As soon as it was known that the secretary of state was to be in the cabinet, the University club managers sent a congratulatory message, and asked the privilege of having him as their guest the first time he should N. T. C. Club. return to Nebraska. In reply they received a cordial message expressing thanks and appreciation, and saying he would like to accept, but would have to defer consideration till he knew better what his plans would be. So when the trip west was arranged the University club's invitation natur- dames W. D. Clark, A. F. Moore, F. ally had the preference, although the Commercial club edged in for a noon Snyder, L. J. This mixture relieves any scalp troubles and is excellent for dandruff

REALTY MEN NONCOMMITTAL

Do Not Go on Record for an Appropriation from Congress.

COMMITTEE WILL INVESTIGATE

Some Are of the Opinion that Omaha Will Be Able to Render All Assistance Necessary in Caring for the Losers.

The Real Estate exchange is nonco littal on asking congress for a \$2,000,000 appropriation for the relief of tornado fferers and reconstruction of homes. Members at the weekly meeting expressed he opinion that congress would not make an appropriation for such a purose and that to ask for it would only esult in some bad advertising.

Estimators of damages and losses inurred through the district declared their igures would aggregate a much smaller im than is generally believed and that reparation could entirely be made by nonusy already subscribed to the relief and restoration funds, together with the \$1,000,000 county bond issue. On the other hand the members thought there might be some sufferers who would not receive their shares in just portions from these funds because of their insufficiency and that to ask for an appropriation from ongress might be advisable.

To figure out the problem and make a ecommendation how the exchange should stand on the question, President Hastings appointed F. D. Wead, C. F. Harrion and C. C. George a committee to investigate and report on the matter. In any event the exchange will not favor so arge an appropriation as \$2,000,000, those having worked on committees declaring that such a sum is absolutely not needed it was reported that congress never has given financial assistance to cities in times of distress and it was pointed out that the only government ald given San Francisco and Galveston went through the War department in the shape of food and clotthing.

Burlington Lays Steel in Wyoming on Its New Line

The Burlington has began laying steel n the new line from Thermopolis down to Powder River, Wyo. Track is being laid at the rate of one-half mile per day, and by the time the track reaches the bridge, it is expected that that structure will be completed. At this time the bridge is about 75 per cent finished. By the Burlington people it is not expected that there will be any delay in ontinuing track laying on from Powder River to Casper. It is expected that by the time the bridge is finished, grading into Casper will have been completed.

That he was attacked by his landlord when he went to pay the rent and that in a scuffle a piece was bitten out of his lower lip, is alleged in a petition filed by Sylvester Lattimer in a \$10,000 suit in district court against Jacob Habler.

According to the plaintiff's allegations he was rooming in a house at 607 South Thirteenth street, of which Habler was proprietor. Lattimer says Habler was unable to make change and that when he started away Habler kicked him in the back as he was going down stairs and then threatened him with a policeman's club. A fight followed, it is as serted, in which a piece was bitten out of Lattimer's fip.

NEBRASKA AND WYOMING LAND IN GREAT DEMAND

Tuesday was homeseekers' day with the railroads and the lines operating in and out of Omaha handling more people than on any corresponding date in several years. For several years the movement of land seekers has been toward now, however, everybody coming into this territory or going out seems anxious to get into western Nebraska and eastern Wyoming, where they can secure agricultural lands at from \$15 to \$25 an acre. There were a number of people who went south Tuesday, but nothing like as many as at the same time last year Many of the land seekers coming through Omaha were from Illinois and states farther east, where they had sold their highpriced land and are looking for something equally as good, but much cheape

POLICE ANXIOUS TO RECOVER STRETCHERS

Immediately after the tornado has cassed through the city the police de partment telephoned Fort Omaha for consignment of stretchers to be used it the emergency work. The Fort Omaha oficials responded to the call immedi ately, the stretchers were sent to the department and distributed along the devastated district. In collecting them for return to the fort the police have missed several and are anxious to hear from anyone who may know where they are

Cows Will Be Sold to Farmers at Cost

Six carloads or dalry cows passed through Omaha over the Burlington destined for Billings, Lovel and Laurel, Mont., where they will be sold to the farmers at actual cost, freight added. The cows were bought in New York with money furnished by the bankers of the Canada and the far northwest. Right towns named. The bankers are adopting this method in order to start the Montana farmers and ranchers in dairying.
