JAPAN PRESENTS PROTEST

Ambassador Has Two Short Conferences with Secretary Bryan.

NOTE LAID BEFORE CABINET

It Was Considered at Some Length and Another Meeting to Draft a Reply Will Be Held Saturday.

WASHINGTON, May 9.—Japan's formal protest against the California alien bill was submitted to Secretary Bryan at the State department early today by Viscount Chinda, in person. The protest will be placed before President Wilson and the cabinet by Secretary Bryan this forenoon, that an answer may be promptly returned to the Japanese embassy.

It is believed here that the referendum movement being urged by Theodore Bell of San Francisco may have the effect of postponing the question long enough for the United States and Japan to arrive at an understanding or perhaps negotiate a new treaty covering disputed points. Secretary Bryan was a little late in arriving at his office, but five minutes after the appointed hour he was in conference with Viscount Chinda, who came to the State department alone. The conference lasted for half an hour and at its conclusion the secretary and the ambassador left the department together, the former going directly to the White House to submit to the president the written communication which the ambassador had given to him, and the ambassador returned to the embassy. Photographers snapped pictures of the two men as they came from the department side by side. The secretary declined to make any statement as to the character of the protest he had received until after the cabinet meeting.

Bryan Will Not Talk. "I have been statement to make at this time," was his only reply to all inquiries. The cabinet remained in session and there was some intimation that some statement might come from the White House later.

Shortly afterward Secretary Bryan and the ambassador again met at the State department, but their conference was necessarily short. The secretary had to take the 12:30 o'clock train for New York, where he is to deliver an address tonight at a banquet. Mr. Bryan said the conference with the ambassador would be resumed tomorrow upon his return from New York. This was taken as an indication that the State department was not yet prepared, even after the brief consideration in the cabinet, to make a final answer to the Japanese objections, as presented today by the ambassador.

Cabinet Will Meet Again. Other members of the cabinet refused without exception to discuss the situation further than to say the general subject had been gone over. There is a strong probability of a special cabinet meeting to-morrow to permit Mr. Bryan to lay before the president and his colleagues the results of his further conference with the Japanese ambassador. At the White house and the State department there was every evidence of the intention of the president and the cabinet to go into the question without delay and give to the Japanese government a prompt outline of the federal government's attitude toward the Webb bill, should Governor Johnson sign it.

MISSOURI AND INSURANCE COMPANIES AGREE TO TRUCE. JEFFERSON CITY, Mo., May 9.—Judge Thomas Bates of Chicago, attorney for the fire insurance companies which had threatened to withdraw from the state as a result of the recently enacted anti-trust law, will advise the companies to remain in the state, and Attorney General Barker will then dismiss the suits filed against them.

This was the understanding reached late today after a protracted conference between Judge Bates, Governor Major, Attorney General Barker, Superintendent of Insurance Revalle and former Governor Joseph W. Folk, representing St. Louis business interests.

Immigration Shows Large Increase for Last Three Years

WASHINGTON, May 8.—Immigration to the United States this year has been heavier than during the three previous years, 74,997 immigrant aliens being admitted to this country during the nine months from July, 1912, to and including March, in addition to which 140,901 non-immigrant aliens were admitted, making a total of 215,898. A total of 12,527 aliens were deported for various causes. Emigrant aliens departing numbered 247,797 and nonemigrant aliens 158,076.

American citizens going abroad during the nine months numbered 242,191; those returning 223,473. These departures and arrivals made the passenger movement during that period total 1,124,994 arrivals and 688,022 departures. More Japanese entered the country during the nine months than during the entire previous year—6,438, compared with 4,172—while 201 returned to Japan, compared with 1,901 during 1912. Immigrants from the Russian empire predominated during the period, 178,224 persons having entered, compared with 182,236 in 1912. Italians were next with 150,882, compared with 157,194 in 1912. By occupation the majority of immigrants were farm laborers, 172,539 having entered; other laborers were 123,214; servants 90,832 and tailors 16,448. One significant feature of the statistics is the fact that the number of laborers departing exceeded the number arriving. During the nine months 340,000 sailed, and during the previous year 290,723, compared with 132,214 arrivals in the period and 125,738 for 1912.

More than 200 applicants for parole, among them six bankers and three life insurance men, will appear before the federal board of pardons which will meet at the federal prison at Leavenworth, Kan.

RAPTERS GIVEN YEAR EACH

Our Former New York Police Inspectors Sentenced.

FOUND GUILTY OF CONSPIRACY

By Hiring Man Who Said He Had Told Them Bribes to Leave the Jurisdiction of the Court.

NEW YORK, May 8.—Dennis Swaney, John J. Murtha, James E. Hunsley and James F. Thompson, former police inspectors convicted of conspiracy to obstruct justice and to check graft revelations involving them, were sentenced today to serve one year in the penitentiary and pay a fine of \$500 each. This is the maximum sentence.

Up to the moment that sentence was pronounced the belief prevailed that one of the four would "squeal" to the district attorney on "the man higher up," one of them had entertained such intention he masked it under a stolid front, calmness as he faced the bar. Reports that one of the four was bargaining with Mr. Whitman for a suspension of sentence and that the long-sought "king" of the system would be brought to justice through a confession were still prevalent about the criminal trial building after sentence had been pronounced. It is not yet too late for one of the inspectors to save himself by an eleventh hour statement.

Appeal is Not Probable.

No move of any sort looking to appeal was taken by any of the four prisoners today. An effectual club against appeal is held by the district attorney in the form of nineteen indictments for bribery (a felony) recently returned against the quartet. "If the prisoners appeal, I will bring them to trial on the bribery charges," the attorney taken by the district attorney. No assurance has been given they will not be brought to book on indictments, anyhow, but each of the prisoners' lawyers is understood to have obtained the impression that the charges will be dormant in case it is so appeal.

Baby Born Aboard Northwestern Train Nearing Sioux City

SIoux CITY, Ia., May 9.—A girl baby was born to Mrs. H. Wilke of Auburn, Ia., aboard a Northwestern railroad train today, while Mrs. Wilke was hastening to the bedside of her daughter, who is ill at a hospital in Sioux City. Mrs. Wilke and the baby were taken to a Battle Creek, Ia., hospital. Both are reported doing well.

FIRE RAGING IN SCUTARI

Report from Vienna Says Montenegrins Started Blaze

READY TO EVACUATE THE CITY

Last of Garrison Will March Out Sunday and Will Be Replaced by a Force from the Joint Fleet.

VIENNA, May 9.—Fire broke out in the bazaar of the former Turkish fortress of Scutari this morning and, fanned by a high wind, rapidly assumed huge proportions. It is reported here that the Montenegrins started the blaze when leaving the city in revenge for being compelled to evacuate it.

CATLARO, Austria-Hungary, May 9.—The fire at Scutari was extinguished after a wide area, including many shops, had been burned. The losses are very heavy. Considerable quantities of jewelry, carpets and silks were destroyed.

Ready to Evacuate City. OETTINJE, Montenegro, May 9.—A Montenegrin cabinet, under the premiership of General Vukotich, was formed today to take the place of the government, which resigned when King Nicholas decided to evacuate Scutari at the behest of the European powers.

The foreign office immediately afterward opened negotiations with the commanding officers of the international fleet, which has been engaged in blockading the coasts of Montenegro, and arrangements were made for the evacuation of Scutari. This began yesterday and by Sunday the last of the Montenegrin soldiers are to march out of the city. The foreign admirals will then land detachments from the fleet and the formal surrender of the old Turkish fortress will be made to the combined international force.

King Nicholas said today in a speech to the Montenegrin Parliament that, in the interest of general peace and in order to save Montenegro and the entire nation, he was forced to give in to the European powers. Russia, Servia and Greece, he declared, counseled submission on the part of Montenegro. Russia, however, undertook to continue to protect the little kingdom.

Job Harriman May Demand Recount

LOS ANGELES, Cal., May 9.—Because of the discovery of an error in printing some of the tally sheets upon which votes cast in the recent municipal primary election were tabulated, followers of Job Harriman, socialist candidate for mayor, who was eliminated, now threaten to demand a recount. A difference of less than 1,500 votes between Harriman and H. H. Rose, independent, the latter apparently having been assured a place on the mayoralty ticket to be presented to the voters June 3, is shown unofficially.

Omaha Man Escapes Death in Missouri

ATCHISON, Kan., May 9.—(Special Telegram.)—Roy Warrick of Omaha, who is visiting his brother, G. Warrick, at Dalbey, while boating on the river early this afternoon alone, was thrown under his skiff when the boat capsized. He could not swim, but held to the seats and kept his head above water in the overturned boat. After floating two miles the boat lodged on a snag. Warrick then crawled out and held to the side of the boat for four hours, when he was rescued by L. F. Hamilton, a farmer. His condition is serious.

Notes from Yankton. YANKTON, S. D., May 9.—(Special.)—Principal Carberry and Prof. Shields of Yankton High school were served with warrants Thursday charging them with assault and battery upon the person of Harold Kowitzky, 15 years old, a sophomore in Yankton High school. The complaint alleges brutal flogging with a piece of hose pipe. State Attorney A. L. Wyman has taken the case up and the hearing has been set for Thursday.

Dr. Nathaniel G. Alcock of Pueblo, Colo., was married here Wednesday night to Miss Marjory Bates, daughter of C. H. Bates of this city, the wedding being one of the season's society events. Rev. F. V. Stevens of the Congregational church officiated. The bridegroom was formerly an instructor in the high school here.

Culls from the Wire

After a recess of a day the county grand jury will resume today its investigation of white slavery in Los Angeles. The Wisconsin assembly concurred last night in the Linsley bill authorizing a legislative investigation of the white slave traffic in the state and kindred subjects.

The Things We Are Saying About Our Spring Clothes Should Interest Every Man Who Expects to Wear Any This Season

Men as well as women like to be well dressed, but many of them don't know how to go about it. The majority of the clothing stores can't help them much, either. They clothe them, 'tis true, but they certainly don't dress them. Our models are all produced in our own factory—produced from day-to-day as "fashion and public fancy" demand. When you buy a suit of clothes in this store you don't get one that was made up "six months ago" when 'twas a mere guess what was really going to worn—and what most stores only have. We are in "S. O. S." hurry call of the real style zones of Europe and America; fast as a new creation is launched upon the fashion waves, no matter how extreme (if not freakish), that portrays any semblance of cultured dress for American gentlemen (young or old), just that soon it is to be found in our splendid assortments. The fit of our garments at either \$15 or up to \$40 positively cannot be surpassed. Every requirement is there.
