## Best Farm Lands In Canada

Garden Tracts Adjoining Fort Fraser.

5 and 10-Acre Tracts in the Famous Nechaco Valley,

Farmers that have looked into farming lands in the wonderful northwest say that nowhere in the entire country are there lands to be found as fertile as those in the famous Nechaco valley, B. C. Long summer days of 18 hours sunshine, extreme fertility and the temperate, well balanced climate insure guick growth and maturing of crops—and no crop failures.

Fine land for wheat or fruit raising.
And wonderful pasturage facilities—10
months in the year make it ideal for

months in the year make it ideal for dairying.

Now is the time to buy. The Grand Trunk Pacific completes its lines through the Nechaco valley region this year. Puts you close to big markets. Fort Fraser, the trade center of the region, is growing rapidly—putting in \$3,000,000 water works and electric lighting plant. Fort Fraser will be the most important city on the Grand Trunk Pacific between Edmonton and Prince Rupert. The whole country is growing by leaps. And it's a bully chance for up-to-date farmers and settiers to get in and buy the best farm lands in Canada at mighty reasonable prices. Also

Business Lots in Fort Fraser At Low Prices-Long Time. Write me for facts and prices, I can prove every statement with government figures.

GRAIN AND PRODUCE MARKET

Chicago Wheat Traders Are on Buying Side of Market.

DECREASE IN CORN IS SHOWN Bradstreet's Report of Yellow Cereal East of Booky Mountains Shows Shortage of Over 2,000,000 Bushels.

OMAHA, May 7, 1912.

The larger concerns in the Chicago wheat trade were fairly well banded together yesterday on the buying side of the market, while the selling was principally by the talent, and considered weaker in character than the buying. Pit conditions continue to rule values, and the talent almost to a man will find themselves short when they enter the big pit on the Board of Trade tomorrow morning. As viewed by one trader, there was too much enthusiasm of the bear side yesterday, following a break of 4 cents. Those who believe in lower prices for wheat, displayed out little caution and, in some instances, poor judgment in throwing over large quantities of that small around the lowest levels.

Crop conditions could not be improved upon and never were as rosy as at the present. There are some in the trade, however, who believe the crop prospects have at least been partially discounted, and that it is well to abstain the use of the kammer in pounding values downward on the declines, such as have been seen during the last few days. Nearly every big concern in the trade bought more or less wheat yerterday, as citistivers were following their advice to take on some cheap grain, as the prospects are good for a reaction and raily along the entire wheat list. One of the features of the market not already mentioned was the persistent selling of the

LEGAL NOTICES.

May and the buying of the June wheat by Armour brokers greterday. A few additional houses were transferring their nearby futures to the more deferred ones. Cash wheat was ight lower.

Bradstreets' report gave a decrease of \$259,000 bushels in stocks of corn east of the Rockles. Peoria messages claimed that Indianapolis, Louisville and other points were over bidding Chicago for corn at shipping points. These builish features had little to do with the market which followed the break in wheat. Cash corn was unchanged to ight higher.

The oats trade to a great extent ignored the weakness and decline in wheat and corn yesterday. Cash oats were ichigher.

Clearances were 1,000 bushels on corn.

and corn yesterday. Cash oats were %c higher.

Clearances were 1,000 bushels on corn, 2,000 bushels on oats and wheat and flour equal to 276,000 bushels.

The close at Liverpool was 160% lower on corn.

Primary wheat racelpis were 703,000 bu and shipments of 1,429,000 bu. against receipts last year of 335,000 bu. and shipments of 453,000 bu.

Primary corn receipts were 538,000 bu. and shipments of 354,000 bu. against receipts last year of 356,000 bu. against receipts last year of 856,000 bu. against receipts last year of 537,000 bu. and shipments of 394,000 bu.

Primary oats receipts were 687,000 bu. and shipments of 394,000 bu. against receipts last year of 637,000 bu. and shipments of 601,000 bu. and shipments of 607,000 bu. Carlot Receipts.

Features of the Trading and Closing Pentures of the Trading and Closing Prices on Board o fTrade.

CHICAGO. May 7.—Good export sales of wheat today gave strength to a previously weak market. Closing figures showed a net gain of 4c for July and September, but May was at a net decline of 46%c. Corn scored a net uplift of 46%c to 4c, outs finished at a net advance of 46%c to 5c, but provisions closed irregular 2%c off to 5c up.

5c up. The change from weakness to strength The change from weakness to strength in the wheat market came in the final hour. Reports of export sales last night and today placed the total at 20,000 bushels. When this news was made public the market was already recovering from early weakness, the uplift being helped along by purchases on the part of traders who had oversold.

Though May picked up some from opening figures it could not could the gains of

ing figures it could not equal the gains of the other months. Early weakness of the wheat market was the outgrowth of continued bearish crop conditions in this county and be-cause of improved Russian crop prospects hich weakened foreign markets Primary wheat receipts today were 703,000 bushels: last year 255,000 bushels.

eaboard clearances of wheat and flour qualled 26,000 bushels. Speculative buying lifted corn. Reports that Argentine corn harvest was hindered by rains was an additional bullish in-fluence. Fears of injury to oats by dry weather in Illinois and Indiana caused

the upturn noted in that market.

Provisions after a weak opening, improved somewhat being helped through the whole list by large buying of September 1 and Quotations ranged as follows:

Two residences in Omahs, one for about \$5,500 and the other about \$6,500, and put in as part payment 2-1 of South Dakota land, & valued at \$2,500, and the other at \$4,000. For further information see

Wool Market.

LONDON, May 7.—WOOL—The third series of the wool anction sales closed today with miscellaneous offerings amounting to 6,856 bales. The demand was steady prices unchanged. From unchanged prices at the opening the series remained at that level under strong support chiefly from the home trade. Coarse breds, scoured Merinos and Cape of Good Hope and Natal occasionally advanced 5 per cent. The closing was firm, but wools suitable for America and inferior and wasty Merinos were irregular and often lower. A feature of the sales was the absence of American demand, owing to tariff uncertainties, American purchases barely amounting to 1,000 bales. During the sales the home trade bought \$8,000 bales, the continent 45,000 and 48,000 were held over. Wool Market.
