Many of the important stocks made new low records for the year, with numerous losses on the day of 1 to 3 points. Pres-nine was heaviest against the interna-tional stocks, particularly Canadian Pa-effic, which shumped 7 points. Sieel, the Harricans, Reading and Amalgamated displayed marked weakness. American stocks in London, which ind shown general advances, weaknesd abruptly before the opening here and some of the early selling in this market was for foreign account. Before midday the lists stiffened, but in the afternion active selling was resumed, culminating in a vigorous drive in the last hour, which forced the market to the low point of the session. For an issue of 4%s in 1907 the city ob-tained an average of 102 and for a 1908 issue an average of 104.
