CITY AND STATE

The Omaha and Kansas City telephone line will be opened for business Saturday of this week.

Attorneys Macfarland and West are engaged in the second trial of the Bollin case before Judge Baker this week.

Sheriff McDonald has been ordered by Judge Keyser to resume possession of the McTague hotel on Farnam street.

The fire and police board held a special meeting at their rooms Wednesday evening for the purpose of transacting some special business.

Some of the attorneys of Omaha have petitioned Judges Powell and Keyser for the appointment of a special master commissioner whenever the attorney in the case requests it.

Mayor Broatch and City Clerk Higby started in yesterday attaching their names to the 396 renewal bonds. Each must sign 8,316 times. Mr. Higby expects to complete the job by Saturday night.

Frank Walton, a loan broker of Lincoln, committed suicide by throwing himself in front of a Rock Island train at that place Thursday. Despondency over family troubles is said to be the cause.

Every Republican should attend the meeting at Washington hall next Thursday evening. It is arranged to have Attorney-General Churchill and several other good speakers address the meeting.

August Hahn, a pressman, was killed by falling down an elevator shaft at Rees Printing Co's establishment Thursday morning. Hahn had lately arrived from Chicago, where his parents reside, and was looking for work.

The pupils of Dundee school gave an interesting entertainment last evening at the school, Forty-ninth and California streets. The program consisted of vocal and instrumental music, recitations and physical culture exercises.

The prospects for a new Union depot at this city at the foot of Farnam street are growing brighter day by day. According to A. S. Potter, general manager of the Omaha Bridge and Terminal company, the money is ready to build a magnificent structure and only awaits the signing of the agreement by a majority of the railroad companies entering the city.

C. C. Wright, of the firm of Wright & Thomas the attorneys, 517 N. Y. Life building, is engaged in court at Gering, Neb., this week. This firm have about 140 cases on the docket of the present term of the district court in this city. Both members of this firm are energetic and their clients well-know that they have placed their business in good hands.

AN OUTRAGE.

A Prominent A. P. A. Discharged Because of His Principles.

The following from the Menominee (Mich.), Enterprise shows the unprincipled, low-down methods to which enemies of the A. P. A. in the Republican party—and Protestants at that—will descend to make a point for gain from the Romish element. Mr. Black, through his untiring and unselfish work on patriotic lines, was the means of turning the city and county of Marinette from a Democratic papal stronghold into a Republican community, and he is rewarded by the loss of his livelihood. The Marinette Eagle, as is shown in the article, profited by the change brought about—and the proprietor, a Protestant and a representative of the Republican party, publisher of the leading party organ in the Ninth congressional district, throws the man overboard who was instrumental in making it possible for the Eagle to get at public patronage. Is it any wonder

good men get discouraged working for principle? Friend Black is a competent printer and a gentleman, and we hope the friends in Marinette will show their appreciation of his labors now that he needs their assistance. Let us see if "protection" means anything in the order for which Alex. Black has been sacrificed: Alex. Black was "released" by the Eagle Printing Co. at Marinette the first of the week. Alex. has made himself famous during his short residence in Marinette as the president and organizer of the A. P. A. in that city, and through his manipulation of the politics of the city and county have been completely revolutionized. He has made the Republican party (the same grand, old one we so often read about) adopt his views and his candidates, and the local elections have never failed to go his way. While we have not an iota of respect for the principles which he advocates we cannot fail to admire Alex's ability as a political manipulator, and must give him credit for being the best organizer that ever pulled a Republican string in Marinette. And during all this time his work has been done directly for the benefit of the Eagle. Whenever a political victory was scored in his favor the "pap" went to the Eagle. Whenever an A. P. A. wanted a job of printing, or if he desired to subscribe for a paper he took Alex's advice and went to the Eagle. In fact, about everything that the Eagle has had since the A. P. A. was organized in Marinette was given it through the influence of Alex. Black, and we don't see what Frankie is going to do now. He has lost the respect of everyone who ever had any for him, and if he thinks that by this last move he can gain the friendship of the anti-A. P. A. element of our sister city he is very badly mistaken. That is forever lost to him. This element has always had a certain amount of respect for Alex. Black on account of his ability, but it has no use for a tool, which he has made of the Eagle and its publisher.

Archbishop Ireland on the A. P. A. NEW YORK, April 25.—Archbishop Ireland of St. Paul, who has been in Washington attending the consecration of the new bishop of Sioux Falls, Dr. O'Gorman, was at the Fifth Avenue Hotel last night. He said that his church duties did not interfere with his political opinion as an individual American citizen. Asked to state his preference in regard to a presidential candidate, the archbishop said: "As the summer advances, I shall be better able to answer the question. The A. P. A.?" Well, I have heard a great deal about them, but I have seen very little of them. The name of the A. P. A. is not legion. They are not numerous in America, but where they are found they are usually imported Americans. They croak a good deal to make believe they are numerous. The chief reason of the secrecy they attach to their meetings and their membership is that they must hide the fowness of numbers. Why, if they count votes by millions, as their spokesmen say, do they not come out and support a regular A. P. A. ticket. Their usual plan of campaign is to hitch themselves to the tail of a party, or of a man whom they think likely to win, and afterwards to claim the victory as their own. I have known several cases in the west where politicians affixed the stigma of the A. P. A. on tickets which they wished to defeat, and to which they did not at all belong. A good deal of intriguing goes on under cover of this shibboleth. No man deserving of American citizenship and of the liberty it insures would countenance A. P. A. principles for an instant. The only peril I foresee is that politicians believing A. P. A. to be lying around thick as autumn leaves in Valambrossa may be frightened into speaking and voting so as to curry favor with them."

SEELTON, NEB., Oct. 19, 1895. Mr. Thos. Blodgett:— My little boy has been afflicted with catarrh. His blood was badly affected, had almost lost his appetite and could not smell at all. Abscesses formed in his head every week, and the contents, which looked like blood and yellowish matter, would escape to the surface through the tubes of the ears, causing deafness. He has taken four bottles of The Diamond Catarrh Cure and my boy is now well. He could smell after the use of three bottles and his hearing is as good to-day as anyone's. My husband and I have also been cured from a very bad stage of chronic nasal catarrh by the use of this wonderful cure. We have also tried your medicine for colds in the head and throat and it gives immediate relief, and will always keep it in our house for the use of same, and it is my duty to recommend this sure cure to all who are afflicted with same. Yours respectfully, SARAH E. SCHLEGEL.

The American flag will float above every school house in the state of Ohio, on and after Monday, May 11, 1896. The legislature has passed a law requiring every board of education in the state of Ohio to provide a flag for every school house under their con-

trol, and this flag must be thrown to the breeze every day that school is in session except in bad weather when it must be displayed inside the building.

What Relatives Of my Patients Have To Say. One of My Great Cures During The Month of October, 1895.

Read the following convincing testimonial from two prominent Omaha Citizens:

Judge Isaac S. Hascall and R. F. Williams have this to say. We consider Dr. C. Gee Wo of 519 North 16th St., Omaha, Neb., one of the best physicians in the city for the following reasons: Four years ago our daughter became very nervous and at times sick and unable to control herself. We doctored with and consulted nine of the leading physicians of this city, but she gradually grew worse, until on the 7th of October, 1895, she was attacked with spasms. She was unconscious and delirious for weeks following the attack, and at a consultation of physicians it was agreed that she could not get well. We employed Dr. C. Gee Wo, and the patient began to improve at once, and in a remarkably short time was up. She is feeling better than she has for a long time. She is improving every day and bids fair to get entirely well. ISAAC S. HASCALL, a near Relative, 2105 S. 13th St.

EX-CONSTABLE S. B. CLARK, office 319 S. 14th St., says: I can't say too much for Dr. C. G. Wo. My little boy and girl had diphtheria and other physicians said they could not recover. I then called in Dr. C. Gee Wo, and in less than 24 hours they were out of danger. He also cured myself of La Grippe and general debility, and my wife of inflammation of the bowels and female weakness, from which she had suffered many years. I can't thank him enough for what he has done in my family. S. B. CLARK AND WIFE.
