Before Buying Your Trunks, Suitcases and Bags, See Our Line.

## Church Cornerstone Laid at Madison

MADISON, Neb., May 9.—(Special.)—The corner stone of St. Leonard's church was laid Tuesday afternoon at 2 o'clock. Owing to the illness of Bishop Scannell of Omaha, Bishop Corrigan of Sioux City, Ia., officiated at the services and preached the sermon for the occasion. The ritualistic services of the church were carried out with solemn and impressive ceremonies. Bishop Corrigan was assisted by Father Marcellous of Platte Center, as deacon; Father Julius Hettwar of Stewart, as subdeacon; Father J. W. Stenson of Omaha, as first master of ceremonies; Father Muenich of Madison, pastor of St. Leonard's, as second master of ceremonies; and Father Bukeley as cross bearer. Other clergymen present were: Rev. Fathers Crowley, Albion; O'Connor, Central City; Pieper, Snyder; McMahon, Norfolk; Florentina, Humphrey; Cynac, Columbus; Cassidy, O'Neill; Harrington, Omaha; Kearns, Wayne; Gibber of Constance and Jungels of Petersburg, who preached the German sermon at 10 o'clock high mass. Forty young women, dressed in white and wearing wreaths of apple blossoms, were an impressive feature of the procession. The cornerstone is of pure marble from Vermont and is the gift of the Neigh Marble and Granite works.

Daily Buys Dunbar Review. DUNBAR, Neb., May 9.—(Special.)—Colonel Will H. Daily, formerly owner and publisher of the Cairo Record at Cairo, Neb., has purchased the Dunbar Review plant here and also residence property. Daily is an old newspaper man, a good acquisition to the town and is getting out a new paper.

## ALLIANCE MAKES HEADWAY IN FIGHT AGAINST SMALLPOX

ALLIANCE, Neb., May 9.—(Special.)—Lewis Roberts, arrested here today by Sheriff Carl Cox, was on his way west with a covered wagon and a four-horse team. He is wanted at Madison, Neb., charged with deserting his family and is being held awaiting officers from that place. William Eldred, aged 19, who died here today, was a graduate of the class of 1912, Alliance High school. He was recovering from typhoid fever and suffered a relapse. The situation in regard to smallpox in Alliance is improving daily and it is hoped that the disease will be stamped out without another week, no new cases being reported and the cases now under quarantine being very light, and all on the rapid recovery. The quarantine and precautions being taken are very rigid, six special officers patrolling streets with orders to kill stray dogs and cats and keep children from congregating and off the streets. All schools and public halls are closed. The citizens in general are uniting with the board of health in their efforts to stamp out the disease and in all probability will be successful within another week. S. C. Beck, a local contractor, was awarded the contract to build the Central High school building, his bid being \$30,000 for the erection of the building. The change of administration of the city took place Tuesday night, when A. D. Rogers took the reins of government as mayor. With the approval of the council he appointed Charles Jeffers marshal, Doc Curtis night marshal and Dr. L. W. Bowman city physician. A Bloody Affair. Is lung hemorrhage. Stop it, and cure weak lungs, coughs and colds, with Dr. King's New Discovery. 50c and \$1.00. For sale by Beaton Drug Co.—Advertisement.

## Nebraska INDIVIDUAL COMMUNION CUPS

New Law Will Enforce This Regulation Upon Churches.

### BLAIR INQUIRY REVEALS IT

Dr. Wilson, Secretary of State Board of Health, Believes Drinking Cup Law Will Have This Effect.

(From a Staff Correspondent.) LINCOLN, Neb., May 9.—(Special.)—Here is another problem to be solved by reason of the work of the last legislature: House roll No. 122, the public drinking cup bill, was passed by both houses, signed by the governor and will become a law July 17. This morning Dr. Wilson, secretary of the State Board of Health, received a letter from F. L. Haller of Blair asking if the new law would affect the use of the common cup in communion services.

It is the opinion of Dr. Wilson that the law covers that particular case, and by reason thereof churches which use the communion service will be compelled to use the individual drinking cup in the future. For many years there has been an agitation in many of the churches against the use of the common cup for communion service, with the result that most of the larger churches dispensed with the common cup and are now using individual cups. In some churches it is the habit of those presenting the cup to use a napkin in cleaning the cup after each communicant has partaken of the contents, but whether this would help the matter as far as the law is concerned is hard to tell. In the event that the law does cover this question it will work considerable of a hardship on large numbers of small churches, which will be unable to bear the expense of the individual sets.

## Legislature's Fault Compels the State to Pay Much Interest

(From a Staff Correspondent.) LINCOLN, May 9.—(Special.)—Although the state of Nebraska shows a deficiency of \$90,000, Treasurer George refuses to call it a debt. If the county treasurers of the state would send in money collected and being held by them the state would be in a position to pay off the warrants which it now has to register any day interest upon. Treasurer George was very anxious that the legislature should pass a law which would compel county treasurers to remit to the state treasurer on the fifteenth of every month all taxes collected in their hands for the state, but the legislature was too busy spending its time investigating state institutions and snooting around trying to discover something wrong with some of the state boards in order to make political capital instead of passing laws beneficial to the state and as a consequence the state will have to pay 4 per cent interest on something like \$50,000 in registered state warrants, when the money to pay them is sitting idly by in idleness in about 100 different places in the state.

Since the state was practically even the first of the year, all this condition has been brought about during the first four months and at a time when the legislature had it wanted to see anything good, could have easily passed a law remedying the present condition. Percheron mares and the third was a thoroughbred yearling stallion.

### Half Minute Store Talk

Did you ever encounter the salesman who was afraid to show goods? Who would lay out one, two or three garments insist on you trying them on, then urge you to make your selection from those you have been shown, when possibly your exact idea of a suit in every particular is hanging in the case. You won't experience that condition at this store; our salesmen are anxious to serve you in the best manner possible, every one is overflowing with ambition and they have the largest stock to draw from in the entire central west.

Anywhere, Anytime on Anybody You can spot a King-Peck hat by its striking smartness

## FREMONT POWER COMPANY FILES ITS INCORPORATION

(From a Staff Correspondent.) LINCOLN, May 9.—(Special.)—The Fremont Power and Canal company filed its articles of incorporation in the office of the secretary of state today. The company will have its headquarters in Omaha and is formed for the purpose of furnishing electric power.

It is understood to be connected with the Kountze interests and is incorporated for \$100,000, divided into shares of \$1,000 each. The incorporators are: Osmond T. Eastman, Irving Allison, Charles A. Grimmel, James M. Kenna and Martin W. Dimmyer.

## GAGE COUNTY CLEANS UP PAYING RAILROAD BONDS

(From a Staff Correspondent.) LINCOLN, May 9.—(Special.)—The state treasurer received from the county treasurer of Gage county this morning a check for \$16,284.48, being the last payment, with interest, on an issue of bonds made in 1879 by Gage county to assist in the building of the Omaha and Southwestern railway through that county. The original issue was for \$30,000, made to cover an amount voted in 1872 and which after the issue in 1879 were refunded in 1882. The bonds were owned by the state and carried 5 per cent interest. They would double in a little over fifteen years, and it is easily figured how much Gage county has paid for her issue of railway bonds.

## GOVERNOR NAMES WOMEN TO GO TO PURITY CONGRESS

(From a Staff Correspondent.) LINCOLN, May 9.—(Special.)—Just to keep his hand in on the appointment of Governor Morehead this morning appointed and issued certificates to Mrs. L. S. Corey of Lincoln, Mrs. Ella M. Hostetter of Shelton, Mrs. Harriet Vance of Alliance, Miss Grace Leal Crozier and Wilmet F. Crozier of Osceola, as delegates to the purity congress which meets in Chicago November 7 to 12. It is expected that the appointment of election commissioner for Douglas county will be given out tomorrow, although E. E. E. Ridgway was walking around in the reception office this morning with a lightning rod raised in hopes the appointment might strike him to-day.

## Notes from Harvard.

HARVARD, Neb., May 9.—(Special.)—Yesterday the district convention of Knight of Pythals convened in this city, delegates to the number of some 125 being present. A banquet was served in the evening and lodge sessions held during the day, each being full of interest to the order. Grand officers present were John P. Maggett, grand vice chancellor, from Hastings; W. C. Wullbrant, grand master-at-arms, of Exeter; and W. T. Arty, grand guard, of Harvard. The body of the late William H. Crabb, for twelve years in charge of Hotel Harvard in this city, was taken to York yesterday for burial by the side of his father, the late Colonel Crabb.

Valuable Horses Poisoned. STELLA, Neb., May 9.—(Special.)—Henry Seid, living northwest of Stella, lost three horses valued at \$2,500 one night this week. At first it was believed they were foundered from eating shelled corn, but a post-mortem examination showed this was not the case. It is now believed that death was caused by poisonous forage. Two were imported

## NO CURE DISCOVERED, SAYS WHITE PLAGUE SOCIETY RESOLUTION

(Continued from Page One.) necessary to properly estimate the effect of therapeutic measures. Extravagant Praise Not Justified. "We must not lose sight of the possible therapeutic value of this preparation and on the other hand it is necessary to guard against too great an optimism in respect to its merits. Without presenting in detail the condition of patients under observation, we are in a position to state that the facts thus far observed do not justify that confidence in the remedy which has been inspired by widespread publicity. "In our opinion harm may have been done by this undue publicity insofar as it has lessened the confidence of tuberculous persons in well recognized methods of treatment or interrupted their use, and we are constrained to advise against any lessening of those well-known measures which not only had affected cures, but which have reduced the incipency of the disease. We are aware that Dr. Friedman does not wish to be judged scientifically on newspaper statements and he would undoubtedly disclaim responsibility for certain of those which have appeared. Nevertheless, it is on them that the public bases its opinion until replaced by reliable and unbiased scientific pronouncements supported by convincing data.

"In our series of patients Dr. Friedman has almost exclusively made use of the intramuscular method alone in pulmonary cases, and a very considerable proportion of them have either developed no considerable infiltrate at all or have suffered from abscess formations. It is evident, therefore, that a very considerable portion of these patients may expect their treatment at the hand of Dr. Friedman to extend over a long period.

## Experiments Under Way.

"Concerning the cultures submitted to us we may state that a series of experiments is under way. The bacillus has been found to be an acid-fast organism having properties quite different from those of any tuberculous bacillus with which we are acquainted. It appears to be identical with an organism cultivated from a few loop-fulls of the material used for injection which Dr. Friedman permitted us to place on culture media in his presence. We requested Dr. Friedman to furnish us with a large amount of this material for examination, but this he has declined to do. We can state, however, that living acid-fast bacteria are being injected by the intramuscular and intravenous method although we are ignorant of what medium they are suspended in or what additional substance or substances may be contained in the final mixture. "The report covers exhaustively the history of the Friedman 'cure' so far as the facts have been available to the public health service from the time of its announcement in Berlin in September, 1912, and reveals the efforts of the public health service to gather material from Dr. Friedman for its investigation. The report is careful to say that Friedman's reticence has in no way been allowed to interfere with the judgment of

## PERCHERON MARES AND THE THIRD WAS A THOROUGHBRED YEARLING STALLION.

as manager of the Edgar, Shannon elevator. A Skinner will have the management of the Farmers' Commercial elevator.

## THE BOARD OF THE EFFECTS WHICH IT HAS OBSERVED.

The government investigators are not finished, as the tests are being conducted in the hygienic laboratory here and the observations of the persons inoculated will be continued. Friedman Insured in Resolution. Immediately after the presentation of the public health service report a resolution was unanimously adopted declaring it to be the judgment of the association that "no specific cure for tuberculosis had yet been discovered to warrant the confidence of the public or the medical profession." The resolution recommended to all that present methods of treatment be continued. Dr. Friedman was not mentioned by name in the resolution.

## Officers Are Elected.

Officers were elected as follows: President—Dr. John H. Lowman, Cleveland, O. Vice Presidents—Miss Mahel T. Boardman of the American Red Cross and Dr. Theodore B. Sachs, Chicago. Treasurer—William H. Baldwin, Washington. Secretary—Dr. Henry Barton Jacobs, Baltimore, Md. Brigadier General George M. Sternberg, U. S. A., retired, of this city was elected an honorary member of the society, the only one so honored, with the exception of Dr. L. Trudeau, originator of the anti-tuberculous movement in America. The association adopted a resolution recommending the house of representatives, which now has no committee on public health, appoint such a one. Twelve new directors, six laymen and six doctors were elected to fill vacancies as follows: Miss Julia Lathrop, head of the children's bureau of the Department of Labor; Dr. Charles P. Nellis of the bureau of labor statistics; Lee K. Frankel, New York; Prof. Severance Burrage, Indianapolis; Rt. Rev. F. B. Spangenberg, Salt Lake City; Frederick Almy, Buffalo; Dr. Herman M. Riggs of New York; George H. Evans of San Francisco; Herbert Maxon King of Liberty, N. Y.; M. P. Ravenel of University of Wisconsin; Laura F. Flick of Philadelphia and Watson S. Rankin of Raleigh, N. C.

Saturday is your opportunity to buy a suit at a clear saving of \$10 to \$20. Julius Orkin.

## JAPS WOULD FIGHT HUERTA

Four Hundred Sonora Orientals Offer Services to Rebels. ARE ALREADY UNDER ARMS

Governor Explains that Struggle is One in Which Only the Mexicans Should Participate. DOUGLAR, Ariz., May 9.—Four hundred Japanese residents of Sonora state have offered their services in arms to L. P. Piesquera, the insurgent governor, according to a code telegram received by the constitutionalist committee here today. The offer was refused, the governor explaining that the struggle was one in which Mexicans only should participate. The 400 Japanese, it is said, were already armed. They composed, they said, all residents of the state, mostly farmers and mechanics. They offered to furnish their own ammunition.

## Inspect Captured Aeroplane.

TUCSON, Ariz., May 9.—Officials of the United States marshal's office here and county sheriffs today inspected the aeroplane being held at Pike's ranch, twenty miles south of Tucson. Aviator Didier Masson and Mechanic Thomas Dean, who are on the ground, insist that they only intended to test the eighty-horsepower machine, employing the flat country to avoid accident. Train Is Dynamited. NOGALES, Ariz., May 9.—Two hundred lives are reported lost in the train disaster at Don, near the Sinaloa-Sonora border yesterday. It is said that the insurgents fired into the train, exploding a car of dynamite which the federal forces were conveying to Guaymas. Only fifty passengers are reported to have escaped death. Many were wounded. Parrol Surrounded. EL PASO, Mex., May 9.—Americans arrived here today to report that Parrol, foreign mining camp of southern Chihuahua, is surrounded by nearly 3,000 constitutionalists. The insurgents expect to force surrender when the thirty days' food supply is exhausted.

## In Making Hood's

Sarsaparilla, we use

ROOTS—Sarsaparilla, Yellow Dock, Mandrake, Dandelion, Stillinga, Blue Flag, Licorice, Gentiana.

BARKS—Wild Cherry, Sassafras.

BERRIES—Juniper Berries.

LEAVES—Pipsissewa, Senna, Uva Ursi.

These valuable vegetable remedies, all gathered at the season when they possess their utmost remedial values, are harmoniously combined with others in Hood's Sarsaparilla, by our own peculiar process, by virtue of which each is raised to its highest efficiency. This is why Hood's Sarsaparilla possesses such wonderful curative power. Its ingredients include just what doctors order for the diseases and ailments for which we recommend Hood's Sarsaparilla.

It is worthy of your entire confidence. A trial bottle will convince you of its merit. Get it today. Sold everywhere.
