Omaha Bee, Oct. 10, 1892: This state ought to be making greater progress now than it is, and the apprehension of the possible success of the Populist party is undeniably responsible for this. Nothing would contribute more to the rapid development of Nebraska than the overwhelming defeat of the Populist party.

HAMILTON UTLEY, People's party nominee for congress, First district of Wisconsin, has placed himself on record through the columns of the daily press as being opposed to the A. P. A., or any patriotic organization in any manner, shape or form. The voters of that district should see to it that Mr. Utley is elected-to stay at home.

ALBERT W. JOHNSON, of the Sixth ward, who has been placed on the Republican ticket as nominee for member of the board of education in place of Mr. Deegan, who withdrew, is a gentleman in every way eminently qualified for the position. Mr. Johnson has a splendid record as a teacher in the publie schools of lowa, and is well and favorably known among the business men of this city, having represented W. T. Seaman, the wagon and carriage manufacturer as city salesman for the last seven years. Mr. Johnson should undoubtedly be elected.
