

ANOTHER FORT DESTROYED.

Defenses of Caimanera Have Been Demolished.

GOOD WORK BY THE WARSHIPS

The Texas, Marblehead and Suwanee Drop a Lot of Shells into the Spanish Forts...

KINGSTON, Jamaica, June 17.—The defenses of Caimanera have been demolished by the Texas, Marblehead and Suwanee.

The Texas then threw in some of the 13-inch shells, tearing down the wall of the fort and throwing the bricks and mortar thirty feet in the air.

After badly damaging the fort the Marblehead stood further in to shore, nearer the earthworks and barracks at the west end of the harbor.

The Spaniards fired only five shots, which did no damage. After the ships stood out into the harbor the Spanish in the bushes opened fire on the Marblehead's launch, which replied vigorously.

The Suwanee then turned back and shelled the bushes, driving the Spaniards inland.

The fort destroyed is across the bay from Caimanera, where the American marines went in camp last week.

SPAIN HEARS FROM MANILA.

The City May Hold Out Until the American Troops Arrive.

MADRID, June 17.—Advises received here to-day by the Liberal from Manila under date of June 6, practically repeat the news contained in the dispatch of June 5, from the Shanghai correspondent of the London Daily Telegraph...

The Liberal's dispatch explains that in the face of Aguinaldo's superior forces the Spaniards were compelled to retreat. The fighting continues incessantly. There are skirmishes at intervals, day and night, and lack of provisions has compelled the Spaniards to yield at certain points.

The Jesuits are seeking places of refuge in the province of Batanzas, and the sisters are fleeing to places of safety in the province of La Guana.

HOLD A GOOD POSITION.

The Cuban General Rabbi in Possession of Acerraderos.

WASHINGTON, June 17.—Like the relief of the beleaguered at Lucknow came the welcome news to the navy department yesterday afternoon that the little band of American marines who planted the flag on Crest hill and were defending it night and day against heavy odds were not only safe, but were strongly reinforced by 1,500 Cubans from the commands of Garcia and Rabbi, and were now strong enough to do more than hold their own.

But probably the most significant feature of the admiral's dispatch was the statement that the Cuban general, Rabbi, had occupied Acerraderos, only eight miles from Santiago, and practically a suburb of that Spanish stronghold. It was the execution of a plan arranged in Washington some weeks ago, when two of the staff officers of General Garcia came here to confer with General Miles.

SEMI-OFFICIAL NOTE ISSUED.

Berlin Papers Say the Fleet's Presence Is to Keep the Other European Powers From Coming Into Possession of the Islands.

BERLIN, June 17.—The Cologne Gazette to-day publishes a note, understood to be semi-official, which reads as follows: "According to trustworthy information all conjectures in the press and in political circles in Spain, which are being built upon the supposed intention of Germany to abandon her neutrality in the Philippines question, are entirely baseless."

LONDON, June 17.—The Berlin correspondent of the Daily Mail says: The Berlin press is unanimous in asserting that Germany's attitude in the Philippines is solely one of surveillance of German interests and that the presence of the German fleet at Manila is a guarantee that, if the Philippines are lost to Spain, they will not come into the possession of any single power interested in East Asia.

WASHINGTON, June 17.—A clear, positive and unequivocal denial is made at the state department of the accuracy of a London Star publication reciting that the United States government has been notified, either directly or indirectly, of any purpose on the part of Germany to interfere with the United States naval and military forces in the Philippines.

New York, June 17.—A dispatch to the New York World from London says: Neither Russia nor France—and still less England—would tolerate any attempt to turn America's gallant overthrow of the Spanish fleet and virtual capture of Manila to Germany's special advantage.

The arrival at Manila of Admiral Diederichs, the German naval chief in the Pacific, is said on the best of authority to be simply a desire to witness the operations of Admiral Dewey's squadron for naval reasons, not with any political object.
