SUNDAY, MAY 4.

Name and Address.

The Busy Bees

AVE any of the Busy Bees gone for a tramp in the woods this PRETTY LITTLE BUSY BEE WHO spring? There is nothing which is more exciting to the lover of nature than to find for the first time in the spring the tiny little blue violet lifting its beautiful little face to the sun. To see it you may have to walk far into the woods and perhaps go through thickly wooded places, but it is well worth the experience to make the effort. The woods are now abloom with spring flowers and it only remains for you to be the first to take the tramp to get your arms full of them. The dainty little pink "Dutchman's Britches" are springing up on all of the southern slopes, where they have been protected from the winter's north wind. They seem to dance for joy when they are picked and say that they have been waiting for you to find them. The wild phlox are in bloom, too, and there is nothing prettier to give your mother than a bunch of these dear little wild flowers of the spring. The boys and girls who live in the country are perhaps more fortunate than we who live in the city, for these little flowers are not so far away. The woods around Florence and Riverview park are perhaps the nearest the Omaha boys and girls can reach and are full of the spring flowers.

I must remind the Busy Bees that the new Queen of the Blue Side and King of the Red Side will be rulers next Sunday. There are three more days left to vote. Dorothy Judson has received several votes for queen and so have Bernard Alken and Mildred White. Eugene Leggett and James Wengert have received votes for king.

Miss Butler, Omaha, Neb.

Dear Madam:-Give me your prices now on sailor hats in latest style, with telescope crown, rolled edge with band and flat bow of velvet ribbon, all black. I would like it in a Milan straw, but if you think that Milan is not firm enough for a sailor hat, what kind of straw do you suggest that will look fine and smooth and rich-also good velvet ribbon to correspond with it.

Read your ad in The Bee. If you issue catalogues containing sailor hats, send me one, please. Yours very truly, MRS. F. W. R .--
