

# NO FUSION IN IOWA

### Independents and Democrats Will Not Unite.

### FULL STATE TICKET NAMED.

Proceedings of the People's Party Convention at Des Moines—Weeks Temporary and Calhoun Permanent Chairman. The Platform Adopted.

DES MOINES, Aug. 12.—The People's Party state convention was held here yesterday afternoon and placed a full state and electoral ticket in the field. About 800 delegates, representing pretty much the entire state, were present. The delegates united in claiming large gains in their respective localities and some of the more enthusiastic claimed that they would carry the state. Last year the third party vote in Iowa was 12,000 out of a total of 430,000. The convention was overwhelmingly against taking any steps in the direction of fusion, and while there was some talk of that nature in the morning nothing was heard of it after assembling. A. W. C. Weeks of Winterset, a recent accession from the Republican party, was temporary chairman, and W. H. Calhoun of Marshalltown, permanent chairman. The platform endorses the Omaha platform, condemns the existing silver laws, demands anti-Pinkerton laws and condemns the truck store system. The most notable plank demands the repeal of state laws which permit the existence of private corporations organized for pecuniary profit. The electors at large were: J. M. Joseph, of Creston, an old time Greenbacker, and C. C. Cole, formerly of the Iowa supreme bench, whose desertion from the Republican party after the Minneapolis convention created quite a sensation. The following state ticket was nominated:

Secretary of State—E. H. Gillette of Des Moines, formerly a Greenbacker, member of congress from the Seventh Iowa district and General Weaver's partner in the newspaper business. Auditor of State—A. J. Blakely of Newton. Treasurer—Justin Wells of Eldora. Attorney General—Charles Mackenzie of Denison. Railroad Commissioner—James H. Burnett of Indianola.

**The Tribune a Union Office.**  
NEW YORK, Aug. 12.—At the regular monthly meeting of Typographical Union No. 6 in Clarendon hall last Sunday a resolution was adopted directing the executive committee to inform the typographical unions and labor organizations of the country that a satisfactory adjustment of the relations of The Tribune and the union had been effected, and in consequence all opposition to the paper on the part of the union was at an end. The members of the executive committee met at the rooms of the union and issued the following: "At the last meeting of the New York Typographical Union No. 6, the executive officers were instructed to notify all other unions and other labor organizations that the differences heretofore existing between our union and the New York Tribune has been satisfactorily adjusted; that the boycott against that establishment and its managers has been declared off; and that all antagonism of whatever nature growing out of the famous labor struggle is ended. It gives us pleasure to announce, furthermore, that The Tribune is now a strict union office."

**Politics and the Iron Scale.**  
NEW YORK, Aug. 12.—Mr. John Milholland called on Secretary McComas at the national Republican headquarters and had an hour's conversation with the latter on matters concerning the labor question. Mr. Milholland is acting as a mutual friend between the labor organizations and the national Republican committee, and it is intimated that the sudden cessation of hostilities between the Pittsburg manufacturers and the workmen which occurred Wednesday was largely brought about through political influences. It is stated that the Alabama election has occupied the attention of the national committee during the past week and that it has been determined to make a fight in Alabama in behalf of Kolb in the courts for the purpose of compelling another count.

**Democratic Campaign Committee.**  
NEW YORK, Aug. 12.—The first regular meeting of the Democratic campaign committee will be held today at the national Democratic headquarters. Chairman Harry, Mr. Whitney and Ben F. Cable of Illinois are here and Senator Gorman and Lieutenant Governor Sheehan will be on hand to assist the chairman in laying the work of the campaign.

**Cranfill Formally Notified.**  
WACO, TEX., Aug. 12.—A committee of the national prohibition party, of which George A. Christian was chairman, formally notified Dr. J. B. Cranfill of his nomination by that party for vice president of the United States. Mr. Christian delivered the address of notification. A ratification meeting of Texas prohibitionists followed the notification.

**Crouse Coming West.**  
WASHINGTON, Aug. 12.—Assistant Secretary Crouse, Republican candidate for governor of Nebraska, will visit that state on the 20th inst. for the purpose of opening the campaign. He will make several speeches. He said today that he will not formally relinquish his federal office until he has learned the wishes of the president in that respect.

**Weaver in California.**  
SAN FRANCISCO, Aug. 12.—James B. Weaver, People's Party candidate for president, arrived here. There was a business meeting of the People's Party at the Mechanics' pavilion and General Weaver was among the speakers.

**McGraw for Governor.**  
FROM EMPORIA, WASH., Aug. 12.—J. H. McGraw was nominated for governor on arms just held by the Republican state

### AN ELECTRIC WAGON.

Chicago Adopts an IOWAN Idea for Rapid Transit.  
NEW YORK, Aug. 12.—A novelty in the way of a wagon propelled by electricity was seen on the streets of Chicago. Some time ago President J. B. McDonald of the American Battery company purchased several patents from William Morrison of Des Moines. Among other things was a park wagon equipped with a three-horse power motor and a light storage battery. Mr. McDonald fitted the wagon with new batteries and gave it a trial. With five persons in the wagon it left the barn on Monroe street and traveled to the company's office. The run was made in 22 minutes, which was considered satisfactory, considering that the wagon was delayed at a bridge and that frequent stops were made on account of the crowds in the streets down town. It is calculated that the wagon can make ten miles an hour easily with the present motor and can climb any hill in the city.

**The President.**  
LOON LAKE, N. Y., Aug. 12.—President Harrison spent another quiet day. Chairman Brookfield, who called upon President Harrison, would say nothing as to the nature of his visit. President Harrison, although attending to all public business of an urgent nature, is enjoying life from a sportsman's point of view. He made a large catch of trout.

**South Dakota Wheat Crop.**  
SIOUX FALLS, S. D., Aug. 12.—Figures on South Dakota's prospective wheat yield give estimates of 50,000,000 to 60,000,000 bushels of wheat, besides immense quantities of other grains. An elevator expert places the yield of wheat at 60,000,000 and the railroads place the estimate at 55,000,000 and 60,000,000.

**Nettleton Will Not Resign.**  
WASHINGTON, Aug. 12.—Assistant Secretary Nettleton left Washington for his home in Minnesota. Mr. Nettleton says the statements that he will resign are unfounded, as he expects to resume his duties at the expiration of his vacation.

**Bank Swindlers Arrested.**  
SAN DIEGO, CAL., Aug. 12.—George and Henry O'Brien have been arrested for alleged frauds committed on the California National bank. The first named was recently cashier of the bank and Henry was head bookkeeper.

**Philadelphia's Hot Wave.**  
PHILADELPHIA, Aug. 12.—Several deaths from heat were reported, while prostrations number half a hundred. The thermometer registered 95 deg. in the shade at 3 p. m.

**The Weather.**  
WASHINGTON, Aug. 12.—For Iowa: Fair; warmer; southeasterly winds. For Nebraska: Fair; cooler; winds shifting to southwesterly.

### THE CITY.

If any of our friends have been wondering why Dr. G. R. Young appears uncommonly hilarious, they can cease their speculation as we know the cause. Mrs. Young presented him with a brain new boy August 1, 1892. Mother and son are doing well.

Geo. Cathroe is the happiest man in the city, and all because his good wife presented him Sunday, August 7, with a bouncing baby boy—an American.

### We can Recommend Him.

Many of our friends will soon be looking for a paper-hanker, and when they start out on that search we want them to bear in mind that W. W. Leas decorated our abode last spring, and that the work will bear the closest scrutiny. Call on or address him at 2514 Burt street.

### ANOTHER FRAUD.

Perpetrated Upon Ignorant Romanists by the Roman Clergy.

The following is a report of the devil's explosion on the 13th and 14th of July, A. D. 1891, in the Capuchin cloister of Wending, Bavaria, Germany, as translated by one of our friends:

(Continued From Last Week.)  
A newspaper reporter investigating this matter reported the following:

The inhabitants of Wending and surrounding country are all Catholics of the bigoted lower class; they find no crime in accusing a fellow creature of witchcraft.

The pretended witch, Mrs. Hora, a Protestant, good hearted, innocent woman, had given to the boy, previous to the time he was taken sick, or as the parents believed, bewitched, some baked fruit, which may have been the indirect cause of the development of his disease. The parents instead of heeding the advice of the district physician, Dr. S. who by the way pronounced this case of bewitchery a true case of St. Vitus dance, and ordered the boy to be sent to a hospital for treatment, refused to obey and gave the child in care of devil expeller Father Aurelius, with the above stated results. The belief in the devil's existence is deeply rooted with the populace of this district and cannot be otherwise accounted for, as the ritual of the Roman Catholic church for baptism literally reads as follows:

"I exorcise you, unclean demon, in the name of God, His son and the Holy Spirit, that you remove and yield from this servant of God."

He, who walked over seas and extended His right hand to the drowning St. Peter, orders you cursed and condemned.

You cursed demon, recognize your sentence; give honor to the living, truthful God; give honor to Jesus Christ, His Son, and Holy Spirit; depart from this servant of God, who by the grace and blessing of God and our Savior Jesus Christ, was called to receive the holy baptism!

Cursed devil, you will never dare to violate this token of the holy cross impressed on this brow. (With the last words the priest takes the person's thumb and makes with it the sign of the holy cross on his brow.)  
The believer in Catholic doctrines must therefore accept the existence of the devil in every child unbaptized, and it is conceivable that the devil often neglecting his interdiction conveys himself into a human being.

The Wending case developed the activity of the Catholic clergy to further superstition and not to suppress it. The future only will show us if the devil can keep his superiority. Will the government do its duty, not only suppress this superstitious belief, but the sources from whence it nourishes?

The Roman Catholic Knights of St. Joseph have adopted a code of signs and pass words by which they may secretly recognize each other. To accomplish this they had to get the consent of the bishop, which he readily gave, provided the Knights would acquaint the clergy with signs and pass words.—Protestant Herald.

In the face of all her oath-bound secret societies, including the devilish confessional, Romish leaders claim that the church is opposed to secret societies! She is only opposed to the secret societies which she cannot control.—Baptist American.

### President Harrison.

LOON LAKE, N. Y., August 9.—President Harrison has spent his second day here in a quiet manner. Mrs. Harrison continues in good spirits. Dr. Gardner, her physician, has not returned and it could not be learned when he would, or if at all. Mr. Harrison still refused to make any statement in regard to his alleged letter to the pope as to the appointment of Archbishop Ireland to be a cardinal.

THE AMERICAN asks President Harrison if the chairman of the national committee is a Catholic. He might ask in the same breath if there are no American citizens competent to represent this country in Chili, that a subject of the pope is left there. Egan has made trouble enough already. And he might ask how it comes that the Catholics have received more Indian school money than all the other denominations combined under this administration. But probably Harrison has an indulgence.—Looking Glass.
