

SCHOOL RELIEF LIST SECRET

Board Spends \$4,600 to Help Thirty Employees, Tornado Victims.

ALL ARE NOW PROVIDED FOR

Members Sears and Foster Are Not to Be Permitted to See Names of Those Helped for Fear of Trouble.

Dr. E. Holovitchner, president of the Board of Education, has announced that relief work among employees of the school district has been abandoned, all needy employees having been well provided for with clothing and money.

"We have taken care of at least thirty employees," said Holovitchner, "and have spent about \$4,600 in this work. We have given them money to rebuild their homes and partially repair the tornado loss."

Many teachers suffered damage, and some were seriously injured in the Easter Sunday tornado. Janitors also suffered. The committee of the board handling the relief fund proceeded upon the plan that money was the proper help and practically all assistance rendered was in cash donations.

Dr. Holovitchner will not make public the names of those who have been assisted, although Members M. F. Sears and J. J. Foster of the school board have insisted on seeing the list.

"The names of those we have helped are now in the hands of the citizens' relief committee," said Holovitchner. "The list is not open to public inspection, and we deem it inadvisable to permit the amounts given individuals to become generally known."

Sears and Foster will not be permitted to see the list, as they have indicated that there will be trouble if they do, and still more trouble if the list is kept from them.

"Never mind, I'll see it before this thing is over," said Foster.

"We'll not make the list public," answered Holovitchner. "The committee believes these people ought to be protected. It was only by promise of protection that some of them, greatly in need, would accept help."

Secretary W. T. Bourke will keep the list of those aided by the committee in his office, with instructions not to permit the examination of it by anyone unless that person is authorized to inspect it by the committee.

Realty Men Desire Better Publicity Outside for Omaha

Kicks against the publicity Omaha is getting through the Associated Press were registered by the Real Estate exchange and a committee was appointed to see what could be done in order to "get other matters concerning Omaha to outside cities besides sensational affairs such as the Cudahy kidnapping, the tornado and Dewey hotel fire."

H. F. Wyman, who has been out of the city since the tornado, made a talk before the exchange, deprecating the news that is published in other cities about Omaha. "Nothing comes from Omaha," he said, "except to its discredit. There have been very few corrections of the first reports about our tornado and many people of other cities are still believing that Omaha has been wiped off the map."

C. F. Harrison said he had received a letter from a friend in Detroit, who, from reading the Associated Press reports coming from Omaha, understood that all Omaha had been killed in a pool hall.

H. A. Tukey made a short report to the exchange on the work of the restoration committee. He said he hoped the committee would only make second loans and those with no interest and he thought the county commissioners would be asked for \$200 in the bond issue instead of the \$1,000,000.

WOMEN RELIEF WORKERS HAVE MIXUP WITH MOUSE

Sixteen sacks were found to be damaged by mice when the supply of flour stacked in the Auditorium for the relief supplies was removed yesterday. The damage was very slight and only small holes were gnawed in the sacks. These were sewn up and the flour will be made use of in some way.

One of the mice that had been doing the damage caused quite a commotion in the morning when it ran across the floor right through a group of women relief workers. There was the usual screaming, the usual leaping for chairs and the conventional tucking in of dainty toes to escape the exciting little fellow.

Recipes for Wrinkles and Bad Complexion

(From Art and Nature.) Of all the beauty recipes in my scrap book, here are only two that have always given complete satisfaction.

Wrinkle Remover—One ounce powdered azuleite, dissolved in 1/2 pint witch hazel. Use as a wash lotion. It brings instantaneous results.

Face Peeler—Pure merozized wax, applied at night like cold cream, only not rubbed in; wash off in the morning. It causes the worn-out scarf skin to come off in tiny, almost invisible scales, a flake each day, until the fresh younger under-skin is wholly in evidence. The beautiful rose-tinted complexion thus obtained is not to be compared with one made over with cosmetics. If the old skin is marred with freckles, pimples or other blemishes, these defects are of course discarded with the skin itself. An ounce of the wax is sufficient in any case.

The ingredients named are inexpensive and can be found in any drug store—Louise LeBlanc—Advertisement.

\$3.00 Shoes at \$1.95 Women's white canvas shoes with heavy soles, high or low heels, all sizes, \$3 values, Thursday, pair, \$1.95

SATURDAY IS CLEAN-UP DAY

Mayor Dahلمان Sets Aside a Day for Cleaning Up City.

KUGEL WILL FURNISH TEAMS

This Applies to All Parts of Omaha as Well as in the Part of City Wrecked by the Recent Tornado.

Mayor Dahلمان has proclaimed Saturday general spring clean-up day and calls upon all citizens to join in this crusade for a clean and sanitary city. Street Commissioner Kugel has arranged to haul away the rubbish raked together by the citizens. The mayor's proclamation follows:

"To the People of Omaha: I hereby designate next Saturday, April 25, 1913, as 'Clean-up' day, and respectfully request that everybody get busy on that day, so that we can have a general cleaning up."

"A. C. Kugel, who is in charge of the street department, has agreed to furnish teams and wagons to haul away this rubbish, provided the people either place it in the alley or near the curb line. It will be necessary to call up his office in the city hall and notify him where this rubbish is placed in the different neighborhoods, so he can arrange his teams to do the work. This notice should be given his office on Friday so he will know where to send the teams, but those that can not notify him on Friday should do so early Saturday morning."

"In the tornado district, of course, it will be impossible to do much in one day, but there is no reason why the rest of the city should not be cleaned thoroughly, so I appeal to you to get busy."

"JAMES C. DAHLMAN, Mayor."

Kugel will have twenty-five teams at work to remove the rubbish as rapidly as it is gathered. He has asked citizens to notify him Friday the location of the piles of rubbish so that the city can be districted and each teamster given a certain district to keep clean. Recommended for a Good Reason. C. H. Grant, 230 Waverly St., Peoria, Ill., says: "Hacksache and congested kidneys made me suffer intense pains. Was always tired and floating specks bothered me. Took Foley Kidney Pills and saw big improvement after third day. I kept on until entirely freed of all trouble and suffering. That's why I recommend Foley Kidney Pills. They cured me." For sale by all dealers everywhere.—Advertisement.

Colorado Youth is Detained; Quarreled and Left His Home

While Officer Cummings was on his way to the police station he was stopped by a young boy in front of the Elite picture show, Fourteenth and Farnam streets, with the query, "Can you tell where I can get some water?"

The lad was a thin little fellow, not very well clad, and appeared in earnest. Cummings secured the information that the boy, George Coleman by name, had run away from his home near Hugo, Colo., a week ago to seek his fortune in the east. The lad and Cummings decided that it would be best to go to the station and see what could be done. Get-seemed to thaw out the boy's reticence, and with a little more questioning he unfolded his tale.

"My father is dead," he began, "and the farm was left to my mother, my year-old brother and myself. Will and I did most of the work, my job being to tend the chores. But so matter how hard I would try it seemed I couldn't please the folks—Will especially. We never did get along together, so last Wednesday night, after we had quarreled, I left my bed, dropped from the window into the yard and walked the twelve miles of the way to town. I got into Hugo as a train for the east was pulling out of the station. On this I rode to Fremont and stayed there a few days, washing dishes in a restaurant near the depot. I came to Omaha yesterday morning and spent my last nickel for a sandwich."

About a dollar was collected from the men about the station, and after treating George to a hot meal he was turned over to the matron until his mother could be notified. He insisted that he didn't want to go back home, but wished to stay here and go to work. His father, George Coleman, died in a local hospital several years ago following an operation.

RAILS ALL LAID ON THE GIBBON-HASTINGS LINE

The last rail has been laid and the last spike driven in the construction of the Union Pacific's Gibbon & Hastings cut-off, a distance of about thirty-eight miles. The last spike was driven just north of the corporate limits of Hastings and was without any ceremony. It will be about June 1 before traffic over the Gibbon-Hastings cut-off will be inaugurated, President Mohler desir-

Heavy Fine Imposed on This Man for Insulting Women

A telephone call was received at the police station Tuesday evening that Frank Jorgensen, 2215 Leavenworth street, together with a companion were stationed at the corner of Twenty-fourth and Leavenworth insulting every young woman who happened to pass by. Officer Pipkin was detailed to make the arrest and succeeded in collaring the two men with little trouble. Pipkin started for the patrol box with the two offenders when W. A. Braniff, 712 South Twenty-second and engaged the officer in an argument as to the right of arresting Jorgensen and his companion. Braniff became so offensive in his talk that Pipkin grabbing him by the sleeve decided to take him also to the station. Jorgensen's companion during the controversy broke and ran down Twenty-fourth street. Braniff was released on bond and failed to appear in court, while Jorgensen, after receiving a severe reprimand from the magistrate, was fined \$10 and costs.

YANKTON HAS SECOND ELECTION IN WEEK

YANKTON, S. D., April 23.—(Special)—In the second city election within the week Dr. E. M. Doyle, who lacked a majority in the first election of a week ago, defeated C. B. Frenay, an alderman and of late commissioner for fourteen years, by a majority of forty-five votes, in a red-hot campaign. The low

ing to have the road in the best possible condition before train service is established. The line is being ballasted with Sherman gravel. When this is finished, the people of Hastings propose to hold a celebration to commemorate the completion of the line. Although the date has not been set, President Mohler and other Union Pacific officials have been invited to be present and participate in the exercise.

Watch Repairing Also Jewelry By experts. All work guaranteed. EDHOLM 16th and Harney

man, J. J. Nissen, dropped out in the second run for office. Dr. Doyle made a whirlwind campaign, a house-to-house canvass, and promised a sweeping reform in the city police department, city ownership of the electric light plant, rates cheap enough for all to have electric lights, the lid on tight and everything else to match.

Caught in the Act. and arrested by Dr. King's New Life Pills, bilious headache quits and liver, stomach and bowels act right. Only \$2. For sale by Beaton Drug Co.—Advertisement.

U. S. ARMY OFFICERS WILL HELP INVALIDS

Will Earn \$3,000 for the Invalids' Pension Association 64 SUBSCRIPTIONS NEEDED

Sixteen Invalids Will Receive First Pension Checks May Tenth

Fort D. A. Russell Wyo., March 2, 1912.—Major J. A. Cole, G. M. Gordon writes: "Gordon, the magazine man of Omaha, Neb., has broken back, has lain paralyzed for twelve years. He is trying to earn a premium of \$3,000 for the Invalids' Pension Association and fifteen others \$10 a month each. He has already earned \$5,000 for charity through his magazine in a agency. To support himself he is making as heroic an effort as any I ever read about, at least, and I know him to be absolutely on the level and as deserving of assistance as any liv-

ing man, if Gordon can be said to be living. Gordon has got to get \$1 subscriptions to the Ladies' Home Journal, Saturday Evening Post or Country Gentleman before April 30 to land his prize. I believe there is many an officer and man in the Army and Navy who will stand a dollar and a half to give this unfortunate man a lift. Subscribe for one of his publications. Omaha has no time to help Gordon now on account of the tornado and he will simply go under without outside help." Address Gordon, the magazine man, 2423 So. 24th St., Omaha, Neb.

The above notice in the Army and Navy Journal brought Gordon nearly 100 subscriptions but Gordon still requires 64 subscriptions in April to earn the \$8,000 for the Invalids' Pension association, in which case Gordon and fifteen other invalids will receive their first pension check May 10.

This publication has long been interested in Gordon's struggle, and urges its readers to mail their orders or renewals at once, or phone Douglas 7163, as there is not an hour to lose. Address him, GORDON, The Magazine Man

Piles — Fistula — Cured My mild treatment will cure Piles, Fistula and other Rectal diseases in a short time, without a surgical operation. I do not use Chloroform, Ether or other general anaesthetic. I guarantee a cure of every case accepted. No pay until cure is effected. Write for a book on Rectal diseases and testimonials. DR. E. R. TARRY, 240 Bee Bldg., Omaha
