Loyalty to Principle.

DUNDEE, Illinois, February 10, 1894. -Editor THE AMERICAN: Almost everyone instinctively despises treachery, hypocrisy and disloyalty to principle, whether found in himself or others. Now, if any have joined the noble order of the A. P. A., and on election day were treacherous to its principles, they must feel mean and almost ready to kick themselves for so doing. And if any politiciars joined the order for the express purpose of furthering their own selfish interests or those of their party, they must, if not lost to all sense of bonor and selfrespect, feel like hiding themselves in shame and confusion of face, well knowing that they are spotted by the fraternity as unworthy of confidence by all who know their position. Hence a consciousness of guilt and meanness will ollow them wherever they go.

No de ubt but the purposes and efforts of the A. P. A. have been thwarted in various ways [still it has doubtless made itself felt marvelously in the late election, both in the state and nation, which will develop itself in due time. Its periodicals and other literature are first-class and greatly tend to preserve the loyalty and integrity of the order and are worthy of the patronage of every member of the order and of all patriotic citizens of the land. Especially would we recommend "Fifty Years in the Church of Rome," by Rev. Chiniquy. It is an eye-opener, a plain statement of truth, forcibly presented, and a mighty battle-axe with which to demolish the priestly dictation, hypocrisy and despotism of Rome set up in our

It is time that we, as American citizens, fully understood the deceptive, jesuitical and wily policy of the old man of the vatican, with his many bishops, priests and jesuits in this country, together with their willing tools, the politicians and liquor dealers, who stand ready to sacrifice every moral principle and every interest of the state and nation to the shrine of Rome, the drink traffic and monopoly.

Our people today hardly realize what it means to be loyal to the constitution it means to be loyal to the consistation and to the laws of the state and nation. Disloyalty and treachery are so prevalent that we hardly expect any better state of things under existing circumstances. The pope, the would-be ruler of the world, has for many years been working diligently, silently and comparatively unknown by us, until he, in connection with the liquor traffic, has captured the most of our large cities, has elected our rulers, made our laws, and has decided how, when and where they shall be enforced.

But Rome began a little too soon to the fields before the harvest was ripe, and the property of exemption and situate in longials county, state of Nebraska. # ORANGE PRINCIPLES.

On behalf of the Loyal Orange Lodge of the United States of America, and with a view of correcting the false impression that enemies are endeavoring to convey to the minds of men who are unacquainted with Orange principles, are these few statements

The Loyal Orange Institution is a brotherhood and sisterhood, bound by three ties-Justice, Truth and Righteousness.

It has no hidden aims It is Fraternal and Benevolent-assisting and protecting members while living and their widows and orphans when they are removed by death.

It upholds the right of private judgmentthe untrammelled freedom of opinion; believes the public schools are an essential safeguard of the state, and should be kept free from ecclesiastical or sectarian control and that persons disloyal to the government -who hold a mental allegiance to the pope of Rome-should be rigorously excluded from teaching therein.

It believes primary allegiance is due to the government which protects the ilves, liberties and properties of its citizens, and that ecclesiastical authority should not under any circumstances, be permitted to meddle in the affairs of state, and that coersion of a citizen in the exercise of his or her right of franchise, under the guise of religious or spiritual authority should be punished as a crime against the state. That it is the duty of every citizen to de-

fend the lawfully constituted authority and institutions of our country against corrupt and inimical influences, as well as against armed assallants, to the end that our glorious freedom be protected and transmitted animpaired to posterity.

It encourages habits of frugality and in dustry among its members, and is proud to

DECLARATION OF PRINCIPLES.

The National Council of the Junior Order of United American Mechanics in annual session assembled declares:

That the constant landing upon the shores of the hordes of ignorant, vicious and lawless criminals of the Old World should be viewed with alarm by the loyal and patriotic citizens of this country.

We affirm a warm and hearty welcome to all immigrants who desire to better their condition and become a part and parcel of our nationality, but we have not one square inch of room for the anarchist, the socialist or aithlist or for any one who is not willing to bow allegiance to that flag which is powerful enough to shield and protect them as well as us. In the exercise of all civil and religious liberty.

We affirm our devotion to the public school system of this country. We believe in compulsory education, and that all teaching in our schools should be in the English language, to the end that future generations may be able to take their place in the ranks of our country's workers, educated in the history, the customs and manners of Americans.

We guarantee to every man the liberty of

of our country's workers, educated in the history, the customs and manners of Americans.

We guarantee to every man the liberty of worshiping God according to the dictates of his own conscience, and would give every assistance to protect all in the exercise on his liberty, but we object most strenuous to the interference of any church, no matter under what name it may exist, in the temporal affairs of this country.

We believe that the Bible should be read in our public schools; not to teach sectarianism, but to incuicate its teachings. It is the recognized standard of all moral and civil law; we therefore believe, that our children should be educated in its teachings, but that no dogma or creed should be taught at the same time

We believe that patriotism and love of country should be instilled into the hearts of children, and that, with the words of "Mother," "Home" and "Heaven." our children should be taught that our flag is the symbol of all that makes a "home" for us. We would place a flag upon every public school in our land, and a Bible within, and the object lesson therein set forth should be a beacon light in every storm which threatens to engulf us. a beacon light in every storm which threat ens to engulf us.

a beacon light in every storm which threatens to engulf us.

In this noble and patriotic work we ask the cordial and hearty co-operation of all good citizens. In this grand work we need the helping hand of all organizations holding the same views and principles. We have no time for jealousies and bickerings, but with a united front we should march forward, shoulder to shoulder, remembering that "United we stand, divided we fall."

In the strictest sense we are a national political organization, but we oppose with unanimity the slightest taint of partisanism. "Our country" is our motto, and we keep this motto steadily before us. We are cognizant that there are great and powerful enemies within our midst, requiring the strictest surveillance of all who are at heart, word and in deed dwarfanz. We, as members of this Order, affirm our allegiance to the objects of the Order as paramount to any partisan affiliation, and urge upon the membership harmonious, united and intelligent action in carrying out the principles.

OBJECTS OF THE ORDER. First—To maintain and promote the inter-sts of Americans, and shield them from the epressing effects of foreign competition. Second—To assist Americans in obtaining

mployment. Third—To encourage Americans in busi Fourth-To establish a sick and funerafund.

Fifth—To maintain the public school system of the United States of America, and to prevent sectarian interference therewith, and uphold the reading of the Toly Bible

## UNITED AMERICAN MECHANICS.

## Its Organization and Principles-How to Become a Member.

We would respectfully call your attention to the fact that there is in this city a council of the Order of United American Mechanics, to which we would be happy to have you give a moment's thought, and if favorably impressed, would like your name proposed for membership.

The Order of United American Mechanics

was organized in Philadelphia on the 15th day of July, 1845. Its first inception was for the protection of Mechanics and Workingmen alone, and for a number of years none but operative mechanics and workingmen were admitted to its membership; but the great interests of principles involved in its existence, caused a departure from that plan, and the Order has for years existed and exists today as an order of speculative mechanics, recognizing every one possessed of the birth requirements, who works for a maintainance either by hand or brain or both as eligible to membership, and numbers among its members men of every profession,

and calling in life. The objects of this order are to assist each other in obtaining employment; to encourage each other in business; to establish a sick and funeral fund; to establish a fund for the relief of widows and orphans and to aid members; and to ald members who, through Providence, may be incapacitated from following their usual vocations, in obtaining situations suitable to their afflictions. The membership of this order is composed of white male citizens born in the United evening, at Fraternity Temple. Visit its States, or under the protection of its flag. This order has existed for nearly lifty years. and is at present, rapidly spreading throughout the United States. As an American born, and having the welfare of yourself and family at heart, as well as that of the nation at large, we would most heartly invite you to become a member of the U. A. M., as it is the only Order in existence founded especially to promote the interests, elevate the character and secure the happiness of

the American mechanic and business man. It therefore appeals to the head and heart of him who wields the pen as well as to him who swings the scythe or wields the sledgehammer of the mechanic. In its councils, a free discussion of principles relating to the fostering and care of the interests of individual members is permitted; but nothing of a political or sectarian character is ever alowed to be discussed. It has no affiliation with such institutions as Trades Unions, Knights or Labor. Sovereigns of Industry, or the like, and desires not to control either exoftal or labor, as it would be doing a gross injustice to many of its members, who are taken from both classes. The membership of the Order is scattered from Maine to California, and from all points co ses the glorious news that the Order is gaining great strength in all jurisdictions.

An endowment branch is also connected with the Order, both national and state, which insures those who seek its benefits, enabling them to leave a sum, which is in all cases substantially and promptly paid, to the dear ones, when death marks its members for its own. It seems very strange indeed that the

American does not feel inclined to become so pecultarly national in his ideas and associations as do the English. French, German, Irish, and other nationalities. Each and all of the foregoing have their peculiar national organizations, and take pride in same. But the American joins order after order, composed of a mixture of nationalities, and lets his own countrymen severely alone in the matter of secret and fraternal

to turn his thoughts to home and native and, so that he can old in the glad refrain: Thou art my native land. I own thy fostering hand; Though far from thee I roam. Still thou art my home."

But we do ask him who is to the manor born

We would not belittle any of the existing

Americans, we of this Brotherhood appeal o you to aid us in this work we are now carrying on. You must either be for us or against us. Choose quickly and let us show to the country that we firmly believe in American principles, American industry, American protection and American government. Strikes riots and boycotting are terms too harsh to be applied to American Mechanics. Bonded together by promptings of patriotic affection, may this Order grow and progress, until every man who calls himself American can stand up and say n all'sincerity. Lown no man as master of my
