to post underground crossings where one person owned land on both sides of the track had a close call, and two roll calls were taken before the bill was ordered engrossed.

The ways and means committee of the senate will report tomorrow morning favoring the appointment of an advisory board of control to be appointed by the governor immediately, who shall draw \$20 a month and actual expenses. The board will be composed of the men already appointed as a board of control, but who cannot take office till July 1, 1913. It will be the duty of the advisory board to organize and visit state institutions, putting themselves fully in touch with state institutions, so that when the time comes for them to begin work as the board of control they will be fully organized and able to get right to work.

PICTURE BLOWN 100 MILES FROM OMAHA BY TORNADO.

The above photograph was picked up one mile south of Lake View, Ia., a distance of 100 miles from Omaha, by Marshall Bell of that city, and was probably blown from some residence in Omaha during the tornado. The photograph bears the inscription of the Sandberg studio, 107 South Sixteenth street, where it was returned Tuesday morning. Marshall Bell of Lake View is very anxious to get into communication with the owners of the photograph, or with any one who can vouch as to where it came from.

Burleson Jars Advocates of Primary Plan

(From a Staff Correspondent.)

WASHINGTON, April 16.—(Special Telegram.)—South Dakota politicians who favor the appointment of postmasters and other federal officers nominated by a primary election have received little encouragement from Postmaster General Burleson. The postmaster general in a letter to Representative Dillon of that state says that he recognizes no obligation on his part to appoint persons nominated at such a primary.

"He says he will merely consider the results of such primaries as suggestions," he will take them into account, also other "suggestions" relative to the appointment of persons to postoffices.

All are now interested in what position the president will take in case it is submitted to him for a decision.

Representative Martin is trying to have the interior department adopt a plan of having storage reservoirs for storing flood waters for irrigation purposes; the senate has already agreed to it. Field agents of the department seem reluctant to endorse the plan and have reported against it in a number of instances.

Proposes Licensing Illinois Reporters

CHICAGO, April 16.—Lieutenant Governor Barratt O'Hara will introduce in the state senate next week a bill which he has just drafted providing for the creation of a State Board of Journalists and the rigid regulation of editorial work, both upon newspapers and magazines.

The board would be composed of these members whose duties it would be to hold examinations and issue licenses to newspaper men. The measure would not affect those already engaged in the work. Successful applicants would be compelled to serve a four-years' apprenticeship as "cubs" before they could qualify as full fledged members of the profession.

Under the provisions of the bill no newspaper or magazine will be permitted to employ a reporter or an editor who has not taken such a license.

It is provided that licenses may be suspended or revoked for the following causes: Blackmail, violation of confidence, willful misrepresentation and criminal libel.

The object of the bill, according to the lieutenant governor, who was once a newspaper man, is to raise the standard of the newspaper profession by a strict supervision of those engaged in it and at the same time to give increased protection to the public.

Get "In the Game"

but remember you must be strong and robust to win. A sickly person is the loser in every way; but why remain so?

HOSTETTER'S STOMACH BITTERS

will aid digestion and help you back to health and strength. Try a bottle today. Avoid substitutes.

PILES

A mild system of treatment that cures Piles, Fistula and Hemorrhoids without the use of a knife. No chloroform, ether or other general anesthetic used. No unnecessary delay from business. An absolute cure guaranteed in every case accepted.

PAY AFTER YOU ARE CURED. The cure first, then the pay. That's my policy. It's fair and square. I also give a written guarantee that the cure is a life time. Write for Free Book, which gives full particulars.

Locomotive Smoke is Costing Chicago \$7,900,000 a Year

CHICAGO, April 16.—Smoke from locomotives costs this community \$7,900,000 annually, according to statistics published today by Alderman Theodore Long, and which he was prepared to submit to a committee of the city council to which had been referred an ordinance providing for the electrification of railway terminals within the city limits. The total exceeds the city's receipts from saloon licenses and the annual loss per family of \$124 is figured as greater than the annual personal property tax.

Alderman Long's figures give the total number of locomotives in Chicago as 1,500 and their daily coal consumption as 1,500 tons. Damage by smoke from all sources is estimated at \$18,401,000 annually.

UNIVERSITY OF OMAHA TEAM GROWS STRONGER

To get into the best possible shape for the game with Creighton next Saturday the ball team at the University of Omaha is being put through the hardest kind of work every afternoon. Just now the Creighton game is the biggest thing on the schedule. Last night eighteen men were out for practice, and if enthusiasm and "pep" count for anything

the Creighton ball tossers will have a hard time defeating the younger university team. The great weakness is in the field, but Adams and Woodruff are trying hard to develop a trio that will be the equal of any of the quarterbacks of the outfield in the state. The infield is strong and is giving no concern, as it is felt that it is as good as that of any of the other Nebraska colleges.

Bellevue will also be met Thursday of this week at Bellevue, but because of the great difference in the strength of Bellevue and Creighton, Omaha is not worrying any over the Bellevue contest. It is thought that the locals will be easy winners.

DEATH RECORD

Jane B. C. Hawkins, wife of General John P. Hawkins, United States Army, died at Indianapolis, Ind., April 13, 1913.

Colonel Arthur W. Moore, ROCHESTER, N. Y., April 16.—Colonel Arthur W. Moore, artist and journalist, died at his home here today, aged 78 years. Colonel Moore was the first editor of the Cosmopolitan magazine.

John L. Scott, TABLE ROCK, Neb., April 16.—(Special.)—John L. Scott died at his residence in Table Rock at 8:30 Sunday evening, in his eighty-sixth year. He was born in Illinois November 17, 1827, and settled in the Nemaha valley between here and Humboldt fifty-seven years ago. For the

last few years he has resided in Table Rock. Surviving him are his widow and five daughters, all of whom live in this vicinity. They are Mesdames Sol Parker, Fielding Parker, W. H. Albright, W. G. Ward and George Pierre. Funeral services will be held Wednesday and the interment will be in the Humboldt cemetery.

FRED BURLINGIM GOES TO SEE CUBS AND SOX

Fred C. Burlingim, chief of the Merchants hotel corps of third dispensers, left Omaha yesterday for Chicago, where he will spend the week sitting up the Cubs and White Sox. Burlingim is one of the few real base ball dopsters and he always aims to get his information first hand.

MONTANA BOXING RULES DRAWN BY COMMISSION

HELENA, Mont., April 16.—The Montana State Athletic commission, appointed under the state boxing law, organized here today and adopted rules for the elimination of brutality, betting at the ringside and the sale of liquor. The referee is required to stop the bout when one boxer is apparently outclassed. The first match authorized under the new law is that between Pal Brown of Minnesota, and Jimmy Duffy of Boston, at Butte on April 25.

Here Is Bread Without a Fault!

NO matter how particular you are, HOLSUM Bread will meet your hearty approval, both in the manner in which made and in the appearance and eating qualities of the loaf.

If you had charge of the baking of HOLSUM Bread you could not demand a more exacting standard of cleanliness, purity and quality than we maintain in baking

HOLSUM Bread

Made clean, sold clean, delivered clean

Our bake rooms are as clean as your kitchen. Our ingredients are as choice as money can buy. Our purchases of materials must need be so large, to provide for our output of thousands of loaves a day, that we can put this high quality into bread at less cost than you can do it.

Fresh from the oven, "HOLSUM" Bread is slipped into its dainty waxed wrapper and comes to you with all its oven freshness.

At your grocer's you will always find a fresh supply of HOLSUM Bread. We have a delivery service that is as steady as clock work.

Step to the telephone and order some right now or send for a loaf and know its goodness before another day has passed. See how perfectly it fills the bill. Learn how truthfully we speak when we say that home baking is time thrown away.

There is no longer need for you to continue the custom of home baking, when you can buy HOLSUM Bread and save money as well as do away with the hardship, the heat, the worry and the frequent bad luck that is the lot of the home baker.

At all grocers—5 and 10 cents a loaf
