prominent Omaha Citizens:

Judge Isaac S. Hascall and R. F. Williams have this to say. We consider Dr. C. Gee Wo of \$19 North 16th St. Omaha, Neb., one of the best physicians in the city for the following reasons: Four years ago our daughter became very nervous and at times sick and unable to control herself. We doctored with and consulted nine of the leading physicians of this city, but she gradually grew worse, until on the 7th of October, 1895, she was at tacked with spasms. She was unconclous and delirious for weeks following the attack, and at a consultation of physicians they agreed that she could not get well. We then employed Dr. C. Gee Wo, and the patient began to improve at once, and in a remarkably short time was up. She is feeling better than she has for a long time. She is improving every day and bids fair to get entirely well.

ORANGE PRINCIPLES.

On behalf of the Loval Orange Lodge of the United States of America, and with a view of correcting the false impression that enemies are endeavoring to convey to the the minds of men who are unacquainted with Orange principles, are these few statements

The Loyal Orange Institution is a brotherhood and sisterhood, bound by three ties-Justice, Truth and Righteousness. It has no hidden aims

It is Fraternal and Benevolent-assisting and protecting members while living and their widows and orphans when they are removed by death. It upholds the right of private judgment-

the untrammelled freedom of opinion; believes the public schools are an essential safeguard of the state, and should be kept free from ecclesiastical or sectarian control and that persons disloyal to the government who hold a mental allegiance to the pope of Rome-should be rigorously excluded from teaching therein. It believes primary allegiance is due to

the government which protects the lives, liberties and properties of its citizens, and that ecclesiastical authority should not under any circumstances, be permitted to meddle in the affairs of state, and that coercion of a citizen in the exercise of his or her right of franchise, under the guise of religlous or spiritual authority should be punshed as a crime against the state.

That it is the duty of every citizen to defend the lawfully constituted authority and institutions of our country against corrupt and inimical influences, as well as against armed assailants, to the end that our giorious freedom be protected and transmitted unimpaired to posterity.

It encourages habits of frugality and in dustry among its members, and is proud to boast that Orangemen seldom become a public charge or accept pauper bread. It believes in the restriction of immigra-

tion" "d the extension of time for the naturaliga.on of citisens, and that the public and shall be held for actual American citisens who become settlers. The Loyal Orange lustitution of the United States of America has certain

requirements for membership: That a man shall be an actual American citizen, having complied with the laws of the United States with regard to naturalization, and without a mental reservation.

That the applicant shall be a Protestant. and also that his parents and wife shall be That he shall be thrifty and successful in

his business; honorable and truthful in his dealings with his fellowman, and shall be known as a law-abiding citizen. That he will endeavor to give his children or any children under his charge at least a

good common school education, being care-

ful to avoid all popish doctrines, and That he shall be in sound health at the time of making application.

It makes no difference where a man was born, so long as he meets the foregoin requirements.

These are the qualifications required every applicant to the order, and we do not think that any patriotic American order can offer a better array of principles and teachLODGE DIRECTORY.
