BISHOP DUFFY IS INSTALLED
 Becomes Head of the Kearney Diocese of the Catholic Church—SERVICES ARE IMPRESSIVE

Solemn High Mass is Celebrated by Archbishop Keane, Who is Loud in His Praise of the New Prelate.

KEARNEY, Neb., April 23.—(Special Telegram.)—Services for the installation of Bishop J. Duffy, consecrated as bishop of the Kearney diocese of the Roman Catholic church at Cheyenne Wednesday, April 16, were held in St. James' cathedral in this city this morning. The event was a notable one, marking an epoch in the annals of the state of Nebraska and in the onward progress of this city and the advancement of the Roman Catholic church in this section of the country.

The bishop was preceded by a procession of priests and bishops from the rectory to the church, where he passed a line formed as a bodyguard. At the vestibule of the cathedral the procession was met by Father Muensterman, the bishop receiving the crucifix from the hand of the priest. The ceremony of incensing the new prelate and sprinkling him with holy water was performed, after which the procession proceeded to the altar. Bishop Duffy blessed the clergy at the altar, after which Father Nepper read the papal bull appointing Bishop Duffy to the see of Kearney. After solemn high mass Archbishop Keane of Dubuque delivered the installation sermon. In speaking of the new bishop, he was loud in his praises and the assurance of progress that the diocese would witness under his administration.

After the installation services, Bishop Duffy was the guest of honor at a specially prepared dinner for the priests and bishop. Archbishop Keane was present as was Bishop Sennel of Omaha, former superior of this district. There were addresses by the bishop and visiting clergy.

Among the clergy and others present from the state were: Theodore Haley, Lexington; Joseph Macourek, Ravenna; H. Radke, Ashton; W. McDonald, Hastings; Eugene Magevney, Omaha; Nat Werner, Albion; P. M. Monihan, Norfolk; P. A. Flanagan, Omaha; James McMahon, Norfolk; Joseph Kosbeck, Father McDonlan, Chadron; F. P. Maloney, Alliance; A. Cuzysinski, Loup City; C. A. Dunphy, Sutton; W. G. as he can secure. He has interviewed both Senator Hitchcock and Secretary Bryan on the subject without securing very definite encouragement in either quarter.

BRYAN PREPARES FOR PEACE TRIP TO WEST
 (Continued from Page One.)
 The president of the senate and the speaker of the assembly.
 Advice conflicting.
 At the White House it was felt that conflicting advice over the situation made it practically necessary for a representative of the administration to explain the government's exact position in person. There was no feeling officials said, that the suggestion would not be welcome, because Governor Johnson's telegram of yesterday was regarded as expressing a desire for the fullest co-operation between the state and the federal government.
 Representative Ketcher, democrat of California, brought the president some telegrams indicating that while there was a strong sentiment to drop the legislation entirely on account of the approaching exposition, and the opening of the Panama canal, there was, nevertheless, a formidable movement to put through the so-called discriminating legislation at this session.
 News of the president's suggestion to send Secretary Bryan soon spread throughout diplomatic circles. The opinion was freely expressed that the president's course would satisfy Japan that the federal government was doing everything in its power. It is understood that while the Japanese ambassador has made no formal representations since a week ago, when he entered protest against the legislation, the attitude of the Washington administration is regarded with satisfaction.
 Later, and in view of various published reports, this formal statement was issued at the Japanese embassy:
 No visit has been made by the ambassador to the White House this week, nor has he ever hinted to anyone at such an alarming outcome of the situation as a possible war between the two countries. In fact such a contingency has not been discussed at any phase, so that it is equally erroneous to say that the Japanese ambassador has declared that no war will follow. In fact he, as well as his government, confidently relies upon the sympathetic attitude of the American administration and the high sense of justice and fairness of American people to prevent legislation adverse to the Japanese.
 "In view of the gravity of these reports and of their possible mischief, the embassy authorizes the strongest possible contradiction of such statements."
 Governor Receives Message.
 SACRAMENTO, Cal., April 23.—President Wilson's telegram sent the progressive republican leaders of the legislature into a hurried conference with Governor Johnson which lasted for more than an hour. The senate did not convene until after 11 o'clock and the Washington telegram was the sole topic in the lobby during the interval.
 It was indicated by administration leaders that action on President Wilson's expressed desire to send Secretary of State Bryan to California would be taken by both the governor and the legislature. Governor Johnson is now framing his reply and both houses of the legislature probably will vote on a resolution accepting President Wilson's suggestion.
 The conference in Governor Johnson's office ended at 11:45 and immediately afterward there was introduced in both houses a resolution declaring that while California maintains its right to pass an anti-land law, the legislature will not object to a visit from Secretary Bryan.
 After stating that a telegram had been received from the president, the resolution continued:
 "Now, therefore, be it resolved by the senate of the state of California that while this senate respectfully maintains the right of the legislature of the state of California to legislate on the subject of land ownership within the state, it will be entirely agreeable to have the

secretary of state of the United States visit Sacramento for the purpose indicated in the president's telegram.
 "And be it further resolved that in view of the probable early adjournment of the legislature, the secretary of the senate be and is hereby instructed to transmit forthwith these resolutions by the governor to the president."
 TOKIO, April 23.—A resolution addressed to President Wilson and other influential persons in the United States urging them in the cause of good relationship between Japan and the United States to oppose the passage of the California alien land ownership bill and other measures of a similar nature, was passed today at a congress of the forty-five Chambers of Commerce of Japan. A copy of the resolution will be cabled to Washington. The speeches delivered during the gathering were of a pacific character.

ELMER RICE SHOTS WIFE AND THEN KILLS HIMSELF
 SPRINGFIELD, Neb., April 23.—(Special Telegram.)—Elmer Rice, followed his wife who had left their home near Mella recently and shot her tonight, then killing himself. Mrs. Rice will probably recover, being merely wounded in the shoulder.
 After one separation, Mrs. Rice not long ago returned to her husband. She again left him, he says because of his dissipated habits. He followed her to the home of her mother, Mrs. Mary Brannen where the shooting occurred. Rice was 29 years of age. The couple had four children. Rice's parents reside at Papillion.

Exeter Furniture Store Damaged.
 EXETER, Neb., April 23.—(Special.)—The M. C. Gibbons furniture store was damaged to the extent of several hundred dollars yesterday morning by fire, smoke and water. The blaze originated in the cellar from spontaneous combustion and the smoke was so thick that the firemen had some difficulty in locating the fire.

Apply Intelligent Treatment to Constipation

CONSTIPATION seems to the ordinary person a very simple thing. He doesn't worry about it, takes any old remedy, and considers himself "helped." The reason for this is that the many advertised articles try to impress upon the public how easy it is to overcome with their product. One has a candy, another a tasteless tablet or a salt, and another a fountain syringe.

CONSTIPATION cannot be cured with a rubber hose, nor is every remedy good for your complaint. Your bowels should move every day, and they should move in the morning before your business day begins. There should be a quick action, without discomfort, and no constipation thereafter. Both have taken something. There is such a remedy—a natural remedy, non-HUFFLE, JAMES WATER, PURE, SURE and SAFE. Take it, glassful on an empty stomach; it acts within an hour or so. Get a bottle at any Drug Store to-day.
