### AUBERT JOINS CARRANZA

Report of Surrender of Federal Troops is Confirmed.

### REBELS WILL MOVE ON JUAREZ

Insurgents in Chihuahua Expect to Be Joined by Mutilous Troops of Salazar in Few Days.

EL PASO, Tex., May 5.—The constitutional committee today received verification of the report that General Turley Aubert had surrendered to the Carranza insurgents at Lampazos below Laredo, Tex. The verification was brought to the border by Major Salvador Gomez of the state forces, who says he saw the surrender of Aubert and 25 federal troops.

Mutilous federal troops which on Saturday drove their commander, General Jose Lopez Salazar, and his followers from Old Casca Grande, Mex., have been urged to accept formally the constitutional revolution. If they do this practically will place the revolutionists in control of the territory along the Mexico Northern railroad south of Juarez. So far the mutineers, who number 250, rarely have displayed resentment because their leader ordered them to Chihuahua City on instructions from General Antonio Iturbide. But insurgent agents here believe they soon will accept the revolutionary plan.

General Salazar and his men retreated to Casca Grande with the mutineers in undisputed claim of the older and larger settlement a few miles from the railway.

Will Move on Juarez. With the possession of the Casca Grande district, a valuable food center, it is planned by the insurgents to go ahead with the campaign against Juarez. Already 200 insurgents have appeared at San Yacinto, on the Texas border. They will proceed against Guadalupe, where there is only a small force of rural police.

It is admitted that Juarez would be of no value without some inland point in the border state, preferably Chihuahua City. Members of the El Paso garrison believe that Casca Grande may be easily taken and at the same time afford a railway food supply and a basis for military operations against the state capital.

Federals Take Aggressive. NOGALES, Ariz., May 5.—Federals from Guaymas took the aggressive yesterday, being repulsed by constitutionalists at Batamotal, the first station north of Empalme. News of the battle received today in an official insurgent report, stated that 300 federals had been taken prisoners.

Heavy cannonading was heard today from the state troop base at Ortiz, indicating that hostilities had been resumed near Empalme. Fourteen federal soldiers captured in yesterday's fight arrived today at Hermosillo. They reported that sixteen federals were killed.

Neutrality Law is Cited. WASHINGTON, May 5.—Persons exporting arms from the United States to promote revolution in Mexico may be arrested by American authorities for violating the neutrality proclamation of 1912 before the arms actually have left the United States, according to a decision today by the supreme court. The decision reversed the federal court for western Texas, which annulled indictments against Arnulfo Chavez and Jose Mesa.

### Bad Paper is Found in Haye's Banks; Another One Fails

PIERRE, S. D., May 5.—(Special Telegram)—The state banking department took possession of the Bank of Capps this morning. It being another of the banks of which John Hayes of Fort Pierre was president. This bank was capitalized at \$10,000 and was considered sound up to Saturday. It is reported that a lot of crooked paper is coming to the front, as in the case of the Citizens State bank of Fort Pierre, which was taken charge of by the state department a week ago.

Nothing has been heard from John Hayes since Monday of last week, when he was in St. Paul. While there are fairly reliable rumors as to what conditions are in regard to the Fort Pierre institution, the banking department has made no statement and with all the charges no formal complaint has been filed against Hayes as yet, but the smash is a bad one.

### Horse Show Opens at Washington

WASHINGTON, May 5.—Long before the bugle blowed for the first event today at the national horse show, the ring and the surrounding bridge paths and turf were scenes of activity. Virtually all the thoroughbreds were being put through their paces facing the judges and a number of society women were in personal charge of their entries. The weather promised to be all that could be desired.

Numerous exhibitors, however, were late in arriving and when they did put in their appearance, many of them lumped perceptibly. This was explained as being the result of the horseback "jaunt" led yesterday through the capital's environs by William P. Eno, twice president of the horse show and president of the riding and hunt club. Mr. Eno is a cross-country rider of more than local renown.

"It was a 'jaunt' all right," said one of the late arrivals today, as he left his person painfully. "Three hours in the saddle and twenty-five miles of all sorts of going."

More than sixty riders took part in the "jaunt."

### CONFESSIONS IN SLEEP NOT COMPETENT TESTIMONY

DENVER, May 5.—If Lady MacBeth had lived in Colorado, the famous sleep-walking scene would have been incompetent, irrelevant and immaterial. The state supreme court today held that a person may not be convicted of murder by the use of his own admissions, made while talking in his sleep. The case of Joseph Martinez, convicted of murdering a woman named Portune Campbell, and sentenced to life imprisonment, was sent back to the district court of Archuleta county, with instructions to try the defendant again, without permitting the prosecution to introduce his somnolent testimony.

At Martinez' first trial, a jail guard testified that the defendant, in his sleep, repeated over and over again: "I killed her." Largely through this testimony the defendant was convicted. The supreme court ruled the confession of a defendant can be used against him only when given voluntarily, and that when the confession is made during sleep it is not voluntary.

### UNION PACIFIC GIVEN TIME

Limit for Sale of Stock Extended to July First.

### VICTORY FOR THE GOVERNMENT

Railroad Officials Asked for Unlimited Extension, but Attorney General Filed Objections—Decision in Final.

WASHINGTON, May 5.—The supreme court today extended the time in which the Union Pacific railroad must dispose of its 46 per cent in the Southern Pacific stock, from May 12 to July 1, thus only partially complying with the request of the Union Pacific attorneys for an indefinite extension of time.

The general effect of the decision is a victory for the federal government. Attorney General McKevold's opposed an extension longer than July 1. The request for extension was made by the railroad attorneys when it became apparent that the circuit judges sitting as the district court of Utah would not be able in the time allotted to pass upon the dissolution plan recently submitted. The attorneys requested an indefinite extension.

The sale of the stock by the Union Pacific was made necessary on December 2, 1912, when the supreme court decided that its ownership by the Union Pacific affected a combination with the Southern Pacific, a competing road, in violation of the Sherman anti-trust law. The court gave the Union Pacific until May 2 to dispose of its holdings.

No opinion was announced by the supreme court explaining its action. Chief Justice White merely made the announcement of the course the court had determined upon.

The two sisters who inherited the estate are Mrs. Margaret C. Lyle of Belfast and Mrs. Jane P. Hanna of Newton, county Down.

### Edison Loses Suit Against Gould Heirs

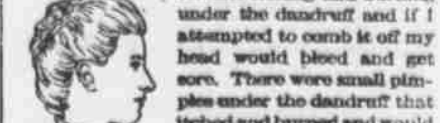

WASHINGTON, May 5.—After being in the courts thirty-seven years the suit of Thomas A. Edison and others against the Atlantic and Pacific Telegraph company and the heirs of Jay Gould for alleged infringement of patents relating to quadruplex telegraphy was ended today when the supreme court dismissed the Edison appeal. The lower court held it was without jurisdiction to consider the case and the supreme court sustained that view.

### ADOPTS COMMISSION PLAN

Portland, Ore., at Special Charter Election, Votes in New Form.

### BRINGS OUT THE CANDIDATES

More Than Hundred Men and Women Will Be in Field for Four Offices Under the Changed System.

PORTLAND, Ore., March 5.—The re-checking of the returns on the vote cast yesterday at the special charter election differed but slightly from the totals computed late last night which showed that the commission form of government had been adopted in Portland.

The enactment of the new charter automatically abolished the primary nominations for all offices, the choice prescribed being a nonpartisan preferential election for mayor, auditor and four commissioner who are elected from candidates each nominated by a petition of at least 100 voters. This election will be held in June.

No sooner had the successful nominees of yesterday's discarded primaries learned of victory of the new charter than they and nearly all the unsuccessful candidates began to groom themselves for the next race.

By midnight Saturday eleven persons had signified intention of running for commissioner. As many more announced to the newspapers today they intended to make the race, and before the allotted time for filing petitions arrives it is believed that something over 100 men and women will be in the field for the four commissionerships.

A. G. Bushlight, the present mayor, who won the republican nomination yesterday, has announced his candidacy for mayor under the new charter, as have H. R. Albee, the successful progressive candidate, and General McKenna, the Democratic nominee.

### Fraternal Clause

in Code Insurance Bill is Changed

(From a Staff Correspondent.) LINCOLN, Neb., May 5.—(Special Telegram.)

It was discovered late this afternoon by Auditor Howard that the code insurance bill as passed was not the same regarding the fraternal insurance claims as the conference committee recommended and which it was supposed was embodied in the bill. Referring to the representative form of government in section 156, the bill reads:

"Provided, that the elected members shall have not less than nine-tenths of the vote."

Mr. Howard fears that this error is very serious, for the reason that it puts the percentage of votes so high that it can never be reached. The recommendation of the conference committee was as follows:

"That the house recedes from its amendment to the senate amendment to section 156, which strikes out the following words, 'constitute three-fourths in number' and that said amendment be amended by striking out the following words, 'nine-tenths,' and by inserting therefor the following, 'three-fourths.'"

### Dragnet is Out for Paper Box Kid

NEW YORK, May 5.—A country-wide alarm was sent out today by the New York police department for the arrest of Albrecht Sheldiano, "the paper box kid," gangster, ex-convict and alleged murderer of John Rezo and two policemen on Mulberry street late Saturday night. A dozen gangsters, enmeshed in the police dragnet over the East side, told stories today which resulted in his being formally charged with murder. He has fled the city.

As soon as the warrant was issued thousands of circulars were struck off, giving his description, his picture and fingerprints and mailed to every police department in the United States.

### Two Policemen Are Injured by Strikers

PATERSON, N. J., May 5.—The first serious disturbance here since the beginning of the laborers' strike occurred today. A policeman was shot in the leg and another was knocked down when the police dispersed a gang of 300 riotous laborers. The police used their night clubs and the rioters began to shoot. Five of them, all badly clubbed, were arrested.

The strikers, who are members of the General Laborers' International union, walked out on May day and have put a stop to nearly all the outdoor unskilled day labor in this part of the state. The strike also involves laborers in the New York suburban districts of Long Island and West Chester county.

### BANDIT SHOTS DIAMOND BROKER AND LOOTS STORE

SAN FRANCISCO, May 5.—Herman Baxe, a diamond broker, was shot and seriously wounded today in his downtown store by a robber who fled before the crime was discovered, taking with him \$100 in gold, \$1,150 in currency and diamonds worth \$1,000.

Baxe was alone in the store when a well dressed stranger entered and asked to be shown a diamond ring. As the broker reached into a case for a tray the man stepped into the office at the back of the counter, opened the door in Baxe's desk and took the proprietor's revolver from it. The next moment Baxe fell to the floor with a bullet wound over his heart. He was found a few moments later.

### KNIGHTS OF COLUMBUS MEET IN GRAND ISLAND

GRAND ISLAND, Neb., May 5.—(Special.)—Fifty-three new candidates for membership in the Knights of Columbus were received into the organization here Sunday by a series of religious and social ceremonies which were attended by between 250 and 300 knights of this the Grand Island council. Bishop Duffy of Kearney, assisted Rt. Rev. Father Wolfe of St. Mary's Catholic church, this city, and other priests and a sermon from Bishop Duffy, at 10 o'clock, was heard by a large congregation. In the evening at the New Liederkreis all of the local, visiting and new knights enjoyed a banquet, at which Bishop Duffy was again the main speaker.

### Addresses Supreme Court While Seated

WASHINGTON, May 5.—Precedents governing the conduct of attorneys before the supreme court were brushed aside today to permit R. H. Gilmore of Denver to make an argument while seated. Gilmore, a staunch supporter of Blaine in the presidential campaign of 1884, was overcome while making a stump speech and never since that day has made an address standing. He asked Chief Justice White today for permission to make his argument seated and was granted.

### Spain May Join the Triple Entente

PARIS, May 5.—The approaching visit to the French capital of King Alfonso of Spain is regarded as of considerable significance for Europe. It is said the visit may mean the entrance of Spain into the friendly understanding known as the Triple Entente between France, Great Britain and Russia. Alfonso arrives here on Wednesday.

The French government is making elaborate preparations for the reception of the king. The rooms which he is to occupy at the Palais D'Orsay have been decorated with objects of arts and the Ambassadors hall, where he will hold a reception, has been hung with Gobelin tapestry from Louis XIV's favorite sitting room at Versailles palace.

After a stay of two days, crowded with innumerable entertainments, the king will leave on Friday, witnessing a review of military airmen and aeroplanes just before his departure.

### BOMB FOUND AMONG PARCELS COLLECTED BY LONDON CARRIER

(Continued from Page One.)

In foreign bonds. A number of checks for "very large amounts" were found.

In concluding his address for the prosecution Mr. Bodkin asked the magistrate to send all the defendants for trial at the sessions.

### Three Police on Bail

After some police evidence had been given, the magistrate remanded most of the accused again until Thursday. Three of the women, however, were admitted to bail in \$5,000 each.

"General" Mrs. Drummond and Miss Annie Kenney, who were among those held without bail, created a scene in the prisoners' enclosure by shouting "We will start a hunger strike," and "You may not see us here on the next occasion unless we are carried."

Drew, the printer, apologized for printing a single issue of the Suffragette and gave a series of £5,000 not to repeat the offense. He then was released.

### BILL COMES UP IN COMMONS

Measure Comes Up for Final Vote Tuesday Evening. LONDON, May 5.—The struggle for woman suffrage began again in the House of Commons this afternoon, when the second reading was moved of Wills' bill. Whether this measure, which proposes to enfranchise 5,000,000 women, shall be given a fighting chance or the whole question buried for the lifetime of the present Parliament will be settled tomorrow night. The vital sections of the brief bill are as follows:

1. Every woman who, (a) if she were a man would be entitled to be registered as a parliamentary elector in respect of a household qualification within the meaning of the representation act of 1884, or (b) is the wife of a man entitled to be registered in respect of a household qualification and has resided in the qualifying premises during the period required by law to enable a person to be so registered, shall be entitled to be registered and when registered to vote at a parliamentary election in the constituency where the qualifying premises are situated.

2. A woman shall not be entitled to be registered unless she has attained the age of twenty-five years.

3. A woman shall not be disqualified by reason of marriage from being registered and voting.

The bill is backed by seven liberals, two unionists and two labor members. While it meets the wishes of most of the men supporters of women suffrage, it does not go far enough for others. The parties are so hopelessly divided and even the members of the cabinet are so widely set asunder on the question that a forecast of the outcome of the debate is most difficult.

The members, when they arrived at the house today, had to run the gauntlet of many who were marching in the precincts carrying sandwich boards with placards directed as the cabinet ministers, such as "Traitor Asquith," "Deport Reginald McKenna and Chancellor Hiebbouse."
