DENVER OFFICERS IN ROW

Mob Aids Woman Arrested by the Sheriff to Escape.

ONE MAN IS TAKEN TO JAIL

Chief of Police Says Sheriff Had No Right to Make Arrest and Reprimand the Driver Who Helped.

DENVER, May 7.—Sheriff Daniel M. Sullivan announced today that he "would go the limit" in prosecuting all parties connected with the attack made on him last night, when a mob rescued Rose Hart, after the sheriff had arrested her as a witness before the grand jury.

Chief of Police Felix O'Neil today admitted that he had reprimanded the driver of the police patrol wagon because he obeyed the sheriff's order and took Rossi to the county jail.

"I did not dismiss him," the chief explained, "I reprimanded him, however, because he has no business taking any body to the county jail. Sullivan had no right to arrest that woman without a warrant and when she came to the police station and explained the situation I released her, of course."

"If I had been on the scene I should have arrested Sullivan himself and thrown him into jail."

"I wish he'd been there then," observed Sheriff Sullivan grimly, when this statement was repeated to him.

"I had a warrant for arresting Rose Hart, and I have a perfect right to make an arrest without a warrant anyway."

An hour before midnight, Sheriff Sullivan fought off the rescuers and the call for the police wagon was given. Meanwhile the crowd became riotous.

The woman loudly insisted that a regular city police officer be called, vouching to the sheriff that she had "paid them sufficiently, but did not have enough money to pay him."

Two plain clothes policemen are known to have been in the crowd, but neither offered aid. After the sheriff had waged his fight against those who would release the woman for forty-five minutes, a man struck him over the left eye with a pair of knuckles.

Two minutes later the policeman who regularly walks the beat appeared. The sheriff accused him of purposely having absent himself and the officer made no reply. At the same time the police patrol arrived.

Alleged Leader Arrested. Sheriff Sullivan then asked the police officers to go with him to a nearby hotel, where Rossi was arrested. As Rossi was placed in the wagon the sheriff, with a bad cut profusely bleeding, said:

"Gentlemen, there goes the leader of the white slave gang and blackhanders in this city. I have got him and I have forced the police to make the arrest, but he goes to the county jail where kind policemen can't release him, not to the city jail."

Two weeks ago Sheriff Sullivan made the charge to the grand jury on the charge of the woman of the under world. Since that time one police officer has been indicted by the grand jury on the charge.

A woman named Merrill a week ago was haled before the grand jury. She confessed, according to the sheriff, to being a member of the gang of which the Hart woman is the head.

Sheriff Sullivan has watched Rossi's saloon steadily until last night when the Hart woman appeared there.

After the arrest the Hart woman disappeared in the midst of the crowd, that she

or her fellows would kill the sheriff within the week. A similar threat was hurled at him from the crowd. So dense was the crowd on the street that street car traffic was blocked.

FRANCE WILL REGULATE AERIAL NAVIGATION

PARIS, May 7.—France is preparing legislation for the strict regulation of aerial navigation. Adrien Thierry, the minister of public works, presented a bill to the cabinet today providing for the inspection of flying machines, the licensing of airmen and the prohibition of flights over certain districts in the interest of national defense.

The minister said that in France at the present there are 1,800 aeroplanes. The maximum speed attained, he asserted, is 105 1/2 miles an hour. Single flights, he declared, have reached a distance of 80 miles.

FOUR THOUSAND SQUIRRELS KILLED NEAR SAC CITY

SAC CITY, Ia., May 6.—(Special.)—The farmers living in the vicinity of Early held their annual squirrel hunt yesterday, nearly eighty men and boys participating. The hunters lined up on two sides. Five points were allowed for striped squirrels, ten points for gray squirrels and twenty-five points for gophers. Ten points were allowed for crows. At the close of the hunt the winning side was 2,335 points in the lead and a total of 4,377 squirrels was reported, the dead bodies filling a dray wagon.

DEATH RECORD

Mrs. Paul Chipman. M'COOK, Neb., May 7.—(Special.)—Mrs. Pearl Chipman, aged 18 years, wife of Brakeman G. E. Chipman, died at noon today, leaving a babe of 3 weeks of age. Tomorrow morning the body will be shipped to Heartwell, Neb., for burial.

Sixteen Overcome by Smoke. CHICAGO, May 7.—Sixteen persons overcome by smoke were saved from death by four policemen today when five, believed to have been started by burglars, destroyed a two-story frame building at 124 Fry street.

BOMB FOUND IN ST. PAUL'S

Suffragettes Try to Blow Up Ancient Cathedral in London.

CLOCK IS SET FOR MIDNIGHT

Arrangement in Mechanism Prevented Explosion—Other Bombs Found Near Newspaper Office and Drug Store.

LONDON, May 7.—An attempt to wreck the ancient St. Paul's cathedral by a bomb early today is attributed to the militant suffragettes. The verger who conducts sightseers through the massive edifice was making his rounds at about 8 o'clock this morning when he heard a ticking sound near the high altar. Upon investigation he found hidden a heavy parcel done up in brown paper. He immediately placed it in water and handed it over to the police, who found a suffragette newspaper wrapped up with the bomb.

This attempt and the placing of two other bombs in other parts of the city this morning made it appear that the militant suffragettes had entered anew on their havoc-working campaign following the defeat of the woman suffrage bill in the House of Commons last night. Shortly after the discovery at the cathedral the police found a similar bomb-like package on the steps of a newspaper office in Fleet street and a tin canister believed to contain explosives was picked up on the steps of a wholesale drug establishment near St. Paul's.

The general public is admitted to the choir of St. Paul's between 11 o'clock in the morning and 3:30 in the afternoon. The cathedral was closed at 8 o'clock last evening and it appears certain that the bomb was deposited before that hour. It was found beneath a chair beside the bishop's throne at the head of the choir. The dean conducted evensong near the bishop's throne last evening, but neither he nor the verger then noticed the package or heard the ticking. Several parts of the cathedral usually opened to the public were closed today.

Arson Squad Busy. Suffragette "arson squads" were also busy early this morning. They burned down a pavilion on the cricket field at Bishop's park, Fulham, in the west end of London, and also set fire to an unoccupied house in the north of London.

Another fire broke out in Lambeth today, in a lumber yard, the fourth of its kind within a few days. It was extinguished before much damage had been done. "Small but fiendishly powerful" is the police officers' description of the bomb found near the high altar of St. Paul's cathedral this morning. When the machine was taken to pieces it was discovered that it was timed to explode at midnight with a arrangement of clockwork retarded its explosion. Apparently only this accident prevented untold damage to the cathedral. A number of brass screws, nails and coarse metal slugs were found among the contents.

DEFEAT OF SUFFRAGE LAW

Blame for Action of Commons is Placed on Militants.

LONDON, May 7.—The defeat of the woman suffrage bill in the House of Commons last night is generally attributed by the morning newspapers to the women themselves—the militant ones, whose wild, law-breaking tactics alienated the sympathy of suffrage supporters. The paper says that the suffragists' actions lay heavy on the debates in the commons.

"There is not the slightest doubt that the militants have defeated their own objects," the paper continues. "The change in the political barometer cannot be mistaken. For some years past bills for giving votes to women have passed their second reading with respectable majorities. They may not have been intended to get any further and we think there has been a good deal of hypocrisy on the part of members who voted for their second reading, but that success has been reversed. The majority is not very large, but in the circumstances it is decisive. It tells the militants plainly anything can be done if they are on the wrong road if they wish to get votes for women."

TO HIT SALOONS BODY BLOW

(Continued from Page One.)

within two miles of any state educational institution. The first of the propositions is designed to catch the bootlegger. The second is designed to reduce the number of saloons in the smaller towns.

The third and last proposition is the one that would strike Omaha and Lincoln saloons the hardest. A circle with a radius of two miles drawn around the deaf institute at Forty-second and Boulevard in Omaha, and another similar circle around the state medical school at Forty-second street and Dewey avenue, would enclose two overlapping areas, including fifty-four saloons in Omaha and six in Benson. One of these circles would run two miles from the Twenty-first street at the post-office and would eliminate all saloons directly west, southwest and northwest of that place. It would just cut through the edge of the largest cluster of saloons in Omaha, which runs from east of the postoffice toward the river.

Where It Would Hit Them. The proposition placing the number of saloons on a population basis would throw out some thirty saloons of the 34 in Omaha, and the measure removing them from a state educational institution would throw out some forty-three more. Thirteen of these, under the apportionment to population scheme, might procure a license and operate in another portion of the city, but the other thirty could not.

Lincoln, with the University of Nebraska located in the heart of the city, would lose all of its twenty-five saloons under the scheme to have all removed two miles from a state educational institution.

The leaguers are tickling themselves with the idea that this will throw Lincoln into a dilemma on the campus removal matter. The proposition for the removal of the campus will be submitted to the people at the election at the same time that the proposition for removing the saloons two miles from state educational institutions will be submitted.

As to other towns in the state, the measure will affect Kearney, Chadron, Geneva, Nebraska City and Beatrice, as all have state educational institutions.

HOCTOR RE-ELECTED MAYOR

(Continued from Page One.)

council and two republicans. The democrats elected were John Cavanaugh, First ward; John Riches, second ward; J. T. Alton, Third ward; Pat Lavelle, Fifth ward, and Henry Hartnett, Seventh ward. J. C. Riha from the Fourth and Jay Williams from the Seventh were the republicans.

The school board positions were given to a democrat and republican. F. S. Richardson, republican, and W. B. Fitzgerald, democrat, were elected.

Few Votes Cast. Although the campaign was at fever heat for weeks before election the voters manifested but little excitement at the polls yesterday, and no unusual interest was taken in the results. The vote yesterday was comparatively light compared with the registration and zeal in which the campaign was conducted by the candidates.

Early returns favored Koutsky for the head of the tickets, and he maintained a good lead over Hootor until the Second precinct of the Third ward out the latter to the front. When the last precinct, the First of the Seventh, Gillin's district, was brought in Hootor's large majority there put aside all possibilities of the republican candidate's election.

With the exceptions of city clerk and the fire and police commissioners, every other office was a battle to the end among the candidates. At times it would look like the republicans were ahead and then one precinct would put the democrats to the front. It was back up and down for the candidates until the last precinct was added in on the totals.

Koutsky's defeat was due largely to the strong democratic fire and police board combination, which favored Hootor with a large number of votes that would otherwise have been given to the republican candidate.

The election was marked by little underhand methods. Patrolmen were detailed to each polling place, but it was the quietest the police have had for weeks. Not a single arrest was made, although it was believed there would be plenty to keep the police busy.

The total vote: FOR MAYOR. Hootor, Dem., 2,107; Koutsky, Rep., 1,822. CITY TREASURER. Gillin, Dem., 1,959; Martin, Rep., 1,953. CITY CLERK. John Fennell, Dem., 1,558; Perry Wheeler, Rep., 1,274. CITY ATTORNEY. E. D. O'Sullivan, Dem., 1,236; Henry Murphy, Rep., 1,063. TAX COMMISSIONER. Jerry Fitzgerald, Dem., 2,283; Regg Wallace, Dem., 2,104. FIRE AND POLICE BOARD. J. H. Devine, Dem., 1,022; W. P. Donahue, Dem., 2,212; Frank Dworak, Rep., 1,075; J. L. Van Sant, Rep., 1,448. COUNCILMEN. FIRST WARD. John Cavanaugh, Dem., 1,127; G. F. Beavers, Rep., 1,073. SECOND WARD. John Riches, Dem., 1,272; J. C. Vans, Rep., 1,732. THIRD WARD. J. T. Alton, Dem., 2,003; J. C. Bowley, Rep., 1,697. FOURTH WARD. J. P. Ford, Dem., 1,614; J. C. Riha, Rep., 1,206. FIFTH WARD. Pat La Velle, Dem., 1,579; John Larsen, Rep., 1,497. SIXTH WARD. Jack Parks, Dem., 1,782; Jay Williams, Rep., 1,919. SEVENTH WARD. Henry Hartnett, Dem., 2,123; T. P. Peterson, Rep., 1,569. BOARD OF EDUCATION. W. E. Schneider, Dem., 2,420; W. B. Fitzgerald, Dem., 2,027; C. M. Ritch, Rep., 2,512; F. S. Richardson, Rep., 2,092. Key to the Situation—See Advertisement.

AFTER POSTMASTERS' JOBS

Applicants and Present Incumbents Must Be Examined.

WILSON WILL ISSUE ORDER

Fourth Class Men Now in Office Must Demonstrate Their Fitness to Retain Their Positions.

WASHINGTON, May 7.—After a conference with President Wilson today, Postmaster General Burleson announced that an executive order would be issued requiring that all fourth class postmasters now in office, or candidates for prospective appointments should be subjected to a competitive examination to determine their fitness for the office.

The postmaster general issued a statement explaining the purpose of the new executive order declaring that President Taft's action in putting the fourth class postmasters in the classified service was not sufficient and that the mere placing of "a great horde of persons" in the classified service was not in conformity with the spirit of the civil service, as there were no tests to determine the merits of the applicant. The new order, which substantially amends the Taft executive order, retains in the classified service all fourth class postmasters, but specifically requires a competitive examination and a selection by postoffice inspectors from among the first three eligible applicants. The order places the age limit for appointees at 65 years.

Mr. Burleson, in his discussion of the situation, indicates that the Wilson administration wishes to take the fourth class postmasters out of politics, but points out that democrats, as well as republicans, will have an opportunity under competitive examinations to show their fitness.

Charges Against Debs, Sheppard and Warren Dismissed

PORT SCOTT, Kan., May 7.—Federal cases against Eugene V. Debs and J. I. Sheppard and Fred Warren, publishers of a socialist newspaper at Girard, Kan., charging attempting to obstruct justice, were dismissed in the federal court here today on instructions from the attorney general. This ends several months of litigation which resulted from a government charge of misuse of the mails brought against those connected with the Girard paper.

Debs, Sheppard and Warren were indicted last November by the federal grand jury here. The offense charged was "obstruction of justice by inducing witnesses to leave the country." It was alleged to have been committed in connection with the case of J. A. Wayland, owner of the Girard paper, City Editor Phifer and Fred Warren, charged in a federal indictment in May, 1912, with misuse of the mails in posting obscene matter concerning the federal prison at Leavenworth.

The government's case against Debs, Warren and Sheppard was based largely upon testimony of J. P. McDonough of Kansas City, formerly a prisoner at Leavenworth penitentiary, who said the defendants paid him \$300 to go to California and to not testify in the case charging misuse of the mails.

J. A. Wayland committed suicide last fall. Warren and Phifer, his co-defendants in the misuse of the mails case, filed a demurrer which was sustained by Judge Pollock in the federal court here ten days ago.

Print Paper Stocks. WASHINGTON, May 7.—News print paper stocks decreased 2,000 tons during March, stocks on hand March 31 being 25,224 tons, compared with 25,534 tons February 28, according to reports to the commissioner of corporations from the American Paper and Pulp association.

Excess of shipments over production caused the decrease. Stocks have steadily declined since last September. Production, 26,169 tons, or 9 per cent of computed normal and 2,339 tons more than February; average daily output 1,776 tons; shipments, 18,116 tons, an increase of 4,644 tons over February.

TRINITY CORPORATION

OWNS 366 HOUSES

NEW YORK, May 7.—The parish of Trinity church, often described as the wealthiest in the world, is now paying taxes on property valued at \$15,171,024, an increase of nearly half a million during the year, according to figures given in a 500-page year book, covering the activities of Trinity church and the nine chapels of the parish. It is said to be the most voluminous year book ever printed by a church. Reports show that the church corporation now owns 366 houses, in which between 3,000 and 4,000 persons are living.

"Complexion Secrets Of An Actress"

In a recently issued volume bearing the above title, the author says: "Continuous use of grease paints, rouge and the like, had ruined my complexion. My skin was colorless, wrinkled, coarse and punctured with large pores. In England I heard of the virtues of mercolized wax; my first experience with this marvelous substance convinced me it was more valuable than all cosmetics combined. Now whenever my complexion begins to go wrong I get an ounce of mercolized wax at the nearest drug store, spread on a thin layer of it before retiring, washing it off next morning. The wax, after a few such treatments, seems literally to absorb the worn-out cuticle, washing it off a brighter, healthier, younger-looking skin appears. For the wrinkles and enlarged pores, I began using a solution of axolite, one ounce, dissolved in a half pint witch hazel. Bathing the face in this every day for a while soon restored the condition most wonderfully."—Advertisement.

People Are Not Naturally Grouchy They Are Only Constipated

"If the days gone by every man with a grouch was considered a lunatic. There is more truth than fiction in that. The remedy was always a cathartic, and the grouch was transferred into a happy person. Now, why? Billousness is a condition of the bowels—the bile does not move and the result is Constipation of the bowels. This stagnation causes a distribution of poisonous matter throughout the system, which makes you sick. YOU CAN'T be happy and constipated. When you awaken with a heavy head and yellow skin, and coated tongue, act at once. Take a laxative which works within one hour or so without further discomfort and you are saved a day of grouchiness. SUTTAN'S JAWOOR WATER is a natural laxative, speedy, sure and gentle—its effect is instantaneous. It gives the bowels a rest or any time on an empty stomach. Get a bottle from any drugist."
