AFFAIRS AT SOUTH OMAHA

Democrats Put New Man in Charge of Campaign Work.

HOOVER MEN RAISE RUMPUS

Distraught Over Way Gillin Men Were Handling Campaign Results in Switch of Working Forces.

All semblance of a local democratic organization has been destroyed by the internal dissensions between the Gillinites and the regular democrats and as a consequence the democratic campaign from now on is to be managed from Omaha. At a hot meeting of the candidates Monday night J. C. Walker, former chairman of the city central committee, surrendered his place to "Doc" Tanner, who assumed immediate charge of the campaign.

This means that the Gillin men on the committee have been superseded in authority by Hoover men. Tanner enters into no political affection for Gillin and the management of the campaign, it is expected, will shift from a pro-Gillin alignment to a Hoover slate. The great question yesterday among the democrats was, who would be placed on the Hoover slate. Gillin is admittedly the drag anchor and it is expected that no more special effort will be exercised to save him.

Call for Omaha Aid.

The first result of the change of management was the open call for Omaha assistance. Mayor Ingraham was present in service at a meeting last night at Thirty-eighth and Q streets while H. B. Fleaharty discoursed sweet music to the democratic breeze at Twentieth and Missouri avenues. Old democrats and many of the younger ones openly resent the intrusion of the Omaha machine in favor of Hoover and Gillin. This is particularly the case because of the attention rendered manifest to Hoover, Gillin and the rest against Omaha interference a few weeks ago. Now the song is different.

Republicans Enthusiastic.

Stank's hall at Twentieth and S streets was crowded to the doors by a republican meeting last night. The reception accorded the candidates was remarkable in its exuberance and enthusiasm. Frank Koutsky, republican candidate for mayor, was received with more than ordinary pleasure by the people of that section of the city. F. J. Martin, a new man in politics and candidate for city treasurer, also won the applause of those present when he stated his platform of honesty and fair dealing without regard to politics. Martin is growing in strength every minute and it looks as if he will be a winner by a landslide.

Fire and Police Commissioners Hoover.

Henry Murphy, always popular with the Brown Park people, made a speech which drew much commendation. City Clerk Perry Wheeler, Frank Dworak and L. L. Van Sant, candidates for fire and police commissioners, were given an ovation and the rest of the ticket, including the candidates for the city council, the school board and tax commissioner, were assured of hearty and united support at the elections.

Cattle Steadily Drop.

Cattle and hogs are steadily slumping in the local market, as indeed they are said to be falling throughout all the western live stock markets. A fall of 20 to 25 cents was registered Monday, and with 13,000 hogs on the market it is expected that a heavier fall will follow. A large supply of meat in the big cooler of the packers, it is said, offers the base for a belief that a long slump is in sight for the feeders and farmers.

Fifty-Six Get Licenses.

Fire and Police Commissioners Hoover, Devine and Donahue yesterday issued licenses to fifty-three saloon men whose bonds were approved. There are still some thirty applications to be passed upon by the board and the work will be concluded today, it is thought. Every one of the fifty-six bonds presented by the men who obtained the liquor licenses yesterday was furnished by the Illinois Surety company through Andy Gallagher of Omaha. Gallagher was recently invited to become the democratic campaign manager in South Omaha. It is said.

The following are the names of those whose bonds have been approved and to whom licenses will issue:

Peter Ault, 231 Q; William Broderick, 2501 Q; A. P. Burth, 250 N; George Hecht, 272 Q; Patrick Cunningham, 226 Q; John Cunningham, 246 Q; Charles Carlson, 241 N; R. R. WOMAN EIGHTY YEARS OLD COMES ALONE FROM ABROAD

Mrs. Johanne Michaelson, mother of Carl Michaelson of the Wolfe Electric company, will make a trip from Copenhagen, Denmark, to visit her son this summer. She will sail Thursday on the steamship United States, and will come to Omaha immediately after arrival in New York. The fact that Mrs. Michaelson is 80 years old, and that she will make the trip alone has caused Mr. Michaelson to regard her trip as much out of the ordinary. Mr. Michaelson will return as far as New York with his mother in June, visiting there his brother at his country home in Atlantic Highlands.

SEYMOUR CAMP OF WOODMEN ENTERTAIN AT STAG PARTY

Seymour camp, No. 16, Woodmen of the World, gave a stag party Tuesday evening at their club rooms in the Board of Trade building. The evening was spent with cards, a musical and some features in the way of a kangaroo court and vaudeville performances by the members. There was an attendance of about 150 and all enjoyed themselves thoroughly. The kangaroo court elicited the attention of all and brought out a great deal of humor at the good-natured expense of some of the members.

BULL MOOSE CRY FOR WAR

Illinois Progressives Oppose Amalgamation with Republicans.

FOR DIRECT LEGISLATION

Beveridge, Addressing Conference, Declares Underwood Tariff Bill Was Framed by Tories in Congress.

SPRINGFIELD, Ill., April 30.—The state conference of the progressive party today adopted resolutions affirming loyalty to the initiative and referendum, the recall and the review of judicial decisions and to "oppose unequivocally and unreservedly any amalgamation with the discredited republican party, which, under recent dishonest leadership, has failed to carry out the precepts of Abraham Lincoln and the other honorable founders of that once renowned party."

Former Senator A. J. Beveridge of Indiana, who addressed the conference, said: "The Underwood bill was framed by the same method by which the Payne-Aldrich bill was framed. Less than a dozen men framed it. Mr. Wilson has put all the power of the administration behind it and it is to be passed without many persons in congress knowing what is in it. It was framed without knowledge of the facts just as the Payne-Aldrich bill was framed."

Union Pacific Files Answer to Brief of Attorney General

WASHINGTON, April 30.—Attorneys for the Union Pacific filed today with the supreme court their brief in reply to Attorney General McKennedy's objections to a longer extension of time than July 1 for an agreement upon a dissolution plan. The railroad lawyers contended that to allow only until July and no further extension would be inadequate, and renewed their plea to have the court's mandate modified to permit the circuit court to determine the question.

CREIGHTON TENNIS MEN REACH THE THIRD ROUND

The first and second rounds in the tournament now being carried on by tennis players of the high school department of the Creighton university, were concluded Tuesday afternoon. The third round will be played today, and the winners will compose the team which will represent the high school department.

The results of the first two rounds:

A whole bottle of medicine in one dose won't cure you

Why does the doctor tell you "to take a teaspoonful every two hours" instead of the whole bottle at one gulp? Simply because it takes time to produce changes in the human body.

It likewise takes time to produce effects on peoples' minds.

Time is one of the necessary things in advertising. You advertise today not only for tomorrow, but more particularly to make everybody know about you and your goods — where you are located and how you do business.

Building up a line of customers is a slow process.

Advertising doesn't work as the fake doctor claims his "cure-all" will, but as the real physician's slow, patient "teaspoonful every two hours."

Advertising is sure, because the laws that govern the human mind are as certain as the laws of gravitation. If you repeat facts about your business to newspaper readers day after day for a long period, those facts are bound to become a part of practically every reader's common knowledge.

Every reader of The Bee knows where certain Omaha stores are what kind and class of goods they keep and a good deal about the men behind the goods — whether they have ever been inside the store or not.

What stores are these? ABSOLUTELY WITHOUT EXCEPTION THEY ARE THE STORES THAT ADVERTISE IN THE BEE DAY AFTER DAY AND YEAR AFTER YEAR.

Regular — patient and persistent advertising is the sure road to business success. You — Mr. Merchant — who have been timid or doubtful or careless — why not start now — Today?

It's continuous advertising that pays
